The University's 49th Congregation for the conferment of higher and first degrees took place on yet another Thursday this year. On the morning of 7th December, 2,968 degrees were awarded by Sir Yuet-keung Kan, pro-chancellor of the University, at the University Mall. This is a record high number since the University's establishment.

As in last year, postgraduates crossed the stage to receive their degrees from the pro-chancellor individually, whereas first-degree graduates received their degrees en bloc, by degree, under the stage. The ceremony lasted for an hour.

This year a new band was invited to provide music: the Tung Wah Group of Hospitals Wong Fut Nam College Symphonic Band, who recently won in the Hong Kong Schools Music Festival and who has had ample experience playing music for congregations of other local universities.

In previous years, either the Police Band (not available this year) or the Military Band (now disbanded) was asked to provide music for the congregation.

In the afternoon the

four constituent colleges and the Part-time Degree Programmes organized ceremonies for their respective graduates at different venues on campus. ○

Many 'Firsts'

Among this year's graduates we have

- the first two graduates from the Master of Fine Arts programme;
- the first 34 graduates from the Executive MBA programme;
- the first batch of 31 home-grown pharmacy graduates from the B.Pharm. programme;
- the first 56 undergraduates who were able to complete their studies at the end of the first term as a result of the implementation of the flexible credit unit system.

Extract from the Vice-Chancellor's Address

'A university education must do far more than impart professional knowledge and develop the intellect. It must also nurture prudent and discerning citizens. Just as I believe you will leave this campus capable of shaping your world successfully through your knowledge and your analytical skills, I trust too that you will be able to bring harmony to your world through your aspirations for social justice and righteousness.

I respect those who speak out against injustice, I also defend those who assert their right to the freedom of speech, whether on this campus or in the wider world.

We must however be conscious that our freedom to speak and to act can all too easily trespass on the rights and dignity of others, or even stray beyond the confines of the law.

Reason and restraint, then, are the two weapons that I commend to you today. If you use them wisely, and shoulder the responsibility for your words and your actions, you will indeed command real respect and support from the community.'

APIB

Where Executives are Students Again

'Everybody who has shaken my hand has ended up coming here. ... We always win every competition for clients,' says Prof. Leslie Young, executive director of the Asia-Pacific Institute of Business (APIB) and professor of finance at the Faculty of Business Administration.

In the context of explaining to the *CUHK Newsletter* the activities and achievements of APIB, in particular the visitation programmes it organizes for educational institutions all over the world, Prof. Young goes on to joke that there are so many prospective clients that he has to 'price them out' in order to take on only as many as can be accommodated.

APIB was established, with some initial funding by the University, in February 1990. From 1993, it has been financially self-supporting: salaries of all administrative staff are covered by income generated from its many fee-charging activities. It has also established a strong reputation for itself as one of the leading organizers of management training programmes for administrators and managers at various levels.

Visitation Programmes Extremely Popular

The visitation programmes normally range in duration from 3 to 12 days with their themes invariably centred around doing business in Hong Kong and China. While dwelling on the success of these programmes, Prof. Young acknowledges the importance of being strategically located. 'Worldwide interest in Hong Kong as the business gateway to China plus The Chinese University's long-standing connections in Hong Kong and China provide APIB an edge in hosting these programmes,' he says.

The first visitation programme was organized for the Executive MBA students of the University of Pittsburgh. It was so well received that it is now repeated each year. The programme comprises four days of presentations by CUHK faculty members, business leaders, and senior government officers on doing business in Hong Kong and China.

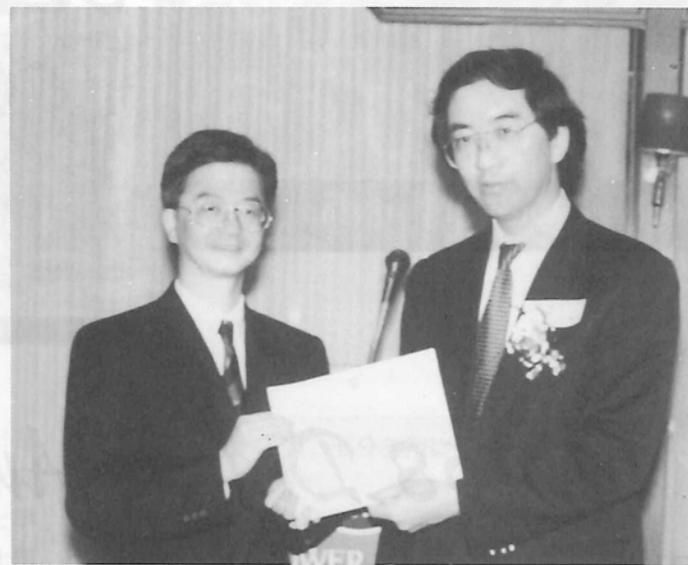

APIB has subsequently organized similar courses for the College of William and Mary and the University of Southern California, and now the University of California at Irvine, the Sasin Graduate Institute of Business Administration at Chulalongkorn

University (Thailand), the Executive MBA Programme of Stellenbosch University (South Africa), and the Global Executive Programme of Duke University (whose business school ranks amongst the top 10 in the world).

