GENERAL INFORMATION
GENERAL INFORMATION

The Chinese University of Hong Kong was incorporated in October 1963 under a Hong Kong Ordinance 'to establish a university with a federal constitution in which the principal language of instruction shall be Chinese'.

It is a self-governing corporation drawing its income mainly from grants made by the Hong Kong Government.

Origin

The University has its origin in three Post-Secondary Colleges: New Asia College, Chung Chi College, and United College, which drew, in their early days, most of their teachers and students from the mainland of China. New Asia College was founded in 1949 by a group of "refugee" professors and students, and in the early period used rented flats in a poor district in Kowloon. Chung Chi College was founded in 1951 by educationists and representatives of various Protestant Churches and Missions in Hong Kong. It had only sixty-three students at its founding. The United College of Hong Kong, founded in 1956, was a combination of five colleges established earlier. In spite of adversity, the College developed steadily with the help of friends and the community at large and by their own persistent efforts.

In 1957, these three Colleges came together to form the Chinese Colleges Joint Council. The objectives of the Council were to raise standards in Chinese higher education, to develop joint policies where possible, to work for the achievement of objects of common interest, and to represent Member Colleges in joint negotiations with Government where common policy was concerned.

In June 1959, Government, satisfied with the progress being made, announced that financial aid would be given to the three Colleges to help them improve their standards, and that in due course, provided the required standards were met, a commission would be appointed to review the readiness of the Colleges for university status.

In the same year, Mr. John S. Fulton (now Lord Fulton of Falmer, former Vice-Chancellor of the University of Sussex) was invited to visit Hong Kong to advise on the general lines of development which the Colleges should pursue.
In 1960, Government introduced the Post-Secondary Colleges Ordinance and Regulations, which were designed to provide financial support to the three Colleges and to ensure that such support would be related to the measures taken to raise standards to a higher level.

Under the Grant Regulations, students were selected for admission to first-year courses from among those attaining an approved standard in a Joint Entry Examination and to participate in a Joint Diploma Examination. A Joint Establishment Board was formed for the selection of staff.

In 1961, a University Preparatory Committee, chaired by the late Dr. the Hon. Sir Cho-yiu Kwan, was appointed to advise on sites and buildings and matters connected with the establishment of the University.

In the same year, advisers from Britain and the United States visited Hong Kong to advise the Colleges on development to university level of their courses in arts, science, commerce and social science. Reports of these advisers were encouraging, and in 1962, Government, in view of the progress made on all fronts, announced the appointment of a commission to make recommendations on the establishment of the University. The Commission was chaired by Mr. John S. Fulton and had as members Dr. Choh-Ming Li (now Vice-Chancellor of the University), then Professor of Business Administration and Director of the Centre for Chinese Studies at the University of California, Berkeley, Dr. J.V. Loach, Registrar of the University of Leeds, Professor Thong Saw-pak, Professor of Physics at the University of Malaya, and Professor F.C. Young, Professor of Biochemistry at the University of Cambridge. Mr. I.C.M. Maxwell, Secretary of the Inter-University Council for Higher Education Overseas, served as the Commission's Secretary.

The Commission came to Hong Kong that summer, and, before its departure, publicly announced that in their view the three Post-Secondary Grant Colleges were ready for university status. It undertook the task of recommending the university organization and constitution. In April 1963, their eagerly awaited report, known as the Fulton Report, was published and received with general enthusiasm. The painstaking care and profundity which characterize it has won the gratitude of the University towards Lord John Fulton and the other learned members of the Commission.

In June 1963, Government announced that it approved the Commission's recommendations in principle, as did the Colleges. Then the formation of a Provisional Council was announced. On 2nd July, 1963, the necessary preliminary work having been completed, preparation for the University began. The Chinese University Ordinance and Statutes were enacted in September 1963.
After Government had made a promise to grant the University a plot of land at Shatin, New Territories, the University Architect was appointed to draw up a master plan of development. Temporary headquarters for the University was established in Mongkok, Kowloon.

On 17th October, 1963, the University was formally inaugurated. A Selection Committee was appointed to find a Vice-Chancellor for the University. Meanwhile, the University administration was entrusted to the first Pro-Vice-Chancellor, Dr. C.T. Yung, President of Chung Chi College.

The appointment of Professor Choh-Ming Li as the first Vice-Chancellor was announced in December the same year, and he assumed office in January 1964.

**University Motto, Colours and Emblem**

The motto of the University is ‘博文約禮’ (*po-wen yueh-li*):

‘By extensively studying all learning, and keeping himself under the restraint of the rules of propriety, one may thus likewise not err from what is right.’ (Legge’s version of the *Four Books*).

It is recorded in the *Analects of Confucius* that Yen Yuan, a disciple of Confucius, in praising the education he received from the Master, quoted ‘博文約禮’ as its characteristics. The great Sung Confucianists, the Ch'eng brothers and Chu Hsi, also mentioned ‘博文約禮’ as an important educational principle of Confucius.

To interpret it in modern terms, ‘文’ covers all kinds of knowledge or learning. Thus, the terms ‘天文’ (the learning of Heaven), ‘地文’ (the learning of the Earth) and ‘人文’ (the learning of Man) are broadly used. Together they include the humanities, social sciences and natural sciences.

‘禮’ covers all rules of propriety required of an individual, a society or a government.

A man’s intellectual horizon must constantly be broadened — this is ‘博文’; his personality may only be developed within the bounds of the rules of propriety — this is ‘約禮’. The University motto therefore lays equal emphasis on the intellectual and moral aspects of education.

The University colours are purple and gold, symbolizing devotion and loyalty (purple) and perseverance and resolution (gold).

The emblem of the University is the mythical Chinese bird *feng*, which is chosen because of its association in Han and later times with the South, as well as with nobility, beauty, loyalty, majesty, and many other virtues.
Caps, Gowns and Hoods

The Chancellor’s official gown is a black robe of silk taffeta with gold trimmings of 5½” from yoke tapering down to 2½” in front. Sleeves with two gold bands of 3½” and 1” respectively are turned up to show purple lining. The cap is black, trimmed and edged gold with gold tassel.

Land and Buildings

The University’s spectacular 331-acre campus is located near the town of Shatin which is now under development as a major urban centre in the New Territories. The site overlooks beautiful Tolo Harbour to the north and Tide Cove to the east. Majestic mountains ranging over 3,000 feet are in view from any direction.

The campus itself varies in elevation from 14 to 460 feet and has been formed essentially into four plateaus to provide necessary building sites. The Headquarters and Central Activities of the University are located on the mid-level plateau (330 feet) in the approximate centre of the campus around which the three Constituent Colleges have been placed. Chung Chi College occupies a 57-acre tract on the lower plateau (14-90 feet) in the southern sector of the campus. New Asia and United Colleges share the 38-acre upper plateau (450 feet) in the northern sector. Five blocks of staff flats are located further north on the reverse slope of this ridge with a beautiful view of the harbour and the mountains on the far shore.

The campus at present constitutes a day-time community of several thousand academic and administrative staff and students. Resident accommodations now exist for almost 255 married staff and their dependents, 75 single staff and over 1,600 students (51% of the student body). The University is striving diligently to increase the number of accommodations on campus for both staff and students. A number of projects are in progress toward this end which will be funded from both Government and private sources.

The University has integrated telephone, water, electrical, sewage, road and street lighting systems. The major buildings now in use include:

University Buildings:
  Administrative Headquarters
  Benjamin Franklin Staff/Student Amenities Building
  University Library
  Health Centre
  Institute of Chinese Studies
  Minor Staff Quarters (Joint) (38 married — 16 single)
  Marine Science Laboratory
  Staff Residences (5 apartment blocks — 90 flats)
  Science Centre
  Vice-Chancellor's Residence
  Yali Guest House (5 single and 2 double rooms)

University facilities also include a Sports Field and a Olympic-sized swimming pool.
Chung Chi College:
Administration Building
Chapel
Library/Teaching Building
Minor Staff Quarters (12 married quarters and 1 single dormitory)
Music Centre
President’s House
Staff Centre
Staff Quarters (48 flats plus 3 single rooms in the Old Clinic)
Student Dining Hall/Amenities Building
Student Hostels (4 units — rooms for 392 students)
Seminary (includes 6 staff flats and rooms for 40 students)
Teaching Block

New Asia College:
Administration, Fine Arts and Journalism Building
Arts and Commerce Building
Library
Staff/Student Amenities Building
Student Hostels (2 units — rooms for 250 students)
President’s House

United College:
Administration and Arts Building
Commerce and Social Science Building
Library/Teaching Building
Staff/Student Amenities Building
Student Hostels (2 units — rooms for 250 students)
President’s House

Each College has an indoor gymnasium and Chung Chi College also has a Sports Field.

Building projects which are or will be completed in 1975/76 include:

University Buildings:
Science Centre Extension
Staff Housing (36 flats including 12 for visiting scholars)
Sir Cho-Yiu Hall and Lady Ho Tung Hall (student hostel)
Post-Graduate Hall
Minor Staff Quarters (48 married quarters)

College Buildings:
Junior Staff Quarters (New Asia — 15 flats; United College — 20 flats; Chung Chi College — 18 single, 7 double rooms and 1 flat)
PART II  GENERAL INFORMATION

The University regrets that Government, because of its present financial stringency, has decided to defer for at least one year until Government's financial situation is improved the following approved projects:—

**University Buildings:**

Business Administration, Economic Research & Public Administration Building
Central Activities Building
Lecture Hall Complex
Multi-Purpose Auditorium
Sports Centre
Lift Tower
Estates & Maintenance Office
Transportation & Security Depot
Nurses' Quarters & Extension to Health Centre
Extension to Marine Science Laboratory
Additional Staff Quarters (58 units)
Additional Minor Staff Quarters (for 100 single persons)
Alteration to Science Centre

**College Buildings:**

Student Hostels (3 units — 220 student spaces per College)
Alteration to Chung Chi College

The University, in spite of the present financial difficulties which Hong Kong now encounters, believes with great confidence that the University as well as Hong Kong will continue to develop. In order to remain viable and be responsive to the changing needs and requirements of Hong Kong, it is incumbent on the University to plan ahead to ensure that sufficient land is reserved for its use to preserve a proper academic environment and provide suitable sites for future expansion. The University has presented to Government for consideration a proposal of the long range land requirement of the University which it is hoped can be incorporated in the Government scheme for development of the area between Shatin and Tai Po. Otherwise, the Chinese University, like so many other institutions in urban areas, may find its campus hemmed in by peripheral commercial development which would inhibit any further academic as well as physical growth of the University.
Finance

The University and its Foundation Colleges have small endowment funds and receive grants from private donors and interested associations for scholarships, research and other restricted purposes. Apart from fees which are comparatively low, the main source of income for salaries, operating expenses and equipment is the Hong Kong Government.

Negotiations between the University and the Government are conducted by the University and Polytechnic Grants Committee, established in 1965, composed of eleven overseas academic members and six local business or professional members. This Committee advises the Government on the financial requirements of the University.

The capital cost of buildings in the new campus will amount to some HK$160 million and the cost of the site formation and external works has been about HK$37 million. The Hong Kong Government has assumed responsibility for several basic buildings in addition to site formation and external works: private funds have been paid for the Student Centre, Library, Chinese Studies Building, University Health Centre and Yali Guest House. It is hoped that building funds may be obtained from overseas friends and associations for other buildings.

Faculties, Degrees and Diplomas

Admission to all Faculties and Colleges is conditional upon passing the Matriculation Examination of the University or obtaining exemption therefrom.

The University has at present four Faculties, namely, Arts, Business Administration, Science and Social Science.

Students entering any one of the above Faculties follow a four-year undergraduate course. They will be required to pass the Degree Examination consisting of two parts before they will be conferred a degree. Part I of the Examination will be taken at the end of the third and Part II at the end of the fourth year of their studies. Altogether they will take seven to nine papers. The degree of Bachelor of Arts, Bachelor of Science, Bachelor of Business Administration, or Bachelor of Social Science will be conferred on those who pass all the requisite papers in a major and a minor subject.

The degree of Master of Philosophy, Master of Business Administration or Master of Divinity will be conferred on graduate students who successfully complete a two-year course in the Graduate School. The degree of Master of Science and Master of Arts in Education will be conferred on graduate students who successfully complete a one-year course in the same school.
Students having successfully completed a one-year postgraduate full-time course or a two-year postgraduate part-time course in the School of Education receive a Diploma in Education.

Students having successfully completed a one-year post-graduate full-time course in Systems Analysis receive a Diploma in Systems Analysis.

With the increase of faculties and staff further degree programmes will be initiated.

**Undergraduate Teaching**

On the whole, each of the University's Foundation Colleges conducts its own undergraduate teaching. The various Departments of the Colleges are presented in the College entries of this Calendar.

The curricula and their standards are set by the University's Boards of Studies and approved by the Faculty Boards and the Senate. There are now twenty-one Boards of Studies and six Committees under four Faculties:

**Faculty of Arts**
- Board of Studies in Chinese Language & Literature
- Board of Studies in English
- Board of Studies in Fine Arts
- Board of Studies in History
- Board of Studies in Music
- Board of Studies in Philosophy
- Board of Studies in Religion (Theology Division)
- Committee on French, German, Japanese & Italian Studies
- Committee on Physical Education
- Committee on Translation

**Faculty of Business Administration**
- Committee on Accounting and Finance
- Committee on General Business Management and Personnel Management
- Committee on Marketing and International Business

**Faculty of Science**
- Board of Studies in Biochemistry
- Board of Studies in Biology
- Board of Studies in Chemistry
- Board of Studies in Computer Science
- Board of Studies in Electronics
- Board of Studies in Mathematics
- Board of Studies in Physics
Faculty of Social Science

Board of Studies in Economics
Board of Studies in Education
Board of Studies in Geography
Board of Studies in Government & Public Administration
Board of Studies in Journalism
Board of Studies in Social Work
Board of Studies in Sociology (Anthropology Section, Psychology Section)

Beginning from the second year, intercollegiate teaching is the aim, although a number of first year courses are also being offered on an intercollegiate basis. Such teaching has been expanded since its introduction in 1964 by leaps and bounds.

A major change has been effected through the introduction of small-class teaching and the establishment of “core” programmes. The latter represents a reduction of required courses in each subject field to a minimum, thus freeing the teachers for tutorial work and research, and also giving the students greater freedom to exercise their intellectual curiosity.

The programmes of studies of the four Faculties are obtainable from the Registry of the University on request.

The University Library

The University Library had its unpretentious beginnings in 1965 in the On Lee Building in Kowloon where it stayed until August 1969, when it came to take up temporary quarters in the Benjamin Franklin Centre on the Shatin Campus. In September 1970, Sir David Trench, Governor of Hong Kong, laid the foundation stone of the new building, and on 15th December, 1972, the new University Library was officially opened by Mrs. Kin May W. Tang in memory of her late husband, Dr. Tang Ping-Yuan. This spacious five-storied edifice can house over 400,000 volumes and accommodate 500 readers on its 86,000 square feet of floor space. Its faculty study rooms and carrels for readers, its conference and seminar rooms, an audio-visual room, a photographic laboratory, its microfilm facilities, rare book room, proposed book bindery, and its free-standing steel shelving, all go to make the Library one of the most modern academic libraries in the Far East.

The University Library is primarily a reference and research library for the use of the faculty, staff, visiting research scholars, and students of the University. In neither duplicating nor usurping the role and function of the three Foundation College Libraries, the University Library and these libraries now comprise one coordinated University Library System. Since the University is a federal-type university, this coordinated University Library System is most desirable. At
present coordination is being carried out in three main ways: (1) the centralized acquisition of all books and periodicals in both Oriental and Western languages, (2) the centralized cataloguing of all books and periodicals in both Oriental and Western languages and (3) the maintenance of a union card catalogue of all the holdings in the libraries of the three Foundation Colleges and the University Library. Furthermore, inter-collegiate borrowing privileges are available to all faculty members and students of the University. With the pooling of personnel and resources from both the College and University Libraries for centralized ordering and processing, unnecessary duplication of work in cataloguing and purchasing is greatly minimized.

Further coordination of the University Library System is effected by the Library System Working Party, consisting of the University Librarian (Chairman) and the three College Librarians. This committee has been established to facilitate the day-to-day functioning of the libraries and to discuss mutual technical problems. There is also a Senate Committee on University Library System which advises the Senate on the policy and administration of the University Library System. This Committee has the following membership:

**Chairman:** The Vice-Chancellor or his representative

**Members:**
- Chairmen of College Library Committees
- University Faculty Deans
- The Dean of the Graduate School

**Member & Secretary:** The Director of the University Library System

Since October 1969, the Library of Congress Classification has been used for Western language materials. During this time, the Western language collection of the University Library has also been reclassified from the Dewey Decimal Classification System to that of the Library of Congress. The Oriental language collection was classified and catalogued according to the *Classification Scheme for Chinese and Japanese Books*, edited by Yenching and Harvard Universities, and *Ch‘iu’s Cataloguing Rules for Chinese Books*. In August 1971, however, the Library of Congress Classification System was also adopted for the Library’s Oriental language collections.

