The emblem of the University is the mythical Chinese bird feng (鳳), which is chosen because of its symbolism as Bird of the South since the Han Dynasty. It is also a symbol of nobility, beauty, loyalty and majesty.

The University colours are purple and gold, representing devotion and loyalty (purple), perseverance and resolution (gold).

The motto of the University is ‘博文約禮’ (bo wen yue li); ‘博文’ is to broaden one’s intellectual horizon; ‘約禮’ is to keep within the bounds of propriety.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the Analects of Confucius that the Master says, ‘The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.’ (Legge’s version of the Four Books)

In choosing ‘博文約禮’ as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.

Introduction

Incorporated in October 1963 under a Hong Kong Ordinance, The Chinese University of Hong Kong is a bilingual (Chinese and English) and bicultural institution of higher learning. Its objectives are to (i) assist in the preservation, dissemination, communication and increase of knowledge; (ii) provide regular courses of instruction in the humanities, the sciences and other branches of learning of a standard required and expected of a university of the highest standing; and (iii) stimulate the intellectual and cultural development of Hong Kong and thereby to assist in promoting its economic and social welfare.

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956). In December 1976 a new ordinance was enacted, making important changes in the constitution governing the University and the constituent colleges. An ordinance for the fourth college, Shaw College, was enacted in July 1986. The new college became operational in 1988.

The University is a self-governing corporation drawing its income mainly from grants made by the Hong Kong Government, supplemented by fees and donations from private sources.

The governing and executive body of the University is the Council, which has the management and control of the affairs, purposes and functions of the University. The Senate has the control and regulation of instruction, education and research.

A wide range of full-time undergraduate programmes leading to the BA, BBA, BEd, BEng, BMedSc, MB ChB, BNurs, BPharm, BSc and BSSc degrees are offered by various departments under the faculties of arts, business administration, education, engineering, medicine, science, and social science. There are eight part-time degree programmes leading to the degrees of BA, BBA, BEd, BNurs and BSc.

Postgraduate programmes leading to the degrees of PhD, Dmus, MA, MArch, MBA, MDiv, MED, MFA, MMus, MNurs, MPH*, MPhil, MSc, MSSc, MSW degrees and two diplomas are offered by the Graduate School through its 35 graduate divisions.

* Subject to statutory amendment.
While the principal medium of instruction is Chinese, English is also widely used. Indeed, the majority of the teaching staff are bilingual (Chinese/English) and have studied and/or taught in major universities all over the world. The University is international in outlook and enjoys close associations with many universities, foundations and organizations abroad.

The total enrolment of the University in the academic year 1994–95 was 12,047, including 9,760 undergraduate and 2,287 postgraduate students.

The University has nine research institutes, under which are a number of research centres. They are the Institute of Chinese Studies, the Research Institute for the Humanities, the Asia-Pacific Institute of Business, the Hong Kong Cancer Institute, the Institute of Science and Technology, the Institute of Mathematical Sciences, the Hong Kong Institute of Asia-Pacific Studies, the Hong Kong Institute of Educational Research, and the Hong Kong Institute of Biotechnology, which has been incorporated as a self-supporting research and development entity.

Extensions of the University include the School of Continuing Studies and the New Asia Yale-in-China Chinese Language Centre.

General Information
The University

Origin

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956), which drew, in their early days, a sizeable proportion of their teachers and some of their students from mainland China.

In 1957, these three colleges came together to form the Chinese Colleges Joint Council with the object of securing government recognition of their efforts in providing higher education for the young people of Hong Kong. In 1959, Mr. John S. Fulton (later Lord Fulton of Fulmer) was invited to advise on the general lines of development for the three colleges as a whole. In 1960, the government introduced the Post-Secondary Colleges Ordinance and Regulations, which approved financial support to the three colleges with a view to raising their academic standards.

In 1961, a University Preparatory Committee, chaired by Dr. the Hon. Sir Cho-Yiu Kwan, was appointed to advise on sites and buildings and matters relating to the establishment of the University. A group of advisers from Britain and the United States visited Hong Kong in the same year to advise the colleges on the development to university level of courses in arts, science, commerce and social science. The report of these advisers was encouraging, and so in 1962, the government appointed a commission under the chairmanship of Mr. John S. Fulton to consider and determine whether and how a Chinese university should be created from the three colleges.

The Report of the Fulton Commission, known as the Fulton Report and published in April 1963, recommended the establishment of a new university. Shortly after its publication, the Report was approved in principle by the government. A Provisional Council was set up in June 1963, and The Chinese University of Hong Kong Ordinance and Statutes were enacted in September of the same year. On 17th October 1963 the University was formally inaugurated.

The Ordinance

In November 1975, the Governor, in his capacity as Chancellor of the University, appointed an external commission to review the constitutional arrangements governing the University
and its constituent colleges. Lord Fulton of Falmer was again invited to serve as chairman of the commission.

The second Fulton Report was submitted to the Chancellor in March 1976 and published in May. The Report recommended important changes to the constitutional arrangements governing the University and the colleges. Under the new arrangements proposed by the commission, the University would be responsible for academic and development policy, financial management, the matriculation of students, the appointment of staff, the determination of the curriculum, the conduct of examinations and the award of degrees. The participation of senior academics in the governing bodies of the University would be strengthened. In addition, the Report recommended that the University should strive to strike a balance between 'subject-orientated' teaching and small group 'student-orientated' teaching, and that the latter should be entrusted to the colleges. This 'student-orientated' teaching would be designed to build in the students habits and frame of mind characteristic of experts in their chosen fields and to equip them with the necessary skills for meeting new challenges in a rapidly changing world. A new ordinance to give effect to the recommendations in the second Fulton Report was enacted in December 1976.

In 1986, the University received a generous donation from the Shaw Foundation (Hong Kong) Ltd. for the specific purpose of establishing a fourth college, Shaw College, which began admitting students in September 1988. The Ordinance and the Statutes were further revised to provide for the establishment of Shaw College.

The Ordinance and the Statutes of the University incorporating the amendments over the years are printed on pp. 243–275 of this Calendar.

Academic Structure and Policy

The Chinese University of Hong Kong is a growing university offering a range of full-time and part-time programmes which lead to bachelor's degrees, master's degrees and doctorates.

There are seven faculties (arts, business administration, education, engineering, medicine, science, and social science) and a total of 59 departments offering 43 major programmes and 30 minor programmes for full-time undergraduate students, and eight part-time undergraduate programmes for part-time students.

Postgraduate programmes including 35 doctoral programmes, 60 master's programmes and two diploma programmes are offered by the Graduate School through its 35 graduate divisions.

The Senate has control over instruction and research. The faculties advise the Senate through the faculty boards on the programmes of studies recommended by the departments. The departments are responsible for subject-orientated teaching. The colleges, in turn, are responsible for student-orientated teaching and the provision of residential accommodation. All teaching staff and undergraduate students are assigned to different constituent colleges.

Undergraduate Studies

At its inception the University's undergraduate curriculum was based on a combination of the credit unit system and the degree examination system. After a comprehensive review in the mid-eighties, the University decided to adopt a pure credit-unit based curriculum structure. From 1991–92 onwards, greater flexibility was introduced in students' selection of courses and pace of study.
Full-time Undergraduate Studies
The University endeavours to provide a wide variety of major and minor programmes to meet the changing needs of society. In 1994-95, several new major programmes were introduced: translation under the Faculty of Arts, physical education & sports science and primary education under the Faculty of Education, mechanical and automation engineering under the Faculty of Engineering, and environmental science and food & nutritional sciences under the Faculty of Science. In 1995-96, in addition to the post-registration nursing programme introduced in 1991-92, the Faculty of Medicine will launch a new four-year pre-registration nursing programme for secondary seven students. The new programme will operate on a modular curriculum structure instead of a credit-unit system and will prepare graduates for registration as general nurses in accordance with the requirements of the Nursing Board of Hong Kong.

Part-time Undergraduate Studies
The Part-time Degree Programmes were first launched in 1981-82 with classes conducted in the evening. The eight part-time degree programmes currently offered are biology and chemistry, business administration, Chinese and English, mathematics and statistics, music, nursing, physical education, and primary education.

Postgraduate Studies
Doctoral programmes of the University were first introduced in 1980-81. With the introduction of two new PhD programmes in translation and mechanical & automation engineering in 1995-96, there are now 35 doctoral programmes. Master’s programmes were first offered in 1966-67, and the number of programmes has, in 1995-96, increased to 60.

Finance
The University’s main source of income for both capital and recurrent expenses is the Hong Kong Government. Fee income represents a relatively small percentage of the University’s total revenues. In addition, the University and its constituent colleges have small endowment funds at their disposal and also receive contributions from private donors for research and other designated purposes.

Negotiations between the University and the government are conducted by the University Grants Committee. This committee advises the government on the financial requirements of the University.

The total capital cost of buildings on campus amounted to HK$1,142 million by June 1994. Although the majority of the funding has come from the government, the University has also received generous support from private donors, whose contributions constitute about 20 per cent of the total capital cost.

Lands and Buildings
The University has a campus measuring some 134 hectares located on a tract of land under lease from the Hong Kong Government north of the Sha Tin New Town in the New Territories. It commands a scenic view of Tolo Harbour to the north and Tide Cove to the east.

The campus varies in elevation from 4.4 to 140 metres above sea level and has been carved from a rocky promontory into a number of plateaux to provide the sites for buildings of the University and its four colleges, as well as blocks of staff residences.
Buildings for central activities are located mainly at the mid-level. The expanse of land in the valley next to the University Station of the Kowloon-Canton Railway has been the campus of Chung Chi College since 1956. At the highest level are United College and New Asia College, which moved from urban Hong Kong and Kowloon to their present sites in 1972 and 1973 respectively. Each of the original colleges has its own administration and teaching blocks, library, staff/student amenities building, student hostels and staff quarters. Shaw College, commissioned in 1989 at the northwest tip of the campus, has comparable facilities except accommodation for academic departments as it was designed to be a residential college only.

Around the impressive tree-lined University Mall and the University Square featuring a sizeable sculpture and a forum structure with a reflecting pool, the following major central buildings cluster: the University Administration Building; the University Library; the Tin Ka Ping Building incorporating an extended section of the library and several research and academic exchange centres; the Institute of Chinese Studies and the Art Museum with its extension and annex; the Sui-Loong Pao Building (housing offices of the Registry); the Pi Ch’iu Building (housing the Computer Services Centre); the Y.C. Liang Hall (a lecture hall complex); the Sir Run Run Shaw Hall (a 1,500-seat multi-purpose auditorium); the Lady Shaw Building (for the science and engineering departments); the Ho Sin-Hang Engineering Building; the Science Centre Complex; and the Choh-Ming Li Building for Basic Medical Sciences.

Other buildings scattered at the periphery of the central campus include the Benjamin Franklin Centre and John Fulton Centre (two amenities buildings with a swimming pool for staff and students) to the south; the Li Dak Sum Building, Fung King Hey Building, and Leung Kau Kui Building (housing academic facilities mainly for the arts and business administration departments) to the west; the Health Centre, the Yali Guest House, the Chan Kwan-tung Inter-University Hall and the Chiangs Building (a complex of guest house facilities) to the east. By the main entrance stands on guard a Transport and Security Depot whilst clustered on the hilly slopes to the north lie many blocks of staff quarters.

Descending from the mid-level towards the bay are the Postgraduate Hall Complex (dormitories for postgraduates), the Estates and Maintenance Building, the University Sports Centre and the Kwock Sports Building (squash centre and teaching facilities for physical education), and finally the complex of buildings for the Hong Kong Institute of Biotechnology and the Marine Science Laboratory on the waterfront. And along the approach to the University Station sit the Fong Shu Chuen Building and Fong Yun Wah Hall (housing a Chinese language centre), the Ho Tim Building (housing the Faculty of Education), the Hui Yeung Shing Building (housing the University Press and several departments of the Faculty of Arts), the Wong Foo Yuan Building, Teaching Building Block III, and Sino Building (housing the Chung Chi College administration and several departments of the Faculty of Social Science).

In the last two and a half decades, some 90 building structures, large or small, have been erected on this once barren hillside. Major additions in the year 1994–95 include the just mentioned Teaching Building Block III and Sino Building, and some major renovation/alteration to facilities at the Pi Ch’iu Building, the Science Centre Complex, Guest Houses I & II, and extension to amenities facilities at New Asia and United College.

Building projects under construction or active design include the Shanghai Fraternity Association’s Research Services Centre (a building providing animal holding, breeding and operation facilities and other technical support services for the medical and science
departments), two further phases of redevelopment of the teaching and administrative blocks at Chung Chi Campus, a new Science Building Complex, and two tower blocks of staff residences.

Other capital works being planned comprise additional teaching and research facilities for the engineering departments; more hostels for both undergraduate and postgraduate students; a building complex comprising teaching and research facilities for the Faculty of Business Administration, the School of Continuing Studies and a convention centre; and the upgrading and extension of various engineering and building services installations.

The clinical departments of the Faculty of Medicine are housed in the Clinical Sciences Building at the Prince of Wales Hospital, the regional hospital of Sha Tin, about eight kilometres from the main campus.

Residential Accommodation

The University provides several types of accommodation for staff members, academic visitors and students.

Staff Housing

Staff quarters are allocated by the University to appointees who are eligible for staff housing. There are about 300 senior staff flats on campus in multi-storey apartment buildings, some 100 flats for single teachers and other staff, and several blocks of quarters for junior staff. Some 70 flats of staff residences in two tower blocks are undergoing active design for construction.

The Inter-University Hall provides fully-furnished and self-contained quarters for academic visitors coming to the University for periods of one to two years.

Guest Houses

The University operates several guest houses which provide room and board facilities for guests on short periods of stay in the University. The Yali Guest House, completed in 1974, is a gift from the Yale-China Association. The University Guest Houses I and II began operating in 1980 and were renovated recently. Two new guest houses, the Chan Kwan-tung Inter-University Hall and the Chiangs Building, were completed in summer 1992 to provide lodging for up to 180 visitors.

Student Hostels

The University and its constituent colleges operate a number of hostels for students who wish to live on campus.

The Postgraduate Hall Complex, consisting of Sir Cho-Yiu Hall, Lady Ho Tung Hall, and the Postgraduate Hall, provides 350 places for graduate students. Chung Chi College has the largest number of hostels: Ming Hua Tang, Wen Lin Tang, Ying Lin Tang, Hua Lien Tang, Theology Building, Madam S.H. Ho Hall, Wen Chih Tang, and Lee Shu Pui Hall together provide 1,084 places. At New Asia College, the Chih Hsing Hall, Xuesi Hall and Grace Tien Hall can accommodate 770 students. At United College, the Adam Schall Residence, Bethlehem Hall and Hang Seng Hall also have a combined capacity of 770. Hostels I and II of Shaw College, meantime, provide 880 places. More hostel accommodation is being planned to provide for up to 50 per cent of the full-time degree student population.
With the exception of the Postgraduate Hall Complex which has 120 single rooms, most student hostels provide shared accommodation in the form of twin-bed rooms. There are also a small number of special rooms for married students without children.

In addition, the Faculty of Medicine operates the Madam S.H. Ho Hostel for medical students at the Prince of Wales Hospital at Sha Tin, the teaching hospital of the faculty, to provide accommodation for 148 senior clinical students.

Hostel fees range from HK$2,530 to $4,065 a term, depending on the type of accommodation. Detailed information on hostel fees is listed on p. 215.

Liaison with the World of Learning

The University has since its inception in 1963 striven to enhance the cross fertilization of Chinese and Western cultural traditions. To this end, the University has over the years established and maintained relationships with a large number of overseas bodies, including universities, institutes and centres of learning, governmental agencies, and in particular, with regional and international associations of universities.

The University enjoys a close relationship with numerous overseas universities. The first exchange programme was launched in 1965 with the University of California. Since then, university-level student exchanges with Georgetown University and Brown University in the USA, Tsukuba University and Soka University in Japan, Yonsei University in Korea
and the University of British Columbia and the University of Toronto in Canada have also been established. The University is also a member of the International Student Exchange Programme (ISEP), which is based in Georgetown University. These exchanges are coordinated by the Office of International Studies Programmes. Staff exchanges and development programmes are maintained with a number of French, British and German universities through arrangements with respective governments and exchange bodies. In Japan, short-term staff visit programmes with Tsukuba University and Soka University have been established.

The University's constituent colleges too have cultivated links with certain universities abroad. New Asia College has close relations with the Yale-China Association, Chung Chi College with the Wellesley-Yenching Committee and Princeton-in-Asia, and United College with Williams College. For the exchange of undergraduates and graduates, Chung Chi College has made special arrangements with the University of Redlands, Washington and Lee University, International Christian University, and Keio University; New Asia College with Asia University and Soka University; United College with Williams College; and Shaw College with Rensselaer Polytechnic Institute and the University of Victoria in Canada.

Chung Chi College also participates in the Asia-North America Faculty Exchange Programme sponsored by the United Board of Christian Higher Education in Asia, which enables eligible staff to teach as visiting professors for one year in North American universities.

Other units which have exchange relations with overseas institutions of higher learning include the MBA and BBA programmes, and the Department of Japanese Studies. The MBA programmes currently exchange students with New York University, the University of California at Los Angeles, The University of Chicago, The University of British Columbia, The University of Western Ontario, London Business School, York University, the University of California at Berkeley, Columbia Business School and International University of Japan, while the BBA programmes have undergraduate exchange agreements with Queen's College and James Madison University. The Department of Japanese Studies has exchange agreements with Nagoya University of Commerce and Business Administration, Nanzan University, Soka University, Sophia University, Kyorin University, Doshisha University, Ritsumeikan University, Osaka International University and Rikkyo University.

In response to the growing interest of overseas students and scholars in Chinese and Asian studies, the University launched the International Asian Studies Programme in 1977 in cooperation with the Yale-China Association. The programme makes it possible for participants to take credit-earning courses on China and Asia taught in English and Chinese, as well as courses in Chinese language. So far there have been over 1,100 participants from 30 countries. The programme is administered by the Office of International Studies Programmes. For details of admission, see pp. 209–210 of this Calendar.

The facilities at the University for international conferences and seminars have continued to attract scholars from far and wide. The orientation programme for the Luce Scholars Programme administered by the Asia Foundation, for example, has been conducted at the University for more than 10 years. In recent years, the University has been the venue for many regional conferences or gatherings of international stature. Some of these are organized with local organizations, others with institutions abroad including the United Nations Educational, Scientific and Cultural Organization, the Inter-University Consortium

54 Part 2: General Information
for International Social Development, the International Association of Schools of Social Work, the International Public Relations Association, the Association of Commonwealth Universities, the Josiah Macy Jr. Foundation in America, the International Development Research Centre in Canada, French National Centre of Scientific Research, the Association of Southeast Asian Institutions of Higher Learning, and the Southeast Asian Mathematical Society.

The international character of the University has been significantly enhanced by foreign government contributions to the language and literature instruction programmes. Visiting lectureships have been provided by the governments of France, Germany, Italy, Spain, and Japan for instruction in their respective languages, and many graduates of the University have obtained fellowships for advanced studies in these countries. In addition, the University has since its very early days benefited from grants from various foundations for staff development, research, scholarships, and exchange programmes. These foundations include the Lingnan Foundation in New York, the Asia Foundation, the Yale-China Association, the Harvard-Yenching Institute, the World Health Organization, the Fulbright Program, the Leverhulme Trust and the Japan Foundation.

Cooperation with other universities has always been encouraged and maintained through various associations of universities. Today, the University is a member of the Association of Commonwealth Universities (ACU), the Association of Southeast Asian Institutions of Higher Learning (ASAIHL), and the International Association of Universities (IAU). It has also been closely associated with the Committee for International Cooperation in Higher Education (CICHE) in the United Kingdom, and the Institute of International Education in the US.

Over the years, the University and its staff have developed academic links and research collaboration with many educational and research institutions in China. As a result of the open-door policy in China, such exchange activities have been stepped up considerably. Each year, the University receives several hundred academic visitors from various disciplines from different parts of China. They participate in research work, give lectures and seminars and attend staff development courses. Formal exchange agreements have been concluded by the University or its individual departments with Peking University, Renmin University of China, Chinese Academy of Social Sciences, Department of Nationalities of Central University of Nationalities in Beijing, Fudan University in Shanghai, Shanghai Jiaotong University, East China Normal University, Nanjing University, South East University, China Pharmaceutical University in Nanjing, Soochow University, Zhongshan University, South China Normal University in Guangzhou, The Institute of Microbiology in Guangdong, Faculty of Business Administration of Chongqing University, Sichuan Union University, Yunnan University, University of Science and Technology of China, Jilin University, Xian Jiaotong University, and Lanzhou University. The University has also offered courses on international trade and management development for universities and major business enterprises in China. Teachers of the University have served as honorary professors, advisers and consultants for various Chinese institutions.

The University is strongly committed to the continued enhancement and development of its external academic ties and collaborative research activities, and has established a Committee on Academic Links, chaired by one of the University's pro-vice-chancellors, to provide overall supervision for the University's academic link activities.

To assist University units in pursuing these goals, the Office of Academic Links was created in September 1991 to provide better-coordinated and cost-effective administrative
support services. The office also serves as a clearinghouse for information needed by various University units seeking to engage in academic exchange activities and collaborative research programmes. Under the guidance of the Committee on Academic Links, the office represents the University in conversations with outside bodies on matters related to academic links.