For the Global Executive Program of Duke University, for instance, which was held last October, the students included relatively senior executives of American, European, and Russian companies. They were taken to Beijing, Shanghai, and Tokyo from Hong Kong and were exposed to talks by senior Chinese officials and academics including Prof. Young himself and the president of one of the universities in Shanghai. In Shanghai, visits to the Xerox and the Volkswagen plants, and market surveys and feasibility studies vis-à-vis the setting up of offices in Beijing, were a part of the practical experience that those attending the course found to be invaluable.

Prof. Young believes that the world economy being what it is, no corporation today can claim to be global unless it has business operations in the most vital and fast-growing of all markets — China. APIB provides executive education for capable corporate leaders and helps managers think globally. That APIB training programmes are of top quality is proven by the fact that clients keep returning annually for the same services.

The institute is currently devising ways to ensure that the University's Business Administration students also benefit from these visitation programmes. Dr. Japhet Law, associate dean of business administration and the first executive director of APIB, will look after the University of South California programme and will invite some CUHK students also to attend it. This, it is hoped, will set the trend for fruitful interaction between CUHK students and those of other universities.

Diploma Courses a Major Source of Revenue

In addition to the high profile training programmes, APIB currently organizes eight general diploma courses jointly with the Faculty of Business Administration, and three specialized diploma courses on its own or with partners.

While most of the teaching staff for these are from the Faculty of Business Administration, business professionals also contribute. These diploma courses are eagerly sought after locally and generate surpluses which support faculty research.

In-company Programmes and Consultancy Services

APIB provides in-company programmes tailor-made for individual companies. These can range in time from half a day to two weeks. Prominent clients include the Kowloon Canton Railway (KCR), Sun Hung Kai Properties Ltd, the Securities and Futures Commission, and Kirin Brewery.

APIB arranges for managers from Kirin Brewery to visit a joint venture of Chongqing Jianshe and Yamaha Motors in Yunnan.

Executive MBA students from UC Irvine visit San Miguel in Guangzhou and receive a warm welcome.

Students from Chulalongkorn University attend a lecture by Mr. Ian Perkins, Chief Economist of the Hong Kong General Chamber of Commerce.

networking capabilities and is available on computers made by many manufacturers. This ensures unlimited expansion possibilities and represents a better long-term high technology investment. INNOPAC supports input and display of Chinese, Japanese, Korean, and other languages in addition to Western character sets. It is designed to run 24 hours a day, with real time updating.

INNOPAC's management reports are excellent. We can focus on each branch library or the entire library system, on particular subjects or activities, thus enabling us to do usage analysis, improve services, and manage our collection development to fit CUHK's academic programmes and meet the specific needs of each faculty and department.

Since so many libraries have adapted INNOPAC to meet their unique requirements, we want to give our INNOPAC a local name to showcase this specially designed system for CUHK. We have temporarily named it CUBICS (an acronym for Chinese University Bibliographic Information Control System, a system with many integral faces and modules joined together to create a system CUBICS).

Actually we want to sponsor an open contest to find the best name for our library system. We invite you to send in your suggestions and good ideas to the LIBRARY OFFICE right now. The winner of this naming contest will be rewarded. For your information, the library system at HKU is DRAGON, at HKPU is Bauhinia, at APA is BRAVO (Bibliographic Resources Automated Volumes Online) and at National Taiwan University is TULIPS (Taiwan University Library Information Processing System).

Would you like to check it out, and give it a new name?

From the University Librarian

The University Library System is very pleased to announce that, after months of studies and preparation, it is going to migrate from the existing operational computer system to a newer, more powerful, more user-friendly system commercially known as INNOPAC, a turnkey system developed by INNOVATIVE INTERFACES Inc., or III. INNOPAC is a popular library automation system currently used by hundreds of academic, public, and research libraries throughout the world, including all major university libraries in USA, Australia, Japan, and Taiwan. In Hong Kong, seven academic libraries are users of, or have chosen to adopt INNOPAC. They are the HKUST, HKU, Baptist, Lingnan, HKIEd, APA and CUHK.