In May 1969, a union catalogue of serials in the University Library System was published in book form. This catalogue lists 2,281 scholarly and collegiate journals with complete holdings in the various libraries. A supplement to this came out in December 1970. The University Library System also publishes monthly acquisitions lists for both Oriental and Western language materials.

Large sets of Chinese classical books in the traditional format of silk-stitched fascicles have been acquired for the research of the faculty and graduate students in Chinese Studies. Many important journals in the field of Chinese Studies, in
both Oriental and Western languages, have been obtained. The Western language collection is also growing steadily stronger, particularly in bibliographic and reference materials.

Of this total, 1,766 titles are currently received: 130 journals in Chinese, 28 in Japanese and Korean, and 1,608 in Western languages.

With more than ample space in the new building, many books and journals formerly shelved in departmental libraries and research centres are now in the University Library for easy access of all users. The School of Education still has educational materials at its temporary centre in Chung Chi College.

In addition to the above, the three College Libraries have a total collection of over 300,000 volumes. Details concerning these three libraries are presented in the College entries of this Calendar.

Computer Services Terminal

The Chinese University Computer Services Terminal (CUCST) is in operation on the lower ground floor of the Benjamin Franklin Centre. This terminal is designed to serve the needs of the University community. It affords high speed remote job entry to the ICL 1904A computer of the Universities and Polytechnic Computer Centre (UPCC) which is located in the Tung Ying Building, Tsim Sha Tsui.

The central ICL computer consists of 128 thousand words of 24-bit core memory and 240 million characters of on-line disk storage.

The Computer Services Terminal provides the following services to university student users, faculty researchers, and university administration users:

(a) Over-the-counter remote job entry services.
(b) Computer software consultation services for users having difficulty in debugging programmes or unfamiliar with the various software packages available.
(c) Data preparation services.
A Management Committee has been established to:

(a) Oversee the operation of the CUCST.
(b) Advise the Vice-Chancellor on all matters relating to computer services requirements of the University community.

**Admission**

Before a candidate may be considered for admission to the University, he or she must first pass the prescribed Matriculation Examination or obtain exemption therefrom. The minimum requirement for matriculation by examination is to obtain a passing grade in Chinese Language & Literature, English Language and three other subjects. Further information concerning entry into the Matriculation Examination are included in Part V of this publication. In special circumstances, a candidate who possesses qualifications equivalent to the matriculation requirements and has proven proficiency in Chinese may be exempted from taking the Matriculation Examination. Mature persons who are aged 29 or over on 1st September in the year when admission is sought and who cannot meet the normal matriculation requirements may apply for matriculation exemption.

To be eligible for admission to one of the three Foundation Colleges of the University, an applicant must, in addition to fulfilling the matriculation requirements, satisfy any special requirements that may from time to time be prescribed by the Faculty Boards and the College.

Fees payable by graduate students are listed in Part IV Graduate School of this Calendar.

* The sum is returnable on withdrawal from the University, subject to no claim being outstanding; the balance of this deposit is normally used towards payments of the Graduation fee.
Scholarships, Bursaries and Financial Aid to Students

There are available at this University a number of scholarships and bursaries, as listed below, for both undergraduate and post-graduate students, and the Senate Committee on University Scholarships is responsible for "fixing, subject to any conditions made by the donor and accepted by the Council, the times, the mode and the conditions of competition for University scholarships, bursaries, and prizes, and loan funds, and awarding the same".

Except in the case of single awards which exceed HK$5,000, no undergraduate is normally given scholarships or bursaries above a total of HK$5,000 per year.

Details of University-wide scholarships and bursaries are given below, and details of College awards may be found in the College Calendars. There are limited opportunities for part-time employment, and the Joint Universities' Committee on Student Finance and some Colleges have student loan funds for emergencies.

American University Club of Hong Kong Scholarship

The American University Club of Hong Kong has donated a scholarship of HK$3,000 for a student of the Lingnan Institute of Business Administration.

Anonymous Scholarships

An anonymous donation of HK$100,000 has been made to establish a scholarship fund to provide two "Anonymous Scholarships" of HK$4,000 each for students of the Lingnan Institute of Business Administration.
Bank of America Debating Scholarships and Scholarships for Research Projects

The Bank of America Debating Scholarships are awarded to four undergraduates, two each from The Chinese University of Hong Kong and the University of Hong Kong, on the basis of an annual debating contest organized jointly by the Students' Unions of the two Universities early in the second term of each academic year. The debating contest is between two teams each comprising four undergraduate students, two from each University, and each member of the winning team is awarded a scholarship of the value of HK$500 in respect of the current academic year.

The Bank of America Scholarships for Research Projects are awarded on the result of a debating contest between the two Universities. A scholarship of HK$4,600 and a trophy are available for award to the University whose team of four undergraduates wins the contest, and a scholarship of HK$3,000 is awarded to the other University. The sum is awarded to students for the best research projects to be conducted in the summer vacation or in the following academic year.

The Bank of East Asia Golden Jubilee Scholarships

In commemoration of its Golden Jubilee, the Bank of East Asia has since 1972-73 donated six scholarships of HK$3,500 each year, to two students of each College.

The Chartered Bank Scholarships

The Chartered Bank Ltd. has donated three scholarships of HK$4,000, for one student of Business Administration at each College.

Chinese Engineers & Scientists Association of Southern California Scholarship

The Chinese Engineers & Scientists Association of Southern California has donated a scholarship of US$100 to be awarded to an undergraduate in the Science Faculty, as encouragement for scientific and engineering development among the Chinese in Hong Kong. Award is made on the basis of need, leadership, scholastic record and contribution in undergraduate summer research.

The Chinese Manufacturers' Association Scholarships

The Chinese Manufacturers' Association of Hong Kong has donated six scholarships of HK$500 for two students of each College, and each College can fix its own mode and conditions of award.

Chinese Temples Committee Scholarships

A sum of HK$6,000 each year is donated by the Chinese Temples Committee to the University to set up six scholarships for the advancement of Chinese studies. Three scholarships are awarded to students in the School of Education working towards a Diploma in Education and specialising in the teaching of
Chinese studies. The other three scholarships are awarded at each of the three Foundation Colleges of the University to a 2nd- or 3rd-year student of the Department of Chinese, History or Philosophy according to the results of the College's Chinese Language Examination.

Chiu Fuksan Scholarships

A scholarship fund of HK$30,000 has been donated by Mr. Chiu Fuksan. The income therefrom is used to provide scholarship(s) for 4th-year students, allocated to the Colleges by turn.

Dow Chemical Scholarships

Dow Chemical has donated two scholarships of HK$5,500 for students of the Lingnan Institute of Business Administration.

Duty Free Shoppers Scholarships

To promote higher education, Duty Free Shoppers Limited has since 1974 donated a sum of HK$35,000 annually to set up a scholarship programme at this University. Four scholarships, one for each Faculty, shall be awarded to four 2nd-year students on the basis of their first year assessment. Character, personality and potential leadership are also taken into consideration. These scholarships, each in the amount of HK$5,000 per annum, are renewable for another two years subject to satisfactory academic progress and conduct, and the availability of funds.

First National City Bank Scholarships

Two scholarships have been donated by the First National City Bank, one of HK$5,500 to a student of the Lingnan Institute of Business Administration and the other of HK$5,000 to an undergraduate of Business Administration, Economics or related fields. The scholarships are awarded on the basis of academic merit and the candidates' potential contribution as members of the business community in Hong Kong. These scholarships may not be held concurrently with any other scholarship, bursary or loan.

Alfred A. Gilman Medical Scholarship

A scholarship of US$500 per annum, for a period of five year w.e.f. 1970-71, has been donated by Dr. Francis S. Hutchins, former Representative of the Yale-China Association in Hong Kong, and Mrs. (Dr.) Hutchins, in memory of Mr. Alfred A. Gilman, for a student of this University to study medicine at the University of Hong Kong.

The Hong Kong General Chamber of Commerce Scholarships

The Hong Kong General Chamber of Commerce has donated three scholarships of HK$2,000, awarded to the best 4th-year student of Business Administration at each College on the basis of performance in the third year.
Hong Kong Government Grants and Loans

The Hong Kong Government approved a scheme in May 1969, under which public funds are made available for grants and interest-free loans to needy students so that no student who is offered a place in this University should be unable to accept it because of lack of means. The scheme is administered by the Joint Universities' Committee on Student Finance, and the allocation of grants and loans is based solely on financial need. Over 22 million dollars will be available for this scheme in the academic year 1975-76 for this University and the University of Hong Kong.

Hong Kong Government Social Work Bursaries

Public funds are made available for the award of bursaries to 3rd- and 4th-year students of Social Work. Maximum value of each bursary is HK$3,500 per annum for a maximum period of two years, subject to annual review. Successful candidates must take up a career in social work in Hong Kong for at least two years after graduation.

Hong Kong and Shanghai Bank Social Work Scholarships

In commemoration of its Centenary in 1965 and to attract some of the best undergraduates to careers in social work, The Hongkong & Shanghai Banking Corporation has donated certain investments to the University and the annual income is used for the award of scholarships to 3rd- and 4th-year students in the Department of Social Work. The scholarships are each of the value of HK$5,000 per annum for a maximum period of two years, and may not be held concurrently with any other scholarships. Tenure is subject to satisfactory academic progress and evidence of continued interest in social work. Successful applicants must work for at least two years after graduation for social welfare agencies in Hong Kong.

International Computers Ltd. (ICL) Scholarships

International Computers Ltd. (ICL) has donated six scholarships of HK $1,000 each, to be awarded to full-time undergraduates or postgraduates studying computer science or its applications as part or all of their curriculum.

Kong E Suen Memorial Scholarships

A sum of HK$435,000 has been donated by four sons of the late Mr. Kong E Suen for the establishment of the "Kong E Suen Memorial Scholarship Fund". The income therefrom is utilised to provide a number of scholarships for promising and needy students.

Kwok Ching Tong Scholarships

A scholarship fund of HK$100,000 has been donated in memory of the late Mr. Kwok Ching Tong, the income of which is used to provide a scholarship of HK$3,000 per annum for a student of each College, awarded on the basis of academic ability and financial need. These awards are renewable to enable the recipients to complete their studies.
B.Y. Lam Foundation Scholarships

The B.Y. Lam Foundation Limited donates a sum of HK$6,000 each year for three scholarships for students majoring in Economics or Business Administration, one for each College.

Lam Oi Tong Scholarships

A sum of HK$50,000 has been donated to this University to set up a “Lam Oi Tong Scholarship Fund”. The interest accruing annually from the fund is used for two scholarships tenable at the School of Education.

C.K. Law Memorial Scholarships

A scholarship fund of approximately HK$100,000 has been established by the late Mr. C.K. Law’s friends in his memory, the income from which provides four scholarships of HK$1,500 each, awarded to three needy 4th-year students in the Department of Chinese on the basis of Part I Degree Examination results and one postgraduate needy student of Chinese with outstanding performance in the first year.

Li Po Chun Scholarships

The Li Po Chun Charitable Trust Fund Committee donates each year a number of scholarships of HK$2,000 per annum each, tenable for four years. Consideration is given to both academic merit and financial conditions, and renewal is subject to satisfactory progress.

Li Tsao-yiu Memorial Scholarship

The Y’s Men’s Club of Hong Kong, in memory of Dr. T.Y. Li for his service to the community, has donated a sum of HK$17,000 to establish a scholarship fund, the annual income from which provides a scholarship of HK$1,000 to be awarded to a 4th-year student in the Chinese Department on the basis of Part I Degree Examination results and on the recommendation of the Board of Studies in Chinese.

G.E. Marden Memorial Scholarships

A scholarship fund of HK$30,000 has been established by Rotary Club of Hong Kong in memory of the late Mr. G.E. Marden, the income from which is awarded to two 4th-year students of Business Administration, on the basis of Part I Degree Examination results and on the recommendation of the Faculty of Business Administration.

McDouall Scholarships

Nine scholarships, three for each College, are awarded to students majoring in Chinese Literature or History with the interest from a fund of HK$160,000 established in recognition of the excellent service of Mr. J.C. McDouall, former Secretary for Chinese Affairs.
Mong Man Wai Scholarships

The Shun Hing Electronic Trading Co. Ltd. has donated a scholarship fund of HK$100,000, the income from which is utilized to provide two scholarships of HK$4,000 for promising and needy students of the Lingnan Institute of Business Administration.

Reader’s Digest Scholarship

A scholarship of HK$6,000 has been donated by the Reader’s Digest, to be awarded each year to the academically most distinguished student of the Faculties by rotation, on the basis of Part I Degree Examination results and the candidate’s personality and potential leadership.

Rho Psi Service-Leadership Scholarship

The Rho Psi Brothers Foundation, Inc. has donated a scholarship of US$200 for a third- or fourth-year student with outstanding leadership in student activities, superior scholarship, and financial needs.

Jackie Ruxton Memorial Scholarships

The American University Club of Hong Kong has donated since the academic year 1973-74, two scholarships of HK$2,500 per annum each, for a period of four years, in memory of the late Mrs. Jackie Ruxton. These scholarships are awarded to a 3rd-year student and a 4th-year student on the basis of financial need, academic merit and contribution to student welfare.

San Miguel Scholarships

The San Miguel Brewery Ltd. donates each year three scholarships of HK$6,000 each, to be awarded to final-year students on the basis of Part I Degree Examination results and the candidates’ financial conditions, character, academic ability, and capacity for work.

Shell Scholarship for Post-Graduate Studies in the United Kingdom

A sum of HK$200,000 was donated by the Shell Company of Hong Kong Ltd. to establish a Shell Scholarship Endowment Fund in 1965. The fund is administered by the University, and the interest accruing annually is used exclusively to finance from time to time a scholarship for an outstanding graduate of this University to pursue post-graduate studies leading to a degree in the United Kingdom. The value of the scholarship awarded in any year is related to the cost of the course undertaken, and includes passage and living expenses. The scholarship is not awarded every year, but only once every two or three years, depending on the duration of studies of the preceding scholarship winner. Selection is based on the student’s personality, variety of interests, academic standing, and potential contribution to the development of Hong Kong, and particular attention is paid to his qualities of leadership. The student must be Chinese and is expected to take up a career in Hong Kong.
Sing Tao Newspapers Ltd. Scholarships

Four scholarships of HK$1,500 per annum each are donated by Sing Tao Newspapers Ltd. annually for outstanding students in the Department of Journalism.

South China Morning Post Journalism Scholarships

Four scholarships of HK$1,500 per annum each are donated by South China Morning Post annually for outstanding students in the Department of Journalism.

Swire Scholarships

John Swire & Sons (H.K.) Ltd. has donated six scholarships of HK$5,000 per annum each, tenable for three years. The first two scholarships were awarded in the academic year 1973-74; the next two are to be awarded in 74-75 and the next two in 75-76. These scholarships are awarded to 2nd-year students on the basis of their first-year assessment, but character and qualities of leadership are also taken into consideration. Swire scholars may not hold any other scholarships or bursaries.

Tsang Hung Tim Scholarships

Ten scholarships valued at HK$1,000 each have been donated by Mr. Winston W.S. Tsang to outstanding undergraduates and postgraduates in memory of his late father Mr. Tsang Hung Tim. Two awards shall be made to each of the three Foundation Colleges, the Graduate School and the School of Education.

University Lodge Masonic Bursary

To mark its Diamond Jubilee in 1973, the University Lodge of Hong Kong No. 3666 E.C. has donated a bursary of HK$1,500 to assist an undergraduate or postgraduate who is in financial need. Preference may be given to the children of Masons living or deceased, and academic merit is also taken into consideration.

Wah Kiu Yat Po Journalism Scholarships

Four scholarships of HK$1,500 per annum each are donated by Wah Kiu Yat Po annually for outstanding students in the Department of Journalism.

Yee Sui Cheong Memorial Scholarships

A sum of HK$200,000 has been donated by the sons of the late Mr. Yee Sui Cheong to establish the "Yee Sui Cheong Memorial Scholarship Fund". The income therefrom is to be utilised to provide a number of scholarships of HK$2,000 per annum each for 1st-year students on the basis of Matriculation Examination results and financial circumstances. The scholarships are tenable for a maximum of four years, subject to financial need and satisfactory academic progress.

Student Hostels

There are student hostels at the three Foundation Colleges with a total capacity of about 1,200. With the exception of Ying Lin Tang (for men only) and Hua Lien Tang (for women only) at Chung Chi College, all the hostels provide accommodation for both male and female students — Ming Hua Tang, Wen Lin Tang and the hostel of the Theology Building of Chung Chi College, the hostel of New Asia College, and Adam Schall Residence of United College.

In addition, there are Temporary Hostels for about 450 male and female students.