The Constituent Colleges

With the reorganization of the University following the enactment of The Chinese University of Hong Kong Ordinance 1976, the boards of trustees of the three original colleges, viz. Chung Chi College, New Asia College and The United College of Hong Kong, have been reconstituted. Each college board is mainly concerned with the management of the movable property and of certain college buildings entrusted to it, as well as the promotion of scholastic and cultural activities of the college.

Each college is governed by an assembly of fellows, chaired by the college head. The assembly of fellows assumes responsibility for making and implementing decisions on various matters relating to the college.

In January 1986, the University received a generous donation of HK$100 million and subsequently, an additional gift of HK$10 million, from the Shaw Foundation (Hong Kong) Ltd., for the establishment of the fourth college in the University. The University Council subsequently decided that the new college be named ‘Shaw College’ and invited Sir Run Run Shaw to be its Patron. To give legal effect to such a development, ‘The Chinese University of Hong Kong (Declaration of Shaw College) Ordinance 1986’ was enacted in July 1986. The new college admitted its first students in 1988.

Chung Chi College

Chung Chi College was founded in October 1951 by the representatives of Protestant churches in Hong Kong to meet the need for a local institution of higher learning that would follow the Christian education tradition of the 13 Christian universities in China. In 1955, it was formally incorporated under an ordinance of the Hong Kong Government.

The college had a very modest beginning using borrowed and rented premises, first in the Cathedral Hall and St. Paul’s Co-educational College, then in Caine Road and Lower Albert Road. Expansion was made possible by financial help from church organizations in North America and Britain. Local churches, firms and private individuals also gave considerable support. In 1956 the college moved to its permanent site in the Ma Liu Shui valley. Between 1959 and 1963 the college received the bulk of its funds from the Hong Kong Government. In 1963 the college was incorporated as one of the three colleges of The Chinese University of Hong Kong.
Chung Chi College started its religious education and theological training programme in 1957. After the establishment of The Chinese University of Hong Kong in 1963, the college set up a Theology Division for the training of Christian ministers, and later established its own Chaplaincy Office to promote religious activities which include college assemblies, Sunday worship services and Christian fellowship programmes.

Academic and cultural activities are regularly organized for both staff and students of the college. They include seminars, college life luncheon talks, annual education conferences, and the Siu Lien Ling Wong Visiting Fellows Programme. Students are also encouraged to take part in extracurricular activities organized by the college student union, departmental societies, class societies, and various interest groups and student hostel associations.

In 1994–95 Chung Chi College had a student population of 2,192, of whom 1,054 were male and 1,138 were female. Most of the students were born in Hong Kong, but a few of them were overseas Chinese. About two-fifths of the students were Christians.

New Asia College

New Asia College was founded in 1949 by its former president, the late Dr. Ch’ien Mu, and a small group of scholars from China. Their aim was to preserve traditional Chinese culture and to balance it with Western learning so that students might understand their cultural heritage and at the same time be capable of coping with the challenges of the modern world.

The college had a humble beginning but soon attracted support both locally and from overseas. Since 1954, it has had the cooperation and support of the Yale-China Association which has been active in educational development in China for many years.* It has also received support from other educational institutions and foundations, notably the Harvard-Yenching Institute, the Asia Foundation, the Rockefeller Foundation, the British Council, the Mencius Foundation, the Ford Foundation, and the Ming Yu Cultural Foundation, Hong Kong. As a grant college from 1959 to 1963, and now as a constituent college of the University, it has received generous financial support from the Hong Kong Government.

Scholarly visits and other cultural activities are arranged throughout the year under different programmes such as the Ch’ien Mu Lecture in History and Culture Programme, the New Asia Ming Yu Foundation Professorship Programme, the New Asia S.Y. Chung Visiting Fellows Programme, the New Asia David Lam Economist Exchange Programme, and the Y.S. Hui Exchange Programme in Fine Arts. Extracurricular activities form an important part of student life in the college and are freely organized by the college student union and a host of student clubs and societies.

In 1994–95, New Asia College had a student population of 2,148, of whom 1,038 were male and 1,110 were female. Approximately 50 per cent of the student population received scholarships, bursaries or other forms of financial assistance.

United College

United College was founded in 1956 by the amalgamation of five post-secondary colleges: Canton Overseas College, Kwang Hsia College, Wah Kiu College, Wen Hua College, and

* The Yale-China Association resumed activities in Chengsha and Wuhan in 1980.
Ping Jing College of Accountancy. The five colleges decided to pool their resources to provide better higher education for local students. The United College of Hong Kong was subsequently incorporated under an ordinance of the Hong Kong Government in 1957 with a board of trustees as its governing body.

In 1962, the membership of the board of trustees was broadened to include representation from the local community, and Dr. the Hon. Kenneth Ping-fan Fung was elected chairman of the board. In July 1962, the board appointed Mr. T.C. Cheng, then Chief Assistant Secretary for Chinese Affairs in the Hong Kong Government, as president of the college. Dr. Cheng assumed office in January 1963. In October of the same year, United College became a constituent college of The Chinese University of Hong Kong.

In March 1971, foundation stones were laid for the five new buildings of the college on the University campus in Sha Tin. In December, the college moved from Bonham Road on Hong Kong Island to its present site on the University campus.

Dr. the Hon. P.C. Woo succeeded Sir Kenneth as the chairman of the college board in May 1972, a position he had to resign from in November 1983 when he was appointed a member of the University Council. He was succeeded by Sir Run Run Shaw as chairman of the board. In December 1988, Dr. Woo was made a permanent member of the board. Sir Run Run was elected honorary chairman and permanent member of the board in December 1991, and was succeeded by Dr. Ho Tin as chairman of the board, a post from which he retired in June 1995. He is now a permanent member of the board, the current elected chairman of which is Mr. Shum Choi-sang.

An endowment fund was established in 1973 under the direction of the board of trustees. It provides essential financial support to many projects and schemes organized by the college, benefitting both students and staff members.

The student union of the college was first inaugurated in 1963 as a statutory body to represent the interests of and provide various services to students of the college. With financial support from the University and the endowment fund of the college, a wide range of extracurricular activities and intellectual exchange projects are organized every year.

In 1994–95, a total of 2,150 students were assigned to United College, of whom 1,022 were male and 1,128 were female.

Shaw College

Named after its Patron, Shaw College was made possible by the generosity of Sir Run Run Shaw, chairman of the Shaw Foundation (Hong Kong) Ltd., which donated HK$110 million to the University for the founding of its fourth constituent college.

An ordinance which gave legal effect to this new development in the University was passed by the Legislative Council in July 1986, and became law on 1st August of the same year. A Board of Trustees of Shaw College then came into being and helped chart the course of the college's development in collaboration with a planning committee appointed by the University Council. Chaired by the former vice-chancellor, Prof. Ma Lin, the planning committee was in turn advised by Sir Quo-wei Lee, Dr. T.K. Ann, Mr. H.J. Shen and Mr. Louis Page.

The foundation stone for the first four buildings of the college was laid on 12th January 1987 by Sir David Akers-Jones, then Acting Governor of Hong Kong, and Sir Run Run Shaw, Patron of the college. In June 1987, the college set up its temporary offices in the Chung Chi Teaching Block near the KCR University Station. In September
1989, the first student hostel (which can accommodate 584 students) was completed. In October the same year, the administration building, Wen Lan Tang, and the visiting scholars units cum staff quarters, Ya Qun Lodge, were also opened for administrative staff, teachers and students of the college. A lecture theatre with a seating capacity of 537 was completed towards the end of 1991. The second student hostel, with 289 places, was completed in summer 1992.

On 2nd March 1990, Shaw College was officially opened by His Excellency the Governor, Chancellor of the University, Sir David Wilson, and the Patron of Shaw College, Sir Run Run Shaw.

Since the formal establishment of the Assembly of Fellows in June 1987, numerous academic and cultural activities have been planned and organized. They include monthly dinner lectures and visits by Sir Run Run Shaw Distinguished Visiting Scholars.

Extracurricular activities form an important part of student life in Shaw College. The first student union was formed in April 1990, and activities along various lines of interest have been organized by different clubs and societies.

In 1994–95, Shaw College had a student population of 2,139, of whom 1,092 were male and 1,047 were female. The first batch of graduates graduated in mid-June 1990, and an alumni association was formed soon afterwards.
Part III

Research Units and University Extensions
The University has established nine institutes to provide faculty members with financial support and other facilities for research. They include the Institute of Chinese Studies, the Research Institute for the Humanities, the Asia-Pacific Institute of Business, the Hong Kong Cancer Institute, the Institute of Science and Technology, the Institute of Mathematical Sciences, the Hong Kong Institute of Asia-Pacific Studies, the Hong Kong Institute of Educational Research, and the Hong Kong Institute of Biotechnology.

Institute of Chinese Studies

The Institute of Chinese Studies was established in 1967 on the basis of a broad conception of Chinese studies. It included what is traditionally identified as Sinology, but emphasized the application of scientific methodology, characterized by quantitative and comparative approaches, and the use of experimental methods where appropriate. Areas of studies related to contemporary Chinese culture and society have also been included among its activities.

The objectives of the institute are to promote Chinese studies by serving as an international centre for maintaining communication and cooperation with other academic and research institutions and scholars in this field; to provide local and visiting academic members of the University with funding and research facilities; to promote the exchange of knowledge and experience in Chinese studies through publications, conferences and research seminars; and to foster the growth of a modern Chinese culture.

Under the Institute of Chinese Studies are the Art Museum, the Centre for Chinese Archaeology and Art, the Ng Tor-tai Chinese Language Research Centre, the Research Centre for Translation, and the Research Centre for Contemporary Chinese Culture. Each of these units is responsible for the promotion of research in its own field. The institute also coordinates special research projects, sponsors seminars, and invites research fellows and visiting scholars from abroad to give lectures in their areas of specialization. The reference reading room of the institute, including the literary collection of the late Mr. Wong Pao-hsie, contains 33,150 volumes of books and 320 titles of periodicals.
The institute publishes the *Journal of Chinese Studies* on an annual basis, and the journal *Twenty-First Century* on a bimonthly one. The units under the institute also issue their own monograph series, studies series, and journals and other publications.

**Art Museum**

The Art Museum, established in 1971, serves as both a teaching museum for the Fine Arts Department and as a centre of research on Chinese art and archaeology. It is an active gallery which mounts special exhibitions of Chinese art at regular intervals along with displays of its permanent collection, providing a valuable service to the community of art enthusiasts in Hong Kong.

Apart from the general collection for teaching purposes, the Art Museum houses a photographic archive and several important research collections of Chinese art and antiquity. Notable amongst the latter are a collection of 1,300 paintings and calligraphy by Guangdong artists and scholars dating from the Ming to recent periods, over 1,000 seals of the Warring States to Qing periods, more than 400 pieces of Chinese jade flower carvings, about 1,200 rubbings of ancient inscriptions and a comprehensive collection of Chinese ceramics.

The Art Museum publishes fully illustrated catalogues to accompany the special exhibitions. In addition, studies on the Art Museum collections and related research topics are published as monographs.

The Art Museum has a Conservation Annex which provides technical support for the museum. This includes the restoration and conservation of works of art, the mounting and restoration of Chinese paintings, woodwork, and photographic services. In 1987, the Yeung Shui Sang Laboratory for Thermoluminescence of Ancient Chinese Ceramics was set up under the joint auspices of the Art Museum and the Department of Physics to conduct research and render service in ceramics dating.

An organization called the Friends of the Art Gallery was founded in 1981 to support the Art Museum and to promote its activities. Membership is open to the public.

**Centre for Chinese Archaeology and Art**

The centre was established in 1978 to undertake research in Chinese archaeology and art. The purpose was to pool the resources of the Art Museum and the departments of history and fine arts to promote cooperation with museums and universities in China and abroad in research programmes. Recently, the centre has shifted the emphasis to field archaeology, and its field work team has become active in local excavations as well as collaborative projects with research centres in mainland China. The centre has published several series of monographs and other specialized materials.

**The Ng Tor-tai Chinese Language Research Centre**

The centre has its origin in the Chinese Linguistics Research Centre which was first established in 1966. It was extended in early 1979 as the Chinese Language Research Centre, and in 1980 it was further renamed The Ng Tor-tai Chinese Language Research Centre.

The main objective of the centre is to engage in comprehensive research on the Chinese language, including fields such as the Chinese script, pronunciation, grammar and vocabulary, and making available to the public in general and to the teachers of Chinese in particular the results of its research in the hope of raising the standard of Chinese language teaching in Hong Kong.
Research Centre for Contemporary Chinese Culture
The centre was established in the academic year 1993–94 in commemoration of the silver jubilee of the Institute of Chinese Studies, and concentrates on three main areas of research: interpretation of modern Chinese history; various aspects of modern Chinese culture, including religion; and comparative studies of modernization. It publishes three book series in cooperation with a mainland Chinese publisher, and sponsors a regular seminar series and two public lectureships.

Research Centre for Translation
In 1971, a Centre for Translation Projects was established with a grant from the Asia Foundation. It was renamed Research Centre for Translation in 1983 as a result of reorganization. The centre has concerned itself with research and publication in the field of English-Chinese and Chinese-English translation.

In translating from Chinese into English, the centre concentrates mainly on the areas of classical and modern literature. A continuing vehicle for this is the English-language journal, *Renditions*, published semiannually since 1973. Included in the centre's projects are a series of *Renditions Books*, of which 18 titles have been published since 1976. To strengthen studies in translation and Chinese literature, the centre introduced a *Renditions Paperbacks* series in 1986; 20 titles have now been published and are distributed worldwide commercially. The success of *Renditions* and its sister publications is reflected in the large number of requests for permission for reprinting and for translation rights received by the centre.

In recent years, the centre has established links with major centres of translation studies in Europe, the US, and China. The centre also serves as an information clearing house in the field of translation studies in this part of the world.

The centre set up a *Renditions Fellowship* in 1989 with the aim of inviting translators of world renown to visit the University and carry out a chosen translation project. Recipients of the fellowship include Burton Watson, Göran Malmborg and Cyril Birch. In addition, a Renditions Honorary Fellowship has been founded to honour translators who have made significant contributions in the field of translation, and a Renditions Research Fellowship has attracted distinguished Chinese researchers of translation history, theory and criticism.

Research Institute for the Humanities
Established in August 1991, the Research Institute for the Humanities has three main objectives: to encourage and coordinate collective, especially interdisciplinary, research in the humanities at the University; to identify areas suited to long-term strategic research; and to organize regional and international conferences on the humanities.

The institute has established five research programmes, each of which consists of a cluster of research projects with well-defined areas of study: (1) comparative study of cultural traditions; (2) comparative literature; (3) human cognition: interdisciplinary and comparative studies; (4) humanities computing and methodology; and (5) Hong Kong cultural studies. The institute also has an associate programme: Cross-cultural Transplant of Western Theories Project. It will implement other interdisciplinary research programmes in the near future.

To provide technical support for its research activities, the institute has set up a microcomputer laboratory, which is an important resource centre for research in the humanities.
The institute is primarily supported by private funds and external research grants. Its activities are governed by a management board comprising senior members of the University.

**Asia-Pacific Institute of Business**

The Asia-Pacific Institute of Business (APIB) was established in 1990. Its overall objective is to assist management in local business enterprises to meet the challenges of the future and to enhance the growth and prosperity of Hong Kong and the Asia-Pacific region through training, consultancy and research activities, which include:

1. Promoting and coordinating management training programmes for administrators at various levels. Senior executive programmes focus on strategy formulation and leadership skills while middle management programmes emphasize the development and refinement of core skills in functional areas of business management. Tailor-made in-house programmes are also provided to meet the specific needs of individual companies.

2. Coordinating and conducting research on major issues and problems which confront managers in the Asia-Pacific region.

3. Providing consultancy services for individual businesses.

4. Publishing journals and occasional papers and sponsoring symposia and conferences so as to provide a forum for the exchange of ideas between managers and researchers.

The APIB is supported primarily by private endowments and corporate sponsorship. The institute’s activities are governed by a management board comprising senior members of the University. The board sets the institute’s agenda and direction to ensure that the institute’s activities are geared to meeting the critical needs of the business community.

**Centre for Financial Research on China**

The APIB’s Centre for Financial Research on China (CFRC) was established in June 1994 to launch research on China’s financial markets and provide related training and consultancy services. It promotes interaction between academicians and practitioners in the region and serves as a clearing house for financial data and research on the financial markets in China and Hong Kong.

The centre runs three major programmes:

1. The CFRC Financial Markets Database Programme, which will create and maintain a **CFRC Financial Markets Database** to support academic and applied research. The database will consist of:
   
   A) a **China and Hong Kong Stock Market Database** which will contain figures of daily stock trading and returns, financial and accounting statistics, and the disclosures of publicly-listed companies in China and Hong Kong;
   
   B) a **China and Hong Kong Financial Derivatives Database** which will contain data on futures, options and mutual funds in China and Hong Kong.

2. The Publication/Research Programme, which will promote and publish interdisciplinary, comparative and applied research on capital markets in the region.

3. The Training/Conference Programme, which will develop consultancy and training programmes for the securities industry in China and Hong Kong, and organize international conferences on the region’s capital markets.
Hong Kong Cancer Institute

The Hong Kong Cancer Institute (HKCI) was established in 1990 as a focus of activities related to cancer and its problems. Its specific purposes are (1) to coordinate, promote and organize activities relating to the prevention and treatment of cancer; (2) to promote and provide training in cancer research; (3) to educate the public on methods of prevention and the early treatment of cancer; (4) to improve the welfare of cancer patients; and (5) to organize seminars, workshops and conferences for advancing its objectives.

The institute’s activities are focused on the Cancer Centre (located at the Prince of Wales Hospital) which was officially opened on 7th November 1994. The centre has clinical services including a paediatric oncology ward, out patient and day patient facilities for adults, counselling service and a comprehensive range of the state-of-the-art diagnostic facilities. There are three floors of laboratory space comprising over 3,500 square metres for cancer research, including a special diagnostic laboratory.

Institute of Science and Technology

The Institute of Science and Technology was first established in 1965. Its objective is to promote interdisciplinary research in the Faculty of Science and the Faculty of Engineering with particular emphasis on projects with long-term regional significance or application value. It is also an important vehicle of the University for cooperation in scientific research, technological development, and consultation with industries, government departments and other universities. Under the institute are four major research centres:

Centre for Environmental Studies

Established in October 1990, the Centre for Environmental Studies aims at promoting interdisciplinary environmental research within the University. It also collaborates with local tertiary institutions, major international research centres, consultancy firms, the Hong Kong Government, and local interest groups to solve environmental problems.

The centre draws on the experience and expertise of an interdisciplinary research team, which comprises academic staff from various fields of studies in the University, to tackle environmental problems from a wide range of perspectives.

Four major areas of research have been identified:
(1) technical analysis of different kinds of wastes and the study of methods of treatment for each;
(2) the study of environmentally-induced health hazards and hygienic problems;
(3) the development of monitoring and decision-support systems to assist decision makers and administrators in managing environmental issues;
(4) the development of educational programmes to promote environmental awareness and the study of how environmental laws and policies should be enacted to ensure a clean environment.

Chinese Medicinal Material Research Centre

The objective of the Chinese Medicinal Material Research Centre (CMMRC) is to evaluate the true efficacy of traditional Chinese medicines on a scientific basis. It is a multi-disciplinary research centre within the Institute of Science and Technology and comprises three units. The Research Coordination Unit coordinates all research projects at the centre.
The Service Development Unit builds up the expertise and facilities required for the authentication of Chinese medicinal materials, and for identifying their therapeutic and adverse effects. Recently, a handsome grant from the Government Industry Department has helped to establish a Laboratory for the Quality Control of Chinese Medicines and Health Foods Based on Chemical Components. The Training and Education Unit aims at promoting a better understanding among the general public of the correct use of traditional Chinese medicines and an awareness of their possible adverse effects.

CMMRC's unique computer databases, originally supported by IBM, have made CUHK a worldwide information centre on Chinese medicine. The centre has produced a two-volume monograph on the pharmacology and applications of Chinese materia medica. An international journal, Abstracts of Chinese Medicines, has also been published on a quarterly basis since October 1986. There is a museum of Chinese medicine which provides reference standards and quality control for Chinese drugs. The centre also undertakes strategic interdisciplinary research projects which will help improve the health-care of millions of people in China and worldwide. Recent research activities are focused on three areas: (1) immunomodulatory (including anticancer and antiaging) herbs; (2) herbs for cardiovascular diseases; and (3) integration of Chinese and Western medicine.

Hong Kong Centre of Sports Medicine and Sports Science
Established in 1991, the centre is operated by the Department of Orthopaedics and Traumatology in conjunction with the Department of Sports Science and Physical Education, and the Hong Kong Sports Institute. Its objectives are (1) to promote and conduct research in sports medicine and sports science; (2) to promote and conduct related educational programmes; (3) to provide professional expertise and advisory support to the sporting community; and (4) to facilitate liaison and interaction with sports medicine and sports science institutions in other parts of the world to realize the above objectives.

Materials Technology Research Centre
Established in March 1992, the Materials Technology Research Centre provides a base for interdisciplinary and collaborative research in the materials area. Activities include the analysis of the structure and properties of advanced materials, the development of applications for new materials, and the synthesis and processing of new materials to serve the needs of local industries. It is staffed by faculty members of the departments of physics, chemistry and electronic engineering, whose research interests cover elemental and compound semiconductors, exotic ceramics, and metal alloys. Particular emphasis is placed on studies of the properties of many materials and their processing in various forms, including single crystal, heteroepitaxial, microcrystalline, amorphous, and porous.

