The New ASAIHL

On 6th December, 1968 Vice-Chancellor Choh-Ming Li was elected President of the Association of Southeast Asian Institutions of Higher Learning (ASAIHL) at its Seventh General Conference. He succeeded President Carlos P. Romulo of the University of the Philippines, who had served as President of the Association for the past two years.

Dr. Li stated that he was very happy with the achievements of the Conference, which made important changes in the organization, functions and purposes of ASAIHL. “We have created a new ASAIHL in the past three days,” Dr. Li said.

President Romulo, who will soon become the Philippines Secretary of Foreign Affairs, shared Dr. Li’s enthusiasm about the important achievements of the Conference. “I am very happy about what we have accomplished,” he said. “Now ASAIHL can become the instrument for building in Southeast Asia a system of university education second to none in the world.” He added that the association of universities derives great strength from the fact that it is non-governmental and stands above politics.

Dr. Toh Chin Chye, Vice-Chancellor of the University of Singapore and Minister of Science and Technology in the Singapore government, was elected Vice-President of the Association. Other members of the Administrative Board elected are Dr. Soemantri Brojonegore, Rector of the University of Indonesia and Minister of Mines in his government; Rector Magnificus Jesus Diaz of Santo Tomas University, the Philippines; Venerable Thich Minh Chau, Rector, Van Hahn University, Vietnam; Dr. R.L. Huang, University of Malaysia; and Dr. Insee Chandarasathit, Rector of Kasetsart University, Thailand.

The Association decided to hold two seminars each year for the member universities. One of the two seminars for 1969 will be on “New Trends in the Social Sciences”. A second seminar, part of a series on university development, will be on “Student Welfare”.

It is enlarging its Secretariat in Bangkok and creating there a clearing house of information about developments in higher education, and means to help universities obtain both professors and administrators, and to facilitate the exchange of both faculty and students.
Much more active steps will be taken to maintain liaison with the other regional and international organizations concerned with education.

Vice-Chancellor Choh-Ming Li and Prof. S.S. Hsueh, Professor of Government and Public Administration assigned to United College, represented the University at this Seventh General Conference. Mr. James C. Yuan, Assistant Registrar of the University, also attended as observer.

The New ASAIHL

Address to the Seventh General Conference of ASAIHL

by Vice-Chancellor Choh-Ming Li
President, ASAIHL

I must again express to you my gratitude for the honour you have done me by electing me President of ASAIHL. I am deeply conscious of the obligations I must assume and of the great opportunity you have entrusted to me. I assure you that I shall do everything in my power to fulfill that trust.

There is a very special challenge in the task you have asked me to assume. That is the challenge of following the versatile and unique President who has just relinquished this chair, Dr. Carlos P. Romulo. It is difficult in few words to pay adequate tribute to the contribution he has made to ASAIHL. Even before he became President two years ago, he was aiding the development of this Association with forward-looking ideas, with his rich experience, and with his enthusiasm. To the presidency he brought both distinction and wise leadership. He also brought the vision of a strengthened and vitalized association of universities. No one knows better than you of the Philippines how he has worked to broaden our membership. All of us are aware of his unceasing efforts to place ASAIHL upon a sound foundation of adequate support and excellent performance. Happily, he will continue to serve as an ex-officio member of our Administrative Board. I ask you to join me in a tribute to President Romulo.

This Seventh Conference will be a memorable one in the history of ASAIHL. It marks a turning point. We shall leave this university where we have laboured in such comfort, and we shall leave the warm hospitality of the Philippines with the satisfaction of having created a new ASAIHL. The changes we have wrought in the past three days have given this association of universities not only greater stature but also much greater usefulness. We have endowed it with more power to assist the strengthening of our Southeast Asian Universities. We have enabled it to become a more vital force in the growth of our countries and our region.