Hostel fees range from $150 to $300 per term.
University Health Service

The University Health Service is charged with the responsibility of meeting the health needs of students, staff and their dependents. Special emphasis is being placed in developing a comprehensive primary care service to handle the many medical, dental, psychological and social needs and problems of students.

The University Health Centre, serving as the physical basis for the operation of the health programme, is a gift of the Yale-China Association. Officially opened on 30th September, 1971, it has been specially designed and built as a student health centre with adequate premises for the practice of preventive care, health education and personal medical services.

The Health Centre is open from 9:00 a.m. to 5:00 p.m. Mondays through Fridays and from 9:00 a.m. to 1:00 p.m. on Saturdays. Services include:

- Health consultations for diagnosis, counselling and treatment including drugs, dressings, immunisations and diagnostic tests
- 24 hour service with nurse on duty and doctor “on call” Monday through Saturday morning throughout the year
- Infirmary care for students in need of observation, isolation, diagnosis and treatment of minor to intermediate illness of short duration
- Dental consultation, restorative, preventive and emergency treatment
- Periodic physical examination for certification purposes
- Co-ordination of access to diagnostic laboratory and x-ray services, referral to appropriate specialists and treatment centres when necessary, admission to hospitals

No charges are made for any of the services provided directly by the University Health Service with the exception of house visit and dental service.

It is hoped that through the unique educational opportunities generally available in the University and its constituent Colleges, and the numerous contacts students may have with the Health Service, they will have ample chance to replenish themselves with adequate knowledge of good health attitudes and habits and will be well oriented to accept appropriate responsibilities to look after their most valuable personal asset in life — HEALTH.

Appointments Service

The University Appointments Service, organized in May 1968, operates under the advice of an Appointments Board, which recommends to the Vice-Chancellor broad policies concerning the operation of the Appointments Service and measures of coordination within the University in matters of student appointment and career placement.
Besides serving as a centre and clearing house of employment information, the Service assists in initiating and developing job opportunities, in organizing training courses with orientation to the furtherance of career interests as well as in helping employers in their needs for recruitment and executive development.

**Publications Office**

The University Publications Office was set up in January 1968, under the advice of the Senate Committee on Academic Publications, to publish and distribute academic works approved by the Committee as well as a number of administrative publications of the University. Its operating services are also available to individual Colleges and Schools within the University. By June 1975, one hundred twenty four titles have been published including research papers, journals and texts in the field of Chinese studies, history, linguistics, physics, bio-chemistry, economics, English literature, etc.

The Office maintained an office in the town area in Kowloon until 30th June, 1975, and moved to University Campus on 1st July, 1975.

**Liaison with the World of Learning**

The Chinese University is playing a special role in the world of learning in keeping with the unique international status of Hong Kong. Relations with overseas institutions of higher education have been close, and their interest in the University has been keen and genuine. These ties prove to be of incalculable value in keeping the Chinese University "not just a Chinese institution with British affiliation, but a Chinese institution of international character", as the Vice-Chancellor said in his installation address.

Three Advisory Boards, consisting of prominent scholars from many parts of the world, are consulted by the University from time to time on academic matters. Serving on the University Council are such distinguished educationists from overseas institutions as the former Vice-Chancellor of the University of Sussex, the Director of the School of Oriental and African Studies of the University of London, the President of Yale University and the former President of the University of California.

Besides holding the membership of the Association of Commonwealth Universities (ACU), the Association of Southeast Asia Institutions of Higher Learning (ASAIHL), and the Eastern Regional Organization for Public Administration (EOPA), the University is closely associated with the Inter-University Council for Higher Education Overseas (IUC) in the United Kingdom.
PART II GENERAL INFORMATION

Through a grant from the Ford Foundation, forty-nine of the University's staff have gone to the United States, the senior men to engage in research and refresher courses and to get acquainted with the work of their American colleagues, the younger staff to study for higher degree. Also, through the generosity of the Leverhulme Trust Fund, the Shell Oil Company and the Sino-British Fellowship Trust, several of our staff and graduates are studying in the United Kingdom.

Minor degree courses in French, German and Japanese have been introduced at the University and an interdisciplinary machinery has been set up to promote studies in these fields. The University has received assistance in the form of the services of two lecturers in French, two in German and a team of three from Japan, besides a number of scholarships for graduates. Elective courses in Italian has also been introduced on an intercollegiate basis.

From time to time the University invites prominent scholars from abroad for short periods of visits to give advice and assistance.

The University has an exchange agreement with the University of California which provides a number of tuition scholarships and fellowship grants for recent graduates and junior faculty members to pursue higher degree studies at various University of California campuses. In return, California sends each year two prominent professors and a number of graduates and undergraduates to the Chinese University. The University has also exchange programmes with Soka University in Tokyo and the school of Journalism of the University of Missouri-Columbia.

At the College level New Asia has close relations with the Yale-China Association, Chung Chi with the Wellesley-Yenching Committee and the Princeton-in-Asia Committee, and United with Williams College and Indiana University, for the contribution of recent graduate-tutors from the United States. For undergraduate student exchange Chung Chi has special arrangements with Redlands University and Washington and Lee University, and New Asia with Asia University (Tokyo) and Connecticut College.

Following the pilot experience of the California Programme the College Centre for Education Abroad (CCEA) at Beaver College and Franklin and Marshall College has established a Hong Kong Programme at New Asia. Since 1972, students representing forty-three different universities and colleges across the United States have come under this Programme for Asian and Chinese Studies at the University — an environment illustrative of the Chinese Culture and supportive of Chinese language training. Recently the Great Lakes Colleges Association and the Associated Colleges of the Midwest, each with a membership of twelve renowned higher education institutions, decided
to participate, en bloc, in the CCEA—Programme, further enhancing international recognition of the academic standard of the University. The University is now planning to open, with the cooperation of the Yale-China Association, a full-fledged International Asian Studies Programme in which all similar programmes will be incorporated in the future.

The New Asia — Yale-in-China Chinese Language Centre, which has become part of the University, services as the linchpin of all the internal programmes by providing Chinese language courses for studies from abroad.

**Calendar and Bulletin**

Apart from this annual Calendar, the University also publishes a *University Bulletin* in which the University announces its important developments. The *Bulletin*, published quarterly, is distributed free among the University faculty and staff as well as to its friends and supporters in Hong Kong and overseas.

PART III FOUNDATION COLLEGES

GENERAL INFORMATION

History

Chung Chi College was founded in October 1951 by representatives of Protestant Churches in Hong Kong. In 1955 it was formally incorporated under an ordinance of the Hong Kong Government with a Board of Governors as its supreme governing body, the College Council as its executive committee and the Academic Board and Faculty Boards to deal with academic affairs, a structure which has remained unchanged in substance since then.

The College had a very modest beginning with 63 students enrolled the first year. It used borrowed and rented premises, first in the Cathedral Hall and St. Paul's Co-educational College, and later on in Caine Road and in the newly-completed Bishop Hoare Memorial Building on Lower Albert Road. Expansion was made possible by financial help received from North America through the United Board for Christian Higher Education in Asia and the Trustees of Lingnan University and from Britain through the Asia Christian Colleges Association. Local churches, individuals and firms also gave considerable support. The College was thus able to move in 1956 to its permanent site in the New Territories, in the beautiful Ma Liu Shui Valley where a railway station, now known as University Station, was built. Between 1959 and 1963 the College received the bulk of its funds from the Hong Kong Government, as a result of its registration as a post-secondary college, under an Ordinance bearing the same title.

In 1963 the College was incorporated as one of the three foundation colleges of The Chinese University of Hong Kong which was formally inaugurated on 17th October of the same year.

There are now four faculties in the College—Arts, Business Administration, Science and Social Science. The departments of the Faculty of Arts are Chinese Language and Literature, English, History, Japanese Studies, Music, and Philosophy and Religion (Theology Division included); of the Faculty of Business Administration: Accounting & Finance Group, Marketing & International Business Group, and General Business Management & Personnel Management Group; of the Faculty of Science: Biology, Chemistry, Mathematics, and Physics; and of the Faculty of Social Science: Economics, Geography, Sociology (Section of Psychology attached), and Social Work.

Buildings and Grounds

The College campus lies to the north and east of the Taipo Road near the 11½ milestone from the Star Ferry in Kowloon, overlooking Sandy Cove and Tolo Harbour.
By June, 1975, the major buildings included:

Classrooms, and offices for teaching staff — eight inter-connected blocks
with interior courtyards
Chapel with offices etc.
Staff Residences — six buildings with 36 apartments
—a small building (the old clinic) with single rooms
and small apartments
—a building containing rooms for single staff and an
apartment for a member of the Theology staff

Bamboo and Pine Lodges — with living quarters for 24 families and
4 single members of the minor staff

President’s House
Elisabeth Luce Moore Library
Administration Building
Chung Chi Centre — student refectory, offices etc.
Music Building (the old library)
Staff Club and Dining Room
Stadium and Athletic Field
Theology Building — containing 6 staff flats, a hostel for 48 students
and an administrative and teaching section.
Student Hostels — four hostels accommodating about 400 students
Recreation Centre (the old student canteen)

Admission and Academic Programme

The College selects students for its four-year course of study from among
those who have passed the Matriculation Examination of The Chinese University
of Hong Kong or who have been specifically exempted from it.

The teaching and examination programmes for students’ major, minor and
elective courses are organized by the University’s board of studies for each subject
(which includes the members of the College departments). They are under
continual review. In 1973-74 for the first time incoming students were enrolled
in a faculty for their first year and in a department only after the successful com-
pletion of the first year. In addition to the subjects required for the degree
examination students in Chung Chi are required to complete:

1) four years of the Integrative Basic Studies Programme
2) one year of General Chinese
3) one or two years of General English unless exempted
4) one year of Physical Education
The language of instruction may be Cantonese, Mandarin or English according to the choice of the teacher.

Students who have satisfactorily completed the course, fulfilled the requirements of the College and are recommended by the Academic Board are eligible to sit for the Part I and Part II Degree Examinations of The Chinese University of Hong Kong. The successful candidates will be awarded the bachelor’s degree.

Staff and Student

Chung Chi College in the academic year 1974-75 had a student enrolment of 1,055, of whom 655 were men and 400 were women. Most of the students were either born in Hong Kong or entered it in childhood or as migrants since 1949, but a few overseas Chinese were from Macau and Taiwan. Five American students, one British student and one Japanese student were admitted as special students. 33.01% of the students reported that they were Christians.

The teaching staff numbered 183, of whom 105 were full-time, 30 part-time, and 48 full time and part-time tutors and demonstrators.

Scholarships and Bursaries

In 1974-75 over 66% of the students received scholarships or bursaries of some kind. The College also has a loan fund.

Library

The Library now has a total 127,085 volumes, of which 69,885 (17,273 titles) are in Asian languages, and 57,200 (45,636 titles) are in European languages. It has over 304 Asian and European language periodicals and 5,180 bound volumes of past numbers. It has also 117 reels of microfilms in Asian languages and 264 reels in Western languages.

The Library provides free access to books and periodicals. Students are permitted to borrow for reading or study outside the Library.

Extra-Curricular Activities

The Student Union exists to promote the general interests of the students, to organize their corporate activities, and to act as a recognized channel of communication between them and the College authorities and other student bodies. It is responsible for cultural, athletic and extra-curricular activities, working through various societies, in particular the departmental societies, which play an active role in the life of the College.
In addition to the departmental societies, class houses and self-governing bodies of the hostels, there are other societies and clubs, e.g. the Student Christian Union, the Roman Catholic St. Ignatius Fellowship, the Sports Clubs, the College Choir, the Music Club, the Photographic Club, the Dramatic Club, the Oratorical and Debating Society, the World University Service (Hong Kong Committee, Chung Chi Chapter), etc.

The teaching and administrative staff have their own club run by an elected committee.

Chung Chi aims at a close relationship between staff and students. It is hoped that, as more staff and students are housed within the College precincts, there will be increased participation in extra-curricular activities.

**Theological Training**

From 1957 until the establishment of The Chinese University of Hong Kong in 1963, religious education and theological training were a part of the academic programme of Chung Chi College. With the establishment of the University and the securing of government funds for teachers’ salaries, the Board of Governors put the training of Christian ministers, as distinct from training in religious knowledge, on an affiliated basis supported entirely by gifts from interested churches. The Seminary functioned in this affiliated relationship from 1963 to 1968, and a class of students completed their five-year programme for B.Th. degree conferred by the Seminary Council. The Seminary was inter-denominational and ecumenical, with provision for individual participating churches to provide for special training of their own students.

In 1968, the Seminary as such ceased to exist and its function was transferred to a new Division of Theology in the recognized Department of Philosophy and Religion. The new Division, under a Theological Council, is financed independently by Church gifts, but academically is a recognized part of the College and University. Students enter through the same matriculation examination as all other university students, and university degrees are available for those who qualify. A small number of selected non-degrees students are also trained, but with a separate curriculum.

**Publications**

In addition to the *College Calendar*, the College publishes the following:

1. *The Chung Chi Journal*, issued twice a year, with scholarly articles in Chinese or English.

9. *Science Student Annual*, published jointly by the Biology, Chemistry, Mathematics and Physics Societies, the articles being mainly contributed by students, in Chinese and English.

PART III  FOUNDATION COLLEGES

GENERAL INFORMATION

History

New Asia College was founded in 1949 by its former President, Dr. Ch’ien Mu, and a small group of scholars from China. Their purpose was to preserve traditional Chinese culture and to balance it with Western learning so that students might at once have a thorough knowledge of their cultural heritage and be prepared to cope with the modern world.

The College began humbly in improverished surroundings, but soon attracted support both locally and from overseas. Since 1954, it has had the cooperation and support of the Yale-in-China Association which had been active in educational development in China for many years. It has also received support from other educational institutions and foundations, notably the Harvard-Yenching Institute, The Asia Foundation, the Rockefeller Foundation, the British Council, the Mencius Foundation and the Ford Foundation. As a Grant College from 1959 to 1963, and now as a University College, it has received generous financial support from the Hong Kong Government since 1959.

Grounds and Buildings

The College is situated in Ma Liu Shui, Shatin, New Territories, adjacent to United and Chung Chi Colleges. On a promontory 480 feet above Tolo Harbour the 19-acre campus has a vista of this harbour, the Plover Cove Reservoir, and the Pat Sin Mountain Range.

The College campus at present consists of the following six buildings:

1. Administration Building

   The Dean of Students’ Office and the Dean of Studies’ Office are located on the ground floor and the President’s Office, the Comptroller’s Office and a board room on the first floor. Classrooms for the Departments of Fine Arts and Journalism, seminar rooms and faculty offices occupy the second floor, while painting studios extend throughout the third floor. The total area of the building is 27,000 sq. ft.

2. Humanities Hall

   More than 40,000 sq. ft., this complex may be divided into three parts.

   i. To the West, offices of the various departments in the faculties of arts and commerce occupy the first, second and third floors, with accounting and statistics laboratories on the fourth floor.

   ii. The middle section of this building is used as classrooms, seminar rooms and business administration laboratories. On the ground floor are sculpture rooms and storage.
iii. Tiered lecture theatres and a language laboratory comprise the east wing.

3. Ch’ien Mu Library
The Library building occupies a total area of about 24,000 sq. ft. Books and magazines are kept in open stacks in four reading bays which take up approximately one-third and seat 300 students. A late reading room is open for student use after normal library hours. There are also a microfilm reading room, newspaper reading area and faculty reading rooms.

4. Staff Student Centre
The total area of this building is 39,000 sq. ft.

The gymnasium occupies the first and second floors with a mezzanine used as the physical education office. A student common room, Student Union’s Office, conference rooms and student societies’ offices, alumni office, music room, television room, recreation room, ping-pong room and gymnastic room take up space on the first floor. On the ground floor, facing to the South are a faculty lounge, a recreation room, a canteen and an office for the Staff Association. Facing to the North is the student canteen with a capacity of 350.

5. New Asia Hostel No. 1
At the eastern promotory of the campus is the student hostel which accommodates 359 students. In order to develop a spirit of self-government and mutual assistance among the students, the hostel is divided into several living units instead of assigning students to the usual train-style corridors. Each living unit accommodates more than 20 students and has its own common room, reading room, wash rooms and other facilities. Each room is shared by two/three students.

6. Friendship Lodge
The Friendship Lodge was built in 1975 with donations from the late Board Chairman Dr. P.Y. Tang and others and from the Yale-China Association. It is a six-storey building consisting of 15 flats with a total floor area of 15,700 square feet and located at a very scenic part in the College campus.

Faculties and Department

The College offers a four-year undergraduate programme in Arts, Business Administration, Science and Social Science which are divided into the following faculties, departments and groups:

Faculty of Arts: Department of Chinese Literature, Department of English, Department of Fine Arts, Department of French Studies, Department of History, Department of Philosophy and Department of Translation.
PART III  FOUNDATION COLLEGES

Faculty of Business Administration: Accounting & Finance Group, General Business Management & Personnel Management Group and Marketing & International Business Group.