Institute of Mathematical Sciences
The mathematical sciences are in a period of unprecedented growth. Sophisticated mathematical and computational tools are rapidly bridging the gap between abstract theory and applications in science, engineering and other disciplines. The University thus set up the Institute of Mathematical Sciences in 1993 to organize activities related to a broad variety of fields including pure mathematics, scientific computation, image processing, mathematical physics and statistics. Emphasis is on interaction and linkages with the physical sciences, engineering, industry and commerce.
Supported by some 40 to 50 academic staff members, principal areas of research are led by senior academics in the departments of mathematics, physics and statistics. The institute also organizes international mathematical conferences to promote academic exchange. The major aims of the institute are to (1) promote and stimulate researches in new frontiers; (2) train and nurture young scientists; (3) bring in grants and contracts from governmental organizations and the private sector; and (4) develop into a centre of excellence.

The institute is currently funded by the S.H. Ho Foundation.

Hong Kong Institute of Asia-Pacific Studies

Established in 1990, the Hong Kong Institute of Asia-Pacific Studies replaces the former Institute of Social Studies and its two research centres — the Centre for Hong Kong Studies and the Centre for Contemporary Asian Studies, and aspires to become a research and academic centre of excellence in the interrelated study of Hong Kong, China, and the Asia-Pacific region.

With its focus on social science research, the institute plans strategic research programmes on the Hong Kong and Asia-Pacific economies as they develop in the 1990s. Topics include economic competitiveness and cooperation, reform and development of China in the 1990s, Japan and Asia-Pacific development, urban and regional development in the Asian-Pacific region, gender in a changing world, the political development of Hong Kong, social indicators and the social development of Hong Kong. A collaborative research programme on southern China, Hong Kong and Taiwan has also been established with Yale University's Council of East Asian Studies. There is a strong policy orientation in all the research programmes planned.

To support its research activities, the institute will build up a data bank on Hong Kong, China and the Asia-Pacific countries. Significant contribution in this respect will come from the Universities Service Centre, which has been an important support centre for scholars in China studies since its inception in 1963. The Universities Service Centre was taken over by The Chinese University through an agreement with the American Council of Learned Societies in June 1988. The affiliation of the acclaimed Universities Service Centre with the institute has greatly strengthened the documentation resources of the institute.

Another important task of the institute is to promote academic exchange, host conferences, receive visiting researchers, and publish research findings.

The Hong Kong Institute of Educational Research

The Hong Kong Institute of Educational Research, established in September 1993, helps to strengthen the roles of the University as a leading centre of educational research, a responsible institution that addresses the needs of the teaching profession, and an active consulting agent for international organizations, public agencies, and local education bodies. It also helps to strengthen the University’s ties with local schools and overseas institutions. Projects initiated by the institute are to facilitate educational planning, produce policy alternatives, and enlighten policy-makers and members of the educational profession.

The objectives of the institute are to conduct strategic research with strong policy implications for educational developments in China and Hong Kong; to effectively deploy...
resources for educational research; to promote the role of the institute as a consultant and a development agent; and to win international recognition of its work.

To achieve these objectives, it:

(1) develops, supports, and coordinates long-term multi-disciplinary research programmes;
(2) has established a data bank to store important data from relevant international and local projects;
(3) publishes research findings and ideas in the form of monographs and occasional papers, has established a comprehensive collection of research tools and materials pertaining to educational studies, and developed instructional and training materials;
(4) hosts international conferences, seminars, workshops, and public lectures for the academic community and the educational profession;
(5) publishes two journals, *Education Journal* and *Journal of Primary Education*;
(6) offers educational development programmes and consultancy services for clients including government departments, public agencies, professional organizations, as well as schools and their sponsoring bodies;
(7) has formed a network of local and overseas scholars, community leaders, policymakers, and teachers to support its endeavours.

The institute is an independent entity but is closely linked to the Faculty of Education. It is supported by private donations, University funds, research grants, and revenue generated by its education and consultancy programmes.

**Hong Kong Institute of Biotechnology**

The Hong Kong Institute of Biotechnology (HKIB) was founded in 1988 as a non-profit organization to help develop in Hong Kong a globally-connected biotechnology industry. Its main mission is to facilitate the promotion of technological innovation and the application of new technology in biotech-related industries in Hong Kong. HKIB will initially focus its efforts on pharmaceuticals, diagnostics, agricultural, environmental and food biotechnology.

In 1989, HKIB received a generous donation of HK$170 million from the Royal Hong Kong Jockey Club towards the construction cost of the HKIB building complex and the operating expenses of the institute for the first five years. The complex, occupying a site of 31,000 square metres inside the campus of the University near Tolo Harbour, consists of two separate buildings. The Administration and Research Building houses the Administrative Office, a pilot WHO-certified GMP facility for the production of human health-care products, an incubator facility for start-up companies, and laboratories for biotechnology research and product development. The Residential Building provides quarters for senior staff, exchange scholars from China and overseas visitors. The building complex was officially opened on 25th February 1992.

Established as an R & D pilot production facility and a training centre for postgraduate and postdoctoral personnel working at the centre, HKIB, although located at The Chinese University, is an independent and financially self-supporting facility open to every tertiary institution in Hong Kong. All biotechnology researchers are encouraged to bring appropriate projects to the institute for development into potential commercial products targeted at the world market.
Faculty and Departmental Research/Consultancy Units

Apart from the nine major institutes for interdisciplinary research described on pp. 63-70, there are a number of smaller research/consultancy units set up under the auspices of individual faculties and departments to promote research in various subject disciplines.

The Biotechnology Laboratory
The Biotechnology Laboratory was established in 1986 with a special grant from the Croucher Foundation and Dr. Ho Tim to promote and coordinate research activities in the multi-disciplinary area of biotechnology. Located on the fourth floor of the Basic Medical Sciences Building and occupying a total floor area of approximately 250 square metres, the laboratory is operated jointly by the departments of biochemistry and biology. It is well equipped for performing experiments in molecular biology and recombinant DNA work. Its major facilities include a high-speed centrifuge and an ultracentrifuge, automatic DNA/RNA sequencing equipment, an oligonucleotide synthesizer, sterile hoods, and cell and bacteria culturing facilities.

A major goal of the laboratory is to identify areas of research in biotechnology which are of local relevance and interest. Ongoing major research projects include the cloning of fish growth hormone receptor gene, production of recombinant fish growth hormone, studies on the structural modification of an abortifacient plant protein, and identification of unique genes associated with the human heart, and studies of microbial enzymes involved in the degradation of indigo.

Apart from carrying out research, the laboratory also serves as an educational centre for biotechnology. Its laboratory facilities are available to students of the MPhil programme in biotechnology as well as undergraduates taking courses in this area. To promote a wider interest in biotechnology, the laboratory also organizes workshops on special topics for both local and overseas participants. In recent years the laboratory has been a place frequented by visiting bioscientists from China.

Centre for Clinical Trials and Epidemiological Research
The centre was established in 1988 within the Faculty of Medicine to pool resources and expertise in clinical trials and epidemiological research.
Apart from assisting faculty members in conducting research, the centre generates funds and other support for the development of clinical trials and epidemiological research in Hong Kong, and for building up linkages with similar centres worldwide.

Activities include original biostatistical and epidemiological research, the design of research studies, the pretesting of protocols and procedures, data analyses, the evaluation of trials, statistical consultation, teaching, and organization of seminars. The centre also collaborates with other units both inside and outside the University to carry out interdepartmental and interdisciplinary projects. Clients obtaining contractual professional consultancy services from the centre include WHO, the Hong Kong Government and other major pharmaceutical companies. It has a collection of literature and computer software relating to clinical trials and epidemiological research.

Among the programmes currently run by the centre is the Community Research Programme on AIDS funded by the Hong Kong AIDS Trust Fund, which covers a series of research projects on the topic. A visiting scholar programme has also been inviting biostatisticians from China to carry out collaborative research.

Clinical Psychology Centre
The Clinical Psychology Centre, set up in September 1993 under the Department of Psychology, is run by qualified clinical psychologists of the department. Various forms of psychological services for both adults and children are available to the public as well as University staff referred by the University Health Service. Such services include assessment of intelligence, aptitude, personality and vocational interests; specialized neuropsychological and forensic evaluations; individual, group, marital, and family therapies. Treatment programmes can be designed for child development problems, improving parenting skills, marital adjustment, depression, stress management, improving social skills and assertiveness. Consultation to individuals and organizations in the form of employee assessment and management is also available. Fees will be charged according to the type of service provided.

The Clinical Psychology Centre is located in the Wong Foo Yuen Building on the Chung Chi campus. For enquiries, please call 2609 6501.

Computer Science and Engineering Consultancy Unit
Established in 1988 as the Computer Science Consultancy Unit under the Department of Computer Science, the unit has been renamed Computer Science and Engineering Consultancy Unit to reflect the change of name of the department from 1995-96. Its main function is to provide the industrial sector and the academic community with consulting services such as expert advice, system analysis, feasibility studies, simulation, and customized training programmes. The unit is fully supported by the staff of the department, whose areas of specialization and industrial experience cover the main branches of computer science and engineering such as computer architecture, artificial intelligence, image and speech processing, numerical analysis, real-world software applications, Chinese processing, computer education, system software, man-machine interface, and protection against computer viruses.

Electronics Consultancy Unit
Established in 1985, the Electronics Consultancy Unit is managed by the Department of Electronic Engineering. Its main function is to provide the industrial sector and the academic community with consulting services such as expert advice, system analysis, feasibility studies,
technical audit, laboratory tests, customized seminars and courses, manpower training and the provision of expert testimony. The unit is fully supported by the academic staff of the department, whose areas of specialization and industrial experience cover the main branches of electronics such as ASIC/VLSI, biomedical/rehabilitation engineering, communication systems, computer/microprocessor applications, speech/image/nonlinear signal processing, microwaves and antennas, optoelectronics, and solid state electronics.

**Gynaecology Cancer Research Laboratory**

The Gynaecology Cancer Research Laboratory was set up in 1988 in the Department of Obstetrics and Gynaecology. Main areas of research include the establishment of cancer cell lines and the study of molecular genetics in gynaecological cancers.

The laboratory occupies a spacious room on the first floor in a special block of the Prince of Wales Hospital. Its facilities include a laminar flow hood, a carbon dioxide incubator, a deep freezer, and a centrifuging machine.

**Information Engineering Consultancy Unit**

Established in 1994, the Information Engineering Consultancy Unit is managed by the Department of Information Engineering. Its main function is to provide industrial, commercial, and academic communities with consultancy services such as expert advice, feasibility studies, system design and analysis, project planning and management, hardware and software implementation, system performance evaluation, and organizing short courses, customized training programmes and workshops. The unit is fully supported by the academic and technical staff of the department, whose areas of specialization and industrial experiences cover a wide spectrum of areas in computer and communication, namely, computer networking (Unix and PC LANs), telecommunications, broadband networking, mobile communications, optical communications, network planning and management, network services and application, communications software, performance evaluation, video and image processing, decision support systems, artificial neural networks, and multimedia conferencing systems.

**Marine Science Laboratory**

The Marine Science Laboratory was established in 1970 as a research centre for advanced studies in marine science under the supervision of the Department of Biology. The present research emphasis is on the physiology of marine organisms, especially of fish and shrimps, in relation to mariculture. Another major area is the biology and ecology of planktonic organisms in the waters of Hong Kong and Southern China.

The laboratory is equipped with a physiology laboratory, a mariculture laboratory, two teaching laboratories, an air-conditioned aquarium, a hatchery house with six enclosed tanks ($13 \text{ m}^2 \times 2, 11 \text{ m}^2 \times 2, 4 \text{ m}^2 \times 2$), four large outdoor tanks ($26 \text{ m}^2 \times 2, 40 \text{ m}^2 \times 2$), and 14 smaller tanks, and two speed boats.

**Research Laboratory for Food Protein Production**

The Research Laboratory for Food Protein Production established under the Department of Biology aims at producing high quality food protein from wastes and simultaneously achieving pollution control. There are four main streams of research: (1) the production of edible mushrooms from cotton waste, sawdust, spent tea leaves, spent coffee grounds and whey; (2) the production of earthworm protein from organic wastes, including
municipal and agro-industrial wastes, for use as food or feed; (3) biological detoxification of rapeseed meal and other agricultural by-products to improve their quality as animal feed; and (4) utilization of food-industrial wastes.

Research Laboratory for Food Science
Established in 1991 under the Department of Biology, the Research Laboratory for Food Science aims to serve the food industries in both Hong Kong and China through research, and through the development of new food products and new technology in food processing. The activities of the laboratory are focused on the modernization of procedures in the processing of traditional Chinese food items, and the use of integrative biotechnology in developing health food products.

Research projects currently underway include:
(1) evaluation of the medicinal and nutritional value of mushrooms;
(2) development of mushroom-based health food items;
(3) quality control in the canning of mushrooms;
(4) cloning of DNA associated with shrimp-derived allergens;
(5) application of molecular biology to mushroom breeding;
(6) evaluation of mushrooms as a source of commercial flavourants;
(7) development of microbial products for use in the food industries; and
(8) upgrading of food industry wastes into added-value products.

Statistical Consulting Services Unit
The Statistical Consulting Services Unit is a consulting unit established in 1984 under the Department of Statistics. Its objective is to encourage the proper use of statistical methodology and to provide statistical expertise to colleagues on campus and to outside organizations. Statistical areas in which consultation may be provided include data analysis, design of experiments, analysis of categorical data, medical statistics, multiple logistic regression, social and business statistics, structural equation models, regression analysis, quality control, and time series analysis.

Systems Engineering and Engineering Management Consultancy Unit
Originally established in 1991 as the Systems Engineering Consultancy Unit under the Department of Systems Engineering, the unit has been renamed Systems Engineering and Engineering Management Consultancy Unit to reflect the change of name of the department from 1994–95. It provides the industrial sector and the academic community with consulting services such as expert advice, system analysis and design, simulation, laboratory tests, customized seminars and training courses, research and development, and the provision of expert testimony. The unit is fully supported by the academic staff of the department, whose areas of specialization and industrial experience cover the main branches of systems engineering and engineering management such as information and decision support systems, operations research, machine intelligence, system sciences, system modelling, optimization and management, production management, management and decision science, and information management.

Teaching Development Unit
The Teaching Development Unit was established under the Faculty of Education in
February 1995 with the UGC Teaching Development Grant. It is located on the third floor of the Ho Tim building. Its specific purposes are (1) to enhance teaching of academic staff through recognizing their personal strengths, developing their individual teaching style, and acquiring the art of instruction; (2) to conduct research on teachers' teaching and students' learning behaviours; (3) to promote a keen awareness of and concern for student learning and development; (4) to facilitate self-assessment of teaching; (5) to facilitate periodic meetings for academic staff to get together to discuss teaching; (6) to organize conferences, seminars, talks, and workshops for teaching enhancement; and (7) to disseminate findings, ideas and experiences in research and development in teaching and learning in higher education throughout the University.

**Unit for Research on Assisted Human Reproduction**

This subspeciality unit of the Department of Obstetrics and Gynaecology studies various techniques in assisted human reproduction. These include in vitro fertilization and embryo transfer (IVF-ET), gamete intrafallopian transfer (GIFT), cryopreservation of human embryos, and micromanipulation of gametes. It also conducts research into follicular growth and oocyte maturation, endocrine response to ovarian hyperstimulation, and the biochemistry of follicular fluids. Facilities are provided in the Lee Hysan Clinical Research Laboratories at the Prince of Wales Hospital.

**The Yeung Shui Sang Laboratory for Thermoluminescence of Ancient Ceramics**

The Yeung Shui Sang Laboratory for Thermoluminescence (TL) of Ancient Ceramics was established under the joint auspices of the Art Museum and the Department of Physics in 1986 with a generous donation from the Yeung brothers.

Activities include carrying out research for the improvement of TL methods for dating ancient ceramics; collaborating with other museums and archaeological institutes in China, Japan and Southeast Asia in TL projects; and the provision of dating and authentication services to the public.

School of Continuing Studies

The University's Department of Extramural Studies, renamed the School of Continuing Studies (SCS) on 26th January 1994, has a history of 30 years. Its mission is to provide continuing and professional education for those who are deprived of the opportunities of formal education.

The objective of the SCS is to offer quality educational/training programmes and services to meet the changing needs of the community. In 1993–94, more than 1,950 courses were offered with a total enrolment of around 36,000.

General short courses which last for three to four months are usually self-enrichment programmes with no specified admission requirements except age. These courses are offered thrice a year, in spring, summer and autumn, and cover various disciplines such as arts, science, social science, business administration, medicine, engineering, etc. Classes are held at rented school premises in Wanchai, Tai Koo Shing, Ho Man Tin, Tsuen Wan, Kwun Tong, Sha Tin and Tai Po. Some courses are conducted in the day time at the Oriental Centre.

To cope with the changes resulting from the growth and restructuring of the Hong Kong economy, sub-degree programmes, i.e. diploma and certificate programmes, have been developed since 1979 to provide professionals with opportunities to upgrade their knowledge and expertise. Some such programmes are organized solely by the SCS, while others are organized in collaboration with the teaching departments of the University or local professional bodies. Sub-degree programmes organized solely by the SCS include certificate programmes in arts subjects, Japanese, and English, and diploma programmes in recreation management, etc. For joint ventures, the SCS has worked closely with the Department of Community and Family Medicine, the Department of Nursing, the Faculty of Education, and the Pastoral Programme of Theology Division, Chung Chi College. Some programmes are jointly offered with local professional institutions such as the Hong Kong Library Association, Hong Kong Monetary Institutions Association, and the Hong Kong Association for Chinese Language in Education. The Hong Kong Government and the Hong Kong Council of Social Service have also commissioned the SCS to run diploma programmes in horticulture, leisure management, and social service management.
Since 1988–89, the SCS has diversified its services to include the provision of administrative support for undergraduate and postgraduate degree programmes run in Hong Kong by some eminent universities in Australia, Canada and the USA. These programmes include the Graduate Diploma Programme in Business Administration (first year MBA Programme) run by the University of Monash in Australia, a Master’s Degree Programme in Library and Information Science run by the University of Wisconsin-Milwaukee in USA, and a Bachelor Degree Programme in Nursing run by La Trobe University in Australia. A new Master of Arts Programme in Business and Economics was also launched in September 1994 with the University of Oklahoma in USA. Furthermore, the SCS has recently been commissioned by some international organizations, such as the World Bank and the United Nations, to organize tailor-made training courses for business executives of mainland China.

To enable working adults to further their studies at their desired pace and to help their career development, distance education programmes are delivered via correspondence courses, TV courses, self-learning packages and special training programmes. Close to 4,000 students enrolled in the correspondence courses in the year 1993–94. Certificate programmes in management, business English and introductory Japanese were also launched, attracting 360 students.

The SCS is also actively involved in China Training Projects. Projects specifically designed for the training of administrative personnel and business executives of mainland China include the Shandong Fellows Training Programme, the China Senior Civil Officials Training Programme and the Sinopec Senior Management Training Programme.

On development and academic affairs relating to sub-degree programmes, the SCS is directly under the supervision of the Senate Committee on Extramural Studies. An Advisory Board of Extramural Studies comprising renowned personalities from the business sector and veteran staff of the University gives advice on directions of development. Administratively speaking, the SCS is made up of a Humanities and Day Programmes Group, a Sciences and Regional Programmes Group, a Management and Self-learning Programmes Group, a China Training Projects Group, a Research Unit, a task force on China Training Projects, and an inter-group Committee on Advanced Learning.

The office of the SCS is located on the 13th floor of the Oriental Centre, 67 Chatham Road South, Tsimshatsui, Kowloon, and classrooms are found on the 8th, 14th and 17th floors of the same building. SCS prospectuses, programme brochures and leaflets are issued regularly and are obtainable upon request.

New Asia Yale-in-China Chinese Language Centre

The New Asia Yale-in-China Chinese Language Centre offers courses designed primarily for non-native speakers of Chinese. Founded in 1963 under the joint auspices of New Asia College and the Yale-China Association, the centre became a part of the University in 1974.

Every year over 600 students from different parts of the world are admitted to the language centre. These students range from absolute beginners to trained sinologists who wish to polish their spoken Chinese or learn a Chinese dialect. Courses are offered at all levels so that any student can find training which suits his needs and ability. The language centre also regularly teaches Putonghua to thousands of Cantonese-speaking students of the University. The faculty of the language centre prepares a significant portion of its own teaching materials and audio-visual aids for its students.

---

University Extensions 77
The centre operates on a three-term system with the first and second terms lasting approximately 15 weeks each and the summer term 10 weeks. Students may register for admission to any term. Beginners' courses are offered every term. The full-time programme of 15 sessions of classroom instruction per week constitutes the maximum course load. The maximum class size is eight students. In exceptional cases, private tutorials and part-time classes are available. Tuition fees for language centre courses are printed on p. 215 of this *Calendar*.

The centre has a full complement of tapes for teaching purposes. Language laboratory facilities are available.

The centre gives credits according to the American system and issues grades and transcripts. Courses taken at the centre have been recognized by major universities for degree credit. For students from institutions not using the credit system, transcripts are prepared in sufficient detail to present a clear picture of the work accomplished by each student.