In the first place, we have strengthened our Administrative Board and given it new meaning. By the ingenious combination of election and appointment which our skilled President applied yesterday afternoon we have an Administrative Board composed of the rectors and vice-chancellors of some of Southeast Asia's most distinguished universities. Meeting this morning, these university heads or their appointed delegates decided that each member of the Administrative Board should appoint as an alternate, a professor from the university faculties, not necessarily from his own university. Whenever the Board meets, as it does regularly once each year, the alternates, the professors, as well as the Board members will be invited to attend. In this way we gain the judgments of both the principal administrators and the faculties. We strengthen the relationships between them. And our Board becomes a stronger implement for guiding, on your behalf, the destinies of ASAIHL. I assure you that we carefully determined in advance that this innovation is clearly within the limits of our constitution.

We have made still another change that will help our programming and our policy making. The new Board determined this morning to establish an executive committee that will meet three times each year between the annual meetings of the full Board. The committee will consist of the President, the Vice-President, Dr. Toh Chin Chye, and Father Diaz, who was selected by his fellows to fill the third place. The Executive Committee will meet with the Executive Secretary, Dr. Prachoom, to review the work of each quarter, to plan programmes, and to provide continuing policy guidance. The first meeting of the new Executive Committee will be held in early March.

Now as to programme. In accordance with the decision which you took yesterday, there will be just two seminars each year. One will be concerned with the substance of learning, the other with university development. And again following your guidance, we are strongly determined that the seminars in each category shall build upon one another. Thus, your Board has determined with Dr. Prachoom that the next substantive seminar
shall deal with “New Trends in the Social Sciences”. I need not tell you that this area of learning is developing very rapidly. Nor need I remind you there are close relationships between some of the social sciences and the basic sciences, which were the subject of an ASAIHL seminar last summer.

Your Board has also determined that the first in the series of seminars on university development should be on the subject of student welfare, a subject of major concern in the universities of every Southeast Asian nation.

The seminar on the social sciences will probably be held in July or early August and hopefully in Singapore. That on university administration will be held in conjunction with the annual meeting of the Administrative Board next December in Hong Kong.

Your Board, working closely with Dr. Prachoom, will also implement this year, your decisions first to provide more frequent and comprehensive exchange of information about educational developments within the region and elsewhere; second, to form a panel of experts, drawn primarily from Asian institutions, who will be available at nominal fee, to assist our member universities in their development; third, to provide through the Secretariat means whereby two or more institutions can share the costs and services of experts or visiting scholars; and fourth, to provide, also through the Secretariat, assistance for the exchange of professors and students.

To these additional services to our member institutions still others will be added as the Secretariat is strengthened, and as the new Executive Committee gains experience. Our guiding purpose is to assist the universities of this region to fulfil as rapidly as possible their great role as the sources of well-educated men and women and the fountainheads of knowledge and skill.

In order that close relationships may be maintained between the member universities and the Secretariat, that will serve as the central clearing house on the matters I have just discussed, the Administrative Board has authorized the President of ASAIHL to request each president, rector, or vice-chancellor of a university to designate a member of his faculty to serve on a Universities Liaison Committee with which the Secretariat will work. It is planned that with the information supplied by all the member institutions the first issue of the Newsletter will be out by March 1969.

Our Association has in the past broken ground in many new fields. Two developments of the past year seem to me, and to my fellow members of the Administrative Board, to be especially significant. The first of these is the formation, under ASAIHL auspices, of a regional council of mathematicians. We may hope that it will lead to other councils in other disciplines. We commend also the important work that has been done on language problems in Southeast Asian universities and the proposed establishment at the Philippine Normal College of a liaison centre for language research. In response to the challenge of your immediate past President, your new President and the Board will assist the new centre in finding the dollars it needs.

Finally, your Board, following your instructions, has taken steps to set in motion this year a programme for honouring distinctive performance in our member universities. We are proceeding with our inquiry into how best to constitute an Awards Commission that can proceed with a genuine perception of the meaning of distinction, and that can approach its task with a knowledge of our universities and without bias. We hope to announce the first awards on the occasion of the meeting of the Administrative Board a year from now.

As President Romulo said on Thursday, a strong, effective, non-governmental association of universities in Southeast Asia was never more needed than now. The rapid acceleration in the needs and the aspirations of our peoples places ever increasing demands upon our institutions of higher learning. We must grow in strength and quality to keep pace with the new needs and the new hopes. We serve those needs and hopes, and we serve our countries and peoples best, however, when we also serve the great universal commonwealth of learning.