Faculty of Science: Department of Biology, Department of Chemistry, Department of Mathematics and Department of Physics.

Faculty of Social Science: Department of Economics, Department of Journalism and Department of Sociology.

Faculty of Business Administration: Accounting & Finance Group, Marketing & International Business Group and Personnel Management & Production Group.

Admission

Admission to the College is very competitive. Students seeking admission must, in addition to passing the Matriculation Examination, satisfy the College that they have shown good competence at the Matriculation Examination in the courses related to their fields of specialization.

Programme of Study

The four-year programme is divided into two parts. The first two years are devoted to languages, general education and basic courses in the student's major and minor fields; the third and fourth years are for advanced courses for which some groundwork has been laid during the first and second years.

Major and Minor

Students must, with the advice of the Dean of Studies and the Head/Chairman of their Department/Group, choose one of the following as their major field of study: Chinese Literature, History, Philosophy, English, Fine Arts, Mathematics, Physics, Chemistry, Botany, Zoology, Economics, Journalism, Sociology, Accounting, Finance, Marketing, International Business, General Business Management, or Personnel Management. Besides, students should choose a suitable subject as their minor.

Degree

A student must meet the following requirements in order to be entitled to the Degree issued by the University:

1. Fulfil a four-year attendance requirement. For transfer students this requirement may be partially waived.

2. Complete a total of at least 120 units including all the required courses prescribed by the College. For transfer students credits earned at other schools may be accepted in partial fulfilment of this requirement.

3. Pass the Degree Examination.
Expenses

The following fees are charged:

1. Composition fee — HK$1,750 per academic year.
2. Caution money — $100.
3. Student Union membership fee — $60 per year.

Scholarships and Bursaries

The New Asia College scholarship/bursary programme is designed both to provide education for students who would otherwise not be able to afford it, and to reward high academic achievement. For these two purposes, New Asia has a variety of bursaries and scholarships. The former include partial tuition aid, or full tuition aid in return for some work. The latter include special scholarships ranging from $300 to $5,000 per year. They are donated by the College, the Hong Kong Government, foundations and charitable organizations, both local and overseas, as well as by interested individuals.

Health Service

The College offers free medical service to its students and staff. A medical examination by the University Physician and a chest X-ray are required of all students.

Extra-Curricular Activities

Extra-curricular activities form an important part of student life in the College. These fall into the following categories:

1. Student organizations — The College has a Student Union which represents the total student body. Besides, there are independent clubs of two types: those formed on a departmental basis, of which all students of a department are ipso facto members, and those on an entirely voluntary basis. The latter include Drama Club, Chess Club, Music Club, Chinese Music Club, Catholic Students Association, Christian Fellowship, New Asia Committee of World University Service, Photography Club, Judo Club, Forensic Society, and New Asia Students Social Service Group.

2. Athletic and other activities — Other extra-curricular activities include public speaking, debating, student publications, drama and music performance, ball games, and track and field contests.
PART III FOUNDATION COLLEGES

Publications

The New Asia College Calendar, published annually giving comprehensive information on the College.

The New Asia Academic Annual contains academic articles and monographs written by faculty members and students. The Annual began in 1959 and has had its sixteenth issue.

The New Asia Life is a monthly carrying articles and speeches as well as news and reports concerning life in the College.

The New Asia Newsletter issued weekly on Mondays, reporting briefly news about the College.

In addition, departmental bulletins are published by the Departments of Chinese Literature, History, Fine Arts, English, Philosophy, Sociology, Economics, Journalism and Business Administration.

Exchange Programmes

The College has exchange agreements with Asia University of Japan, Connecticut College and College Center for Education Abroad of the United States. In addition a part of the students coming under the Chinese University/University of California Exchange Programme is assigned to the College.

PART III  FOUNDATION COLLEGES

GENERAL INFORMATION

History

United College was founded in 1956 by the amalgamation of five "refugee" post-secondary colleges (namely, Canton Overseas College, Kwang Hsia College, Wah Kiu College, Wen Hua College, and Ping Jing College of Accountancy) which decided to pool their resources so as to provide more efficiently for the higher education for both refugee and local students. It was incorporated under an Ordinance of the Hong Kong Government in 1957 with a Board of Trustees as its supreme governing body.

In the first three years of its existence, there were seven teaching departments — four in the Faculty of Arts and three in the Faculty of Commerce. In 1959, a Faculty of Science was started.

In February 1960, when the day section of the College became a Government-aided institution, a clear separation was made between the grant Day College and the private Evening School. From then on until the founding of The Chinese University of Hong Kong, the College passed through a period of important changes. Notable among these were the reorganization of its administration and revision of its curricula and syllabuses in the light of the reports by Sir James Duff, Dr. K. Mellanby, and Dr. F.E. Folts, which did much to put its administrative and teaching organization on a sound and firm footing. Through the improvements made in those years, the College’s role in fulfilling the community’s need for higher education was soon recognized, thus paving the way for it to attain the status of a Foundation College when The Chinese University of Hong Kong was founded on 17th October, 1963, as a result of the Fulton Commission’s recommendations.

In 1962, the College Board of Trustees was re-constituted to widen representation from the local community, and on 10th July, 1962, Dr. the Hon. Fung Ping-fan, C.B.E., K.St.J., LL.D., D.Soc.Sc., J.P., was elected its Chairman. In the same month, Mr. T.C. Cheng, O.B.E., M.A., Dip.Ed., J.P., then Chief Assistant Secretary for Chinese Affairs, accepted the Board of Trustees’ offer of appointment as President, and assumed office in January 1963.

Since then, the College has made rapid progress which was reflected by the large increase in enrolment, improved quality of the staff and the students, as well as a general enlivening in all aspects of College life.
In March 1971, foundation stones were laid for the five new buildings for the College in Shatin. Late in December the same year, the process of relocation began, and the College was able to begin Second Term of 1971-72 on the new campus.

Further change occurred in May 1972, when Dr. the Hon. P.C. Woo, C.B.E., Ph.D., J.P. succeeded Dr. the Hon. Sir Kenneth Ping-fan Fung in becoming Chairman of the College Board of Trustees. Sir Kenneth has resigned in order to take up his appointment as a member of the University and Polytechnic Grants Committee.

**Academic Policy**

The College provides a four-year course of study leading to the Bachelor’s degree. Beginning in 1973/74, a new Academic Programme has been introduced whereby first year students are admitted on a Faculty basis. Under this programme, students are able to choose from a much wider range of subjects and to achieve a fairly broad foundation before they select areas of specialization in their later years of study.

In brief, the four-year programme is organized as follows:—

1. In the first year, students are required to take:

   (a) compulsory course in Chinese, with a view to enabling all students to learn something of the Literature, History, Culture and Civilization of China;

   (b) compulsory course in English (unless exempted), with emphasis on practical usage;

   (c) 2-3 courses in the potential major subject;

   (d) at least one term course each in two other subjects;

   (e) general education, physical education and kuo-yu courses.

2. In the second year, students will select their major and minor subjects, and will be assigned to departments accordingly.

3. In the third and fourth years, students will undergo a more intensive study of a limited range of subjects for which some groundwork has been laid in the first and second years.

The principal medium of instruction is Chinese, but English reference and textbooks are used to a great extent.
Part III  Foundation Colleges

Faculties

There are four Faculties in the College — Arts, Business Administration, Science and Social Science — with fifteen teaching Departments and three Concentration Groups in all:

Faculty of Arts: Department of Chinese Language & Literature, Department of English, Department of German Studies and Department of History.

Faculty of Business Administration: Group on Accounting & Finance, Group on General Business Management & Personnel Management and Group on Marketing & International Business.

Faculty of Science: Department of Biochemistry, Department of Chemistry, Department of Computer Science, Department of Electronics, Department of Mathematics and Department of Physics.

Faculty of Social Science: Department of Economics, Department of Government & Public Administration, Department of Social Work and Department of Sociology.

Publications

The publications of the College are as follows:

(1) Calendar — published annually in Chinese and English, giving, comprehensive information on the College.

(2) United Bulletin — published twice a year (December and June), giving information of documentary and general interest, with contributions from staff and students.

(3) United Students, the official fortnightly publication of the Student Union;

(4) United Newsletter, the official weekly newsletter of the Student Union;

(5) Wah Fung, a publication of the Chinese Society;

(6) United English Review, a publication of the English Society;

(7) Shih Ch'ao and (8) History Journal, publications of the History Society;

(9) Geography Journal, a publication of the Geography Society;

(10) GPA Review and (11) GPA Newsletter, publications of the Government & Public Administration Society;

(12) Science Journal, a publication of the Science Society;

(13) SSS, a publication of the Sociology and Social Work Society;

(14) Chiu House Quarterly;

(15) Dawn House Bulletin, and

(16) Resonance, a publication of the Electronics Society.
College Premises

The College was accommodated in a rented tenement building on Caine Road when it was founded in 1956. After 1961, it was housed in various buildings, rented from the Government, on Bonham Road, High Street and Caine Lane on the mid-level of the Island of Hong Kong.

At the beginning of 1972, the College moved to its new campus at Shatin in the New Territories. The new buildings provide a total usable area of some 132,000 sq. ft. and a brief description of them follows:

1. Tsang Shiu Tim Building (Arts and Administration) — This 4-storey structure provides a total usable area of 18,000 sq. ft. Its design provides for lecture rooms on the ground floor, administrative offices on the first floor; and faculty offices and language laboratories on the second and third floors.

2. Business Administration and Social Science Building and Lecture Theatre Complex — This 5-storey building has a total usable area of 26,000 sq. ft. The ground and first floors consist of lecture rooms with three lecture theatres in an adjacent complex. The remaining three floors include faculty offices, a commerce laboratory, cartography laboratory and ancillary facilities.

3. Wu Chung Library — The Library consists of three storeys and a basement with a total usable area of 16,500 sq. ft. The entire building is centrally air-conditioned.

4. Cheung Chuk Shan Building for Student/Staff Amenities — One section of this building has four storeys and the other two storeys. An 8,000 sq. ft. gymnasium is built on top of the Dining Hall and Kitchen. The remaining part of the building has a usable floor area of 22,500 sq. ft. Part of the first floor and all of the second floor are devoted to student amenities. The remainder of the first floor provides offices for the physical education staff and facilities for instruction in physical education. The third floor accommodates staff amenities, including staff common rooms, and recreation rooms. Student amenities include common rooms, general offices, committee and conference rooms, a “co-operative” counter and rooms for television, music, games and photography.

5. Adam Schall Residence — This 4-storey structure, with a usable area of 41,000 sq. ft., is divided into a male and a female wing, each designed to accommodate 125 students. The Maryknoll and Jesuit Orders have jointly contributed half of the costs of construction and furnishings for this hostel which is managed by them under arrangements agreed to between the College and the Orders concerned. In addition to the 124 double and 2 single rooms provided for students, the wardens and the tutors have accommodation at the far ends of the building on the 2nd and 3rd floors. Included in the design is space for an oratory as well as tea kitchens, laundry and ironing rooms, music and game rooms, committee rooms, reading and study areas and communal common rooms.
PART III  FOUNDATION COLLEGES  

6. United College Staff Residence — This is a five-storey building and consists of ten three-room flats of about 1,000 sq. ft. each, and ten two-room flats of about 650 sq. ft. each. The Residence is overlooking the beautiful Tolo Harbour and the Plover Cove Reservoir.

In addition to the above, the College is pursuing the following new project:

Student Hostel — A new student hostel, now at its final planning stage, will provide 220 additional places for resident students. Phase I of its construction plan will be financed by private donations. It is expected that construction work will begin in early 1976. It will provide over 90 places.

Library

In recent years the Wu Chung Library has undergone considerable expansion. Books and periodicals have been acquired through Government grants supplemented by generous donations from the British Council, U.S.I.S., The Asia Foundation and the College Endowment Fund Committee. Among other individual donors, Mr. Fung Kui-fai contributed a large collection of Chinese classics which forms the nucleus of the Chinese collection. Worthy of mention are three recent acquisitions. The first is a collection of modern Chinese plays published during 1921-45; the second is the Hong Kong collection; the third is a rare collection, and the largest in Hong Kong, of 56 pieces of oracle bones donated by Mrs. T.F.Y. Tang, widow of the late calligraphist and seal engraver.

The total collection in the library holding now amounts to over 101,661 volumes, plus 300 titles of periodicals and journals, acquired either by subscription or through donation and exchange. The classification scheme adopted for all new acquisitions is the Library of Congress System. The total seating capacity in the library is 325, and the entire library building is centrally air-conditioned.

Students

For the academic year 1974-75, a total of 1,083 students enrolled at United College, of whom 808 were men and 275 were women. All students of the College are automatically members of the United College Student Union which was inaugurated in 1963. Through the Union and other student societies, extra-curricular activities are promoted, including academic, athletic and other social functions. Student societies include the Faculty and departmental societies, class associations, alumni associations, the Adam Schall Residence Association and other miscellaneous societies such as: ABE Soccer Club, Art Club, Astronomy Club, Athletic Club, Catholic Society, Chess Club, Debating Society, Drama Society, Foreign Languages Society, Guitar Club, Judo Club,
Karate Association, Life Guard Club, Music Society, Photographic Society, Rambling Club, Student Christian Fellowship, Table-tennis Club, Tennis Club, Union Choir, Volleyball Club, and World University Service, United College Branch.

**Scholarships, Bursaries and Prizes**

In the 1974-75 academic year, over 64% of the student population of the College received scholarships or bursaries granted by the College, the University, the Government, organizations concerned with education, and individual donors, totalling 846 awards.

In commemoration of the Tenth Anniversary of the College in 1966, prizes were donated by individuals and organizations interested in the promotion of higher education in Hong Kong for award to students of distinction. Although such prizes have a token cash value of only HK$500, they are a rare honour and are awarded in recognition of outstanding academic performance in the previous year.
PART IV
POSTGRADUATE SCHOOLS, INSTITUTES AND UNIVERSITY EXTENSIONS
GRADUATE SCHOOL

The Graduate School was established in the summer of 1966. It is operated directly by the University.

Graduate Council

The Graduate Council is the policy-making body of the Graduate School and its membership consists of: Dean of the Graduate School (Chairman) University Faculty Deans, University Librarian, Director of the School of Education and Heads of the various Divisions of the Graduate School. Major decisions of the Graduate Council are subject to the approval of the Senate.

Divisions

The Graduate School has altogether 15 Divisions offering instructions leading to the Master's degrees: Biochemistry, Biology, Business Administration, Chemistry, Chinese Language & Literature, Economics, Education, Electronics, Geography, History, Mathematics, Philosophy, Physics, Sociology and Theology. The Division of Chinese Language & Literature is sub-divided into two departments: Chinese Linguistics and Chinese Literature.

Admission Requirements

Graduates of this University or other recognized universities possessing a Bachelor's degree with honours not lower than Second Class Lower Division may apply for admission to the Graduate School. Undergraduates who expect to receive their Bachelor's degrees in the current academic year or candidates who have completed a course of study in a tertiary educational institution and hold professional or similar qualifications equivalent to a degree may also apply for admission.

The Division of Business Administration accepts applications for admission from graduates with a first degree in Economics, Business Administration, Engineering, Arts, Natural Sciences or Social Sciences.

The entrance examination comprises tests in Chinese and English Languages, as well as other subjects required by the Division concerned. Candidates are also required to attend an interview. Overseas students applying for exemption from the entrance examination should submit the following credentials to this School before 16th April:

1. Acceptable credentials testifying to their language proficiency in Chinese and English.
2. A letter of recommendation signed by a scholar of international standing testifying to the research ability of the candidate.
Graduates with a First Class Honours degree from this University may be partially exempted from the entrance examination if they continue in the same field as their undergraduate major.

Language Requirement

Both Chinese and English are used as media of instruction in most of the Divisions, but Chinese is mainly used for the subjects of Chinese History, Chinese Language & Literature, Education, Geography and Philosophy, therefore students in these subjects must be proficient in the Chinese language.

Application

The Graduate School accepts applications for admission from 1st March to 15th April.

Two copies of each applicant’s academic records and two letters of recommendation from his undergraduate teachers should be forwarded direct from his original university to the Graduate School; other supporting documents should accompany the application form.

An examination fee of HK$50 is payable when an applicant is admitted to sit for the entrance examination.

Degree

(a) The following Master’s degrees are awarded to candidates who have successfully completed the required two-year postgraduate programme including course work and a research thesis:

- Master of Philosophy (M.Phil.)
- Master of Business Administration (M.B.A.)
- Master of Divinity (M.Div.)

(b) The following Master’s degrees are awarded to candidates who have successfully completed one calendar year of their postgraduate programme based on course work:

- Master of Arts (M.A.)
- Master of Science (M.Sc.)
- Master of Social Science (M.S.Sc.)