At CUHK, we have acquired and installed this automation system, and have trained our staff to use various new modules to perform most daily library operations: the application system and application software, hardware and other required software, databases and files. Our schedule of implementation, or productions

Units such as the AV Department, Reserve Books Section, Serials and others that have never before been automated will be converted to the online INNOPAC system. We are cleaning up the old library files and catalogues, doing retrospective conversion of databases, names and authority control, and loading various files and programmes in preparation for this new automation system.

INNOPAC operates directly under the standard open UNIX operating system. UNIX has outstanding

ULS New Regulations

The Senate endorsed in April new library regulations governing borrowing limits and loan period. With the launch of the new circulation module under the new library automation system, the new regulations will come into force on 20th December 1995.

Under the new rules, borrowing limits for both students and teachers have been extended while the maximum loan period for teachers has been shortened from six months to 60 days. Colleagues should refer to the revised *Regulations of the University Library System* for details.

APIB also plays an important role in the field of consultancy. It has conducted marketing surveys for the US Meat Board, the Dutch Consulate, World International, Oglivy & Mather, and a staff attitude survey for the KCR. It has also helped write, edit, and sometimes publish, manuals like the *Manual of the Hong Kong Securities Industry* and the *Manual of Financial Markets in China*.

Research Needs to be Stepped Up

Prof. Young laments that the multitude of business opportunities generated by Hong Kong's 'hothouse economy' tends to crowd out the quiet reflection needed for basic research. Also, the prerequisite for basic research — good data — is sorely lacking in China. Despite these two impediments, the institute has not been totally inactive in this important field. A grant from the University's Strategic Research Programme in 1993 provided the seed money to develop the China and Hong Kong Market Database. This has already been used for research by faculty members and Ph.D. students and is

being extended to futures markets. Three successful applications by individual faculty members for UGC Earmarked Grants have also resulted in more funds becoming available for a further expansion of the database to include accounting information about Chinese firms.

Reflections on the Eve of APIB's Sixth Birthday

In listing the critical success factors of the institute, Prof. Young feels that the primary factor is the good reputation the Faculty of Business Administration enjoys in the community. This is attributable in a large measure to its graduates of years gone by, i.e., those who have attended its various programmes in the past years and are now senior managers in prominent companies. He also attributes a lot of the institute's success to his two dynamic predecessors, Dr. Japhet Law and Dr. Charles Steilen, who by their leadership gave APIB its current direction and momentum. The staff being extremely efficient and loyal adds to the reputation the organization has of being 'very professional'.

What does 1997 mean for APIB? Fast comes Prof. Young's reply of 'More business!' 1997 does have serious implications, for a lot of companies wish to train its people in Mandarin. In tandem with the Department of Chinese Language and Literature, APIB is helping these companies develop Chinese business writing skills. Chinese companies from the PRC are also very interested in learning professional and technical skills from Hong Kong, and APIB is setting up training programmes to help them in this area.

While the business side of APIB has tremendous momentum and does much to enhance the visibility and goodwill enjoyed by the BA Faculty, the research side needs to be built up, and it is this that Prof. Young would like to promote. Meanwhile, APIB continues to grow in size and in business opportunities. It is an important asset to the University and a valuable platform for interaction between academics and the business community. ○

職協十五周年會慶 卡拉OK大賽

廖柏偉教授主持亮燈儀式

香港中文大學職員協會為慶祝成立十五周年，特舉辦卡拉OK比賽，並由成員書院學生會協助宣傳。此為員生首度合作舉辦該類活動，也是中大教職員/家屬與學生首次同場歌唱比賽。

賽事分學生組和教職員及家屬組。學生熱情參與，令人始料不及。在近九十位參賽者中，約半數是學生。參賽者的歌藝不相伯仲，苦了初賽評判郭少棠博士、曾偉傑醫生和簡元信先生，幾經斟酌才選出十六位晉入決賽。

決賽於十一月廿三日假邵逸夫堂舉行，座無虛設，觀眾多達一千三百多人。司儀由影視紅星劉志榮先生和賽事籌委會主席蔡玉妍小姐擔任。職協會長簡元信先生和署理校長廖柏偉教授分別致詞和主持亮燈儀式後，便揭開戰幔，爭奪中大金嗓子寶座；表演嘉賓為歌星黎瑞恩小姐及上屆冠軍楊浩輝博士。