Copies of a free information brochure are obtainable upon request. All correspondence should be addressed to the Director, New Asia Yale-in-China Chinese Language Centre, The Chinese University of Hong Kong, Sha Tin, New Territories.

Support Facilities and Services
Support Facilities and Services

The Library System

The Library System, introduced in 1963 with the establishment of the University, coordinates the collections and services of the University Library (founded 1965) and its seven branch libraries: the Chung Chi College Elisabeth Luce Moore Library (founded 1951), the New Asia College Ch’ien Mu Library (founded 1949), the United College Wu Chung Library (founded 1956), the Li Ping Medical Library (founded 1980) at the teaching hospital complex in Sha Tin, the American Studies Library (founded 1993), the Architecture Library (founded 1994), and the Electronic Resources Centre (founded 1995). The administration of the Library System is centralized under the University Librarian.

The University Library, which started operation in rented premises in Kowloon, was accommodated temporarily in the Benjamin Franklin Centre for three years from 1969, and moved into its present premises in 1972. The five-storey library building has a floor space of 7,993 square metres. It can house over 400,000 volumes of books and accommodate 500 readers. With the expansion of the University, the library needs more space to house its rapidly growing collections and to meet the needs of its users. It has secured the ground floor, the first, second and fifth floors of the newly completed Tin Ka Ping Building adjacent to the University Library building as its annex.

The University Library houses extensive collections in science, social science and business administration, and each of the branch libraries at the colleges has its unique feature. Chung Chi College library holds a strong collection in music and religious studies. New Asia College library houses a good collection in Chinese literature, fine arts and philosophy. United College library has a Hong Kong Collection as well as a notable Modern Drama Collection. Medical collections are housed in two different locations: pre-clinical materials in the University Library, and clinical materials in the Li Ping Medical Library. The nucleus collection of the American Studies Library is an interdisciplinary resource donated by the USIS American Library and a William Faulkner collection. The Architecture Library collection covers subjects in the buildings industry and environmental sciences. The newly founded Electronic Resources Centre is located on the first floor of Wu Chung Library. It is a self-learning centre furnished with the latest information technology and instructional facilities.
All acquisitions and cataloguing activities are carried out in the University Library. The Library of Congress classification system has been used since 1969 for Western language materials and since 1971 for East Asian materials as well. Medical books are classified according to the National Library of Medicine scheme. Users can search items in the Online Public Catalogue of the Library System through terminals installed in all libraries. The holdings of the Library System as of 30th June 1995 are:

In 1977, the Library System began to publish its Bibliographical Series, which covers both the collections of the system and Hong Kong publications. There are now eight titles in the series.

Library services offered include circulation, reserve books, inter-library loan and reference service. In addition, there are facilities to use audio-visual materials, microfilm, CD-ROM databases, and to make copies of these resources. Through INTERNET and HARNET, access to overseas libraries and libraries of UGC-funded local institutions is possible. The University Library subscribes to three database vendors for accessing overseas and local databases. They are DIALOG, Dow Jones, and TDC-Link. The first Hong Kong Newspaper Full-text Online Database pioneered by the University Library began to provide service to the community in Hong Kong in mid-1995.

Universities Service Centre

The Universities Service Centre provides a comprehensive, user-friendly collection of original source materials on contemporary China for scholars from all over the world. The centre’s library on post-1949 China is incomparable in its coverage: with complete runs, from the early 1950s up to the present, of most of China’s provincial and national newspapers; an extraordinary collection of provincial yearbooks; many hundreds of county gazetteers; and a judiciously chosen collection of the most valuable books available from the PRC, many of them available nowhere else outside China. Currently the centre subscribes to 2,000 magazines in Chinese and over 70 in English, and to more than 400 Chinese newspapers.

The Universities Service Centre is committed to serving scholars in contemporary China studies everywhere. Overseas researchers at or above the graduate level are eligible to use the centre free of charge. Faculty of local tertiary institutions as well as local students enrolled in China-related courses can also have access to its collection.

The Chinese University Press

The University started its publishing activities in 1967 with the establishment of the Publications Office. After a decade of experience in this field, the University established The Chinese University Press in 1977.

Last year, the Press published 33 titles including books in special series such as the Hong Kong studies series, the paperback series of the Hong Kong Centre for Economic Research, and the series of the Institute of Chinese Studies. Since 1988, the Press has also
published general books in addition to its academic publications. By June 1995, 73 titles in this category have been published.

In April 1991, the Press began producing audio and video tapes for the educational and commercial markets, including language tapes of various kinds, training tapes for business executives, and medical video cassettes for clinical students as well as medical professionals.

The Press has good connections with many university presses and academic societies both in Hong Kong and overseas. It has co-published books with the university presses of Harvard, Columbia, Princeton and Washington. It has also entered into joint publication arrangements with commercial publishers in the United States, the United Kingdom, Japan and Sweden.

The Chinese University Press is a member of the Association for Asian Studies, the International Association of Scholarly Publishers, and the Society for Scholarly Publishing. It is also an international member of the Association of American University Presses.

**Computer Services Centre/Information Technology Service Unit**

The Computer Services Centre/Information Technology Service Unit (CSC/ITSU), located at Pi Ch'iu Building, offers a variety of services to the academic, research and administrative communities of the University. Its service arm does not just stop at technical support and project development, but stretches to areas like system recommendation, acquisition, installation and subsequent maintenance.

CSC/ITSU provides the user communities with seven key functional services:

1. Basic computer resources;
2. Programming consultation;
3. Training seminars and user documentation on the use of computer systems and application packages;
4. Microcomputer application support, technology transfer, office automation and research;
5. Workstation support including advice on hardware selection and subsequent installation, user training, on-going consultation and system administration;
6. Evaluation, selection and installation of network equipment; the monitoring of networking activities between the University and the rest of the world; and
7. Development and production of management information systems for University administration.

To cope with these different dimensions of services, CSC/ITSU has multiplexed its computer facilities in recent years. The full range of computer equipment includes two IBM mainframes which serve the University Library System, research computing activities and University administration. Eleven Hewlett Packard UNIX servers and workstations cover services like Campus-wide Electronic Mail (CWEM), Academic Computing System (ACS), Campus-wide Information Systems (CWIS) and World-wide Web (WWW). A laboratory of nine SGI workstations supports the development of data visualization applications. A DEC workstation server makes daily access to the University Library System. Several IBM AS/400 machines and UNIX machines support the development and production of management information of the University administration. All these computer systems are connected by an advanced data communication campus backbone networking for the sharing of databases and applications among these computer systems.
Aside from these, the majority of the machine population is of personal computers. CSC/ITSU has a large pool of IBM compatible PCs and Macintoshes netted in a Novell Local Area Network. They facilitate PC software application development and furnish access points to other mainframes, minis as well as the Campus Network applications. These personal computers are located at the User Area on the first floor of Pi Ch’iu Building and Room 103 of Wong Foo Yuan Building.

The special-purpose laboratories mark an evident milestone in maturing professionalism. These laboratories are furnished with high-tech facilities for multimedia development, optical mark scanning, colour printing, image scanning, data visualization, and even user self-paced learning.

Most of the computer facilities mentioned above are accessible to each other as well as to departmental minicomputer systems, departmental and college LANs and standalone personal computers via the campus FDDI Backbone Network.

CSC/ITSU also plays an important role in the local educational computing activities. Its computer network is an integral component of the Hong Kong Academic and Research Network (HARNET), a wide area T1-ring data network linking the campus network of seven tertiary institutions in Hong Kong. The Chinese University of Hong Kong is the gateway through which HARNET is connected to the INTERNET via a T1 link to the USA, making on-line connection to thousands of international computer networks and relative application resources possible.

**Services for Students and Student Activities**

The Office of Student Affairs attends to student welfare and helps students take full advantage of their university education. The activities of the office are administered through its six sections: the Appointments Service, the Psychological Counselling Unit, the Student Activities Section, the Scholarships and Financial Aid Section, the Student Amenities/Staff/Student Centres Management Section, and the Statistics, Research and Publication Unit.

The University Appointments Service is a centre for career guidance and employment information. It is responsible for initiating and developing job opportunities for graduates of the University, organizing career guidance programmes, and helping employers with their recruitment of staff at the graduate level. It also administers guidance services to students who intend doing postgraduate studies.

The Student Activities Section coordinates university-wide student activities, liaises with the student unions and their affiliated societies, and provides assistance and advice for various student functions and activities.

The Scholarships and Financial Aid Section administers scholarships, bursaries, general loans, summer subsistence loans, student travel loans, student campus work schemes and financial assistance schemes for disabled students, and assists in the administration of the Government Financial Aid Scheme.

The Psychological Counselling Unit provides the following services: (1) individual counselling for students having psychological, interpersonal, and other adjustment problems; (2) small group training in areas such as stress management, social skills, and personal growth; (3) research on students’ mental health and psychological needs.

The Student Amenities/Staff/Student Centres Management Section is responsible for managing student amenity facilities in the Benjamin Franklin Centre and the John Fulton Centre. It also coordinates policies on catering services and student hostels.
The Statistics, Research and Publication Unit undertakes research and statistical work related to the career development of graduates and the general characteristics and need assessments of students. It also coordinates the editing and production of all official publications of the office such as Student Affairs, Appointments Service News Bulletin, Student Activities Handbook, A Handbook of Scholarships and Financial Aid to Students, Pamphlets on Study Skills, etc.

Counselling on social, psychological, financial as well as academic problems is also provided by the dean of students offices at the colleges. These offices administer college scholarship and bursary awards and also play a vital role in the enrichment of college life. In close cooperation and collaboration with the college student unions and their affiliated societies, the dean of students offices also oversee the execution of college-wide student activities.

At present, there are five student unions in the University, one each for Chung Chi College, New Asia College, United College and Shaw College, and one for the University as a whole. The latter maintains close links with the college unions and coordinates university-wide activities. All year round, a wide range of activities, including academic, athletic, cultural as well as social functions are organized by the student unions. These include the freshmen orientation camp, the swimming gala, and the University track and field meet.

Health Service
The University Health Service is charged with the responsibility of meeting the health needs of students, staff and their dependents. A comprehensive primary care service has been developed to handle the medical, dental, and psychological problems of students through a series of programmes on health education and preventive care.

The Health Centre is open from 9.00 a.m. to 5.00 p.m. Monday through Friday and from 9.00 a.m. to 12.30 p.m. on Saturdays. Services include:
1. diagnosis, counselling, preventive and curative treatment, diagnostic laboratory tests and physiotherapy;
2. health education programmes and other related activities;
3. twenty-four-hour nursing service (except Saturday afternoons, Sundays and public holidays);
4. in-patient care for students in need of observation, isolation, diagnosis and treatment;
5. dental consultation and examination, preventive treatment, prosthodontics and minor surgeries, urgent dental treatment (strictly emergencies);
6. physical examinations for certification purposes;
7. coordination of access to special laboratory and x-ray services, referrals to appropriate specialists, treatment centres or hospitals.

No charges are levied on any of the clinical services provided directly by the University Health Service, with the exception of house visits and dental services.

Sports Facilities
To promote students’ interest in physical education, the University provides a variety of sports facilities, including two sports fields, three gymnasiums, a swimming pool, 12 tennis courts, nine squash courts, four weight training rooms, several multi-purpose courts, and a water sports centre.
The sports fields are built with covered spectator stands on the lowlands facing the sea. The Haddon-Cave Sports Field (with a seating capacity of 2,800 and flood-lighting facilities) provides a 400-metre all-weather track, a soccer pitch and a handball court. The Chung Chi Sports Field provides a 400-metre track, a soccer pitch, a basketball court and a volleyball court. Each of the three indoor gymnasiums (New Asia, United and University) houses badminton courts, basketball/volleyball courts, dance studios and table-tennis tables. There are six squash courts in the Kwok Sports Building beside the University Sports Centre. The multi-purpose hall on the Chung Chi campus provides similar facilities on a slightly smaller scale. On the Shaw College campus, there are three indoor squash courts and a games hall. Adjacent to the Benjamin Franklin Centre, the staff-student amenities building, is an outdoor Olympic-sized swimming pool. The Water Sports Centre is located on the Tolo Harbour shoreline.

The Sir Run Run Shaw Hall

The Sir Run Run Shaw Hall is a well-equipped auditorium with a seating capacity of 1,500, designed for holding ceremonies, assemblies, meetings, lectures and exhibitions, and for staging concerts, plays and film shows. The hall also utilizes its own Cultural Activities Fund to present and sponsor high-quality stage performances and film shows, as well as to organize activities such as talks and workshops related to the performing arts.

Information Services

The Information and Public Relations Office of the University Secretariat is mainly responsible for providing information and public relations services both internally and externally.

It maintains close liaison with the media. This includes answering press enquiries and regularly issuing press releases on University news and developments.

The office handles both internal and external enquiries, informs the University community about campus activities through the publication of the Weekly Events, compiles the University’s Telephone Directory, and helps update information about the University for local and overseas publications.

It also organizes official functions and ceremonies such as degree congregations, lectures, seminars, and presentation ceremonies, and assists in Staff Common Room Club activities.

It is responsible for hosting local and overseas visitors and producing information brochures, slides and videos to introduce the University to visitors.

University Publications

The Publication Office of the University Secretariat produces five major publications to provide different types of information about the University.

The Chinese University of Hong Kong Calendar, published in Chinese and English around October every year, is intended as a general introduction to the history, organization and academic programme of the University. Copies are on sale at The Chinese University Press and the University Bookstore.
Information about University activities, developments and recent achievements is given in the Chinese University Bulletin, published twice a year in Chinese and English. A Professorial Inaugural Lecture Series and a Wei Lun Lecture Series are published as supplements of the Chinese University Bulletin. The bulletin and its supplements are distributed free to members and friends of the University.

A fortnightly CUHK Newsletter, which carries University news, announcements, personalia, as well as interviews and feature articles, is published primarily for staff members of the University.

A detailed description of the academic programmes offered by the University is contained in the CUHK Student Handbook (in both Chinese and English) published annually.

The Publication Office has also published eight Vice-Chancellor’s Reports. The series traces the development of the University since its inception in 1963 to 1993. From 1993–94, the Vice-Chancellor’s Report has been replaced by The Chinese University of Hong Kong Annual Report.

Information about research activities and staff publications is contained in two annual publications compiled by the University’s Research Administration Office. They are respectively entitled Research Projects Summary and Staff Publications List.
Part V

Programmes of Studies
Full-time Undergraduate Studies

(Applicable to students admitted in 1991–92 and after)

General Information

Eligibility for admission is conditional upon fulfilling the entrance requirements of the University set out in the Regulations Governing Admission to Full-time Undergraduate Studies which are printed on pp. 276–284 of this Calendar.

The University’s seven faculties of arts, business administration, education, engineering, medicine, science, and social science offer a wide range of undergraduate programmes leading to the BA, BBA, BEd, BEng, BMedSc, MB ChB, BNurs, BPharm, BSc, and BSSc degrees. Programmes of studies leading to these degrees are printed on pp. 94–155. General Regulations Governing Full-time Undergraduate Studies are printed on pp. 288–297, Regulations Governing Undergraduate Medical Studies on pp. 298–302, Regulations Governing Undergraduate Post-registration Nursing Studies on pp. 303–307, Regulations Governing Undergraduate Pre-registration Nursing Studies on pp. 308–311, Regulations Governing Full-time Undergraduate Primary Education Studies on pp. 312–314, and Regulations Governing Associate Students, Auditing Students and Associate Research Students on pp. 344–351.

Major and minor programmes offered by the faculties are as follows:

Faculty of Arts

Faculty of Business Administration
Integrated Business Administration, and Professional Accountancy.

Faculty of Education
Physical Education and Sports Science, and Primary Education.
Faculty of Engineering

Faculty of Medicine
MB ChB Programme, Intercalated Degree Programme in Medical Sciences, Pharmacy Programme, Post-registration Nursing Programme, and Pre-registration Nursing Programme.

Faculty of Science
Biochemistry, Biology, Chemistry, Environmental Science, Food and Nutritional Sciences, Mathematics, Physics, and Statistics.

Faculty of Social Science

A student who satisfies the conditions for graduation shall be awarded a bachelor's degree with one of the following classifications: First Class Honours, Second Class Honours Upper Division, Second Class Honours Lower Division, Third Class Honours, and Pass. Degree classification is based on the grade point averages and the results of the comprehensive examination or its equivalent. However, the degrees of MB ChB are awarded on the basis of professional examinations taken at the end of the second to the fifth medical years.

Curriculum Structure
The normal length of study for a full-time programme is three to four years with the exception of medical studies and some professional programmes which have prescribed otherwise. The curriculum (excluding the MB ChB Programme, the Intercalated Degree Programme in Medical Sciences, the Post-registration Nursing Programme, and the Pre-registration Nursing Programme) is based on a credit unit system.

For graduation, Secondary 6 and Secondary 7 students shall successfully complete at least 123 and 99 units of courses respectively which include:
(a) General Education (14–15 units depending on the college to which the student belongs);
(b) Physical Education (two units);
(c) normally up to 72 required units of major courses;
(d) remaining units in minor and/or elective courses of the student's choice.

Students admitted in 1993–94 and before are also required to complete General Chinese and General English. Students of the Primary Education Programme are required to complete prior to graduation 60 units of courses, including six units of General Education courses. If a comprehensive examination or graduation thesis/project is prescribed by their major programmes, students shall take and pass it.

A student who wishes to take a minor programme should formally register for his/her minor subject, preferably in the second year of attendance. A minor programme normally requires 15–30 units of courses.
Programmes in the Faculty of Medicine

The Faculty of Medicine offers a non-unit-based professional programme leading to the degrees of MB ChB. The programme requires two pre-clinical years and three clinical years of study. Besides taking the professional courses required by the faculty, students shall also complete in compliance with University requirements the General Education Programme and the Physical Education courses. Students who have completed their pre-clinical studies with satisfactory results may apply for admission to the Intercalated Degree Programme in Medical Sciences.

Medical students shall sit for both the professional examinations and periodic assessments of individual subjects. The first and second professional examinations will be held respectively at the end of medical year two and year three. The third professional examination consists of two parts, to be taken at the end of medical year four and year five respectively. The three clinical years of study will be conducted at the teaching hospital in Sha Tin in the various clinical departments. Students are also required to serve one year’s internship at a recognized hospital after graduation.

Two nursing programmes leading to the degree of BNurs are offered in the Faculty. The four-year full-time Pre-registration Nursing Programme is designed for students with no prior knowledge in nursing. It aims at preparing graduates for registration as general nurses in accordance with the requirement of the Nursing Board of Hong Kong.

The Post-registration Nursing Programme is designed for registered nurses with at least two years of post-registration experience. The normal length of study shall be two years and four years for full-time and part-time studies respectively.

The faculty also offers a Bachelor of Pharmacy Programme which follows the credit unit system.

Programmes

Explanatory notes on Codes and Signs Used

A course code comprises three alphabets, three numerals and one numeral/alphabet. The first three alphabets stand for the subject (e.g. CHI, ENG, BIO, stand for Chinese, English, and Biology respectively). The first numeral stands for the level of study. Undergraduate courses are coded 1 to 4 while postgraduate courses are coded 5 to 6 (where 5 denotes first year in Graduate School and 6 denotes second year in Graduate School). The numeric code starting with 0 stands for a course by Student-orientated Teaching.

Normally, lower level courses should be taken before upper level courses. However, for the sake of flexibility, most courses are open to students of all years of attendance subject to satisfactory fulfilment of prerequisite and co-requisite requirements. In fulfilling the total unit requirements of a major or minor programme, students should follow a prescribed study scheme and complete the required and elective courses as given therein.

Systems Engineering and Engineering Management
The Systems Engineering and Engineering Management Programme is offered by the Systems Engineering and Engineering Management Department. This programme is applicable to students admitted in 1994–95 and thereafter. Students will have to take a set of required and elective courses as prescribed by the programme. No minor programme is offered.

126 Part 5: Programmes of Studies
# Pharmacy

The Bachelor of Pharmacy (BPharm) degree is awarded on satisfactory completion of at least three years of full-time study. To be considered for registration by the Pharmacy and Poisons Board as a practising pharmacist in Hong Kong, students must complete a further year of pre-registration training as directed by the University.

148 Part 5: Programmes of Studies
General Education

The General Education Programme is designed to broaden the interests of students, give them a wider perspective, and cultivate in them the ability to face the issues of contemporary life. The challenge of rational inquiry, discussion and personal commitment is also emphasized. Students, depending on the college to which they belong, shall be required to take before graduation 14–15 units of General Education courses which shall include the courses required by the University and those required and designed by the college of their affiliation. For medical and pre-registration nursing students and students in architecture, engineering, computer engineering, electronic engineering, information engineering, mechanical & automation engineering, systems engineering & engineering management, and pharmacy, as well as computer science majors who are admitted in 1993–94 and thereafter, the General Education requirement is 11–12 units. Post-registration nursing and primary education students are required to complete a total of six units of General Education courses.

Physical Education Courses

Required courses
Two units of physical education courses are required of all full-time students in their first year of attendance except for post-registration nursing, physical education and sports science, and primary education majors. The required programme emphasizes the development of personality through team work and fair play as well as the acquisition of basic motor skills and attitude towards physical activities. A course may be taken only once. The number of units earned in required physical education shall not exceed two. The basis of assessment for each course will be students' achievement in basic skills, attendance and learning attitude. Courses with two different course codes are being offered with men’s and women's classes. All courses with one course code are co-ed classes, unless otherwise specified (e.g. men’s soccer).

