THIRD COMMONWEALTH CONFERENCE OF REGISTRARS

The Third Commonwealth Conference of Registrars of Universities of the Southeast Asia and Pacific Area was held from 12th to 17th November, 1973 at the two local universities, which were joint hosts of the Conference. It was jointly chaired by Mr. D.M. Dudgeon, Secretary to the Council, University of Hong Kong, and Mr. N.H. Young, Secretary of this University. About 30 delegates and observers from 11 universities of the area and educational bodies in the Commonwealth attended the Conference.

The theme of the Conference was the structure of university administration, and topics for discussion included the place of committees in the administrative structure, academic, faculty and departmental administration, appointment pro-

cedures, and admission procedures. The closing speech was delivered by Dr. Choh-Ming Li, Vice-Chancellor of the University.

"It is precisely an exchange of experiences in these different national solutions of common problems that has made this regional conference especially meaningful and useful."

— Closing Speech by Dr. Choh-Ming Li, Vice-Chancellor

First of all I wish to say what a great pleasure and privilege it has been for The Chinese University to have been chosen as one of the venues for the present Conference. Since we are in a vantage position geographically, Hong Kong has enjoyed the influence of visitors from many directions, and this young institution is particularly keen to benefit from the advice and wise counsel of overseas colleagues. In the past few days, I am sure you have not only exchanged many useful views on your professional undertakings but come to know one another even better by rubbing shoulders. It is particularly gratifying to note the strong atmosphere of fellowship and goodwill which was so evident in the functions I shared with you.

This is the third time that Registrars of the Universities of the Southeast Asia and Pacific Area have come together to discuss the problems common to them. It is true that a university administrator does not always realize that the problems he encounters in his university are universal until he meets and speaks with his counterparts from other universities. This Conference was very much concerned with the role played by the administrative machinery in the various fields and at different levels of a university. That an effective administrative machinery is part

and parcel of the success in running a university needs no emphasis. This is particularly true of the situation in our society to-day where universities are assuming a role of increasing importance in the context of social progress and change. In order to provide an effective administrative machinery, the Conference has called for the training of more high-calibre administrative staff in the universities and has taken active steps in launching training schemes. I am delighted to learn that already two workshops on staff training have been held and another one will be organized here in Hong Kong in 1974. We are anxious to contribute to this important programme and are honoured by the opportunity to play an active part next year.

During the last ten years or so, higher education in Southeast Asia and the South Pacific area has taken a sharp turn towards vigorous development. It may be said that all the countries concerned have been trying very hard to develop patterns of higher education to meet their national needs. The university organizational structure used to be not much more than a transplanting from the metropolitan countries of the West; indeed, in many cases it still is. But great effort has been made in several countries to introduce and develop national content of the education given in the university, however organized. This calls for tremendous innovation, especially if we are to maintain a standard comparable to any found in other parts of the world. To a conference of university registrars, what is of particular interest would be the different ways of handling various administrative problems under diverse national settings. To be sure, the problems may well be the same in terms of classificational labels, which are very well illustrated by the various topics this Conference has taken up during the week. But the solutions to them are most likely quite different because of particular national conditions. It is precisely an exchange of experiences in these different national solutions of common problems that has made this regional conference especially meaningful and useful.

I wish to offer my congratulations to the delegates on their success at this Conference and my heartfelt thanks to the representatives of universities outside our area for their useful addresses and papers presented at the Conference. As Vice-Chancellor of one of the two host universities, I must also mention the Conference's indebtedness to a number of organizations for their support, particularly the Inter-University Council

for Higher Education Overseas, through whose good offices partial financial assistance for the delegates' travel costs was provided by the Trust for the Development of Higher Education Overseas.

Finally, I wish the Conference continued success, and its delegates and observers from overseas, "bon voyage".

It is now my privilege to declare the Conference closed.

UNIVERSITY SCIENCE CENTRE OPEN HOUSE

In commemoration of the University's tenth anniversary the University Science Centre held an Open House on 16th and 17th November, 1973, to give the public an opportunity to observe at first hand the work at the well-equipped Centre. The Science Centre, completed in April 1972, is the largest building on campus, housing all the science departments (except Mathematics and Computer Science), and this was the first time that it has been opened to the public. Brochures giving information on the different departments were also distributed.

An Ad Hoc Open House Committee was formed to take charge of the preparations, but the entire Science Faculty played an active part. They were rewarded for their hundreds of hours of hard work by the enthusiastic response of the community. Eight thousand visitors, the majority of whom were students of secondary schools, were attracted to the demonstrations of experiments, displays and film shows.

Recognition was given to the best three displays and demonstrations: Embryonic Development of *Triturus Sinenus* (Biology), Electrophoresis (Biochemistry), and Laser Diffraction Patterns (Physics).

CHINESE CULTURAL FESTIVAL

To celebrate the Tenth Anniversary of the University, the University Student Union held a Chinese Cultural Festival from 10th to 18th November for the promotion of Chinese culture, better appreciation of Chinese culture among the community and greater solidarity within the student body. More than 500 students assisted in the preparations over the past months.