We shall exist in Southeast Asia side by side with sister organizations of the region, the new Southeast Asia Ministers of Education Organization with its several centres of research and training, and the Institute of Higher Education and Development that is about to be born. We shall cooperate closely with them in the common interest of our region. We shall draw upon their research findings and their innovations in training. And we shall place our resources at their disposal, and serve them as reservoirs of knowledge and expertise.

In one important respect, we shall be different. For our Association and its member universities do not represent governments. As President Romulo pointed out, we stand apart from politics. That fact has been abundantly apparent in this meeting, and it is indeed one of our greater sources of strength. Because of that strength we can better serve our peoples and our region.
As we approach the conclusion of this Seventh General Conference, I would express on your behalf our gratitude for the careful preparations that have been made by the Secretariat and our hosts, and for the generous hospitality that has been extended us. I assure you that during the two years that will intervene before we meet next in Hong Kong, those of us to whom you have entrusted responsibility will do everything in our power to make ASAIHL a vital, living force in Southeast Asia.

BUILDING DEVELOPMENT

The completion of the Benjamin Franklin Centre

The Occupation Permit of the Benjamin Franklin Centre was issued by the Building Authority of the Hong Kong Government on 31st December, 1968. The timing was perfect as it was right on schedule. The construction cost amounts to two and a half million dollars and is a gift from the American people to the students and staff of the University. The architects of the Centre are the Hon. W. Szeto and his associates, and the engineer is Mr. H.C. Chan. The building has four storeys and a total area of 44,000 square feet and will house the Central Office of the University temporarily in the near future.

The athletic field at Chung Chi College

The rebuilding of the athletic field at Chung Chi College was finally completed. Public funds totalling nearly one million dollars have been spent on constructing the field roads and on improving the surrounding and facilities. The new athletic area includes a 400-metre track, two tennis courts, two volley ball courts, three basketball courts and a soccer field. The stadium, donated by Mr. Chan Tak Tai, has an 800-seat capacity and also provides office space, storage and shower rooms. The students can now fully utilize the facilities and will be given proper guidance and training in physical activities.

何沛雄博士
處聯絡。在我們的計劃中，各會員大學向秘書處提供有關資料之後，第一期「東南亞高等敎育機構協會通訊」可望於一九六九年三月初版。

以往協會曾有很多創舉。理事會心目中，認爲協會在去年曾辦了兩件有特別意義的事。第一，就是在協會贊助之下，成立了「東南亞數學硏究所」。我們希望因爲有了這個硏究所之後，會導致其他學科的硏究所的建立。第二，協會對東南亞各大學語言問題的硏究有了重要的貢獻，尤其中國在菲律賓師範大學成立「語言硏究聯繫中心」的計劃。爲了響應前任會長羅慕洛博士起見，理事會和本人願盡力籌得該中心所需之費用。

最後，理事會爲了執行大會的決議，已經籌擬一項辦法，凡會員大學之有特別成績者，將加以表揚。我們已經着手硏究，如何成立一個「褒獎委員會」，一方面對特殊成績有正確的了解，另一方面對各會員大學的環境有大公無私的分析與判斷，才能使「賢」與「能」得到具體的獎勵。

正如星期四羅慕洛博士所說，目前我們比任何時期都需要一個強有力、高效能、非政府的東南亞高等敎育機構協會。東南亞地區人民對政治、經濟、敎育、文化各方面的需求越來越高，越來越迫切，因此對本地區的高等敎育機構的要求也隨之而大爲增加。我們如果不鞏固我們的組織，提高我們的質素，就很難以配合廣大民衆的需要。可是學問是沒有區域界限的，我們先要在學術上有建樹，方能滿足國家與廣大民衆對我們的期望與需求。

我們希望能與東南亞各姊妹機構手携手密切合作——「東南亞敎育部長組織」以及其屬下各研訓中心，和即將成立的「高等敎育研發所」。爲了共同的利益，密切的合作自爲順理成章之舉。我們當進一步利用他們的研討成果和新的訓練方法。在我們這一方面，當會提供我們的人力資源，把我們的專門知識供應他們，使雙方均蒙其利。