Students with health problems may take a special programme designed to meet their needs, and are admitted to either Alternative I or II according to the recommendations of the Physical Education Unit and a physician of the University Health Service.

Alternative I
(a) Reading and written assignments on one of the following topics:
  - Foundation of Physical Education
  - History of Physical Education
  - Principle of Physical Education
  - Sociology of Sport
  - Psychology of Sport
  - Comparative Physical Education
  - Physical Conditioning
(b) Written test at the end of each term.
Alternative II
(a) and (b) as in Alternative I; plus (c) Light exercises under close supervision of an instructor, such as physical conditioning, table-tennis, archery, swimming, jogging, etc., depending on the physical capabilities of the student.

Elective courses
This elective programme is open to all students who are interested in physical education and keen to acquire more skills.

The programme comprises the following one-unit term courses for both terms. The number of units earned in elective Physical Education courses shall not exceed 10.

Part-time
Undergraduate Studies

(Applicable to students admitted in 1991–92 and after)

General Information
The University offers eight part-time degree programmes: Biology and Chemistry, Business Administration, Chinese and English, Mathematics and Statistics, Music, Post-registration Nursing, Physical Education, and Primary Education. General Regulations Governing Part-time Undergraduate Studies are printed on pp. 315–324 of this Calendar, and Regulations Governing Undergraduate Post-registration Nursing Studies on pp. 303–307. Eligibility for admission is conditional upon fulfilling entrance requirements set out in Regulations Governing Admission to Part-time Undergraduate Studies printed on pp. 285–287. Degrees are awarded on the same basis as applicable to full-time programmes described on p. 92.

Curriculum Structure
The normal length of study for a part-time programme is five to six years, with three terms in each year (with the exception of the Post-registration Nursing Programme). Apart from completing requirements of the major subject, students are also required to take general education courses and/or elective courses in other disciplines.

The University adopted with effect from 1991–92 a full-fledged credit unit system in the undergraduate curriculum (with the exception of the Post-registration Nursing Programme). Secondary 6 and Secondary 7 students are required to complete before graduation at least 123 and 99 units of courses respectively. Students who have satisfied special entrance requirements of the Biology and Chemistry, Mathematics and Statistics, Music, Physical Education, and Primary Education programmes shall be granted unit exemption and are required to complete at least 80 or 60 units of courses before graduation, depending on the specific category under which they are admitted.

Exemption from major requirements in specific programmes shall also be given to students as prescribed in the study scheme concerned. (Please see also Curriculum Structure of the full-time programmes on pp. 92–93.)

The curriculum structure and programmes of the Post-registration Nursing Programme can respectively be found on p. 93 and p. 128 of this Calendar.
Programmes

Explanatory Notes on Codes and Signs Used
To distinguish Part-time Degree Programmes from their full-time counterparts, ‘P’ is always used as the third letter in the course code. The other two letters stand for the subject (e.g. AMP, BAP, BIP, CHP, CMP, ENP, EPP, MAP, MUP, PEP, STP and TRP respectively stand for Mathematics, Business Administration, Biology, Chinese, Chemistry, English, Primary Education, Mathematics, Music, Physical Education, Statistics and Translation).
General Education Courses

The General Education Programme is designed to broaden the interests of students, give them a wider perspective, and cultivate in them the ability to understand the major issues of contemporary life. The challenge of rational inquiry and discussion is also emphasized. These courses are an important part of university education.

Postgraduate Studies

The University first introduced programmes at the postgraduate level with the establishment of the School of Education in 1965. In the following year, the Graduate School was formally founded to undertake research training of graduate students leading to the award of master’s degrees. In 1980, the University advanced into the realm of doctoral education.

In the current academic year, the University offers 97 programmes leading to two types of postgraduate degrees: research degrees and taught degrees. The University now awards five research degrees: Doctor of Philosophy (PhD), Doctor of Music (DMus), Master of Philosophy (MPhil), Master of Fine Arts (MFA), and Master of Music (MMus). It also awards 10 taught degrees: Master of Architecture (MArch), Master of Arts (MA), Master of Business Administration (MBA), Master of Divinity (MDiv), Master of Education (MEd), Master of Nursing (MNurs), Master of Public Health (MPH)*, Master of Science (MSc), Master of Social Science (MSSc), and Master of Social Work (MSW).

In addition there are two diploma programmes: Diploma in Education (DipEd), and Diploma in Psychology (DipPsy). The Diploma in Social Work (DipSW) programme has been suspended.

For doctoral programmes, a full-time student normally spends a minimum of 36 months and a maximum of 84 months; a part-time student normally spends a minimum of 48 months and a maximum of 96 months. The normative period of study for master’s programmes ranges from one to three years for full-time study and two to three years for part-time. The diploma programmes last one year for full-time students and two years for part-time students.

All programmes in the Graduate School are provided through the 35 graduate divisions: Chinese Language and Literature, English, Fine Arts, History, Music, Philosophy, Religion and Theology, Translation, Business Administration, Education, Computer Science and Engineering, Electronic Engineering, Information Engineering, Mechanical and Automation Engineering, Systems Engineering and Engineering Management, Basic Medical Sciences, Medical Sciences, Nursing, Pathological Sciences, Surgical Sciences, Biochemistry, Biology, Chemistry, Mathematics, Physics, Statistics, Anthropology,

* Subject to statutory amendment

Persons who have graduated with good honours degrees from recognized universities and who have the capacity for research may apply for admission to the above postgraduate programmes. For details, please refer to the General Regulations Governing Postgraduate Studies printed on pp. 325–332 of this Calendar and The Chinese University of Hong Kong Graduate School Brochure, 1995–96.
Faculty of Arts

Division of Chinese Language and Literature

PhD Degree Programme
It is a research-oriented programme with no specified fields of specialization.

MPhil Degree Programme

Fields of Specialization
1. Chinese Linguistics
2. Classical Chinese Literature
3. Modern Chinese Literature

Courses Offered

(A) Required Courses
1. Seminar (I)
2. Seminar (II)
3. Research Methods (I)
4. Research Methods (II)
5. Seminar (III)
6. Seminar (IV)

(B) Elective Courses

Chinese Linguistics
1. Chinese Paleography (I)
2. Chinese Paleography (II)
3. Selected Books on the Chinese Language (I)
4. Selected Books on the Chinese Language (II)
5. Selected Topics on Chinese Linguistics (I)
6. Selected Topics on Chinese Linguistics (II)

Chinese Classical Works
1. Works selected from the Classics 經 (I)
2. Works selected from the Classics 經 (II)
3. Works selected from the Philosophers 子 (I)
4. Works selected from the Philosophers 子 (II)
5. Selected Topics on Source Material in Classical Chinese (I)
6. Selected Topics on Source Material in Classical Chinese (II)

Classical Chinese Literature
1. Selected Topics on Chinese Prose in Ancient Times (I)
2. Selected Topics on Chinese Prose in Ancient Times (II)
3. Selected Topics on Chinese Verse in Ancient Times (I)
4. Selected Topics on Chinese Verse in Ancient Times (II)
5. Selected Topics on Chinese Drama and Fiction (I)
6. Selected Topics on Chinese Drama and Fiction (II)
7. Selected Topics on Classical Chinese Literature (I)
8. Selected Topics on Classical Chinese Literature (II)

Modern Chinese Literature
1. Selected Topics in the field of Modern Literary Genres (I)
2. Selected Topics in the field of Modern Literary Genres (II)
3. Selected Topics in the field of Modern Chinese Writers (I)
4. Selected Topics in the field of Modern Chinese Writers (II)
5. Selected Topics on Modern Chinese Literature (I)
6. Selected Topics on Modern Chinese Literature (II)

MA Degree Programme (Part-time)

Courses Offered
(A) Seminar (required)
(B) Courses of the MA Degree Programme

Methodology
1. Research Methods in the Chinese Language
2. Research Methods in Chinese Classical Works
3. Research Methods in Chinese Literature

Selected Topics
1. Selected Topics on the Chinese Language
2. Selected Topics on Chinese Classical Works
3. Selected Topics on Classical Chinese Literature
4. Selected Topics on Modern Chinese Literature
5. Selected Topics on Chinese Culture

Required Courses
1. Guidance on ‘Summer Project’
2. ‘Summer Project’

(C) Courses of the MPhil Degree Programme (elective)
(See under MPhil Degree Programme)

Division of English

PhD Degree Programme
It is a research-oriented programme with no specified fields of specialization.

MA Degree Programme in English (Applied Linguistics) and MPhil Degree Programme in English (Applied Linguistics)

Courses Offered

(A) Foundation Courses
1. Foundations in General Linguistics
2. Foundations in Applied Linguistics
(B) Electives
1. Topics in Phonetics and Phonology
2. Topics in Syntax and Semantics
3. Topics in Psycholinguistics
4. Topics in Sociolinguistics
5. Topics in Language Acquisition
6. Topics in Contrastive Linguistics
7. Topics in Curriculum Design and Materials Preparation
8. Topics in Evaluation and Testing
9. Topics in Second Language Classroom Research
10. Special Topics
11. Seminar on Research Methods

MPhil Degree Programme in English (Literary Studies)

Courses Offered
1. Research Methodology
2. Genre Studies
3. Literary History
4. Critical Theory
5. Interdisciplinary Studies

Division of Fine Arts

PhD Degree Programme (History of Chinese Art)
It is a research-oriented programme with no specified fields of specialization.

MPhil Degree Programme (History of Chinese Art)

Fields of Specialization
The histories and theories of painting and calligraphy, ceramics, bronzes, jades and other decorative arts.

MFA Degree Programme (Studio Art)

Fields of Specialization
1. Painting
2. Sculpture
3. Chinese Calligraphy
4. Seal Carving
Division of History

PhD Degree Programme

Fields of Specialization
1. History of Traditional China
2. History of Modern China
3. Pre-modern World History
4. Modern World History
5. History of Hong Kong

Courses Offered
(A) Graduate Seminar on Historiography (required)

(B) Field Historiography Category:
1. Historiography: Traditional Chinese History
2. Historiography: Modern Chinese History
3. Historiography: Pre-modern World History
4. Historiography: Modern World History
5. Historiography: Hong Kong History

(C) Selected Themes in History Category:
1. Selected Themes in Traditional Chinese History
2. Selected Themes in Modern Chinese History
3. Selected Themes in Pre-modern World History
4. Selected Themes in Modern World History
5. Selected Themes in Hong Kong History

(D) Independent Topic Studies Category:
1. Independent Topic Studies in Traditional Chinese History
2. Independent Topic Studies in Modern Chinese History
3. Independent Topic Studies in Pre-modern World History
4. Independent Topic Studies in Modern World History
5. Independent Topic Studies in Hong Kong History

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.

Courses Offered
Same as those for the PhD degree programme.

* The field of world history covers Europe, America, Japan/Korea, Southeast Asia and Asian Pacific.
Division of Music

DMus Degree Programme

Field of Specialization
Composition

PhD Degree Programme

Fields of Specialization
1. Ethnomusicology: Chinese Music
2. Historical Musicology
3. Theory

MMus Degree Programme

Field of Specialization
Composition

Required Courses
1. Research Methods and Bibliography
2. Composition I
3. Composition II
4. Advanced Analysis I
5. Advanced Analysis II

MPhil Degree Programme

Fields of Specialization
(A) Ethnomusicology: Chinese Music

Required Courses
1. Research Methods and Bibliography
2. Research Methods in Ethnomusicology I
3. Research Methods in Ethnomusicology II
4. Field Work in Ethnomusicology
5. Seminar in Chinese Music I-V
6. Research Methods in Ethnomusicology III
7. Seminar in Chinese Music I-V

(B) Historical Musicology

Required Courses
1. Research Methods and Bibliography
2. Advanced Analysis I
3. Advanced Analysis II
4. Seminar in Historical Musicology I-V
5. Seminar in Musical Notation
(C) Theory

Required Courses
1. Research Methods and Bibliography
2. Advanced Analysis I
3. Advanced Analysis II
4. Seminar in the Theory of Music

Elective Courses:
All required courses listed above can be elective courses for students in the other fields of specialization. In addition, the following courses are offered.
1. Theory of Composition I
2. Theory of Composition II
3. Seminar in the Theory of Music II
4. Seminar in Musical Craftsmanship I
5. Seminar in Musical Craftsmanship II
6. Seminar in Ethnomusicology I
7. Seminar in Ethnomusicology II
8. Seminar in Chinese Music I (Instrumental Music)
10. Seminar in Chinese Music III (Folk Songs)
13. Chinese Music: Bibliography
14. Independent Study I
15. Independent Study II
16. MPhil/DMus Thesis/Portfolio Preparation
17. PhD/DMus Dissertation/Portfolio Preparation

Division of Philosophy

PhD Degree Programme (Chinese Philosophy)

Area of Concentration:
An area from Chinese Philosophy, or one closely related to it (e.g. comparative studies).

MPhil Degree Programme

Fields of Specialization
1. Problems of Chinese Philosophy
2. Problems of Epistemology
3. Metaphysics
4. Studies of Chinese or Western Philosophers
5. Other fields of Philosophy including Comparative Studies in Philosophy
Division of Religion and Theology

PhD Degree Programme (Religious Studies)

Fields of Specialization
1. Chinese Religions
2. Biblical Studies
3. Christianity and Chinese Culture

MPhil Degree Programme in Religious Studies

Areas of Study
1. Religions in China (such as Buddhism, Taoism, Chinese Popular Religions, etc.)
2. Biblical Studies
3. Christianity in China
4. Religion and Society
5. Religious Education

MDiv Degree Programme

Areas of Study
1. Biblical Studies (Old and New Testaments)
2. Theology and Ethics
3. History of Christianity
4. Pastoral Studies
5. Asian Studies
6. Missiology
7. Christian Education

Division of Translation

PhD Degree Programme
It is a research-oriented programme with no specified fields of specialization.

MA Degree Programme (Part-time)

Courses Offered

(A) Required Courses
1. Theory of Translation
2. Specialized Translation

(B) Elective Courses
1. Comparative Syntax and Practice
2. Selected Reading in Translated Works
3. Applied Translation
4. Interpretation
5. Translation Workshop

*MPhil Degree Programme*

In order to graduate, MPhil students are required to complete 18 units of taught courses and write a substantial thesis. One of the taught courses will be 'Theory of Translation', and the others will be selected from 'Specialized Translation', 'Applied Translation', 'Interpretation' and 'Translation Workshop'.

Supervision is available across a broad range of translation studies.
Faculty of Business Administration

Division of Business Administration

PhD Degree Programme

Areas of Specialization
1. Accountancy
2. Decision Sciences and Managerial Economics
3. Finance
4. International Business
5. Management
6. Marketing

MBA Degree Programmes

(A) Two-Year MBA Degree Programme

— For Non-Business Administration Graduates

Courses Offered
First year:
1. Accounting
2. Economics
3. Statistical Analysis
4. Business System
5. Management Information Systems
6. Production/Operations Management
7. Financial Management
8. Human Resources Management
9. Management Communication
10. Marketing Management
Non-unit module: Quantitative Skills

Second year:
1. Legal Environment of Business
2. International Business
3. Business Strategy
4. Electives
5. Master's Thesis/MBA Project

— For Graduates of Business Administration

Fields of Specialization
1. Accountancy
2. Decision Sciences and Managerial Economics
3. Finance  
4. International Business  
5. Management  
6. Marketing  

(B) Three-Year MBA Degree Programme

Courses Offered

First year:
1. Accounting  
2. Principles of Organization and Management  
3. Economics  
4. Statistical Analysis  
5. Cost/Managerial Accounting  
6. Legal Environment of Business  

Second year:
1. Financial Management  
2. Marketing Management  
3. Business Information Systems  
4. Managerial Economics or Production/Operations Management  
5. Master's Thesis I/Elective  
6. Organizational Behaviour  

Third year:
1. Master's Thesis II/MBA Project  
2. Business Policy  
3. Electives  

(C) Executive MBA Degree Programme

Courses offered

First year:
1. Management of the Corporation (Residence Week)  
2. Accounting  
3. Economics  
4. Quantitative Methods  
5. International Business  
6. Operations Management  
7. Marketing Management  
8. Financial Management  
9. Human Resources Management  

Second year:
1. Mergers and Acquisitions  
2. Investments  
3. Seminar on Strategic Marketing  
4. Leadership  
5. Chinese and Asian-Pacific Business
6. Western Corporations
7. Business Strategy
8. Chinese Traditional Strategies
9. Seminar on Current Business Issues (Residence Week)

**MPhil Degree Programme**

**Areas of Specialization**
1. Decision Sciences and Managerial Economics
2. Finance
3. Management
4. Marketing
Faculty of Education

Division of Education

PhD Degree Programme

Areas of Study

1. Guidance and Counselling
2. Educational Administration and Planning
3. Educational Administration and Organization
4. Studies in Education Policy
5. Curriculum Studies
6. Teacher Education
7. Sports Science and Physical Education

Diploma in Education Programmes

Courses Offered

(A) Curriculum and Teaching Method
1. Subject Curriculum and Teaching (major)
2. Subject Curriculum and Teaching (minor)
3. Educational Communications and Technology
4. Extracurricular Activities
5. Principles of Curriculum Design
6. Individual Project

* Required course

Part 5: Programmes of Studies
(B) Society, Institution, and Organization
   **1. Sociology of Education: Education, Society and Politics
   **2. Sociology of Education: Process of Schooling
   3. School Administration
   4. Hong Kong Education in Comparative Perspective
   5. Chinese Education
   6. Environmental Education
   7. Individual Project

(C) Culture and Thought
   **1. Educational Thought: Chinese Educational Thought
   **2. Educational Thought: Western Educational Thought
   3. Moral Education and Citizenship Education
   4. Individual Project

(D) Psychology and Counselling
   **1. Psychology of Learning and Teaching: Cognitive Processes
   **2. Psychology of Learning and Teaching: Motivation and Individual Differences
   3. Psycho-social Development of the Adolescent
   4. Guidance in Schools
   5. Educational Research and Statistics
   6. Evaluation and Test Construction
   7. Classroom Management
   8. Individual Project

** Optional core courses
Faculty of Engineering

Division of Computer Science and Engineering

PhD Degree Programme

Fields of Specialization

(A) Architecture
1. Multiprocessor Workstations
2. Distributed Systems
3. Scalable Parallel Machines

(B) Artificial Intelligence
1. Expert Systems
2. Logic Programming
3. Voice and Pattern Recognition
4. Neural Networks
5. Fuzzy Logic and Applications
6. Knowledge Engineering

(C) Chinese Computing Systems
1. Intelligent Processing and Retrieval of Chinese Text
2. Chinese and Multilingual Databases
3. Computational Chinese Linguistics
4. Chinese Input/Output Systems
5. Open Systems for Chinese Computing

(D) Information Systems
1. Database Theory and Design
2. Multimedia Databases

(E) Software Methodology
1. Software Engineering
2. Parallel and Constraint Logic Programming
3. Parallel Functional Programming
4. Parallel Paradigms
5. Software Tools for Database Systems

(F) Theory
1. Complexity Theory
2. Scheduling Algorithms
3. Parallel Computation
4. Large-scale Engineering Computation
5. Graph Theory and Graph Algorithms
6. Computational Geometry

9. Project I
10. Project II

Division of Electronic Engineering

PhD Degree Programme

Fields of Specialization
1. Biomedical Engineering
2. Artificial Intelligence; Neurocomputing
3. Chinese Character and Speech Recognition
4. Computer Vision; Virtual Reality
5. Digital Signal Processing and Image Processing
6. EM theory
7. Microwave Techniques, Antennas and Propagation
8. Optoelectronics and High Speed Devices Technology
9. Optical Fibre Technology
10. Scanning Probe Microscopy of Electronic Materials
11. Solid State Electronics: Materials and Device Technology
12. VLSI Circuit and Testing
13. VHDL Functional Synthesis, CMOS Integrated Circuit Design

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.

Division of Information Engineering

PhD Degree Programme

Fields of Specialization
(A) Communications
  1. Broadband ISDN
  2. Local/Metropolitan Area Networks
3. Networking and Network Management
4. Cellular Radio Communications
5. Performance Evaluation
6. Multimedia Communications
7. Switching
8. Optical Communication and Lightwave Networks

(B) Information Processing
1. Coding and Information Theory
2. Data Compression
3. Neural Networks
4. Chinese Language Processing
5. Visual Information Processing
6. Man-machine Interface and Interactive Systems

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.

