### Gifts to the University

**Donation by CARE**

The University Council confirmed the acceptance of two grants by CARE through the World University Service to Chung Chi College and New Asia College for the purchase of a quantity of science equipment. Chung Chi received HK$17,439.20, and New Asia $17,450.00. A grant to United College was reported in an earlier issue of this Bulletin.

### Comings and Goings

#### △

- Mr. N. Chithamparanathan, Associate General Secretary of the World University Service Secretariat at Geneva, Switzerland, Mr. Fujita, Executive Secretary of the World University Service of Japan, Mrs. L.P. Gutang, Director of the Student Counselling Service of Far Eastern University, Philippines, and Mr. Gutang visited Chung Chi College on May 5. They exchanged views on questions of student welfare with the advisers and members of the Chung Chi Branch of the Hong Kong World University Service.

- Mr. Harold Ho, Lecturer in Social Work of Chung Chi College, has been granted leave of absence for about four weeks to attend the annual American National Conference on Social Welfare to be held in Chicago from May 29 to June 3 and followed by a seminar course on Social Treatment of Juvenile Delinquents at the University of Chicago. He left Hong Kong for Chicago on May 24 and is expected to return before the end of June.

- Dr. George H. Armacost, President of the University of Redlands, visited Chung Chi College and addressed the College Assembly on May 20 on the subject "The Challenge of Education Today".

- Miss Lee Wei-Man, Lecturer in Social Work of Chung Chi College, will be representing the University as one of the delegates from Hong Kong to attend the International Congress of Schools of Social Work
and the International Conference of Social Work from August 22 to September 10, 1966 in Washington D.C., U.S.A. She will also visit some of the schools of Social Work in the U.S.A. and universities in the United Kingdom to study their social work training programmes. These visits will be arranged by the Council of Social Work Education in the United States.

Under a WUS Staff Training Fellowship, Dr. S.T. Chang, Lecturer and Chairman of the Department of Biology of Chung Chi College, will spend a year at Harvard University as Post-Doctoral Fellow to carry out research in the genetics of the tetrapolar incompatibility, which is so common in higher fungi. He is particularly interested in the analysis of subgenotype model for the genetic factor of Schizophyllum commune, and he will work with Professor June R. Raper, an international authority in this field. He expects to be at Harvard around September 20.

Dr. Samuel Chan has been appointed Acting Chairman of the Department during Dr. Chang's absence.

Mr. Robert Bunnell, Assistant Area Representative of the Ford Foundation, called on the Vice-Chancellor on May 31, on his way to Hong Kong. He visited all the three Colleges and the University site at Ma Liu Shui.

Mr. A. D. Hardy, Deputy Secretary of the Cambridge Local Examination Syndicate, visited the University Registry on May 27.

Dr. M. K. Robinson, M.A., F.R. Hist. S., Vice-Chancellor of the University of Hong Kong, and a Council member of this University, visited United College on May 27 and New Asia College on June 2. The Vice-Chancellor exchanged views with senior members of the administrative and academic staff of the two Colleges on higher education in Hong Kong and on various aspects of cooperation between the two Universities.

Dr. Chi Hsiu, Lecturer in Chemistry at New Asia College, left for Japan in June to visit the University of Tokyo and the Tokyo University of Education to collect teaching materials and to exchange ideas with the faculty members of these two universities on teaching methods.

Dr. M. Din-yi Lee, Senior Lecturer in History at United College, left for Tokyo in mid-June to collect materials for his research on Sino-American relations 1901-1922. He is expected to remain in Japan for two months.

Dr. S.T. Chang of the Department of Biology of Chung Chi College has recently had the following articles published:

Dr. George H.C. Wong, Lecturer and Chairman of the Department of History and Geography of Chung Chi College, returned on June 2 after a year of post-doctorate research at the Fletcher School of Law and Diplomacy, Tufts University, U.S.A.

Chung Chi President C.T. Yung has recently received from the American University, Washington, D.C., a Certificate of Fellowship of the School of International Service.

Mr. P.Y. Lo, Lecturer in Business Administration of Chung Chi College, has been appointed Chairman of the Department of Economics and Business Administration to replace Dr. K.C. Mark.