Fees

Fees for the current academic year are as follows:

- General Fee . . . . . . . HK$1,750 per annum
  (payable by two instalments)
- Caution Money . . . . . . HK$100
- Graduation Fee . . . . . . HK$100

Caution money will be refunded on the completion of studies if he has no outstanding financial obligation to the University.
PART IV  GRADUATE SCHOOL

Auditing Students

A small number of auditing students may be admitted and fees are at HK$225 per course per term. The total of course fees payable will not exceed HK$1,750 per year.

Financial Aid

Scholarships and bursaries up to HK$5,000 per annum are available. Half-time demonstratorships are also available in certain Divisions.

Division of Biochemistry

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Biology, Chemistry or related fields.

Fields of Specialization:
1. Actions of Animal Hormones/Reproductive Physiology
2. Protein Biochemistry/Clinical Biochemistry
3. Molecular Biology/Virus
4. Intermediary Metabolism/Actions of Plant Hormones
5. Lysosomal Functions in Carcinogenesis
6. Protein biosynthesis/Structure-Activity Relationships of Protein Hormones
7. Immunochemistry

M.Phil. Degree Programme:
Each student is required to complete a total of at least 24 units for the Degree.

First Year:

Courses in Biochemistry or in other disciplines as approved by 
the Board ........................................... 8 units
Research/Special Study/Literature Review .................... 4 units
Seminar ............................................ 2 units

Second Year:

Graduate Course/Seminar .................................. 2 units
Research towards a Master’s thesis ........................ 8 units

Division of Biology

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Biology or a related field.

Fields of Specialization:
1. Animal Physiology/Comparative Endocrinology
2. Cytogenetics
3. Developmental Zoology
CALENDAR

4. Fungal Genetics
5. Microbiology/Phycology
6. Molecular Biology/Cancer
7. Plant Pathology/Mycology
8. Plant Physiology: intermediary metabolism & plant hormones
9. Virology/Bacteriophage
10. Ecology/Environmental Studies
11. Entomology

**M.Phil. Degree Programme:**

The minimum requirements are:

**First Year:**

1. Course work ............................................. 6 Units
2. Seminar ................................................. 2 ”
3. Research for thesis .................................. 4 ”

**Second Year:**

1. Special Topic with Supervisor or Panel ............ 2 ”
2. Seminar ................................................. 2 ”
3. Research for thesis .................................. 8 ”

**Total ......................................................... 24 Units**

**Division of Business Administration**

This Division is operated under the Lingnan Institute of Business Administration. The Institute provides facilities for graduate study and research in the broad area of business administration, and offers a two-year curriculum leading to the degree of Master of Business Administration (M.B.A.). For students whose first degree is in the field of Economics or Business Administration, the completion of this curriculum will normally take two years. The Institute also welcomes applicants whose first degree is in the field of Engineering, Natural Sciences, Social Sciences or Arts. For these students, the Institute provides tailor-made curricula, the completion of which requires a minimum of two years.

A high degree of proficiency in English, both written and spoken, is essential for the successful completion of the Institute’s curriculum, so that only those who are truly bilingual should apply for admission.

**M.B.A. Degree Programme:**

The first year of the two-year curriculum is designed to bring the students to a high level of competence in the basic skills underlying the successful administration of complex enterprises. For students without an undergraduate background in business administration, certain basic business courses are pro-
vided to make up for their deficiencies. In the second year of study, students are offered the opportunity to concentrate in areas of their own special interest, and to write a Master’s thesis incorporating the results of their investigation of an appropriate problem.

**Division of Chemistry**

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Chemistry or related fields.

*Fields of Specialization:*

1. Inorganic Chemistry
2. Analytical Chemistry
3. Organic Chemistry
4. Physical Chemistry
5. Theoretical Chemistry
6. Applied Chemistry

*M.Phil. Degree Programme:*

The courses offered to students are varied according to their interest and their research project. The study plan for each student will be arranged by his research supervisor, following the guideline set up by the Chemistry Board.

**First Year:**

1. Selected topic courses in Chemistry offered both to 4th year undergraduates and graduate students;
2. Tutorial course in an advanced special field to strengthen his background in research, as arranged by the supervisor;
3. Survey of current literature in the chosen field arranged with the supervisor;
4. Courses offered by other departments but specially useful to the graduate students;
5. Seminar and
6. Research

**Second Year:**

1. Tutorial course and literature survey arranged with the supervisor;
2. Seminar and
3. Research towards a Master’s thesis
Division of Chinese Language and Literature

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Chinese Linguistics, Chinese Literature or related fields.

M.Phil. Degree Programme:

Students are required to take at least three full courses and participate in one seminar in their first and second year, and to prepare a Master's thesis in the second year of study.

Courses are to be offered in the following fields:

1. For Department of Chinese Linguistics:
   (a) Chinese Linguistics
   (b) Chinese Etymology
   (c) Selected readings

2. For Department of Chinese Literature:
   (a) Lectures on special subjects
   (b) Selected Readings (I)
   (c) Selected Readings (II)

Students of both Departments must learn a third modern language other than Chinese and English for a period of two years.

Students of the Department of Chinese Linguistics who have not taken the course on General Linguistics in their undergraduate studies are required to take such course in the first year.

Division of Economics

In addition to the general qualifications required for admission to the Graduate School, applicants should have majored in Economics or related disciplines with a good background in Mathematics or Statistics.

Fields of Specialization:

1. Quantitative Economics
2. International Economics
3. Economic Development
4. Asian Economic Studies

M.Phil. Degree Programme:

Each M. Phil. candidate must meet a minimum requirement of 30 credits for course work (an equivalent of 10 term courses) and a substantial thesis, which normally take two years for completion.
First Year:

1. Compulsory courses:
   (a) Economic Theory;
   (b) Econometrics

2. Elective courses:
   (a) Mathematical Economics
   (b) Monetary Theory
   (c) International Trade
   (d) International Finance
   (e) Economic Development
   (f) Development Planning
   (g) Socialist Economics
   (h) Seminars in Area Studies

Second Year:

1. Seminars
2. Research towards a Master’s thesis

**Division of Education**

In addition to the general qualifications required for admission to the Graduate School, candidates who have obtained a Diploma in Education or practical experience in Education, including publications, will receive special consideration. Oral examination in the form of an interview is also required.

**Fields of Specialization:**

1. Educational Measurement
2. Educational Technology
3. Curriculum Development
4. Educational Psychology

**M.A. Degree Programme in Education:**

This Division is operated by the School of Education of the University. The Division offers a one-calendar-year postgraduate programme leading to the degree of Master of Arts (Education). Candidates are required to complete at least four year courses or eight term courses offered by the School of Education and to present a thesis based on the results of a systematic investigation.

**Division of Electronics**

In addition to the general qualifications required for admission to the Graduate School, the Division requires that candidates should normally hold an honours degree in Electronics, Electrical Engineering, or Physics with Electronics, or the equivalent.
Study Programmes:

(1) M.Sc. Programme:

A student pursuing the degree of Master of Science in Electronics is required to take lecture courses forming 4 full papers*.

In addition, the student is required to work on a project of about 5 months in duration, for which a satisfactory dissertation is required.

This programme usually takes one year to complete on a full-time basis, or two years on a part-time basis.

(2) M.Phil. Programme:

A student pursuing the degree of Master of Philosophy is required to take lecture courses forming at least 2 full papers*.

In addition, the student is required to carry out a research project of about one year in duration for which a satisfactory thesis is required.

This programme usually takes two years to complete on a part-time basis.

Division of Geography

In addition to the general qualifications required for admission to the Graduate School, candidates are expected to have a basic training in their undergraduate studies in Geography or other appropriate subjects. Oral examination in the form of an interview is also required.

M.Phil. Degree Programme:

Graduate courses will have special emphasis on the following areas:

(a) Chinese Studies
(b) Urban-economic Studies
(c) Environmental Studies

In addition to course work, each student will be required to write and submit a research thesis.

* Each full paper consists of lectures on one or more topics to be covered in not less than 40 hours. Degree papers may be selected, with the guidance of the teaching staff, from course units offered at the Electronics Department of The Chinese University of Hong Kong and other recognised course units if and when they are offered at the University of Hong Kong.
PART IV  GRADUATE SCHOOL

Division of History

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in History or related fields.

M.Phil. Degree Programme:

Fields of Specialization:

1. History of Chinese Political Institutions
2. Chinese Historical Geography
3. Chinese Economic History
4. History of Ming and Ch’ing Dynasties
5. Modern Chinese History
6. Historical Relations between China and Asian Countries

Students are required to take at least three full courses in the first and second years of study, and to prepare a Master’s thesis in the second year.

Courses, either lectures or seminars, are to be offered in the following fields:

1. Ancient Chinese History
2. Medieval Chinese History
3. History of Ming and Ch’ing Dynasties
4. Modern Chinese History
5. Chinese Economic History
6. Historical Relations between China and Asian Countries

Students are also required to learn a third modern language other than Chinese and English for a period of two years.

M.A. Degree Programme:

Students are required to take at least four year courses or its equivalents in one calendar year. On the advice of their assigned supervisors, they should take relevant graduate courses and/or courses offered for junior or senior undergraduates as listed below, and they should get a satisfactory grade approved by the Division.

The Division will offer the following courses in the academic year 1975/76 to be chosen by the students according to their specialization:

*Comparative Historiography and Historical Method
*Historical Relations of China and the Western World
Topic Studies in China’s Relations with other Asian States
Topic Studies in European History
Topic Studies in Chinese Social and Economic History
Topic Studies in European Social and Economic History
Topic Studies in 19th Century Britain and British Commonwealth
Topic Studies in Contemporary World

* Courses also for junior and senior students.
Division of Mathematics

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Mathematics or related fields.

Fields of Specialization include:

1. Functional Analysis
2. Algebra
3. Applicable Mathematics

M.Phil. Degree Programme:

Each candidate should normally complete a total of 26 units. These may be distributed as follows:

First Year:

1. Courses ........................................... 8 units
2. Seminar ........................................... 2 units
3. Thesis ........................................... 2 units
   Total ........................................... 12 units

Second Year:

1. Courses ........................................... 2 units
2. Seminar ........................................... 2 units
3. Thesis ........................................... 10 units
   Total ........................................... 14 units

Each course arranged by the Graduate Panel will be for one term and will be equivalent to 2 units. The candidate may elect one term course during his first year. Other courses will be arranged under the guidance of the supervisor. These may be advanced undergraduate courses or graduate courses, but in no case shall a student be credited with more than the equivalent of 4 postgraduate units in undergraduate courses.

Division of Philosophy

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Philosophy or related fields.

Fields of Specialization:

1. Problems of Chinese Philosophy
2. Problems of Epistemology
3. Metaphysics
4. Studies of Chinese or Western Philosophers
5. Other fields of philosophy including Comparative Studies in Philosophy
M.Phil. Degree Programme:

Students are required to take at least four full courses and participate in one seminar in their first and second year, and to prepare a Master’s thesis in the second year of study.

Division of Physics

In addition to the general qualifications required for admission to the Graduate School, candidates should have majored in Physics or related fields.

M.Phil. Degree Programme:

First Year:

A. Courses: Each student is required to take two or three of the following courses per term:
   1. Quantum Mechanics I (required)
   2. Quantum Mechanics II (elective)
   3. Mathematical Methods (elective)
   4. Electrodynamics (elective)
   5. Statistical Mechanics (elective)
   6. Solid State Theory (elective)
   7. Selected Topics (elective)

B. Experiments: A student intending to undertake a theoretical research project may be required to carry out one experiment such as:
   1. High vacuum technique
   2. Semi-conductor detector
   3. Atomic beam spectroscopy
   4. Optical spectroscopy
   5. Beta and gamma-ray spectrometer
   6. Ultrasonic measurement

Second Year:

Each student is required to undertake a research project and to write a thesis. Facilities are available for work on the following:

1. Electrical and mechanical properties of solid state polymers
2. Thermal properties of solid state polymers
3. Optical properties of solids
CALENDAR

4. Electrical and optical properties of amorphous semi-conducting films
5. Ultrasonic in polymers and condensed state
6. Mossbauer effects
7. Neutron activation analysis
8. Multi-valued logic circuits
9. Theoretical study of disordered systems
10. Theoretical study on collisions of electrons with atoms and molecules
11. Interaction of laser with matter
12. Laser holography

Division of Sociology

In addition to the general qualifications for admission to the Graduate School, preference will be given to candidates who have a solid background in one social science subject (Sociology, Anthropology, Psychology, etc.) and whose research interests are already well developed. Oral examination in the form of an interview is also required.

Fields of Study:

The Division offers the following courses: Advanced Theory, Advanced Methodology, Comparative Social Systems, Aspects of Sociology, Chinese Society, Hong Kong Society, and Graduate Seminar.

M.Phil. Degree Programme:

The Sociology Division offers a two-year programme leading to an M.Phil. degree. The programme is organized to enable the student to devote the first year to course work and to spend the major part of the second year writing his Master’s thesis. Each student and his supervisor will plan a programme of studies at the beginning of the first year. This programme will consist of required graduate courses and elected reading courses chosen in the light of the student's needs and interests. In some cases, students may be required to take advanced courses in the undergraduate curriculum which are relevant to the students' thesis topic or which will strengthen the students' general sociological background. In addition, each student will be required to attend Graduate Seminar which meets twice a month. The purpose of this Seminar is to provide a public space for the exchange of views amongst graduate students, faculty and visiting specialists in relation to a number of selected topics in current sociology and anthropology. Students are required to choose their thesis topic in the second term of the first year and, if possible, to initiate at least exploratory research during the summer months.
Division of Theology

Applicants for admission must present letters of recommendation from an official of their church and from an undergraduate teacher.

M.Div. Degree Programme:

First Year:

The regular programme for Master of Divinity degree will consist of advanced studies designed to bring the students to a high level of competence in the basic skills and knowledge required for the professional ministry.

Second Year:

Students will concentrate on the area of their own special interest and write a Master’s thesis incorporating the results of their study in their area of special interest.

Those who hold a Bachelor’s degree in subjects other than Theology will have to study more than two years to fulfil the requirements of the professional degree.

General Information
The School of Education was established in September 1965.

From the beginning, the School has been mainly concerned with the education of teachers for local secondary schools. Thus it offers a one-year full-time and a two-year part-time postgraduate programme leading to the award of a Diploma in Education. Currently, this programme includes courses such as
Developments in Modern Education, Current Issues in Education with Special Reference to Hong Kong, School Administration, Counselling & Guidance in Schools, Psychology of Learning and Teaching, Psycho-social Development of the Adolescent, Evaluation & Test Construction, Educational Communications & Technology (I), Educational Communications & Technology (II), Micro-teaching (I), Micro-teaching (II), Subject Curriculum & Teaching, Educational Research & Statistics, and Oral Communication in English. Students are required to spend a substantial part of the academic year in practice teaching which includes a series of Micro-teaching activities and two blocks of observation and teaching in secondary schools.

Applicants for the Diploma in Education Course should be degree holders of recognized universities and, for the two-year part-time course, also serving secondary school teachers. All applicants are required to sit for a qualifying examination and attend an interview.

Beginning in September 1973, a one-calendar-year postgraduate programme leading to the degree of Master of Arts in Education, and intercollegiate undergraduate courses in Education have also been offered.

Candidates for the M.A. degree are required to complete at least four full courses or eight half courses and to conduct systematic research as a basis for writing a thesis. Courses offered are under the following four areas: Curriculum Development, Educational Technology, Educational Measurement and Educational Psychology. Admission requirements are as set out by the Graduate School of the University.

Undergraduate courses in Education are open to students of all Colleges and Faculties. Two courses are offered: Introduction to Education for second and third year students, and General Teaching Methods for third and fourth year students.

Up to the present the School has 513 alumni from its Diploma in Education Programme, with the 1975-76 enrolment set at approximately 235. In its second year of operation, the M.A. in Education programme enrolled 8 students.

Grants are available to needy full-time students through the Joint University Committee on Student Finance and the Graduate Council of the University. Other scholarships include the Lam Oi Tong Scholarships, the Chinese Temple Committee Scholarships, the Tsang Hung Tim Scholarships, the Wilson Wang Scholarship, and the Sik Sik Yuen Scholarship.

The School has a collection of several thousand books and more than 80 periodicals on education and related fields. In addition, it has a language laboratory and an Educational Technology Laboratory equipped with a Close-circuit Television System, a photographic room and learning consoles.
The School publishes the *Studium*, a journal in Chinese and English, containing articles on education and news about the School.

In addition, staff members of the School contribute to the improvement of local education through the conduct of in-service training workshops for teachers and educators, as well as through their participation in the diverse range of educational committees.

General Information

The Lingnan Institute of Business Administration was established in 1966 as one of the divisions of the Graduate School of the University, with substantial financial support from the Trustees of Lingnan University in New York.

The Institute has six major objectives:

1. To prepare men and women for responsible administrative and executive positions in business, governmental and other organizations.
2. To provide students with a well-rounded basic education in substantially all analytical and functional areas of business administration and with opportunities for a moderate concentration in a particular area of organizational or administrative activity.