可是有一點我們與其他機構不同，而這是非常重要的一點，就是：協會和會員大學並不代表政府。正如羅慕洛博士所指出，我們的組織並沒有染上任何政治色彩。這一事實已經在本屆大會中表露無遺，而且正由於此，我們才會表現得如此獨立和堅強，使我們地區的民衆更信任我們，更需要我們的服務。

第七屆全體大會卽將結束，我願意借這個機會代諸位向秘書處和主人表示感激，多謝他們週到的安排和殷勤的招待。我可以向諸位保證，兩年後在香港舉行下一次大會，在這兩年中間，所有負責人一定會盡力而爲，一心一德把會務辦好，使東南亞高等敎育機構協會成爲一股蓬勃、活生生的力量，東南亞整個地區因此也都會受益匪淺。

校舍建設之進展
范克廉樓已告落成
本大學在沙田新校址興建之范克廉樓，經由香港政府工務局屋宇部核准，於一九六八年十二月三十一日發給啓用許可證。該樓之建築費達港幣二百五十萬元，係美國人民所捐建，將來可爲本校學生及敎職員聯誼之用。大學建築師司徒惠議員主持設計建造事宜，樓高四層，另有地下一層，面積共有四萬四千方尺，大學校本部辦事處暫設於斯樓。

崇基學院擴建運動塲
崇基學院擴建運動塲之工程，已告完成，工程費約達港幣一百萬元，由香港政府撥款建造，包括運動塲之道路，並改善週圍塲地，及補充各種設備。該運動場現有四百公尺之跑道，網球塲二，排球場二，籃球塲三，及足球場一。此運動塲設有八百座位之看臺，爲陳德泰先生所捐建，並有辦公室，儲藏室，及浴室等。凡此種種設施，各生均得充分使用，並將獲得妥善之指導，作體育上之鍛鍊。

本校舉辦就業輔導專題演講
本大學就業輔導處，將於今年十二月至明年三月間，爲本校三、四年級學生，連續舉辦就業輔導專題演講。一、「就業動機與成就目標」，由香港蜆殼有限公司人事及公共關係處主任費爾麥（Mr. R. M. Filmer）主講；二、「紀律與作業熱忱」，由天祥洋行董事威廉士先生（Mr. Peter Williams）主講；三、「思想交流與公共關係」，由美國新聞處處長馬樂華先生（Mr. Sanford Marlowe）主講；四、「香港職業趨勢——就業機會」，由香港總商會秘書葛廸先生（Mr. J. M. Kite）主講。
李校長卓敏博士

在該協會之演講詞

這次承蒙諸位厚愛，選我為東南亞高等敎育機構協會會長，我非常感激。我也深深知道隨着這個職位倶來的機會與重責。我當盡我所能，全力以赴，不負諸位所託。

諸位委任我的工作特別艱鉅，因爲即使命令之囂諾大理，非但眾多而繁，而且卽時不能齊至，議事和議事之遲緩，往往影響工作之進行，甚至有因果不明之處。因此，我當盡我所能，全力以赴，俾能順利地完成委任之工作。

過去，本會之發展，多靠各位委員之努力，尤其是我們的會長羅慕洛博士，其領導之有方，無論是政策之訂定，還是組織之建構，都顯示出卓越的才能和高度的責任感。他以他的熱情和才幹，為本會的發展作出了重大的貢獻。

現在，我接任會長之職，除了承繼他之遺志，更有責任去開拓新的局面，為本會的發展作出新的貢獻。

東南亞高等教育機構協會近訊

東南亞高等教育機構協會，於一九六八年十二月六日，在菲律賓舉行第七次大會時，一致推舉本大學校長李卓敏博士為該協會會長。其前任會長為菲律賓大學校長羅慕洛博士（Dr. Carlos P. Romulo），任職已達兩載。

李校長稱，此次大會對協會之組織、工作及其目的，皆有重要之改進。李校長形容，該協會三日來已創造一個新局面。與李校長同感興奮者，認為此次會議有重大之成就。渠謂：「如一協議，將有助於東南亞建立世界上最佳之上大學教育制度。渠謂該協會之所以有如此之力量者，乃因其非屬於官方組織，且不受政治上之影響。」