大會評判由音樂系系主任陳永華博士、名填詞人向雪懷先生、音樂家韋然先生和歌唱家梁月玲小姐擔任。一輪激烈比賽後，評判選出優勝者如下：

學生組

- 冠軍——逸夫經濟曹雪欣小姐
(我願意)
- 亞軍——新亞工管姚婉珊小姐
(感激)
- 季軍——聯合工管陳世彥先生
(一首歌一個故事)

學生組冠軍曹雪欣小姐從張煊昌博士手上接過獎盃

職員及家屬組

- 冠軍——技術服務部吳文笙先生(心酸的情歌)
- 亞軍——保健處家屬陳燦華小姐(夢中人)
- 季軍——社會學系張越華博士(Only You)

- 台風獎——陳燦華小姐
- 形象獎——陳燦華小姐
- 全場總冠軍——吳文笙先生

賽後由張煊昌博士、溫漢璋太平紳士、廖柏偉教授和副校長楊綱凱教授頒獎。吳文笙先生共奪得獎金一萬元，其餘勝出者均獲可觀獎金或獎品。現場觀眾參加「誰是總冠軍」及「支持獎」競猜遊戲得獎者，也贏取了豐富獎品。

當晚節目可謂多姿多彩，氣氛熱烈；參賽者歌藝出眾，加上現場音響和燈光效果出色，專業評判認為可媲美職業歌手的演唱會。

今次比賽得以順利進行，全賴各職協幹事、卡拉OK籌委會成員、四院學生會及所有工作人員的努力，以及中大各部門積極協助，在此謹致以衷心感謝。

檢測中藥成分 加強質量控制

中藥研究中心的鴻圖大計

七百萬元資助新研究

中藥研究向來都是中文大學的強項。中藥研究中心自一九七九年成立以來，便以科學方法研究中藥的療效、真偽、質量及安全性，並建立中藥電腦庫，探求開發新藥，又為藥廠、衛生署、醫院、海關、警方和死因裁判庭等分析及解答關於中藥的諮詢，科研力量優越，存儲資料豐富。

最近，該中心獲工業署七百一十萬元鉅額資助，開展一項名為「中藥及健康食品成分化學質量控制實驗室」的計劃，由中心主任畢培曦博士、柳愛華教授和陳德華博士統籌。究竟此計劃會對中醫藥發展有甚麼貢獻和影響？

畢培曦博士

中藥業極需扶植及監管

畢培曦博士指出，香港自開埠至今，中藥一直廣為市民採用，但政府未嘗有任何監管，亦未嘗扶植，以致中成藥的品質管理不如理想。及至八九九年以後，屢有誤服中藥中毒及死亡事件發生，政府才作全面檢討。行政局於九四年十一月接納《中醫藥工作小組報告書》的建議，認為政府應及早建立制度，推廣及監管中醫藥業。因應此發展，中藥研究中心遂提出設立「中藥及健康食品成分化學質量控制實驗室」，尋求解決中藥質量管理方面長久以來存在的難題。此計劃不但可以協助中藥業發展，保障市民健康，也可幫助政府建立監管制度，更是大學回饋社會的好機會。

一切監管由成分檢測開始

政府要制訂監管條例，必須要有科學依據。一旦監管生效，入口商便要按法例進口合格藥物，製藥商要依法例控制成藥質量，而中醫不但要註冊，更要對其處方和供應的藥物負責——在在都離不開對中成藥品質控制的需求。畢博士說，當務之急就是開展中成藥成分檢測，作為品質控制的基礎。

他續說：「是項檢測研究影響涉及制度、民生、經濟和政治。」研究結果可用以發展檢測技術，確保中成藥的品質。加上九七之後，香港很可能發展為華南第一口岸，有必要以科學方法檢測出入口及轉口中藥的質量，加強管理，讓其他地區有信心批准該等藥品入口，從而提高中成藥的普及性。財

應用質譜儀分辨中藥成分之質量

政司曾蔭權曾指出，香港要把中藥發展為高增值和高技術的行業，作商業化推廣。故此發展中成藥內含成分的定性及定量檢測方法，以及制訂它們的質量標準等，實在刻不容緩。

品質控制實驗室已於六月開展工作，初步計劃為期兩年半。畢博士說：「我們現正忙於檢測本地生產之中成藥，特別著重每種中藥獨有的或具代表性的成分，例如人參必定含人參皂甙，否則便是贗品。」