3. To develop students' abilities to identify and analyze problems, search for relevant information, formulate alternative approaches, evaluate the alternatives and make decisions.

4. To provide each student with a foundation for continuing self-education and development.

5. To contribute to the growth of knowledge and understanding of business management.

6. To serve the Hong Kong and Southeast Asian business community by offering advanced training in management sciences for practising businessmen.

The Institute has continued to receive generous grants from the Lingnan University Board of Trustees. In addition the Institute has attracted considerable support from businessmen and companies in both Hong Kong and Southeast Asia. Three of its lectureships are financed by grants from the B.Y. Lam Foundation Ltd. of Hong Kong, the Lee Foundation of Singapore and Mr. Lee Wing-Tat of Hong Kong. An IBM visiting professorship has also been instituted. Other funds from local sources provide scholarships for students of the Institute.

Admission to the Institute is open to graduates of recognized colleges and universities, both in Hong Kong and abroad, who hold a bachelor's degree in business administration, social sciences, liberal arts, science, or engineering. Apart from a good scholastic record, relevant working experience will also be given favourable consideration. A high degree of proficiency in both the Chinese and English languages is essential, and applicants are required to take the Chinese/English language proficiency examination administered by the Graduate School in addition to an aptitude test of the Institute.

The Institute offers a curriculum in the broad area of business administration that leads to the degree of Master of Business Administration (M.B.A.). The completion of this curriculum will normally take two years, although students whose first degree is in the arts, science, or engineering must take some basic courses to make up any deficiencies.

The programme of study consists of core curriculum and elective courses and the preparation of a thesis based on first-hand investigation. First-year core courses include Accounting and Corporation Finance, Principles of Organization and Management, Economics, Quantitative Methods in Business, Computers for Management, Business Communications and Written Analysis,
Marketing Management, Financial Management, Business, Information Systems and Business Research Methods. Second-year courses include Operations Research, Managerial Economics, Managerial Control Systems, Administrative Theory, Business Policy, Legal Environment of Business. For students without an undergraduate background in Business Administration, certain basic business courses are provided. The Institute arranges for work opportunities for students in the summer between their first and second years, and makes every effort to assist each graduate in obtaining a responsible post commensurate with his interests and abilities.

The Institute undertakes to assist faculty and students in their research activities by granting financial support and providing equipment and service of research assistants. It also encourages its faculty to engage in consultancy and to conduct "in-plant" training programmes for the local business community. Major research projects already completed include: "A study of Government Financial Assistance to Small Industries, with Special Reference to Hong Kong", "Managerial Policy, Strategy and Planning for Southeast Asia", "A Study of the Industrial Structure in Hong Kong", and "A Study of Tourist Shopping in Hong Kong". Among the firms and organizations which have used the services of the Institute's faculty members are American International Assurance Co., Ltd., Bank of America in Hong Kong, The Hong Kong and Shanghai Banking Corporation, Ltd., Lowe Bingham Company Management Consultants, Tek-Devices, Ltd. and Hong Kong Tourist Association. Besides research and consultancy, the Institute has cooperated with the Hong Kong Management Association in sponsoring and conducting educational programmes for practising managers in Hong Kong.
INSTITUTES AND RESEARCH CENTRES

The University is directly responsible for providing faculty members with research facilities so as to enable them to keep up with the latest developments in their own fields and to contribute to them. For this purpose three Institutes have been established; namely, the Institute of Chinese Studies, the Institute of Science and Technology and the Institute of Social Studies and the Humanities.

Generally, the development of the Institutes is as follows: individual faculty research may develop into a group or inter-disciplinary effort; when substantial outside financial support permits, a research unit, a centre or an independent institute would be established. Various research centres have been set up within these three Institutes to concentrate on specific fields of studies. In addition, research projects in the fields of History, Linguistics, Education, Biology, Chemistry and Physics are conducted by individual faculty members.

Institute of Chinese Studies

The Institute of Chinese Studies was established on 1st November, 1967, on the basis of a broad but unified concept of Chinese Studies. It includes what is traditionally identified as Sinology, but emphasizes the application of social science discipline, characterized by its quantitative and comparative approaches.

The Institute has the following objectives:

1. To promote scholarship in Chinese Studies in Hong Kong and overseas by serving as an international centre for Chinese Studies capable of effectively assisting other academic and research institutions and scholars in this field and maintaining close and continuing co-operating and interchange with them;

2. To develop a well-integrated programme of teaching and research in Chinese Studies viewed within the context of Asian and world developments;

3. To provide interested local and visiting academic members of the University with the necessary facilities for training in order to help them strengthen their teaching and research abilities, and

4. To encourage the exchange of knowledge and experience in Chinese Studies through an effective programme of publications, academic conferences and research seminars.
PART IV INSTITUTES AND RESEARCH CENTRES

157

Under the directorship of Prof. C.T. Hu, the Institute is governed by a Management Committee whose members are actively engaged in research work under the auspices of the Institute. Special research projects are under the direction of Dr. C.M. Li, the Vice-Chancellor.

Publications of the Institute have covered a variety of subjects in Chinese culture over the past few years. The first six volumes of the Journal of the Institute of Chinese Studies have been well received in Hong Kong and abroad. The seventh volume is due to appear later in 1975. A number of monographs have been published: Mr. Teh-chang Chang: *Life of a Peking Official in the Late Ch'ing Dynasty: A Study of Personal Income and Expenditure* (清季一個京官的生活); Mr. Shee-wu Sung: *A Study of Monetary History of the Western-Han Dynasty* (西漢貨幣史初稿); Dr. Chen Ching-ho: *Tu-duc Thanh-che Tu-hoc giainghia-ca* (嗣德聖製字學解義歌譯註) and *A Collection of Chinese Inscriptions in Singapore* (新加坡華文碑銘集釋); Mr. Chuan Han-sheng: *A Brief History of the Hanyehping Iron and Coal Mining and Smelting Company* (1890-1926) (漢冶萍公司史略), *The Silver Mining Tax and Silver Output in Yunnan during the Ming and Ch'ing Periods* (明清時代雲南的銀課與銀產額) and *Mid-Ch'ing Rice Markets and Trade: An Essay in Price History* (co-operated with Mr. Richard A. Kraus); Mr. Samuel Cheung: *Studies in Cantonese as a Spoken Language in Hong Kong* (香港粵語語法研究); Prof. Chou Fa-kao, Mr. Cheung Yat-shing, Miss Tsui Chee-gee and Miss Lam Kit-ming: *A Pronouncing Dictionary of Chinese Characters in Archaic and Ancient Chinese, Mandarin and Cantonese*; Mr. Cheung Yat-shing and Miss Lam Kit-ming (editors): *Chou Fa-kao's Archaic Chinese Phonological Tables*; Mr. Cheung Yat-ming and Miss Lam Kit-ming (editors): *A List of Phonetic Compounds in Shuo-wen T'ung-shun*; Prof. Chou Fa-kao: *Etymological Dictionary of Ancient Chinese Bronze Inscriptions* (Chin-wen Ku-lin 金文詮林). The manuscript of *The Copper Mining Industry in Yunnan during the Ch'ing Period* by Mr. Chuan Han-sheng and *A Comparative Study of the Mandarin Vocabulary in Several Text Books for Westerners* by Mr. Ho Kwok-cheung are ready for the press.

Research projects in Chinese Studies undertaken by the University's own academic members are in different stages of development. One such important project has produced the monumental *Chinese-English Dictionary of Modern Usage* (當代漢英詞典). Dr. Lin Yu-tang, Research Professor of the University, was in charge of this pioneering task, which was published in October 1972. It is the first dictionary, in Chinese or English, to determine what are the words, not ideographs, of current Chinese language. This project has been financially supported by Chinese and British contributions in Hong Kong.
Other research projects in progress include “Supplement to the Etymological Dictionary of Ancient Chinese Bronze Inscriptions (Chin-wen Ku-lin Pu-pien) by Prof. Chou Fa-kao; “Ch’ing Economy” and “A Study on corruption of the Ch’ing Dynasty” by Mr. Teh-chang Chang; “The Spanish Controversy over the Trade between China, Philippines and the America in the Early Modern Period” by Mr. Chuan Han-sheng; “Modern China’s Knowledge of the West” by Mr. Wang Teh-chao; “Routes Leading from Szechwan to Yunnan and Annam in the Han and T’ang Dynasties” by Mr. Yen Keng-wang; “Continuity and Change in the Chinese Conception of Social Classes” by Dr. Chiao Chien; “A Historical Analysis of the Controversy over the Retention or Abolition of the Examination System in Late Ch’ing” by Professors C.T. Hu and Wang Teh-chao; “A Study on New Sociology in China under Communism” by Dr. Ambrose King; and “Annotations of Chinese Inscriptions on Bronzes and Stone Rubbings” by Mr. Lee Yim.

A number of the above research projects are supported by grants from local and overseas foundations.

The new building of the Institute, the construction cost of which was donated by the Lee Hysan Estate Co., Ltd. in Hong Kong in memory of the late Mr. Lee Hysan, was completed in 1970.

A unique feature of the Institute is the Art Gallery which is at the eastern end of the building. Very modern in design, the Art Gallery is mainly for exhibition and teaching purposes. Fourteen exhibitions have been held since the establishment of the Art Gallery in 1971. They were The Opening Exhibition, Bibliographical and other material relating to the Dream of the Red Chamber, The Ch’in — the seven-string Zither, Lok Tsai Hsien Collection of Calligraphic Couplets, Chinese Carved Jades, “Lan-y’ing Exhibition”, Landscape Paintings by Kwangtung artists of the Ming and Ch’ing Periods, Wah Kwong Collection of Ch’ing Porcelain, Prints from American Universities, Display of Chinese Antiquities, Excavation at Shamwan, Lamma Island, Phase III, Exhibition of Works by 1974 Graduates of the Fine Arts Department, New Asia College, Exhibition of Literati Paintings from Japan and Display of Chinese Antiquites.

A Management Committee has been appointed to recommend to the Vice-Chancellor policies on the Art Gallery and to implement the approved policies.

Institute of Science and Technology

The Institute of Science and Technology is established for the purpose of promoting faculty research, and to conduct postgraduate training in relevant fields.

At the beginning, the allocation of the research grants from various sources, including the Government of Hong Kong, Ford Foundation and The Asia Foundation, etc., embraces the following subjects in both the pure and applied aspects: (1) Biochemistry, (2) Biology, (3) Chemistry, (4) Computer Science, (5) Electronics, (6) Mathematics and Statistics, and (7) Physics.
The Institute is under the administration of a Director. A Board of Advisers is set up to recommend the award of research grants to projects which are acceptable to the University and within the available resources.

It is the intention of the University to make the Institute of Science and Technology an important vehicle for cooperation in scientific research and teaching with universities abroad.

Since the establishment of the Institute, more than 100 projects have been accepted for research grants and many of the research reports have been published.

**Institute of Social Studies and the Humanities**

The function of the Institute of Social Studies and the Humanities is two-fold: (1) to promote and encourage faculty research in various fields; (2) to conduct postgraduate training on different subjects. The faculty research mentioned above is distinct from the kind of research supported by other organizations in the University for teaching purposes. Through the Institute, the University hopes to come to closer cooperation with universities abroad.

With the assistance of a Board of Advisers, the Director of the Institute recommends research grants for faculty members who have applied for financial aid, thus enabling them to do research work on individual projects.

Various projects have been carried out with grants from the Government of Hong Kong, The Asia Foundation and other private funds, and many of the projects have been brought to a successful conclusion.

**Centre for Communication Studies**

The Centre for Communication Studies, restructured July 1974, functions both as an interdisciplinary research unit carrying out investigations of its own and as a service agency for externally originated studies.

The Centre's long-range goal is to develop, improve and maintain more effective communication of human society in general and of the mass media in particular, at both local and regional levels.

The Centre's immediate objectives will be:

a. the survey and analysis of what has been accomplished in the area of Chinese language communication studies,
b. investigation into the variations and changes in the usage of the Chinese Language as a communication tool,

c. collection and dissemination of information on communication education and findings of communication studies in the Asian region through its documentation unit,

d. promotion of regional cooperation among communication educators and educational organizations through seminars, workshops and joint research projects, and

e. offering of professional training programmes for persons in communication media industries in Asia pursuing advanced education, which will lead to the study of more fundamental problems of communication.

Centre for East Asian Studies

The Centre for East Asian Studies was established in January 1971, under the directorship of Dr. Chingho A. Chen.

Its objective is to promote Japanese, Korean and Southeast Asian studies by arousing academic interest and training experts in this field locally as well as internationally.

Research personnel includes Research Fellows who are experts on Asian studies from among the teaching staff of the University, and Visiting Research Fellows invited from other institutions to carry on their own research in a specific field. Graduate students of the University and graduates of foreign universities may also be appointed as Research Assistants and Visiting Research Assistants, and work under the supervision of Research Fellows and Visiting Research Fellows in the relevant field. For the academic year 1974-75, the Centre has the following research staff:

Adviser:

Prof. Takashi Korono

Research Fellows:

Mr. James C.Y. Watt, Dr. May-ching Kao and Dr. Choi Ching-yan

Visiting Research Fellows:

Mr. Nobuhisa Tsuyi, Mr. Seiki Shono and Mr. Ts’ao Yung-ho

Research Associates:

Mr. Yue Wai, Mr. Yeung Jo-ling, Mr. Chao Hsiao-suan and Mr. Yue Kwan-cheuk
PART IV INSTITUTES AND RESEARCH CENTRES

The Centre may recommend outstanding Research Assistants for further studies in distinguished universities in East Asia on government scholarships of those countries.

The Centre has received the following book donations: 221 Vietnamese books from the Government of the Republic of Vietnam, 1032 Japanese books (including more than 180 titles on Social Science and the Humanities) from the Soka Gakkai and 74 books from the Japan Foundation.

The Centre encourages its members to participate actively in international conferences of Asian studies, and holds monthly seminars.

Research reports will be published in University journals or in monograph series. An “Annual Report of the Centre for East Asian Studies” will be published in due course as an official publication of the Centre.

Also, the Centre will promote international collaboration and carry out an exchange scheme of its publications with overseas universities, research institutes and other academic institutions.

The “Vietnamese Historical Sources Project”, jointly sponsored by this University and Southern Illinois University (Carbondale), was undertaken by the Centre between September 1973 and May 1975. The collation of Dai Viet Su Ky Toan Thu, Dai Nam Nhat Thong Chi (Bac Ky and Nam Ky), Gia Dinh Thong Chi and Viet Su Luoc has been finished and will be published in due course. Research Projects starting from September 1974 are:

1. Railway Investments in China in the Late 19th & Early 20th Centuries  
   — Prof. Takashi KOTONO

2. The Pottery Trade in S.E. Asia from the 13th to 16th Centuries  
   — Mr. James C.Y. WATT

3. A Study of Asian Buddhist Iconography  
   — Dr. May-ching KAO

4. Urban Policies of Decentralization — A Comparative Study of Hong Kong and Tokyo  
   — Dr. CHOI Ching-yen

   — Mr. TS’AO Yung-ho
6. Compiling “Historical Source Materials on the E. Asian Countries, 1644-1912”: A Collection of excerpts from the Ta-Ching Li-Chao Shih-Lu (Veritable Records of Successive Reigns of the Ch'ing Dynasty)
   — Dr. Chingho A. CHEN in collaboration with Mr. Ts'ao Yung-ho, Mr. Yue Wo and Mr. Chao Hsiao-suan

7. The Chinese Immigrants/Residents in Nagasaki during the Tokugawa Period (1603-1867)
   — Dr. Chingho A. CHEN

Chinese Linguistics Research Centre

The manuscript of A Comparative Study of the Mandarin Vocabulary in Several Text Books for Westerners has been finished and the first draft of A Dictionary of the Ch'ao-chou (潮州) Dialect has also been completed. An Etymological Dictionary of Ancient Chinese Bronze Inscriptions, comprising 16 volumes, 10,000 pages and 3,000,000 words and compiled by Prof. Chou Fa-kao and his associates over a period of seven years, has been published by the Publications Office of the University.

The Centre is now working on the compilation of A Supplement to the Etymological Dictionary of Ancient Chinese Bronze Inscriptions. Japanese works on ancient Chinese bronze inscriptions will be selected and translated into Chinese. Appendix to Yung Keng's Chin Wen Pien (金文編附錄), which contains graphs not easily deciphered, will be annotated in detail.

Economic Research Centre

The Economic Research Centre undertakes group research projects as well as facilitates research projects on individual basis. As an example of the former, the Centre conducted a study during 1965-68, under contract with the United States Department of Agriculture, in projecting Hong Kong's demand and supply for agricultural products between 1965-80 in the light of the long-term trends in local development, import requirements, and national income and population growth. The result was published in November 1969 in book form under the title “Long-term Economic and Agricultural Commodity Projections for Hong Kong 1970, 1975, and 1980”. Other research activities have led to the publication of a series of monographs and occasional papers covering Hong Kong, Mainland China and other Far Eastern countries, and the United States.