The Students' Painting and Calligraphy Exhibition at the New Asia College was opened on June 4. Fifty-three schools and colleges were represented in this exhibition, among which were The Technical College and many Chinese and English high schools. Two hundred entries were selected for display from among those five hundred. This year's exhibition showed a marked improvement over that of last year.

Mr. Michael Chui, Demonstrator in Physics, and Miss Annabella Wang, Demonstrator in English, at United College, have been awarded Ford Foundation Grants under the Faculty Development Programe of this University. They are expected to leave later this summer for the University of California to pursue further studies in their respective fields.

Mr. Ma Tooy-so, Demonstrator in Mathematics at United College, has been awarded a Fulbright Travel Grant to pursue further studies at the University of California, Sanra Barbara. He is also expected to leave later this summer.

RADIO PROGRAMME ON THE UNIVERSITY

Beginning from July this year, the two Universities in Hong Kong will be featured in a special programme called "UNIVERSITY REPORT" on the English channel of Hong Kong Television. The programme of thirty minutes' length will be presented fortnightly. The public will be informed of developments in the two local universities as well as in other universities abroad. Members of this University will be interviewed from time to time.

OBITUARY

Mr. C.K. Tie, Registrar of Chung Chi College, died of a heart attack on June 9, 1966 at 10.30 a.m. He was sixty-seven.

Mr. Tie had been associated with Lingnan University for more than ten years before he took up the Registrarship of Chung Chi on the foundation of the College in 1951. He rendered the College devoted service and his loss is deeply mourned over by the whole College community and his many friends in the University.

The College is establishing a scholarship fund in memory of Mr. Tie. Contributions to the fund are most welcomed.

STUDY OF MODERN LANGUAGES

Teaching of modern languages in this University is receiving strong support from various foreign governments.

The French Government will shortly send a teacher of French to the University to strengthen the University's existing teaching staff.

A professor of Japanology, together with a number of assistants, will soon be assigned to the University by the Japanese Government to promote the University's Japanese studies. They are now being selected by the Japanese Ministry of Education.

There is already a lectruship in German contributed by the German Academic Exchange Service.

The University is equipped with language laboratories which prove to be a valuable aid to the study of foreign languages.

During that time, he made it a habit to collect Hong Kong orchids and Hong Kong ferns during those years. In 1960, he awarded the Lam Chi-Fung Scholarship for his work in biochemistry at the University of California, Berkeley, and, in 1961, and received a Master degree there in a year. Having developed an interest in bacteriophage, he went to the Institute of Molecular Biology, University of Oregon, to work under Professor Streisinger on bacteriophage development in infected bacteria. He was awarded a Predoctoral Traineeship by the U.S. Public Health Service for all the three years he spent at the University of Oregon, and was elected a member of Sigma Si, a national honorary science society. He also participated in the Phage Meeting in Cold Spring Harbor in the summer of 1963, and the Federation Meeting of Experimental Biology, Atlantic City, in the spring of 1965. His chief research results were presented by Dr. Streisinger on the Molecular Biology Meeting at Hawaii in the summer of 1965. Dr. Mark received his Ph.D. degree in Molecular Biology in August, 1965. On his way back to Hong Kong, he visited the Institute of Molecular Biology and Biophysics of Yale University, the Institute of Molecular Biology of Cambridge University, the Microbiology Laboratory of University of Denmark at Copenhagen, and the National Molecular Biology Research Unit at Naples, Italy.

Dr. Mark is now a lecturer in the Department of Biology, New Asia College. His research interest is in the biochemical changes that occur in a bacterial cell infected by bacteriophage T4.

Fr. John Gannon, S.J., United College, Lecturer in English Literature.

Fr. Gannon was born in Ireland in 1922. He entered the society of Jesus in 1939, completing his novitiate training two years later. He then entered the National University of Ireland, and in 1950 he returned to Ireland for five years' study of theology and ordination to the priesthood, taking further degrees of B.S. and S.T.L.

Returning to Hong Kong in 1955, he spent another year on the study of Cantonese before entering Cha Hui College as a lecturer in English in April 1956. He taught in Cha Hui College until 1963, when he left Hong Kong for further studies in the United States. For six of the years that he taught at Cha Hui College he was Head of the Department of Foreign Languages and Literature, as well as a member of the College Board of Trustees.