MSc Degree Programme

Fields of Specialization

Division of Mechanical and Automation Engineering

PhD Degree Programme

Fields of Specialization
1. Automation and Robotics
2. CAD/CAM
3. Computer Vision and Image Processing
4. Dynamics and Vibration
5. Machine Intelligence
6. Mechanical System Modelling
7. Systems and Control Theory

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.
Division of Systems Engineering and Engineering Management

**PhD Degree Programme**

*Fields of Specialization*
1. Resource Planning and Management
2. Decision Support Systems/Management Information Systems
3. Information Systems, Database System
4. Operations Research/Management Science
5. Operations Management
6. Quality Management
7. Management of Information Technology
8. Systems and Control Science
9. Machine Intelligence and Its Applications

**MPhil Degree Programme**

*Fields of Specialization*
Same as those for the PhD degree programme.
Faculty of Medicine

Division of Basic Medical Sciences

PhD Degree Programme

Fields of Specialization

(A) Anatomy
1. Gene Regulation and Antisense Research
2. The Visual System
3. Responses of the Central Nervous System after Injury
4. Normal and Abnormal Embryogenesis (Gene Expression and Organ Formation)
5. Nerve-Skeletal Muscle Interaction
6. Development and Regeneration of Central Nervous Tissues
7. Cell Biology of Basement Membranes and Extracellular Matrices
8. Reproductive Biology and Diseases of Male Accessory Sex Glands
9. Tumour Biology (Culture, Ultrastructure and Genetic Alterations)

(B) Pharmacology
1. Characterization of Prostaglandin Receptors and the Development of Specific Agonists and Antagonists
2. Prostaglandin Receptor Regulation of Neutrophil Function in Inflammation
3. Biology and Pharmacology of Mast Cells
4. The Role of Neuropeptides in Joint Inflammation
5. Neurotransmission in Vascular Smooth Muscle
6. Cardiac Electrophysiology
7. Mechanisms of Antiemetic Drugs
8. Analysis, Synthesis, Metabolism and Pharmacokinetics of Drugs and Their Metabolites
9. Biochemical Pharmacology of Sulphhydryl Drugs
10. Development of Immunoassays for Drug Detection

(C) Physiology
1. Studies of Ion Channels and Their Physiological Role
2. Cellular Physiology
3. Epithelial Transport
4. Sensory and Central Nervous System Physiology
5. Cardiovascular Physiology
6. Smooth and Skeletal Muscle Physiology
7. Molecular Endocrinology
8. Renal and Acid-base Physiology
9. Male Reproductive Physiology
10. Respiratory Physiology
MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.

Division of Medical Sciences

PhD Degree Programme

Fields of Specialization
1. Topics in Clinical Pharmacology, Toxicology, Molecular and Pharmacogenetic Epidemiology
2. Topics in Community Medicine including Epidemiology, General Practice, Occupational Medicine, Organization of Health Services, and Sociology in Medicine
3. Topics in Medicine including Cardiology, Endocrinology, Neurology, Geriatrics, Clinical Immunology, Nephrology, Gastroenterology and Hepatology, Respiratory Medicine and Rheumatology
4. Topics in Oncology including Cancer Research, Radiotherapy, Chemotherapy and Radiobiology
5. Topics in Paediatrics
6. Topics in Psychiatry and Sleep Medicine
However, topics outside the above fields would also be considered.

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.

MPH Degree Programme (Part-time)
(Name of degree subject to statutory amendment.)

Courses Offered
1. Basic Epidemiology
2. Basic Biostatistics
3. Fundamentals of Occupational Health
4. Management for Health Professionals
5. Health Economics
6. Behavioural and Social Sciences
7. Disease Prevention and Health Promotion
8. Environmental Health and Communicable Diseases
9. Medical Informatics
10. Advanced Epidemiology
11. Advanced Biostatistics
12. Principles and Practice of Occupational Medicine
13. Principles and Practice of Occupational Hygiene
14. Principles and Practice of Occupational Nursing

188  Part 5: Programmes of Studies
15. Practical Health Administration  
16. Research Protocol Development  
17. Master Project Work and Thesis

Division of Nursing

**MPhil Degree Programme**

Courses Offered  
First Year  
Nursing Research Methodology  
Second Year  
Thesis

**MNurs Degree Programme (Part-time)**

Speciality Areas  
1. Primary Health Care  
2. Acute Care  
3. Palliative Care  

Courses Offered  
1. Nursing Knowledge  
2. Assessing Health Need  
3. Principles in Clinical Practice  
4. Speciality Course I (Acute Care I; Primary Care I; Palliative Care I)  
5. Research Methods  
6. Speciality Course II (Acute Care II; Primary Care II; Palliative Care II)

Division of Pathological Sciences

**PhD Degree Programme**

Fields of Specialization  
1. Topics in Chemical Pathology  
2. Topics in Microbiology, Virology and Immunology  
3. Topics in Anatomical and Cellular Pathology, Molecular Pathology and Haematology  
   However, topics outside the above fields would also be considered.

**MPhil Degree Programme**

Fields of Specialization  
Same as those for the PhD degree programme.
MSc Degree Programme (two-year part-time) in Clinical Biochemistry

Courses Offered
1. Analytical Principles 1 (Basic Principles, Automation, etc.)
2. Statistics, Research Methodology
3. Laboratory Management
4. Toxicology and Therapeutic Drug Monitoring
5. Plasma Proteins and Tumour Markers
6. Analytical Principles 2 (Spectrophotometry, Turbidity, Fluorometry, Nephelometry)
7. Hypothalamus and Pituitary, Thyroid
8. Adrenal Cortex and Medulla
9. Reproductive Endocrinology, Pregnancy
10. Carbohydrate Metabolism
11. Inborn Errors of Metabolism and Paediatric Clinical Biochemistry
12. Analytical Principles 3 (Immunoassay and Related Techniques)
13. Lipoproteins and the Cardiovascular System
14. Fluids and Electrolytes, Acid-base Balance
15. Renal Function, Renal Calculi
16. Gastrointestinal Tract, Liver and Biliary Tract
17. Analytical Principles 3 (Chromatography, Electrophoresis, Electrochemistry)
18. Clinical Nutrition
19. Molecular Biology
20. Clinical Enzymology; Biochemical Effects of Neoplasia
21. Ca, Mg and Bone Metabolism; Musculoskeletal and Nervous System
22. Miscellaneous Disorders of Intermediate Metabolism

Division of Surgical Sciences

PhD Degree Programme

Fields of Specialization
1. Topics in Anaesthesia or Intensive Care
2. Topics in Diagnostic Radiology and Organ Imaging including Related Aspects of Visual Perception
3. Topics in Obstetrics and Gynaecology
4. Topics in Orthopaedics and Traumatology including Rehabilitation and Sports Medicine
5. Topics in Surgery and Surgical Specialities
   However, topics outside the above fields would also be considered.

MPhil Degree Programme

Faculty of Science

Division of Biochemistry

PhD Degree Programme

Fields of Specialization

(A) Cancer Research
   1. Biochemistry of Carcinogenic Compounds
   2. Biochemistry of Tumour Necrosis Factor
   3. Food, Drugs and Growth of Cancer
   4. Membrane Biochemistry of Cancer Cells

(B) Clinical Biochemistry
   1. Biochemical Indicators of Stroke and Brain Injury

(C) Environmental Research
   1. Environmental Biochemistry

(D) Enzymology
   1. Alcohol Metabolism
   2. Enzyme Structure and Mechanism

(E) Food and Nutrition
   1. Food Antioxidants — Purification, Identification and Application
   2. Nutritional Aspects of Edible Fats and Oils
   3. Nutrition Survey and Interventions
   4. Regulation of Fatty Acid Metabolism

(F) Hormone Research
   1. Actions of Pineal Hormones and Biochemistry of Receptors
   2. Actions of Pituitary and Other Animal Hormones
   3. Biochemistry of Insulin-like Growth Factors
   4. Effects of Hormones on Embryonic Development
   5. Exocrine and Endocrine Secretions — Physiological and Biochemistry Aspects
   6. Glucose Transporter
   7. Intermediary Metabolism/Actions of Plant Hormones
   8. Mammary Gland and Lactation Biochemistry
   9. Steroid Hormone and Sexual Differentiation
   10. Structure-activity Relationships of Hormones

(G) Immunology
   1. Biochemistry of Immunoregulators
   2. Cytokines and Haematopoiesis
   3. Immunopharmacology and Immunotoxicology of Natural Products
   4. Monoclonal Antibodies and Cell Surface Receptors
   5. Tumour Immunology
(H) Inorganic Biochemistry
1. Inorganic Biochemistry/Selenium, Potassium and Calcium

(I) Molecular Biology and Biotechnology
1. Applied Biotechnology (Cell Immobilization)
2. Expression of Cloned Genes
3. Gene Regulations in Embryonic Development
4. Genetic Deregulation of Microbial Secondary Metabolites
5. Isolation, Characterization and Cloning of Restriction Endonucleases
6. Marine Biotechnology
7. Molecular Biology of Human Fungal Pathogens
8. Molecular Cloning and Analysis of Biotechnologically Interesting Genes
9. Sequence Analysis of Human Heart cDNA Clones

(J) Natural Products/Chinese Medicinal Material
1. Antimicrobial Activities of Natural Products
2. Bioactive Natural Products
3. Bioactive Polysaccharides from Plants and Chinese Herbs
4. Bioactive Proteins of Chinese Medicinal Materials
5. Biochemistry and Pharmacology of Ribosome Inactivating Proteins

(K) Neurochemistry
1. Behavioural Biochemistry/Sensory Biochemistry
2. Biochemistry and Physiology of the Pineal Gland
3. Neurochemistry of Neurological and Psychiatric Illnesses

(L) Reproductive Biochemistry
1. Biochemistry of Gossypol, a Male Contraceptive
2. Reproductive Biochemistry and Physiology

(M) Signal Transduction
1. Biochemistry of Intracellular Calcium
2. Muscle Cell Biochemistry
3. Receptors and Signal Transduction Mechanisms
4. Signal Transduction Mechanisms in Leukemic Cell Differentiation

(N) Toxicology
1. Biochemical Toxicology of Psychoactive Drugs
2. Heme Biosynthesis

(O) Others
1. Free Radicals and Tissue Injury
2. Reticulocyte Maturation

MPhil Degree Programme

Fields of Specialization
Same as those for the PhD degree programme.
MPhil Degree Programme in Biotechnology
(Jointly offered with the Division of Biology.)

Fields of Specialization
1. Recombinant DNA in Eukaryotic and Prokaryotic Cells
2. Monoclonal Antibody Production
3. Immobilized Cell and Enzyme Systems
4. Applied Micobiology and Microbial Genetics
5. Protoplast Fusion
6. Environmental Biotechnology including Biodergradation

MPhil Degree Programme in Environmental Science

Faculty of Social Science

Division of Anthropology

PhD Degree Programme
It is a research-oriented programme in social and cultural anthropology.

MPhil Degree Programme

Fields of Specialization
The programme focuses geographically on Chinese culture and society (especially South China) and on East and Southeast Asian studies. Research topics include nationalism, ethnicity, religion, gender, development and social change, and urban and youth cultures.

Division of Architecture

MPhil Degree Programme

Fields of Specialization
1. Climate Responsive Architecture and Urban Design
2. Building Science and Environmental Technologies
3. Housing Form and Social Patterns
4. Architectural History and Theory
5. Computer-aided Architectural Design
6. Vernacular Architecture and Approaches

MArch Degree Programme

Interest Areas
1. Form
   This will focus on the design process of a building and the conception, development, and resolution of the spatial and formal dimensions of architecture. It will include functional requirements, context, the formal language of architecture, precedents, types, behavioural/environmental factors, other aspects of architecture, and the use of structure and environmental design as essential to the project.

2. Context
   This will focus on the relationship of the building to landscape or the urban fabric, historical precedents of urban form, preservation, open space design, and will offer opportunities for integration and exploration methods facilitated by CAAD and information technology.
3. Technology
This will focus on forces that affect building and the systems essential to it. The design process will be directed towards structure, construction methods, energy efficiency, nature and integration of systems, daylighting, intelligent buildings, acoustics, etc.

4. Computers
This will focus on exploration of the role of emerging information technology in architectural design, design process and methodology, media, professional practice, and the interface between other computer systems.

_Courses Offered_

**First year**
1. Architectural Design Studio
2. Architectural Studio
3. Advanced Building Systems
4. Professional Practice I
5. Issues in Architectural Design and Theory
6. Architectural Electives
7. Non-architectural Electives

**Second year**
1. Advanced Architectural Design Studio
2. Advanced Architectural Studio
3. Professional Practice II
4. Architectural Electives
5. Non-architectural Electives

_Electives Courses_
1. Digital Design Media
2. Advanced Computer Application in Architecture
3. Research Techniques of Architects
4. Topics in Theories and Form of Cities
5. Topics in Landscape Architecture
6. Topics in Design Theory or the History of Modern Architecture
7. Studies in Vernacular Architecture and Traditional Settlements or East Asian Architecture
8. Advanced Studies in Structures
9. Studies in Materials and Construction
10. Simulation of Building/Environment Interactions
11. Topics in Environmental Technology
12. Architectural Practice and Management
13. Building Economics and Finance
14. International Practice and Development in China
15. Special Topics in Architecture
16. Research
17. Reading
Division of Communication

7. Media Effects
8. New Information Technology
9. Mass Communication Theory
10. Chinese Media
11. Mass Media and Social Change

MPhil Degree Programme

Courses Offered

(A) Core Courses
1. Process of Human Communication
2. Design and Analysis for Communication Research I
3. Design and Analysis for Communication Research II

(B) Elective Courses
1. Multi-disciplinary Approach to Mass Media
2. Topic Studies in Communication I
3. Seminar on International Communication
4. Summer In-study Professional Experience
5. Independent Studies in Communication
6. Topical Studies in Communication II
7. Seminar on Communication Patterns in Chinese Culture
8. Strategies for Integrated Communication Campaigns
9. Thesis in Progress (for MPhil Students)
10. Thesis in Progress (for PhD students)

Combined MPhil-MSSc Degree Programme in Clinical Psychology

This programme is jointly offered by the Department of Psychology and the Department of Psychiatry.

Period of Study (Full-time only)
MPhil degree programme: minimum two years, maximum four years
MSSc degree programme: minimum one year, maximum two years

Course Requirements

MPhil Degree Programme in Clinical Psychology
1. Psychopathology
2. Cognitive Assessment

Part 5: Programmes of Studies
3. Professional Issues
4. Behaviour Therapy
5. Clinical Seminar
6. Research Methods I
7. Health and Community Psychology
8. Individual Psychotherapy

**PhD Degree Programme**
It is a research-oriented programme with emphasis on sociological studies of China, Hong Kong and other East Asian countries.

**MPhil Degree Programme**

**Courses Offered**

**Required Courses**
1. Advanced Theory  
2. Advanced Methodology  
3. Graduate Seminar  
4. Aspects of Sociology  
5. Thesis Preparation I  
6. Thesis Preparation II  

**Elective Courses**
1. Advanced Statistical Analysis  
2. Qualitative Research  
3. Guided Study

208 Part 5: Programmes of Studies
International Asian Studies Programme

In keeping with the University’s distinctive educational mission of promoting cultural exchange between the East and the West, an International Asian Studies Programme was launched at the University in 1977 with the support of the Yale-China Association. This programme is open to a selected number of students, research scholars and academic staff from overseas who wish to take advantage of the University’s academic resources and research facilities in the broad area of Chinese and Asian studies, including the Chinese language training programme offered by the New Asia Yale-in-China Chinese Language Centre.

The International Asian Studies Programme (IASP) is coordinated by the Office of International Studies Programmes and is fully integrated into the regular academic structure of the University. Programme participants from overseas and local students live in the same hostels. All courses offered at the University, except those by the Faculty of Medicine and the Faculty of Education, are open to IASP participants, and the programme itself also offers selected courses in Asian and Chinese studies taught in English for the benefit of both programme participants and local students.

There are three categories of participants: (1) associate students: undergraduates and postgraduate students taking a full load (12–18 units per term) of university courses; (2) associate research students: graduate students primarily undertaking research or writing their masters’ theses or doctoral dissertations; and (3) special scholars: academic staff members or other learned scholars, normally of postdoctoral status, pursuing research, refresher or advanced courses.

Programme fees and financial aid for participants are respectively printed on p. 215 and p. 231 of this Calendar.

The programme spans one academic year (September to May). Application for single term participation is subject to availability of places. Previous course work on Chinese language or Asian studies is not required for admission, but undergraduate applicants must normally have completed at least two terms of university study and graduate applicants must hold a bachelor’s degree. Associate research students and special scholars with genuine research or scholarly interest are especially welcome.

All inquiries and applications should be addressed to the Office of International Studies Programmes at The Chinese University of Hong Kong except those from America.
and Canada which should be addressed to the Programme's North American representative: International Asian Studies Programme, P.O. Box 208223, New Haven, Connecticut 06520-8223, USA.

IASP students may also take Chinese language courses in the New Asia Yale-in-China Chinese Language Centre. Associate students may take up to 12 units, and associate research students and special scholars up to six units, of Chinese language per term. Participants may also take courses in other departments* which are not area-specific but are necessary to fulfil major requirements of home institutions.

For further details, please refer to the current IASP Prospectus.

* Courses offered by the faculties of medicine and education are not included.

- **Postgraduate Hall Complex**
  - single room (for postgraduate students only) ............... 8,100
  - shared room ................................................... 5,400

**Cost of University Education**
In addition to the prescribed fees listed above, all full-time students are advised to set aside funds for other items including meals, books, transport, personal and other expenses.

---

* The programme fees cover tuition and hostel accommodation, basic medical care, student union membership, transcripts, orientation programme and cultural activities.
The cost of meals on campus is about HK$15 for breakfast and $25 each for lunch and dinner. It is estimated that books and stationery, and other incidental expenses, would be in the region of $4,800 a year. In addition, a commuting student may have to spend between $4,500 and $5,500 a year on transport. Personal and other extra expenses are entirely at the discretion of the individual student concerned.

Taking into consideration all fees and expenditure set out above, a full-time student will probably need between $69,000 and $73,000 a year to support his education at the University.
Scholarships and Financial Aid to Students

To help needy students meet part of the cost of their university education, the government has made provisions for grants and loans through the Joint Committee on Student Finance. The University and its constituent colleges also administer their own scholarships, bursaries, loans and campus work schemes.

(n) to appoint external examiners on the recommendation of the Senate;

(o) to provide for the printing and publication of works which may be issued by the University; and

(p) to consider reports from the Senate, and if the Council deems it proper to do so, to take action thereon.

9. The Council shall meet at least 3 times in each academic year and additionally on the written request of the Chairman of the Council or the Vice-Chancellor or any 5 members of the Council.

10. 7 days' notice in writing of any meeting of the Council shall be sent by the Secretary to each person entitled to receive notice of the meeting with the agenda thereof, and no business not included in the agenda shall be transacted if the Chairman or any two members present object.

11. The Council may make for the proper conduct of its business Standing Orders which it may amend or rescind by simple majority at any of its meetings provided that not less than 7 days' notice has been given in writing by the Secretary to members of the Council of the proposal so to amend or rescind.

12. The quorum at any meeting of the Council shall be 12.

STATUTE 12

FINANCIAL PROCEDURE

1. The Council shall fix the financial year.

2. There shall be a Committee of the Council known as the Finance Committee, which shall consist of —

(a) The Treasurer, who shall be Chairman;
(b) the Vice-Chancellor or his representative;
(c) the Head of each College; and
(d) 3 other persons, including persons who are not members of the Council, as the Council shall appoint.

There shall be referred to the Finance Committee all matters within the jurisdiction of the Council which have important financial implications.

3. The Finance Committee shall submit to the Council, before the beginning of the financial year, draft estimates of income and expenditure of the University and such estimates, amended as the Council may think fit, shall be approved by the Council before the beginning of the financial year.

4. The estimates shall show the income and expenditure of the University and the estimated surplus or deficit for the year. The estimated expenditure shall be shown under votes, heads and (where applicable) sub-heads. Any transfer between votes or
heads shall require the sanction of the Finance Committee. Any transfer between sub-heads shall require the sanction of the Vice-Chancellor and the Treasurer, with the exception of transfers between sub-heads solely concerning a College, which shall require the sanction of the Head of that College, subject to any rules and directions that the Finance Committee may issue.

5. The Finance Committee shall report to the Council, at such times as the Council may determine, any transfer between votes or heads. The Council may revise the estimates during the course of the financial year.

6. As soon as practicable after the end of the financial year, a balance sheet and income and expenditure account with supporting schedules shall be submitted to the auditors.

7. The audited accounts, with any comments thereon made by the auditors, shall be submitted to the Council.

8. Nothing in this Statute shall deprive the Council of power to invest surpluses or prospective surpluses at any time.

(a) has completed a course of study in a tertiary educational institution and holds professional or similar qualifications equivalent to a degree; and
(b) has satisfied such other requirements as may be prescribed by the Statutes and by decrees and regulations made thereunder, may be exempted from the matriculation requirements of the University and may be admitted to be a postgraduate student with the approval of the Senate.

10. The Senate may recommend the award of the degree of Master or Doctor in any Faculty to any member of the academic staff of the University and for this purpose may exempt any such person from any of the requirements prescribed for the conferment of the degree other than the examination therefor.

11. The Council may recommend the award without requiring attendance or examination of a degree of Master or Doctor *honoris causa*:

Provided that the holder of a degree which has been conferred *honoris causa* shall not, by the fact that he has been admitted thereto, be entitled to practise any profession.

12. The Council shall not recommend the award of any degree of Master or Doctor *honoris causa* except after consideration of recommendations submitted by an Honorary Degrees Committee consisting of —

(a) the Chancellor;
(b) the Vice-Chancellor;
(c) the Heads of the Colleges;
(d) the Chairman of the Council;
(e) 2 members of the Council nominated by the Council; and
(f) members of the Senate, equal in number to the number of the Colleges, elected by the Senate.

13. The University may award diplomas and certificates —

(a) to students who —

(i) have attended an approved course of study;
(ii) have passed the appropriate examination or examinations; and
(iii) have complied in all other respects with the requirements prescribed therefor; and

(b) to persons other than those provided for in subparagraph (a) above who are deemed by the Senate to possess the qualification appropriate for the award of such diplomas and certificates provided that such persons —

(i) have pursued a course of study therefor at one or more educational institutions in Hong Kong recognized for this purpose by the Senate; and

(ii) have passed the appropriate examination or examinations of the University.