Some faculty members are currently working on research projects dealing with various aspects of the economy of Hong Kong viewed as a part of the world economy, while others are focussing their attention on the recent experience in development and growth of the countries in the Far East, including Mainland China.
Geographical Research Centre

The Geographical Research Centre was established in January 1966. The principal research work carried on in this Centre is closely related to the teaching in the Geography Division of the Graduate School. Students of the Geography Division can make full use of the facilities and financial assistance from the Centre and distinguished students may carry on their research in the Centre after graduation.

The Centre’s current research work falls into two broad categories: the geographical studies of China and the geographical studies of Hong Kong. The geographical studies of China is in turn divided into two branches: (1) Historical and cultural geography of China and (2) Contemporary Chinese geographical studies. In the research on the historical and cultural geography of China, the materials used are fang-chih or local gazetteers, The Twenty-five Histories (二十五史), famous travels and other historical records. As far as possible, historical facts are presented through mapping. So far, the Centre has completed about 124 historical maps, including maps showing the political divisions, the population distribution and products of every dynasty, the building dates and sizes of the wall-cities and the distribution of birth-places of Chin-shih (進士) or persons of advanced scholarship which resembled in some ways the modern Ph.D. The limited collection of classic books in the libraries of Hong Kong necessitates part of the work to be completed in some overseas leading libraries. The ultimate aim of this research is to work out the cultural regions of China and from which a set of historical and cultural maps of China may also be produced. Another section of the research on China is the annotation of “Selected Famous Chinese Travels”. In preparing the annotation, modern geographical concepts and methods are used. The reports already published are as follows: A Geographical and Annotated Evaluation of the Travels to the West of Taoist Ch’ang Ch’ue (長春真人西遊記的地理學評價), Geographical Evaluation of I Yu Lu (異域錄的地理學評價) and A Study of Chin-la Feng T’u Chi (巽膈風土記的研究). The work underway at present includes 大唐西遊記, 法顯傳, 鄭和的航海, 北行日記, 宋雲使西遊記, 許亢宗行程錄, 入蜀記, 李翱南來錄, 宣和奉使高麗圖經以及徐霞客遊記等。In the research on contemporary Chinese geographical studies, stress is laid on the changes in the geographies of China in the past 20 years.

The Centre also undertakes two comprehensive research projects involving both historical and contemporary geographies of China. One is “The Development of Cartography in China” which is part of Prof. Chen’s book, The Development of Geographical Science in China. Many rare maps of China, including the world’s only hand-drawn copy of “The Map of The Great Wall”, are reproduced in this article and listed as Research Report No. 9 of the Centre. The research project is “The Study of Place-names of China”.
With regard to the geographical studies of Hong Kong, the Centre had to begin with the preparation of a series of Socio-Economic Maps of Hong Kong in view of the lack of any previous systematic research. At present, the Centre has prepared 96 sheets of maps; the materials of which are mainly obtained from field survey. This series of maps is useful as reference for those who want to understand the socio-economic conditions of Hong Kong. Owing to the lack of financial help, only seven of these maps have been published; one of which is a 16-colour map, *The Functional Land Use of Urban Areas in Hong Kong*. The Centre has also finished detailed survey of the use of floor space in the districts of Yaumati, Sapoekong, Central District, North Point and Wan Chai. The mapping work is already completed.

The Centre has established good relationship with many leading geographical institutions all over the world. There is an increasing number of renowned geographers visiting the Centre every year.

The Centre has a separate reference library housing about 25,900 geographical books and periodicals. The periodicals include complete sets of leading geographical journals in many languages. A large collection of maps and books were borrowed from the famous Fu-Min Geographical Institute of Economic Development.

**Marine Science Laboratory**

The Marine Science Laboratory was established in 1970 as a research centre for advanced studies in Oceanography. A separate building complex was completed in May 1971 on the shore of Tolo Harbour at the University site of Ma Liu Shui.

This research centre is essentially interdisciplinary, and offers facilities for research in biology, chemistry, physics and geography. The present stress is on biological investigations, and undergraduate courses in Oceanography/Marine Pollution, and Marine Biology/Mariculture are being run at the Laboratory. Academic offerings are presently through the Board of Studies in Biology of the University, and facilities of the University Science Centre are also available.
PART IV  INSTITUTES AND RESEARCH CENTRES

The Marine Science Laboratory is the only established academic centre for marine studies in Hong Kong, and is the only research facility which provides a fully reticulated running seawater system. Selected research projects include quantitative and qualitative zooplankton studies on the inshore waters of Hong Kong, breeding biology and life-history studies on decapod Crustacea, bacteriological studies on bivalve molluscs, and pollution monitoring of Tolo Harbour. Publication is at present limited to local and international journals.

Social Research Centre

The Social Research Centre, established in November 1969, has both research and educational commitments.

In its research programme, the Centre undertakes studies of social change in Hong Kong. This means that various aspects of the evolving societal scene in Hong Kong are investigated from the vantage point of the dynamics of their history as well as from the standpoint of the dynamics of their future paths. The Centre has particular interest in research which permits not only an assessment of a given situation, but also an analysis of alternative future developments coupled with a capability to observe the actual future developments as they occur.

In this regard, the Centre's research programme is one of basic research through which the Centre seeks to advance social, scientific, and particularly sociological, knowledge of both secular and induced processes of change.

But the Centre's programme is firmly grounded in the needs of the community. Thus it prefers to undertake studies which not only contribute to the advancement of basic knowledge, but also have practical policy implications for the Government of Hong Kong, for various voluntary organizations, and for the people in Hong Kong.

On occasion, the Centre will undertake to help other interested organizations in the formulation of their research programmes, in research design, field work, analysis of data and thereby act as a consultant on relevant aspects of research studies which, in themselves, may be carried out by other private or Governmental organizations.

In its educational commitment, the Centre seeks to contribute to the development of a cadre of expert researchers whose abilities and skills will contribute to this community regardless of the position which such researchers may come to occupy in the future. The Centre's educational functions both at the post-baccalaureate and the pre-baccalaureate levels are, in turn, coordinated with the Boards of Studies of the relevant fields. Undergraduate students participate in the research efforts and receive training in field work, interviewing, and other aspects of social research.

Translation Centre

The Centre for Translation Projects was established in 1971 with a grant from The Asia Foundation. It is at present concerned with research and publication involving English-Chinese and Chinese-English translation.

In translating from Chinese into English, the work is mainly in the areas of literature, history and philosophy. A continuing vehicle for this is the English-language journal, Renditions, devoted to translations of Chinese materials, classical and contemporary. Published semiannually, the magazine has an international circulation among students of translation, Chinese studies, and comparative literature. It serves as a regular outlet for the works of scholarly and literary translators in Hong Kong and elsewhere. It also provides a forum for discussion of the art of translation and a medium through which Chinese literature is made accessible to the Western reader.

A projected series of “Renditions Books” will publish new translations from Chinese literature, including anthologies of poetry, drama, fiction, and classical and contemporary prose. These books will be issued by the University and distributed or co-published by scholarly publishers abroad.

In translating from English into Chinese, the emphasis is on the social sciences, with projects in the humanities and the natural sciences as well. The Centre collaborates with the academic departments in sponsoring translation symposia, compiling glossaries of scientific terminology, and translating and publishing scholarly monographs. Already published is the volume Essays on Classical Chinese Literature by British and American Scholars. A projected series of books will include titles on various aspects of social change, translated from standard English works, of which two are presently being readied for the press.

In carrying out its work the Centre cooperates with the various Boards of Studies and Departments of the University, and serves them in a consultative capacity. It also maintains close relationship with the academic Committee on Translation to the end that teaching, research and publication will profit from one another.
DEPARTMENT OF EXTRAMURAL STUDIES

The Department aims to serve the community by offering opportunities for continuing education, utilising the teaching and research resources of the University as well as the community as a whole. The goals are personal enrichment and enhancement of professional and vocational competence.

The Department offers a large number of courses in different fields of study, including the following:

- Chinese
- Philosophy, Psychology & Social Sciences
- History & Geography
- Economics, Commerce & Law
- Education
- Science & Mathematics
- English
- Art
- Computer Science

Apart from general Extramural courses, the Department has to-date run the following Certificate Courses: Hotel Management, Social Welfare, Tourist Guiding, Advanced Translation, Applied Design, Transistor Technology, Librarianship, Computer Fundamentals & Programming, Chinese History, The Teaching of Modern Mathematics in Secondary Schools, Tourism: Promotion & Techniques, Certificate Course for Teachers of Primary Mathematics, Chinese Literature, General Banking Administration, Hotel Operation, Basic Systems Analysis, Personnel Management, Industrial Design, Graphic Design, Film & T.V. Studies, Advanced Electronics, Music, Design and Construction of Structural Projects, Practical Accountancy, Library Assistants, Foundation Course in University Mathematics, Modern Chinese Ink Painting, Medical Laboratory Technology (Refresher Course), Nurse-Teacher in Schools of Nursing. The following Certificate Courses are in progress: Basic Business Administration, Buddhism, Foundation Course in University Mathematics (II), Advanced Translation (III), Kindergarten Teaching, Film Making. Participants in Extramural courses include persons from all walks of life of various ages and levels of education. The enrolment figures since April 1965 are as follows:

- 1965–66: 4,717
- 1967–68: 7,710
- 1968–69: 9,760
- 1969–70: 9,955
- 1970–71: 12,478
- 1971–72: 13,422
- 1972–73: 15,609
- 1973–74: 18,778
- 1974–75: 19,659
The Department also offers correspondence courses in English and Chinese Writing, English and Chinese Language and Literature, Business Administration, Principles of Economics, Child Development and Care, Design, Chinese Painting, Introduction to Modern Mathematics, etc.

The Department started radio courses in Business Administration in collaboration with Commercial Radio in 1973, and later English courses with Radio Hong Kong. An "ITV Programme" (Instructional Television) commenced transmission in September 1975, with CTV.

The Extramural Town Centre is located at 809-816, Star House, Tsimshatsui, Kowloon.

Information brochures and leaflets are issued regularly and are obtainable free on request. For further information, call 3-669361 or write to the Department of Extramural Studies, The Chinese University of Hong Kong, Hang Seng Bank Building, Carnarvon Road, Kowloon.
THE NEW ASIA — YALE-IN-CHINA

CHINESE LANGUAGE CENTRE

The New Asia — Yale-in-China Chinese Language Centre lays claim internationally to being one of the leading institutions for teaching Mandarin and Cantonese. Its courses are designed primarily for non-native speakers of Chinese. Founded in 1963 under the joint auspices of New Asia College and the Yale-China Association, the Centre became a part of the University on 1st July 1974. The Centre now has two campuses, one at 6 Farm Road, Kowloon, and one on the University campus in Shatin, N.T.

Every year over one hundred students come from different parts of the world to study at the Language Centre. These students range from absolute beginners to trained sinologists who wish to brush up their spoken Chinese or learn a Chinese dialect. Courses are offered at all levels so that any student can find training suitable to his needs and ability. Indeed, the Centre makes every effort to flexibly accommodate the particular demands of each student.

The Language Centre also offers Mandarin courses for hundreds of local Cantonese-speaking residents. The faculty of the Language Centre prepares a significant portion of its own teaching materials and audio-visual aids for its students.

_Study at the Language Centre_

The Kowloon campus of the Language Centre operates on a quarter system, each quarter lasting eleven weeks. Students may register for admission beginning in any quarter. There are beginners courses offered at the beginning of each quarter. The intensive programme of fifteen hours of classroom instruction per week constitutes the maximum course load. Students may also register for six or nine hours, depending on the courses being offered in any one quarter. The maximum class size is 7 students, while most classes average between 4 and 5, with the more advanced classes generally having fewer students. In exceptional cases, private tutorials are available.

The Language Centre has a full complement of tapes, both reel to reel and cassette, for its spoken materials. Students may borrow tapes from the Centre’s tape library or may, for a small fee, have personal copies made of non-copyrighted materials. Language Laboratory facilities are available on the University campus as well as cassette tape recorders which students may borrow for short periods.
The Academic Staff

The Language Centre at present has 17 full-time instructors and 10 part-time instructors in both the Cantonese and Mandarin departments. They are all native speakers with at least a B.A. degree and an average experience in teaching Chinese as a second language of 8 years.

Teaching Materials and Methods

The Centre's teaching methods and materials derive from those originally developed and prepared by the Institute of Far Eastern Languages at Yale University. However, most of the teaching materials now used at the Centre are up-to-date revisions of published materials or entirely new texts written by the Centre's faculty. The teaching methods follow the most modern linguistic and psychological principles. As a policy, the Language Centre uses, in every instance possible, Chinese to the exclusion of any other foreign language so that all advanced courses are taught in the medium of either Cantonese or Mandarin. The exceptions are in giving grammatical explanations, translation and occasionally in newspaper reading.

Fees

The tuition fee per quarter for a student in a group class (3-7) is:

<table>
<thead>
<tr>
<th>Type</th>
<th>Hours/week</th>
<th>Fee ($/term)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Intensive</td>
<td>15</td>
<td>1,650</td>
</tr>
<tr>
<td>Full-time</td>
<td>9</td>
<td>1,188</td>
</tr>
<tr>
<td>Part-time</td>
<td>6</td>
<td>792</td>
</tr>
</tbody>
</table>

Students taking private tutorials will be charged on the basis of HK$30.00 per hour of instruction, while each student in a class of two will be billed on the basis of HK$15.00 per hour.

Credits

The Language Centre gives credits according to the American pattern and issues grades and transcripts. Study at the Centre has been recognized by major American universities for degree credit. For students from institutions that do not use the credit system, transcripts are prepared in sufficient detail to present a clear picture of the work accomplished by each student.

Inquiries

The Centre will be pleased to receive any inquiries about its programme or the possibility of studying at the Centre. All correspondence should be addressed to the Director, New Asia — Yale-in-China Chinese Language Centre,
The Chinese University of Hong Kong, 6 Farm Road, Kowloon, Hong Kong.
Telephone: 3-010225-7.

REGULATIONS
MATRICULATION REGULATIONS, 1976

1. General

(a) The Chinese University of Hong Kong Matriculation Examination, hereinafter referred to as the Matriculation Examination, shall be conducted in accordance with these Regulations by The Chinese University of Hong Kong Matriculation Board, hereinafter referred to as the Matriculation Board.

(b) Fulfilment of the matriculation requirements or exemption therefrom according to these Regulations shall be a prerequisite for admission to courses in the Foundation Colleges of The Chinese University of Hong Kong.

(c) The Foundation Colleges may prescribe additional requirements over and above those set out in these Regulations.

(d) All communications concerning the Matriculation Examination shall be addressed to the Secretary of the Matriculation Board.

2. Qualifications for Entry

(a) Except as provided in (b) below, no student shall be eligible to enter the Matriculation Examination unless he has

i. passed the Hong Kong Chinese School Certificate Examination or the Hong Kong English School Certificate Examination with passes in both Chinese and English at one and the same examination, and has subsequently studied a full course in a registered day-school for at least one year taking a minimum of five subjects relevant to the Matriculation Examination; OR

ii. gained in the Hong Kong Certificate of Education Examination (Chinese) or the Hong Kong Certificate of Education Examination (English) Grade E or above in at least five subjects including Chinese and English at one and the same examination, and has subsequently studied a full course in a registered day-school for at least one year taking a minimum of five subjects relevant to the Matriculation Examination; OR

iii. gained in the Hong Kong Certificate of Education Examination (Chinese) or the Hong Kong Certificate of Education Examination (English) or equivalent examinations at least Grade C or above in five subjects relevant to the Matriculation Examination at one and the same examination. Chinese and English must be passed at Grade E or above, if they are not included in these five subjects; OR
iv. gained in 1974 or 1975 in the Hong Kong Certificate of Education Examination Grade E or above in at least five subjects including Chinese Language or Chinese Literature and English Language at one and the same examination, and has subsequently studied a full course in a registered day-school for at least one year, taking a minimum of five subjects relevant to the Matriculation Examination; OR

v. gained in 1974 or 1975 in the Hong Kong Certificate of Education Examination or equivalent examinations at least Grade C or above in five subjects relevant to the Matriculation Examination at one and the same examination. Chinese Language or Chinese Literature and English Language must be passed at Grade E or above, if they are not included in these five subjects; OR

vi. completed a six-year course in a registered secondary school and passed the Hong Kong Chinese School Certificate Examination with passes in both Chinese and English in or before 1965.

N.B. A pass at lower level in any subject is not acceptable.

(b) Applicants possessing other qualifications or pleading special circumstances shall be considered on their individual merits.

3. Date and Fees of the Matriculation Examination

(a) The Matriculation Examination will be held in the latter part of April each year.