他們的目標是檢測二百至二百五十種中藥成分，並設定標準，供比較之用。檢測的中成藥樣本大部分由製藥商供應。此外，還邀請兩名製藥商擔任顧問，監管實驗室的工作進度和方向。檢測結果將直接向有關的製藥商匯報並協助他們控制產品的質量。畢博士說：「自明年一月起，我們更會不定期發布中、英文單張，向中藥業和公眾簡述最新的檢測結果。」

如何檢測中藥

畢博士說，傳統檢驗中成藥的方法不外是查察包裝、顏色及氣味。較進步的做法也只是以定性方法考證是否含有某種藥材。該等檢驗方法既不全面，亦難以找出絕對結果。西藥的檢測較簡單，因為只含單一成分，並根據固定含量及步驟製造。中藥則往往會有多種成分，較難分析，至今仍未像

核對中成藥之原料藥材

西藥般，具備標準規格和成分含量；其療效亦隨品質而異，只能靠口碑促銷。

為求取得客觀而絕對的檢測結果，這實驗室主要以化學方法分析樣本。除使用中藥研究中心原有的儀器外，更以四百多萬元訂購「氣相質譜聯用儀」和「液相質譜質譜聯用儀」各一。前者用以分析揮發性的化學成分，後者可精確分辨樣本內含的其他成分。另外還會添置可檢測多糖類成分的儀器。多糖性質極為複雜，不少抗癌或加強人體免疫能力的食品及藥物例如「雲芝精華」和「香菇多糖」都含多糖。除了購買儀器，撥款也會用作增聘研究人員、購買藥品和化學試劑、出版刊物等。畢博士說：「七百一十萬元雖然數目不少，但因工作性質和工作量大，還得尋找其他資源。」

實驗室完成初步工作指標後，會爭取經費繼續發展，並會將品質控制及檢測技術轉移予藥廠，又與藥廠合作，加強品質控制及開發藥物。

利用薄層層析掃描儀作定性分析

爭取升格為中醫藥研究所

畢博士稱，中藥研究中心能成為本港中藥諮詢及研究的權威，全賴張雄謀教授、楊顯榮教授及張樹庭教授三位前主任十多年來的苦心經營，為中心凝聚雄厚的科際科研力量。

目前該中心有廿五位研究員，他們來自解剖學、生物學、化學、臨牀病理學、社區及家庭醫學、計算機科學與工程學、內科學、藥劑學及社會學等學系，另有五位來自港大、科大和浸大的名譽研究員。

他們從不同角度開展不同層面的中藥研究。

在校內各研究單位中，中藥研究中心現時佔用的樓宇面積，僅次於中國文化研究所，且是全校唯一擁有宿舍的研究單位。

畢博士透露，為配合中心的長遠發展，他們深信中心應該升格為中醫藥研究所。事實上，大學教育資助委員會從九二至九五年度度的中央撥款預算（Central Allocation Vote）撥予該中心的五百萬元，也是針對這個方向的发展。另外去年校方委派一個委員會評審中心的工作，亦達致同一結論。

繼往開來 任重道遠

中藥研究中心的一貫目標為：（一）發展中醫藥資訊及電腦庫；（二）檢驗中藥真偽、質量、安全性與療效；（三）研究及推廣中醫藥應用。今後的發展路向仍然依循上列三個目標。畢博士補充，他們的最新計劃是連結國內中醫藥電腦資料庫，以及統一兩岸三地中醫藥電腦庫的主題詞及關鍵詞。他和中心副主任簡永基博士值本年四月出席北京一個中藥會議時，已爭取取得大陸及台灣代表對統一中醫藥主題詞建議的支持，現正申請撥款進行籌劃工作。此計劃意義重大，除裨益三地中醫藥發展外，更會影響日、韓、歐、美等地之中醫藥研究。

至於真偽鑑定的研究，該中心的邵鵬柱博士及王駿博士，成功應用分子生物學方法，以遺傳核酸指紋鑑定法分辨藥材真偽。而在中藥安全性方面，本校黃榮春博士、廖永強博士、吳子斌博士和湯寧信醫生，與科大車鎮濤博士、浸大梁榮能博士和港大戴有鼎醫生等共同開展多方面的監測及研究。

該中心又鼓勵整體合作，有目標地開發新藥，包括中成藥及健康食品，參與這方面研究的同人更多。另外中心在過去半年內開辦了「針灸」和「毒性中藥」等短期課程，專為校內及其他大專院校的學生而設。

中藥研究中心對中醫藥的未來發展任重而道遠。○