14. Subject to the right of appeal from the decision of the Senate to the Council and from the decision of the Council to the Chancellor, the Senate may deprive any person who has been convicted of an arrestable offence or who in their opinion has been guilty of dishonourable or scandalous conduct of any degree, diploma, certificate or other award of the University.

General Regulations
Governing Full-time
Undergraduate Studies

(For programmes jointly offered by different departments, the term 'department' in the regulations refers to relevant committee concerned.)

1.0 Rules and Regulations
1.1 Students shall observe all rules and regulations prescribed by the University authorities.

2.0 Admission
2.1 An applicant seeking admission to an approved full-time course of study leading to a bachelor's degree shall have fulfilled the entrance requirements of the University as prescribed in the Regulations Governing Admission to Full-time Undergraduate Studies.
2.2 A successful applicant shall be admitted to a major programme.

3.0 Fees
3.1 The fees payable by students shall be prescribed by the University Council and may be varied from time to time at the University Council's absolute discretion.
3.2 All fees shall be payable on date/s specified by the University unless prior permission for deferment is obtained.
3.3 A student who has not paid his fees by the specified date/s shall pay a fine until the fees are paid. He shall be considered to have withdrawn from studies at the University if he fails to pay fees after a lapse of two weeks.
3.4 Caution money shall be payable on first registration as a deposit to make good any outstanding debts to the University incurred in, for example, damages to University and/or college property. This sum less any deductions made for outstanding debts shall be refunded on discontinuation of studies at the University. For graduating students, subject to no claim being outstanding, caution money shall be converted into graduation fee.
3.5 Apart from caution money, fees once paid shall not be refunded.

4.0 Registration

4.1 An applicant who has been offered admission to an approved course of study shall pay the fees and register in person with the Registry on the respective specified date/s and shall be considered to have enrolled in the approved course of study from the date of his first registration.

4.2 A student shall register for courses on the specified date/s in each academic year. Anyone who fails to register for courses after a lapse of two weeks from the specified date/s shall be considered to have withdrawn from studies at the University.

4.3 A student who is unable to register for courses on the specified date/s must apply for deferment in writing to the Registrar beforehand.

4.4 A student shall not be registered simultaneously in another course of study or research leading to the award of a degree, diploma or certificate at this university or any other tertiary institution except by prior permission of the board of the faculty to which he belongs. A student in breach of this regulation shall be required to discontinue his studies at the University.

4.5 A student registered for a full-time course of study shall not take up any full-time employment, paid or unpaid, during term time.

4.6 A student shall register in the name which appears in his Hong Kong Identity Card or passport.

4.7 A student shall inform the Registrar immediately of any change of name, address or other particulars entered in the student’s registration record.

4.8 No application for changing a student’s registered particulars shall be accepted after graduation or withdrawal from the University.

5.0 Period of Study

5.1 Except for students in courses of study which prescribe otherwise, a Secondary 6 and a Secondary 7 entrant* shall be expected to graduate after four and three years of attendance respectively save as provided for in Regulation 5.2.

5.2 A student may apply on a prescribed form to the Registrar for an alteration of his period of study. No such application, however, shall be accepted after selection of courses for his expected year of graduation.

5.3 Notwithstanding Regulation 5.2, no student shall graduate without having completed at least three years of attendance.

5.4 Notwithstanding Regulation 5.3, a transfer student or any other student who has been granted course and unit exemptions on the basis of post-secondary qualifications may graduate in less than three years, provided that:

(a) he shall have attended this university for at least two years; and

---

*A Secondary 6 (or 7) entrant means a student who has been admitted to the University after completion of Secondary 6 (or 7) in a school or who has equivalent qualifications.
(b) his total period of attendance at this university and another university or
institution of higher learning recognized by the Senate shall have been not
less than three years.

5.5 A student shall take courses at this university in his final term.

5.6 A Secondary 6 and a Secondary 7 entrant shall complete all requirements for
graduation within six and five years respectively from his first registration
including any periods of leave of absence and suspension of studies.

6.0 Course Requirements and Exemptions

6.1 A Secondary 6 and a Secondary 7 entrant shall complete at least 123 and 99
units of courses respectively before graduation.

6.2 A student shall be required to complete before graduation up to 72 units of courses
in his major programme, and meet the minimum grade required for specific
courses (if any), as prescribed in the study scheme concerned. However, a student
pursuing a major programme which leads to professional qualifications may be
required to complete more than 72 units.

6.3 A student may register for one or two minor programmes as approved by the
department concerned. A minor programme shall require 18** to 30 units of
courses.

6.4 A student shall also complete before graduation the following requirements:
(a) six units of General Chinese and six units of General English, to be taken in
his first year of attendance;
(b) two units of Physical Education courses, to be taken in his first year of
attendance; and
(c) 14 to 15 units of General Education courses as prescribed by the University
and the college to which he is assigned. However, the requirement may be
reduced by three units for students in certain major programmes as approved
by the Senate.

6.5 A student who has failed in any required course shall retake that course or take a
substitute course prescribed by the department concerned.

6.6 A student with recognized qualifications may be exempted from some courses
and/or units required for graduation according to the procedure prescribed. Subject
to the requirements given in Regulations 5.4 and 5.5, no student with such
exemptions shall be allowed to graduate unless he shall have:
(a) completed at least 60 units of courses at this university;
(b) completed at least two-thirds of his major requirements at this university;
and
(c) completed at least two-thirds of his minor requirements at this university, if
he wishes to graduate with a minor.

** Effective from the 1994-95 intake, a minor programme shall require 15 to 30 units of courses.
\* Students admitted in 1994-95 and thereafter are not required to complete General Chinese and
General English.

290 Part 7: University Ordinance and Regulations
7.0 Course Load

7.1 A student shall take no less than 12 units of courses in any term.

7.2 A student shall take no more than 18 units of courses in a term except with prior permission of his major department. However, no student shall be allowed to take more than 21 units in any term.

8.0 Selection of Courses

8.1 A student shall, after consulting the teacher/s designated by the department concerned and making sure that there is no timetable clash among the courses he wishes to select, complete the prescribed procedure for course registration.

8.2 A student shall select his courses according to the study scheme/s of his major and/or minor programme/s. He shall be responsible for ensuring the timely completion of all requirements for graduation.

8.3 A student shall not repeat any course which he has taken and passed or from which he has been exempted except as required by regulations which prescribe otherwise.

9.0 Course Withdrawals and Additions

9.1 A student who wishes to apply for withdrawal or addition of course/s shall complete the prescribed procedure within two weeks after the beginning of the teaching term.

9.2 Only under very special circumstances may a student apply for permission to withdraw from a course or enrol in a new course after the second week of the teaching term. Such applications shall be made on a prescribed form and submitted to the Registrar for consideration by the department concerned.

9.3 A student who withdraws from a course without going through the prescribed procedure shall be given a grade of F for the course.

10.0 Change of Major and Minor Programmes

10.1 A student who wishes to transfer from one major or minor programme to another shall apply on a prescribed form to the department concerned before a specified date.

11.0 Class Attendance and Leave of Absence

11.1 A student shall attend classes, tests and examinations as required by the teachers of the courses in which he has enrolled.

11.2 A student who has been absent for any period shall be responsible for applying to the teacher/s concerned for permission to make up for any required work missed.
11.3 In case of illness necessitating absence exceeding one week, a student shall obtain permission from the Registrar through written application. Such applications shall be accompanied by a certificate signed or countersigned by the Director of the University Health Service and shall require the endorsement of his major department.

11.4 A student who wishes to obtain a leave of absence exceeding one week for non-medical reasons shall obtain prior permission from the Registrar through written application. Such applications shall state the reasons for which leave of absence is sought and shall require the endorsement of his major department.

11.5 Under no circumstance shall a student be granted leave of absence for more than one year in the first instance. In case he is still unable to attend classes after one year's leave, he may apply for extension for another year, beyond which no further extension shall be granted.

11.6 A student who, without permission to take leave, has been absent for a continuous period exceeding one month shall be considered to have withdrawn from studies at the University.

11.7 A student shall be required to take leave of absence if the condition of his health is considered by the Director of the University Health Service as constituting a definite hazard to the University community. At the end of the prescribed period of absence, the student shall obtain a certificate of good health signed by the Director of the University Health Service before he can apply to resume studies.

12.0 Reduced Course Load for Certain Students Union Officers

12.1 A student after election to the presidency of the students union of the University or a college or the vice-presidency of the University Students Union may, if he feels that his academic work will suffer through the pressure of his union duties, apply in writing to the Registrar for permission to take a reduced course load for not more than two terms. The board of the faculty to which he belongs may after considering his application make a recommendation to the Senate thereon. No student shall be granted this privilege more than once, and such an application shall be made within two weeks after the election results are announced.

12.2 Such permission for reduced course load shall not prejudice the student's eligibility for any academic awards or financial assistance in his academic career.

12.3 Such a student shall take a minimum of six units of courses in each teaching term during his term of office as University or college students union president or University Students Union vice-president and shall be required to pay all prescribed fees.

13.0 Course Assessment and Grades

13.1 A student shall be assessed for every course which he has registered for on the basis of his performance in the course. Criteria for assessment may include any one or any combination of the following: attendance, class work, written work, laboratory work, field work, research papers, tests, examinations, and any other criteria.

292 Part 7: University Ordinance and Regulations
13.2 Course grades, their standards and converted points used in reporting shall be as follows:

The grade point average of a student’s course work shall be computed by dividing the total weighted converted points for courses taken by the total number of units attempted inclusive of courses failed, where the weighted converted points are converted points multiplied by the number of units of the course concerned.

13.3 A student who has gained a grade of D or above in a course shall earn the unit/s of that course. However, the unit/s of a course which a student has passed but is required to repeat shall count only once towards the fulfilment of course units for graduation.

14.0 Examinations

14.1 A student shall take course examinations, if prescribed by the teacher/s concerned, in the form of written, practical or oral assessment, or any combination thereof.

14.2 If a Comprehensive Examination is prescribed by his major programme, a student shall sit for the examination if he is certified by his major department as having met the entry requirements, if any. Instead of a Comprehensive Examination, a graduation thesis or graduation project may be prescribed by his major programme, to which regulations governing Comprehensive Examination shall also apply, where applicable. The grades, standards and converted points used in reporting results of Comprehensive Examination or graduation thesis/project shall be the same as those prescribed in Regulation 13.2.

14.3 Absence from Examinations

(a) A student who for medical or other compelling reasons is unable to sit for any course examination or the Comprehensive Examination, shall apply in writing with documentary evidence at the earliest possible moment but not later than 10 days after the examination concerned to the Registrar for permission for absence. In the case of illness/injury, the application shall be accompanied by a certificate signed or countersigned by the Director of the University Health Service.
(b) If his application for absence is successful, a student:

(i) in the case of absence from an examination of any course, may be otherwise assessed at the discretion of the department concerned; and

(ii) in the case of absence from a Comprehensive Examination:

1. shall be permitted to sit for the next examination without taking any course in the following term or year provided that he can meet the entry requirements, if any, and in such case he shall be considered for a degree with classification; or

2. may request consideration for the award of an aegrotat degree under Regulation 16.3. If it is decided not to award him an aegrotat degree, he will retain the right to sit for the Comprehensive Examination as provided for in Regulation 14.3(b)(ii)(1).

(c) A student who is absent from any examination without permission shall be given a grade of F in that examination.

14.4 A student who fails in the Comprehensive Examination shall register for courses, if any, as directed by the department concerned in the following term or year, which may require him to retake some courses he has already passed. He shall sit for the Comprehensive Examination for the second time. A student who fails twice in the examination shall be required to discontinue his studies at the University.

15.0 Academic Probation and Discontinuation of Studies

15.1 Academic Probation

(a) A student shall be put on academic probation if he has obtained a grade point average of below 1.5 in the preceding term unless Regulation 15.2 applies.

(b) A student on academic probation may be required to take a reduced load and his performance shall be reviewed at the end of the term in which he is put on probation, at which time if he has obtained a grade point average of 1.5 or above, probation shall be lifted, otherwise probation shall continue to apply in his next term of attendance unless he is required to discontinue his studies as prescribed by Regulation 15.2 or he has completed all graduation requirements as set out in Regulation 16.1.

15.2 Discontinuation of Studies

A student shall be required to discontinue his studies at the University:

(a) if his grade point average in a term is below 1.0 for two consecutive terms of attendance; or

(b) if he fails in more than half of the units of courses taken in a term for two consecutive terms of attendance; or

(c) if he still fails to have his probation lifted after he has been put on academic probation for two consecutive terms of attendance; or
(d) if, after two attempts, he still fails to meet the minimum grade required for specified courses (if any) as prescribed by his major programme, unless otherwise decided by the board of the faculty to which he belongs or he is successful in obtaining transfer to another major programme in the next term; or

(e) if he fails twice in the Comprehensive Examination/graduation thesis/graduation project; or

(f) if he fails to complete all requirements for graduation after 5 or 6 years as prescribed in Regulation 5.6.

16.0 Graduation

16.1 To be considered for the award of a bachelor’s degree, a student shall:

(a) have satisfied all requirements prescribed in Sections 5.0 and 6.0;

(b) have obtained a grade point average of not lower than 1.5 in all major courses taken which are coded 2000 and above (for STOT courses, coded 0200 and above);

(c) have passed the Comprehensive Examination or graduation thesis/project, if any, as prescribed by the major programme; and

(d) have obtained a grade point average of not less than 1.0 in his final term.

A student who has satisfied the above requirements shall graduate, unless, in accordance with Regulation 19.0, he is required to terminate his studies at the University or be suspended from the University.

16.2 Notwithstanding Regulation 16.1(b), a student who has obtained a grade point average of below 1.5 but not less than 1.3 in all major courses taken which are coded 2000 and above (for STOT courses, coded 0200 and above) may be recommended by the Undergraduate Examinations Board for the award of a pass degree, subject to his satisfying all other requirements for graduation.

16.3 A student who is granted permission for absence from the Comprehensive Examination may be recommended by the Undergraduate Examinations Board for the award of an agregat degree, provided that he has met all other requirements for graduation. If an agregat degree is awarded, its acceptance by a student shall render him ineligible to present himself for any subsequent examination/s for the same bachelor’s degree.

16.4 Provided that he is not required to discontinue his studies, a student shall register for a further term or year or specific course/s as the case may be, if he fails to meet any of the requirements prescribed in Regulation 16.1.

16.5 A student who has fulfilled the requirements of a minor programme for which he has registered in addition to satisfying all other conditions for graduation shall graduate with a minor. If he fails to fulfil any minor requirement, he shall graduate without a minor.

16.6 A student who has fulfilled the requirements of two minor programmes for which he has registered in addition to satisfying all other conditions for graduation shall graduate with double minors. If he fails to fulfil the requirements of one or
both of his two minor programmes, he shall either graduate without a minor
provided that he has not taken a reduced major programme or graduate with a
single minor provided that he has fulfilled all requirements prescribed therefor
and has not taken a reduced major programme; otherwise he shall be required to
register for a further term or year or specific course/s to make up the major and/
or minor requirements.

17.0 Degree Classification

17.1 A student who satisfies the conditions for graduation shall be awarded a bachelor's
degree with one of the following classifications:
(a) First Class Honours
(b) Second Class Honours Upper Division
(c) Second Class Honours Lower Division
(d) Third Class Honours
(e) Pass

17.2 The classification of a student's degree shall be based on the grade point average
of major courses coded 2000 and above or 3000 and above (for STOT courses,
coded 0200 and above or 0300 and above respectively) as decided by the board
of the faculty to which he belongs, grade point average of other courses and
result of the Comprehensive Examination or graduation thesis/project, if any, in
accordance with the standards specified by the Senate.

17.3 A bachelor's degree (aegrotat) shall not be classified.

18.0 Transcripts

18.1 A student who wishes to apply for transfer or admission to another educational
institution or for employment may apply for an official transcript giving details
of all courses taken and grades obtained.

18.2 The official transcript shall not be issued to a student or any private individual. It
shall be sent direct to the institution or prospective employer upon payment of
the prescribed fees and postage.

19.0 Disciplinary Action

19.1 A student who violates any rule or regulation and/or commits any misconduct
such as:
(a) defamation of or assault on or battery against the person of any member of
the University;
(b) wilful damage to or defacement of any property of the University;
(c) theft, fraud, misapplication of University funds or property of any kind;
(d) plagiarism in written assignments or cheating in tests or examinations;
(e) an offence in connection with examinations or violation of any of the
regulations of the Senate governing conduct at examinations;
(f) falsification or serious misuse of University documents or records;

(g) refusal to comply with any regulations or orders by authorized persons and bodies prohibiting any conduct which disrupts teaching, study, research or administration of the University;

(h) any conduct which is detrimental to the reputation and well-being of the University;

(i) an offence of an immoral, scandalous or disgraceful nature of which the student has been convicted in any court of law; or

(j) misrepresentations or false statements made in any application or document submitted to the University;

shall be disciplined by the senate, boards of faculties and/or college assemblies of fellows in accordance with the nature and gravity of the offence.

19.2 Disciplinary action may take the form of any of the following penalties which may be entered into the transcript of the student’s academic record:

(a) reprimand;

(b) suspension from part or all of the rights, privileges and/or the use of part or all of the facilities of the University for a specified period of time;

(c) demerit (a total of three demerits may result in termination of studies at the University);

(d) suspension from the University for a specified period of time; or

(e) termination of studies at the University.

Penalty (d) or (e) may be imposed only with the approval of the Senate.

19.3 A student, on being informed of a decision to take disciplinary action against him, may within seven days write to request the Senate to review the decision.
Regulations Governing Undergraduate Medical Studies

1.0 Rules and Regulations

1.1 Students pursuing undergraduate medical studies shall observe rules and regulations stipulated by the University and college authorities which are applicable and the Regulations Governing Undergraduate Medical Studies stipulated by the Faculty of Medicine.

1.2 The General Regulations Governing Full-time Undergraduate Studies (hereinafter referred to as Undergraduate Regulations) shall be applicable to medical students with the exception of the following regulations:

- 5.1 – 5.6 concerning Period of Study;
- 6.1 – 6.3, 6.6 concerning Course Requirements and Exemptions;
- 7.1 – 7.2 concerning Course Load;
- 13.1 – 13.3 concerning Course Assessments and Grades;
- 14.1 – 14.4 concerning Examinations;
- 15.1 – 15.2 concerning Academic Probation and Discontinuation of Studies;
- 16.1 – 16.6 concerning Graduation;
- 17.1 – 17.3 concerning Degree Classification.

2.0 Admission

2.1 Application for admission to the University as medical students shall comply with the ‘Regulations Governing Admission to Full-time Undergraduate Studies’ (hereinafter referred to as Admission Regulations).

2.2 Direct Admission into Medical Year 1:

Applicants may apply for direct admission into Medical Year 1 if they can meet the Entrance Requirements for Medical Studies spelt out in the Admission Regulations.
2.3 Transfer Admission to Medical Year 3:
Applicants may apply for admission to Medical Year 3 as transfer students in accordance with Section IIIA(7) of the Admission Regulations.

3.0 University Requirements
Besides the medical programme, medical students shall complete the following before graduation, unless exempted therefrom:
(a) 11 to 12 units of General Education courses as prescribed by the University and the college to which he is assigned; and
(b) two units of Physical Education.

Physical Education courses shall normally be completed in Medical Year 1 (except for the transfer students admitted according to Reg. 2.3).

4.0 Length of Study
4.1 A student shall complete the Pre-clinical Programme (Medical Years 1 and 2) within a period not exceeding three academic years unless determined otherwise by the Faculty Board of Medicine.
4.2 A student shall complete the Clinical Programme (Medical Years 3 to 5) within a period not exceeding four academic years. Under exceptional circumstances, a student may be granted an additional year at the end of the programme by the faculty board.
4.3 A student who fails to complete the programmes and pass the relevant examinations within the prescribed periods as stipulated above shall be required to discontinue his studies at the University.
4.4 An Intercalated student shall complete the Intercalated Degree Programme in Medical Sciences within a period of one academic year taken outside the above-mentioned prescribed periods of studies.

5.0 Assessment and Examination

Medical Year 1
5.1 Medical Year 1 students shall be assessed by the following:
(a) departmental assessment;
(b) Faculty Examination in the subjects of Anatomy, Physiology, Biochemistry and the Behavioural and Social Sciences at the end of the year; and
(c) continuous assessment in any format throughout the Pre-clinical Programme as and if considered appropriate by the departments involved in pre-clinical teaching.
5.2 Students are required to pass each individual subject in the Faculty Examination. The pass mark is 50%. Students who fail in one subject with a mark of 40% or above and pass the remainder of the subjects shall be allowed a supplementary examination in the failed subject to be held in August of the same year. Students
who fail in one subject with a mark of below 40% will be required to resit the
Faculty Examination to be held in August of the same year. Students who fail in
more than one subject will be required to resit the Faculty Examination to be
held in August of the same year. Faculty Examination results may also count
towards the First Professional Examination to be held in Medical Year 2 at the
discretion of the departments concerned.

5.3 Students who fail the examination in one or more subjects after two attempts
will be required to discontinue his studies at the University unless decide other-
wise by the panel of examiners.