(b) Entry forms may be obtained from the Secretary of the Matriculation Board from 1st November each year and entry procedures must be duly completed before 15th December in the year preceding the Examination. In very special circumstances late entries may be accepted up to 27th December with the approval of the Secretary of the Matriculation Board. No entry will be accepted after 27th December.

(c) Three identical photographs (2" × 1½") of each candidate, taken within the previous three months, will be required, one to be affixed to his entry form, one to his admission card, and the third to the Matriculation Certificate if he fulfils all the matriculation requirements.

(d) Entry fees will be HK$80.00 for each candidate offering FIVE subjects. HK$15.00 will be charged for each additional subject in excess of five. An extra fee of HK$65.00 will be charged for late entry.

(e) Entry fees are not refundable and cannot be transferred to a subsequent examination after application for entry is accepted.
4. Subjects of the Matriculation Examination

(a) The subjects of the Matriculation Examination will be:—

i. Chinese Language and Literature

ii. English Language

iii. Chinese History

iv. History

v. Geography

vi. Biology

vii. Chemistry

viii. General Mathematics

ix. Higher Mathematics

x. Physics

xi. Fine Arts

xii. Economics and Public Affairs

xiii. Music

(b) Choice of subjects:—

i. No candidate shall sit for less than five subjects or more than seven subjects at one examination with the exception of cases provided in 6(b) and (c).

ii. A candidate who passes in both Higher Mathematics and General Mathematics can only count his pass in one of these two subjects.

5. Matriculation Requirements and Faculty and/or College Admission Requirements

(a) Except as provided in Regulation 6 below, a candidate must at one and the same examination pass in Chinese Language and Literature, English Language and three other subjects in order to fulfil the Matriculation requirements.

(b) In order to be eligible for admission to a Foundation College an applicant must, in addition to fulfilling the matriculation requirements, satisfy any faculty and/or college requirements which may from time to time be prescribed by the Faculty and/or College.

6. Application for Exemption

(a) Applicants who have fulfilled the matriculation requirements of the University of Hong Kong with passes in three Advanced Level subjects including Chinese Language and Literature at one and the same examination may be considered as having completed the matriculation requirements of this University.

(b) Applicants who have fulfilled the matriculation requirements of the University of Hong Kong with passes in three Advanced Level subjects not including Chinese Language and Literature at one and the same examination and have obtained a pass in Chinese Language and Literature paper in the Matriculation Examination may be considered as having completed the matriculation requirements of this University.
(c) Applicants who have received their secondary education outside Hong Kong and have completed at least one year of university study in a recognized university may apply for exemption and may be required to pass the Chinese Language and Literature and/or English Language paper in the Matriculation Examination.

(d) Mature persons who are aged 29 or over on 1st September in the year when admission is sought and who cannot meet the normal matriculation requirements may apply for matriculation exemption and university admission simultaneously in March of that year, provided:

i. (a) they are able to show either by publication or by other acceptable evidence of mature age study that they have achieved competence in their chosen field of study sufficient to justify admission, OR

(b) they have shown exceptional ability in appropriate academic or professional fields; AND

ii. they can produce evidence of at least three years' continuous residence in Hong Kong.

However, they may be granted exemption only if and when their application for admission is accepted by the Faculty concerned.

(e) Except as provided in (d) above, application for exemption must be made to the University Registrar between 1st November and 15th December each year.

(f) A fee of HK$80.00 is payable on application and is not refundable whether exemption is granted or not. The special entry fee for each language paper is HK$20.00.

(g) Except as provided in (d) above, students who have been granted exemption may apply to the University Registrar for admission in June.

7. Disqualification

The Board may at its discretion disqualify a candidate who breaks any of the Regulations or Instructions made for the conduct of the Examination.

8. Announcement of Results

The Pass List for the Examination will normally be published at about the end of June.

9. Effective date of Regulations

These Regulations will be effective as from 1st September, 1975.

10. In all matters pertaining to the Matriculation Examination, the decision of the Matriculation Board is final.
REGULATIONS FOR THE DEGREE EXAMINATION
1976

Section I — General

1. The Degree Examination of The Chinese University of Hong Kong, hereinafter referred to as the Examination, shall be conducted in accordance with these Regulations by the Undergraduate Examinations Board, hereinafter referred to as the Board, constituted under the Senate of the University.

2. Success in the Examination, in accordance with the requirements laid down by the Board, shall be a prerequisite for admission to the bachelor's degree of The Chinese University of Hong Kong.

3. The Examination shall be conducted in two parts: Part I and Part II. The Part I Examination is intended for students who have satisfied the requirements for promotion to the third year, and the Part II Examination for students who have passed the Part I Examination.

4. The Examination will be held in about the first week in the month of May each year.

5. Candidates shall be notified through their own Colleges of the timetable for the Examination and the centres at which the Examination will be held.

6. The principal language used in the Examination shall be Chinese, but Boards of Studies or Committees concerned may decide upon the language or languages to be used in setting the examination papers and in answering them.

7. Successful candidates in both Part I and Part II of the Examination shall be recommended by the Board to the Senate for the award of a Degree in Arts, Science, Business Administration or Social Science, in accordance with their major subjects.

8. A list of successful candidates recommended for the award of a degree will be published by the Board at about the end of July each year.

Section II — Entry Requirements

1. Entry to Part I of the Examination is restricted to candidates who have

   (a) previously passed the Matriculation Examination of The Chinese University of Hong Kong or been exempted from it,
(b) previously satisfied the requirements for promotion to the third year,

(c) pursued an approved course of study extending over at least three years as full-time students at one of the Foundation Colleges, except as provided for in Statute 23(4), and

(d) registered with the Board during their second year of studies as candidates for the Degree Examination on the prescribed form supplied by the Examination Secretariat.

2. Entry to Part II of the Examination is restricted to candidates who have

(a) previously obtained a Pass or Recommended Pass in Part I of the Examination, and

(b) pursued an approved course of study extending over at least four years as full-time students at one of the Foundation Colleges, except as provided for in Statute 23(4).

3. A candidate who has previously entered for the Degree/Diploma Examination of The Chinese University of Hong Kong may be permitted to enter for Part I and Part II of the Examination in two successive years provided he has not already had two attempts in the Degree/Diploma Examination.

4. Any candidate not covered by the above Regulations shall be eligible for admission to the Examination only if the sanction of the Board has been obtained.

5. Candidates for this Examination must apply, through their Colleges, for admission to the Examination on the prescribed forms supplied by the Examination Secretariat. All applications shall be forwarded by the Colleges to the Secretary of the Board not later than 25th January in the year of examination. No application shall be accepted after this date.

Section III — Number of Papers

1. The total number of papers for both the Part I and Part II of the Degree Examination shall not be less than seven and shall not exceed nine.

2. In Part I of the Examination, a candidate shall enter for one to three papers in the major subject and one to two papers in the minor subject(s) as specified for each individual subject, subject to the condition that the total number of papers entered for in Part I of the Examination does not exceed four; and shall not be less than three.

3. In Part II of the Examination, a candidate shall enter for the necessary number of papers to satisfy the requirement that the total number of papers which he enters for in both Part I and Part II of the Examination shall be five or six in the major subject and two or three in the minor subject as specified for each individual subject.
PART V REGULATIONS

Section IV — Part I Examination

1. A candidate who passes all the papers he enters for in the Part I Examination will be awarded a Pass in the Part I Examination.

2. A candidate who fails in one or two papers and yet reaches for all the papers he enters for in the Part I Examination an average mark not lower than the pass mark as decided upon by the Board may be awarded a Recommended Pass in the Part I Examination provided that the result of any paper does not fall below a minimum mark determined by the Board.

3. A candidate who fails to obtain a Pass or a Recommended Pass may be permitted to repeat a year and enter for the Part I Examination of the following year, in which case he shall be required to sit for all the appropriate papers set for the candidates of that year.

4. A candidate who passes the Part I Examination but wishes to repeat his third year owing to change of major/minor subject may be allowed to do so provided that he enters for the Part I Examination of the following year which will be counted as second attempt and that he shall be required to sit for all the appropriate papers set for the candidates of that year unless exemption from taking certain papers has been obtained from the Board on the recommendation of the Boards of Studies or Committees of the candidates' major/minor subject concerned.

5. No candidates shall be allowed to sit for the Part I Examination more than twice. Any second attempt should be made in the year immediately following his failure, unless permission of the Board for postponement is obtained.

Section V — Part II Examination

1. A candidate who passes all the papers he enters for in the Part II Examination will be awarded a Pass in the Part II Examination.

2. A candidate who fails in one or two papers and yet reaches for all the papers he enters for in the Part II Examination an average mark not lower than the pass mark as decided upon by the Board may be awarded a Recommended Pass in the Part II Examination, subject to the conditions that the total number of failure papers in the Part I and Part II Examination together does not exceed two and that the result of any one paper does not fall below a minimum mark determined by the Board.

3. A candidate who fails to qualify for a degree shall be permitted to enter the Part II Examination of the following year, in which case he shall be required to sit for all the appropriate papers set for the candidates of that year.

4. No candidates shall be allowed to sit for the Part II Examination more than twice. Any second attempt should be made in the year immediately following his failure, unless permission of the Board for postponement is obtained.

Section VI — Award of Degrees

Degree awarded to successful candidates shall be classified as follows:

(a) Bachelor's Degree with Honours, 1st Class
(b) Bachelor's Degree with Honours, 2nd Class Upper Division
(c) Bachelor's Degree with Honours, 2nd Class Lower Division
(d) Bachelor's Degree with Honours, 3rd Class

Section VIII — Disqualification

The Board may at its discretion disqualify a candidate who breaks any of the Regulations or Instructions made for the conduct of this Examination.
REGULATIONS OF THE UNIVERSITY
LIBRARY SYSTEM

The University Library System consists of the University Library and the three College Libraries of Chung Chi College, New Asia College and United College. The University Library is primarily for the research and advanced studies of the faculty, staff and graduate students of the University, although undergraduates may also use it. The College Libraries stock the reference books, the basic textbooks and supplementary materials for undergraduate courses in the curricula of the Colleges. The following Regulations apply in all four Libraries, and all members of staff of the University Library System are expected to enforce them. The Senate Library Committee reserves the right to revise these regulations at any time.

The hours of opening are posted at the entrance of each Library and are adapted to the semester schedules. The Libraries are closed on public holidays.

LIBRARY PRIVILEGES

Library privileges are personal and individual. They may not be transferred to, or used on behalf of, other persons.

Privileges of the Library fall into three categories:

1. Borrowing

Borrowing privileges are extended to all registered students and academic/administrative staff of The Chinese University of Hong Kong.

Others may apply to the University Librarian for special Borrowers’ Cards. Clerical staff, technicians and spouses of the faculty and administrative staff of the University may also apply to the University Librarian for borrowing privileges.

2. Reading

The privilege of reading is extended to visiting scholars, to researchers and to graduates of this University upon application to the University Librarian. Reserve books, however, are for the exclusive use of students and faculty of the University.
3. Privileges of special facilities

Carrels: Not reserved for any category of Library user, carrels are available for the convenience of all.

Faculty Studies in the University Library: On application to the University Librarian, Assistant Lecturers (and above) may reserve a Study for three months, renewable if its use justifies it. Others who are engaged in research may also apply.

Seminar Rooms in the University Library: Upon application to the University Librarian, a Seminar Room may be reserved for a lecture or for a series of lectures or meetings which would benefit from the use of library materials and resources.

Photocopying: Upon request at any of the Libraries, a reader may obtain at cost photocopies of materials, provided there is no infringement of copyright.

Interlibrary loans: The reference librarians will attempt to obtain from other libraries books which are not owned by the University Library System and which cannot be readily purchased.

ADMISSION TO THE LIBRARIES

Every user of the Libraries must show a University Identification Card, a Borrower’s Card or a Reader’s Card at the Control Counter. Applications for Borrowers’ Cards and Readers’ Cards are made at the Circulation Desk.

Borrowers’ Cards and Readers’ Cards are not transferable and must be produced upon request. Loss of a Borrower’s Card must be reported to the Library immediately; a duplicate card may be issued two weeks after the loss is reported. Only one duplicate will be granted within a semester. Change of address should also be reported to the Library as soon as possible.

Visitors, accompanied by a person entitled to use the Libraries, may be admitted with the permission of the Librarian or a deputy.

All Library users must enter and leave through the entrances and exits designated for these purposes.

BORROWING REGULATIONS

Borrower Categories

Users of the University Library System to whom the borrowing privilege is accorded are grouped into the following categories:

1. Registered students of The Chinese University of Hong Kong.
   a) Undergraduate students.
   b) Graduate students; tutors/demonstrators who are registered students working part-time.
PART V REGULATIONS

2. Faculty members: all teaching staff, including *full-time* tutors/demonstrators.

3. Administrative staff: administrative assistants and above.

4. CUHK graduates: Upon payment of a fee of $50 per annum.

5. Special categories:
   a) Clerical staff and technicians, with the recommendation of their division heads.
   b) Spouses of the faculty and administrative staff.
   c) Others, upon special application.

Categories 1, 2 and 3 who identify themselves at the Circulation Desk may obtain an Intercollegiate Borrowing Card.

**Borrowing Limits**

Individuals may borrow within the limits of the following schedule:

Category 1a. Undergraduate students: 10 volumes (books) for two weeks.

Category 1b. Graduate students, part-time tutors/demonstrators: 15 volumes (books) for one month.

Categories 2-3. Faculty members and administrative staff: 30 volumes may be borrowed for one semester, although they should be returned as soon as they are no longer required. *Bound periodicals* and non-current single issues may be borrowed for periods of three days. *Current periodicals* may be borrowed for overnight use only.

Category 4. CUHK graduates: 3 volumes (books) for two weeks.

Category 5a. Clerical staff and technicians: 5 volumes (books) for two weeks.

Category 5b. Spouses of the faculty and administrative staff: 1 volume (book) for two weeks.

Category 5c. Others, according to special arrangement.

All books taken from the bookstacks must be charged at the Circulation Desk. Reserve Books must be charged at the Reserve Book Counter; there are varying borrowing limits on these books.

Books obtained on interlibrary loan are borrowed through the courtesy of other libraries and their restrictions as to loan period and renewal are therefore observed. Usually the loan period is two weeks and the books may have to be used only in the Library. Photocopies of periodical articles may be obtained at cost in lieu of the whole volume or issue.
Reference books, rare books, microforms and other audio-visual materials do not circulate.

Renewals

Borrowers may renew loans for two additional periods. To avoid fines renewals must be made on or before the last date of the initial loan period. Borrowers, with the exception of Categories 2-3 must renew their loans at the Circulation Desk of the issuing Library.

Faculty members and administrative staff who require a book for more than one semester may renew it in writing. After two renewals, however, the book must be returned to the library shelves for at least one month so that it may be available to others; it may not be borrowed by the same individual within that period.

No book may be renewed if it is required by another person.

Recall

Circulating books and journals to be put on reserve for courses are subject to recall at any time. All other loans are subject to recall after two weeks (the initial loan period). Borrowers should respond to a recall promptly.

Books which are urgently required for brief consultation and which have been on loan for less than two weeks may be recalled for a period of one day.

Overdue

The last date of the loan period is stamped on the date due slip at the back of each book loaned. When the loan period expires, an overdue notice is sent to all categories of borrowers. However, the responsibility of returning books on time lies with the borrower.

Fines

All categories of borrowers except 2 and 3 who keep books beyond the loan period are subject to a fine of HK$0.50 per book per day. A fine of HK$0.50 per hour will be charged for each reserve book overdue.

Losses

Borrowers who fail to return books or who return books damaged beyond repair will be charged the cost of replacement (including binding) in addition to the processing cost of HK$10.00 and any accumulated fine. Damaged books and marked pages should be reported to the Librarian as soon as noticed.
CONTROL COUNTER

Under normal circumstances, all parcels, brief cases, bags, umbrellas, cameras, etc., should be deposited on entering the Library. No food or beverages may be taken into the Library. On leaving the Library, all books, etc., must be inspected.

LOSS OF PRIVILEGES

People who are engaged in noisy activities outside a Library building will be refused admission to the Library.

Minor infractions, such as smoking, shouting and other disturbances, are forbidden in all parts of the Libraries. The Librarian or an appointed deputy may expel from the building for the remainder of the day any person who is acting to annoy others or who is damaging books or other property in the Library. Payment must be made to cover all damages.

A gross breach of the Regulations may subject the borrower to a loss of library privileges.

a) Overdue books — After normal recall procedures, a written warning will be sent. If this is ignored, borrowing privileges will be withheld in all the Libraries until the return of the book(s) and the payment of accrued fines.

b) Payment of charges — If a person refuses to pay any outstanding charges (fines, replacement costs of damaged book or repair of damaged property), all the Libraries will withhold his borrowing privileges until the account is cleared.

Repeated offenses may lead to a total loss of the privilege of using the Libraries’ facilities.