The programme of the Festival was varied, encompassing nearly all aspects of Chinese culture. Major items of the programme included:

Chinese Art Exhibition: featuring works of Chinese calligraphy, painting, seal-engraving, carving, pottery and prints of local artists;

Seminars: lectures and discussions on modern Chinese philosophy, literature, art, history and policies on arts and literature in the Mainland;

Film Shows: Chinese films of outstanding artistic merit from the 30's to date;

Drama Nite: The University Student Union has organised three Drama Nites since its inception, and this year's Third Drama Nite was incorporated into the programme of the Chinese Cultural Festival. Three one-act plays were staged in collaboration with local drama groups;

Chinese Cultural Nite: featuring Chinese folk songs, folk dances and performances on musical instruments;

Interdepartmental Singing Competition: songs for competition were all Chinese songs;

University Open Day: The highlight of the Festival was the University Open Day on 17th November, when nearly sixty thousand visitors came to tour the campus. Buildings open to the visitors included the Benjamin Franklin Centre, the Institute of Chinese Studies, the University Library, the University Science Centre and the student hostels of the three Colleges.

大學科學館開放

為慶祝本校成立十周年，大學科學館特於十一月十六日及十七日開放，旨在介紹館內各部門之研究與教學工作及各種設備。科學館為大學校園內最龐大之建築物，除數學及電子計算學系外，所有理學院之學系均設於此，自一九七二年四月該館啟用以來，此乃首次開放予社會人士參觀，大學又印備介紹科學館各學系概況之小冊，以供參觀人士參閱。

開放日之籌備工作，由「開放日臨時委員會」負責，而科學館內之全體教職員及學生亦積極參與其事。開放期內，除有各項實驗示範及展覽外，更放映富有學術性並具有娛樂成份之科學影片。前來參觀之人數約達八千人，其中大部份為中學生。

此次科學館開放，獲得良好之反應，實有賴全體工作人員之通力合作，付出數百工作小時之努力，而各學系精心設計之展覽及實驗示範，更得到參觀者之讚賞，科學館對其中三名最佳之示範，特予以獎勉：

- 一、中國蠅蠟之胚胎發育過程（生物系）
- 二、電泳（生物化學系）
- 三、激光之繞射（物理系）

出席會議之東南亞及太平洋區聯邦大學行政人員
Participants of the Third Commonwealth Conference of Registrars

發展高等教育，以配合國家的需要。這地區的大學，在結構上一向都以西方主要國家的大學為典型，現在有許多大學仍然是如此。但不管大學的結構如何，各國都力求大學教育配合國家的需要；因此要保持大學在國際上的水準，大學必須有重大的革新。大學校務主任舉行會議，最注重的自然是各國大學所面臨的行政上的困難。當然各國都有共同的困難，這些困難都能加以分門別類，正如我們過去一週內所討論的題目一樣，但解決這些問題的方法卻因個別國家的情況而不

同。各位在會議中，可以彼此交換經驗，認識各國對共同的困難所採取的不同解決辦法，所以這一次的會議特別有意義和價值。

這一次的會議舉辦得十分成功，我謹向參加這會議的代表致賀。這會議並蒙非本區的大學代表在會中發表演講和宣讀論文，謹此致謝。中文大學是負責主辦這次會議的其中一個機構，我願意借這個機會，以中文大學校長的身份向支持這一次會議的機構致謝，尤其是英國海外高等教育大學校際委員會，各位代表的旅費獲得英國海外高等教育發展信託會的贊助，是該委員會從中協助的成果。

最後，我謹祝校務主任會議工作成功，各位代表及觀察員旅途愉快。
現在我謹宣佈這會議閉幕。

第三屆英聯邦大學 校務主任會議

第三屆東南亞及太平洋區聯邦大學校務主任會議於十一月十二日至十七日在香港舉行。會議由本校及香港大學聯合主辦，大會聯席主席為香港大學校董會秘書戴志安先生（Mr. D.M. Dudgeon）與本校大學校務主任楊乃舜先生，出席會議者有來自本區十一所大學及英聯邦若干高等教育團體之教育行政人員約三十人。會議先後假香港大學及本校舉行，主題為大學行政組織，討論內容包括委員會在大學行政上之地位，教務、學院及學系之行政，聘任程序及入學程序。大學校長李卓敏博士在閉幕禮中致詞。

「彼此交換經驗，認識各國對共同的困難所採取的不同解決辦法」

——大學校長李卓敏博士講詞

本校得在這一屆的校務主任會議中參與安排各種討論會的工作，覺得十分榮幸。香港是東方與西方的匯合點，一向要從訪客帶來的影響力中，獲益不少。本校自創立迄今，歷史尚短，因

此特別盼望得到各位海外同寅的指導和勉勵。在過去幾天的會議中，相信你們不單在校務方面交換了不少寶貴的意見，並且還有機會深入地彼此互相了解。我特別覺得高興的是，在參加你們的各種活動時，體會到這會議充滿了融洽和諧的氣氛。

東南亞和太平洋區的大學行政人員得以聚首一堂，商討所遇到的共同困難，真是令人鼓舞。一所大學的行政人員假如沒有機會與其他大學的行政人員交換意見，就不會知道他所遭遇的難題是普遍性的難題，這會議所討論的重點是大學的行政組織在各方面和各階層所擔負的重要任務。大學要辦得成功不用說一定要有效率良好的行政組織；特別是我們今天的社會，大學在社會的進展及轉變中負起越來越重大的任務。為了在大學中建立起效率良好的行政組織，校務主任會議曾經呼籲訓練大量的有才幹的行政人員，並且已經積極進行各種訓練計劃。我很高興知道有關行政人員訓練的會議已經舉行過兩次，第三次將於一九七四年在香港舉行。我們渴望對這重要的計劃能貢獻一點力量，並且覺得十分榮幸能在明年積極地參與這重要的工作。

過去十多年來東南亞及南太平洋區的高等教育突然發展得異常迅速。幾乎所有的國家都竭力