Medical Year 2

5.4 Medical Year 2 students shall be assessed by the following:
(a) the First Professional Examination in the subjects of Anatomy, Physiology,
Pharmacology and Biochemistry; and
(b) continuous assessment in any format throughout the Pre-clinical Programme
as and if considered appropriate by the pre-clinical departments.

5.5 Students are required to pass each individual subject in the First Professional
Examination. The pass mark is 50%. Students who fail in one subject with a
mark of 40% or above shall be allowed a supplementary examination. Students
who fail in one subject with a mark of below 40% will be required to repeat
Medical Year 2, unless allowed a supplementary examination at the discretion of
the panel of examiners. Students who fail in more than one subject or who are
not allowed a supplementary examination will be required to repeat Medical
Year 2.

5.6 The supplementary examination will be held in June of the same year. Students
who fail the supplementary examination will be required to repeat Medical Year
2.

Medical Year 3

5.7 Medical Year 3 students shall be assessed by the following:
(a) departmental assessment in the subjects of General Pathology, Junior Medical
Clerkship and Junior Surgical Dressership; and
(b) the Second Professional Examination in the subjects of Anatomical and
Cellular Pathology, Microbiology and Chemical Pathology held at the end
of Medical Year 3.

5.8 The pass mark for the above assessments is 50%. Students who fail either in
Junior Medical Clerkship or Junior Surgical Dressership, or in the Second
Professional Examination will be required to repeat Medical Year 3. Students
who fail in the Second Professional Examination marginally shall be given an
opportunity for re-assessment and those who fail in the re-assessment will be
required to repeat Medical Year 3.

Medical Year 4

5.9 Medical Year 4 students shall be assessed by the following:
(a) departmental assessment in the subjects of Community and Family Medicine,
Obstetrics and Gynaecology, Paediatrics, and Psychiatry; and

assessment or any of the component courses shall continue his studies in the
Clinical Programme.

7.0 Graduation

7.1 A student shall be eligible for the award of the degrees of MB ChB if,

(a) he has passed all professional examinations as stipulated in the foregoing
regulations within the prescribed period of study; and

(b) he has fulfilled other University requirements on General Education and
Physical Education.

7.2 A student may be considered for the award of the degrees of MB ChB with
honours if,

(a) he has obtained a minimum of three subject distinctions in the professional
examinations, at least one of which is in Part II of the Third Professional
Examination; and

(b) he has passed each and every professional examination at the first attempt.
7.3 A student who has successfully completed the course requirements of the Intercalated Programme in Medical Sciences shall be awarded the BM
dSc degree with one of the following classifications:

(a) First Class Honours
(b) Second Class Honours Upper Division
(c) Second Class Honours Lower Division
(d) Third Class Honours
(e) Pass

The classification of the BM
dSc degree shall be based on the grade point average of the relevant major courses as decided by the faculty board in accordance with the standards specified by the Senate.
Regulations Governing Undergraduate Post-registration Nursing Studies

1.0 Rules and Regulations

1.1 Full-time and part-time students pursuing undergraduate post-registration nursing studies shall observe rules and regulations stipulated by the University authorities which are applicable and the Regulations Governing Undergraduate Post-registration Nursing Studies.

1.2 The General Regulations Governing Full-time Undergraduate Studies shall be applicable to full-time post-registration nursing students with the exception of the following Regulations:

5.1 – 5.6 concerning Period of Study;

Regulations Governing Full-time Undergraduate Primary Education Studies

1.0 Rules and Regulations

1.1 Students pursuing full-time undergraduate studies in Primary Education shall observe all rules and regulations prescribed by the University authorities which are applicable and the Regulations Governing Full-time Undergraduate Primary Education Studies.

1.2 The General Regulations Governing Full-time Undergraduate Studies shall be applicable to full-time Primary Education students with the exception of the following Regulations:

5.1 – 5.6 concerning Period of Study
6.1 – 6.4 concerning Course Requirements and Exemptions
10.1 concerning Change of Major and Minor Programmes
11.5 concerning Leave of Absence
15.1 – 15.2 concerning Academic Probation and Discontinuation of Studies
16.1 – 16.6 concerning Graduation
17.3 concerning Degree Classification

2.0 Admission

2.1 For admission to the full-time Bachelor of Education Programme in Primary Education, an applicant shall have obtained a teacher certificate from a college of education in Hong Kong.

3.0 Period of Study

3.1 A student's period of attendance at a college of education in Hong Kong shall be considered as equivalent to one year of attendance as a registered student at an institution of higher learning.
3.2 With due regard to Regulation 3.1, a student shall complete all requirements for graduation within two years from his first registration.

3.3 Notwithstanding Regulation 3.2, a student may under exceptional circumstances be granted by the Board of the Faculty of Education an additional term or year for completion of requirements for graduation.

3.4 A student shall take courses at this university in his final term.

4.0 Course Requirements

4.1 A student shall be required to complete before graduation at least 60 units of courses.

4.2 A student shall be required to complete the required units of major courses as prescribed in the study scheme concerned.

4.3 A student shall also complete before graduation at least six units of General Education courses as prescribed by the University and the college to which he is assigned.

4.4 Minor programmes are not offered to full-time primary education students.

5.0 Academic Probation and Discontinuation of Studies

5.1 Academic Probation

(a) A student shall be put on academic probation if he has obtained a grade point average of below 1.5 in the preceding term unless Regulation 5.2 applies.

(b) A student on academic probation may be required to take a reduced load and his performance shall be reviewed at the end of the term in which he is put on probation, at which time if he has obtained a grade point average of 1.5 or above, probation shall be lifted, otherwise probation shall continue to apply in his next term of attendance unless he is required to discontinue his studies as prescribed by Regulation 5.2 or he has completed all graduation requirements as set out in Regulation 6.1.

5.2 Discontinuation of Studies

A student shall be required to discontinue his studies at the University:

(a) if his grade point average in a term is below 1.0 for two consecutive terms of attendance; or

(b) if he fails in more than half of the units of courses taken in a term for two consecutive terms of attendance; or

(c) if he still fails to have his probation lifted after he has been put on academic probation for two consecutive terms of attendance; or

(d) if he fails to complete all requirements for graduation after two years from his first registration, unless permission for extension of studies is obtained from the Board of the Faculty of Education; or

(e) if he still fails to complete all requirements for graduation at the end of the extended period of study granted by the Board of the Faculty of Education.
6.0 Graduation

6.1 To be considered for the award of the degree of Bachelor of Education, a student shall:

(a) have satisfied all requirements prescribed in Sections 3.0 and 4.0;
(b) have obtained a grade point average of not lower than 1.5 in all major courses taken which are coded 3000 and above; and
(c) have obtained a grade point average of not less than 1.0 in his final term.
A student who has satisfied the above requirements shall graduate, unless, in accordance with Regulation 19.0 of the General Regulations Governing Full-time Undergraduate Studies, he is required to terminate his studies at the University or be suspended from the University.

6.2 Notwithstanding Regulation 6.1(b), a student who has obtained a grade point average of below 1.5 but not less than 1.3 in all major courses taken which are coded 3000 and above may be recommended by the Undergraduate Examinations Board for the award of a pass degree, subject to his satisfying all other requirements for graduation.

6.3 Provided that he is not required to discontinue his studies, a student shall register for a further term or year or specific course/s as the case may be, if he fails to meet any of the requirements prescribed in Regulation 6.1.
General Regulations
Governing Part-time
Undergraduate Studies

1.0 Rules and Regulations
1.1 Students shall observe all rules and regulations prescribed by the University authorities.

2.0 Admission
2.1 An applicant seeking admission to an approved part-time course of study leading to a bachelor's degree shall have fulfilled the entrance requirements of the University as prescribed in the Regulations Governing Admission to Part-time Undergraduate Studies.
2.2 A successful applicant shall be admitted to a major programme.

3.0 Fees
3.1 The fees payable by students shall be prescribed by the University Council and may be varied from time to time at the University Council's absolute discretion.
3.2 All fees shall be payable on date/s specified by the University unless prior permission for deferment is obtained.
3.3 A student who has not paid his fees by the specified date/s shall pay a fine until the fees are paid. He shall be considered to have withdrawn from studies at the University if he fails to pay fees after a lapse of two weeks.
3.4 Caution money shall be payable on first registration as a deposit to make good any outstanding debts to the University incurred in, for example, damages to University and/or college property. This sum less any deductions made for outstanding debts shall be refunded on discontinuation of studies at the University. For graduating students, subject to no claim being outstanding, caution money shall be converted into graduation fee.
3.5 Apart from caution money, fees once paid shall not be refunded.
4.0 Registration

4.1 An applicant who has been offered admission to a Part-time Degree Programme shall pay the fees and register in person with the Registry on the respective specified date/s and shall be considered to have enrolled in that part-time degree course of study from the date of his first registration.

4.2 A student shall register for courses on the specified date/s in each academic year. Anyone who fails to register for courses after a lapse of two weeks from the specified date/s shall be considered to have withdrawn from studies at the University.

4.3 A student who is unable to register for courses on the specified date/s must apply for deferment in writing to the Registrar beforehand.

4.4 A student shall not be registered simultaneously in another course of study or research leading to the award of a degree, diploma or certificate at this university or any other tertiary institution except by prior permission of the board of the faculty to which he belongs. A student in breach of this regulation shall be required to discontinue his studies at the University.

4.5 A student shall register in the name which appears in his Hong Kong Identity Card or passport.

4.6 A student shall inform the Registrar immediately of any change of name, address or other particulars entered in the student’s registration record.

4.7 No application for changing a student’s registered particulars shall be accepted after graduation or withdrawal from the University.

5.0 Period of Study

5.1 (a) A Secondary 6 entrant* shall register for and attend classes for at least six years (i.e. 18 terms) before graduation save as provided for in Regulation 5.1 (b). He shall complete all requirements for graduation within 10 years from his first registration including any periods of leave of absence and suspension of studies.

(b) He may apply for permission to graduate in less than six years, provided that he shall have registered for and attend classes for at least five years (i.e. 15 terms). Such an application shall be submitted at least two terms before the intending final term of study.

5.2 (a) A Secondary 7 entrant* shall register for and attend classes for at least five years (i.e. 15 terms) before graduation save as provided for in Regulation 5.2 (b). He shall complete all requirements for graduation within seven years from his first registration including any periods of leave of absence and suspension of studies.

* A Secondary 6 (or 7) entrant means a student who has been admitted to the University after completion of Secondary 6 (or 7) in a school or who has equivalent qualifications.
(b) He may apply for permission to graduate in less than five years, provided that he shall have registered for and attend classes for at least four years (i.e. 12 terms). Such an application shall be submitted at least two terms before the intending final term of study.

5.3 A student who satisfies the special entrance requirement of a specific programme and is granted an exemption of 43 units shall register for and attend classes for at least four years (i.e. 12 terms) before graduation. He shall complete all requirements for graduation within seven years from his first registration including any periods of leave of absence and suspension of studies.

5.4 A student who satisfies the special entrance requirement of a specific programme and is granted an exemption of 63 units shall register for and attend classes for at least three years (i.e. nine terms) before graduation. He shall complete all requirements for graduation within five years from his first registration including any periods of leave of absence and suspension of studies.

5.5 Notwithstanding Regulations 5.1 to 5.4 above, a transfer student or any other student who has been granted course and unit exemptions on the basis of post-secondary qualifications may be permitted to graduate sooner, provided that:

(a) he shall have attended this university for at least two years; and

(b) his total period of attendance at this university and another university or institution of higher learning recognized by the Senate shall have been not less than three years.

Any application for such permission shall be submitted at least two terms before the intending final term.

5.6 A student shall take courses at this university in his final term.

5.7 A student who for non-academic reasons has to extend his period of study beyond the minimum number of years (or equivalent number of terms) as prescribed in Regulations 5.1 (a), 5.2 (a), 5.3 or 5.4 shall be required to obtain prior permission.

6.0 Course Requirements and Exemptions

6.1 A Secondary 6 and a Secondary 7 entrant shall complete at least 123 and 99 units of courses respectively before graduation.

6.2 A student who satisfies the special entrance requirement of a specific programme and is granted unit exemption at the time of admission shall complete at least 80 or 60 units of courses before graduation depending on the category under which he is admitted.

6.3 Major Programme

A student shall be required to complete before graduation 60 to 96 units of courses, and meet the minimum grade required for specific courses (if any), as prescribed in the study scheme concerned. A student who satisfies the special entrance requirement of a specific programme and is granted unit exemption at the time of admission shall complete courses as prescribed by his programme.
6.4 General Education
A student shall be required to complete before graduation 12 units of General Education courses as prescribed by the University while a student who satisfies the special entrance requirement of a specific programme and is granted unit exemption at the time of admission shall be required to complete nine or six units of General Education courses as prescribed by the University depending on the category under which he is admitted.

6.5 General Chinese and General English**
A student shall be required to complete before graduation six units of General Chinese and six units of General English, to be taken during his first two years of attendance. A student who satisfies the special entrance requirement of a specific programme and is granted unit exemption at the time of admission may be required to complete General English and/or General Chinese as prescribed by his programme.

6.6 A student who has failed in any required course shall retake that course or take a substitute course prescribed by the programme committee concerned.

6.7 A student with recognized qualifications may be exempted from some courses and/or units required for graduation according to the procedure prescribed. Subject to the requirements given in Regulations 5.5 and 5.6, no student with such exemptions shall be allowed to graduate unless he shall have:
(a) completed at least 60 units of courses at this university; and
(b) completed at least two-thirds of his major requirements at this university.

7.0 Course Load
7.1 A student shall take no less than three units of courses in any term and no less than 15 units in any year.

7.2 A student shall take no more than 27 units of courses in any year.

8.0 Selection of Courses
8.1 A student shall, after consulting the teacher/s designated by the programme committee concerned and making sure that there is no timetable clash among the courses he wishes to select, complete the prescribed procedure for course registration.

8.2 A student shall select his courses according to the study scheme of his programme. He shall be responsible for ensuring the timely completion of all requirements for graduation.

8.3 A student shall not repeat any course which he has taken and passed or from which he has been exempted except as required by regulations which prescribe otherwise.

** Students admitted in 1994–95 and thereafter are not required to complete General Chinese and General English.
9.0 Course Withdrawals and Additions

9.1 A student who wishes to apply for withdrawal or addition of course/s shall complete the prescribed procedure within two weeks after the beginning of the teaching term.

9.2 Only under very special circumstances may a student apply for permission to withdraw from a course or enrol in a new course after the second week of the teaching term. Such applications shall be made on a prescribed form and submitted to the Registrar for consideration by the programme committee concerned.

9.3 A student who withdraws from a course without going through the prescribed procedure shall be given a grade of F for the course.

10.0 Class Attendance and Leave of Absence

10.1 A student shall attend classes, tests and examinations as required by the teachers of the courses in which he has enrolled.

10.2 A student who has been absent for any period shall be responsible for applying to the teacher/s concerned for permission to make up any required work missed.

10.3 In case of illness necessitating absence exceeding one week, a student shall obtain permission from the Registrar through written application. Such applications shall be accompanied by a certificate signed by a registered medical practitioner and shall require the endorsement of the programme committee concerned.

10.4 A student who wishes to obtain a leave of absence exceeding one week for non-medical reasons shall obtain prior permission from the Registrar through written application. Such applications shall state the reasons for which leave of absence is sought and shall require the endorsement of the programme committee concerned.

10.5 Under no circumstances shall a student be granted leave of absence for more than one year in the first instance. In case he is still unable to attend classes after one year’s leave, he may apply for extension for another year, beyond which no further extension shall be granted.

10.6 A student who, without permission to take leave, has been absent for a continuous period exceeding one month shall be considered to have withdrawn from studies at the University.

10.7 A student shall be required to take leave of absence if the condition of his health is considered as constituting a definite hazard to the University community. At the end of the prescribed period of absence, the student shall obtain a certificate of good health as required before he can apply to resume studies.

11.0 Course Assessment and Grades

11.1 A student shall be assessed for every course which he has registered for on the basis of his performance in the course. Criteria for assessment may include any one or any combination of the following: attendance, class work, written work, laboratory work, field work, research papers, tests, examinations, and any other criteria.
11.2 Course grades, their standards and converted points used in reporting shall be as follows:

<table>
<thead>
<tr>
<th>Grade and Standard</th>
<th>Sub-divisions (if needed)</th>
<th>Converted Points</th>
</tr>
</thead>
<tbody>
<tr>

</table>

The grade point average of a student’s course work shall be computed by dividing the total weighted converted points for courses taken by the total number of units attempted inclusive of courses failed, where the weighted converted points are converted points multiplied by the number of units of the course concerned.

11.3 A student who has gained a grade of D or above in a course shall earn the unit/s of that course. However, the unit/s of a course which a student has passed but is required to repeat shall count only once towards the fulfilment of the number of units for graduation.

12.0 Examinations

12.1 A student shall take course examinations, if prescribed by the teacher/s concerned, in the form of written, practical or oral assessment, or any combination thereof.

12.2 If a Comprehensive Examination is prescribed by his programme, a student shall sit for the examination if he is certified by the programme committee concerned as having met the entry requirements, if any. Instead of a Comprehensive Examination, a graduation thesis or graduation project may be prescribed by his programme, to which regulations governing Comprehensive Examination shall also apply, where applicable. The grades, standards and converted points used in reporting results of Comprehensive Examination or graduation thesis/project shall be the same as those prescribed in Regulation 11.2.

12.3 Absence from Examinations

(a) A student who for medical or other compelling reasons is unable to sit for any course examination or the Comprehensive Examination, shall apply in writing with documentary evidence at the earliest possible moment but not later than 10 days after the examination concerned to the Registrar for permission for absence. In the case of illness/injury, the application shall be accompanied by a certificate signed by a registered medical practitioner.
(b) If his application for absence is successful, a student:

(i) in case of absence from an examination of any course, may be otherwise
assessed at the discretion of the programme committee concerned; and

(ii) in case of absence from a Comprehensive Examination:

(1) shall be permitted to sit for the next examination without taking
any course in the following term or year provided that he can meet
the entry requirements, if any, and in such case he shall be considered
for a degree with classification; or

(2) may request consideration for the award of an aerogiotat degree under
Regulation 14.3. If it is decided not to award him an aerogiotat degree,
he will retain the right to sit for the Comprehensive Examination as
provided for in Regulation 12.3 (b)(ii)(1).

(c) A student who is absent from any examination without permission shall be
given a grade of F in that examination.

12.4 A student who fails in the Comprehensive Examination shall register for courses,
if any, as directed by the programme committee concerned in the following term
or year, which may require him to retake some courses he has already passed. He
shall sit for the Comprehensive Examination for the second time. A student who
fails twice in the examination shall be required to discontinue his studies at the
University.

13.0 Academic Probation and Discontinuation of Studies

13.1 Academic Probation

(a) A student shall be put on academic probation if he has obtained a grade
point average of below 1.5 in the preceding term unless Regulation 13.2
applies.

(b) A student on academic probation may be required to take a reduced load
and his performance shall be reviewed at the end of the term in which he is
put on probation, at which time if he has obtained a grade point average of
1.5 or above, probation shall be lifted, otherwise probation shall continue to
apply in his next term of attendance unless he is required to discontinue his
studies as prescribed by Regulation 13.2 or he has completed all graduation
requirements as set out in Regulation 14.1.

13.2 Discontinuation of Studies

A student shall be required to discontinue his studies at the University:

(a) if his grade point average in a term is below 1.0 for three consecutive terms
of attendance; or

(b) if he fails in more than half of the units of courses taken in a term for three
consecutive terms of attendance; or

(c) if he still fails to have his probation lifted after he has been put on academic
probation for two consecutive terms of attendance; or

(d) if, after two attempts, he still fails to meet the minimum grade required for
specific courses (if any) as prescribed by his programme, unless otherwise
decided by the board of the faculty to which he belongs; or
(e) if he fails twice in the Comprehensive Examination/graduation thesis/graduation project; or

(f) if he fails to complete all requirements for graduation within ten, seven or five years as defined in Regulations 5.1 (a), 5.2 (a), 5.3 and 5.4.

14.0 Graduation

14.1 To be considered for the award of a bachelor's degree, a student shall:

(a) have completed all requirements prescribed in Sections 5.0 and 6.0;

(b) have obtained a grade point average of not lower than 1.5 in all major courses taken which are coded 3000 and above (for STOT courses, coded 0300 and above);

(c) have passed the Comprehensive Examination or graduation thesis/project, if any, as prescribed by the programme concerned; and

(d) have obtained a grade point average of not less than 1.0 in his final term.

A student who has satisfied the above requirements shall graduate, unless, in accordance with Regulation 17.0, he is required to terminate his studies at the University or be suspended from the University.

14.2 Notwithstanding Regulation 14.1 (b), a student who has obtained a grade point average of below 1.5 but not less than 1.3 in all major courses taken which are coded 3000 or above (for STOT courses, coded 0300 and above) may be recommended by the Undergraduate Examinations Board for the award of a pass degree, subject to his satisfying all other requirements for graduation.

14.3 A student who is granted permission for absence from the Comprehensive Examination may be recommended by the Undergraduate Examinations Board for the award of an aegrotat degree, provided that he has met all other requirements for graduation. If an aegrotat degree is awarded, its acceptance by a student shall render him ineligible to present himself for any subsequent examination/s for the same bachelor's degree.

14.4 Provided that he is not required to discontinue his studies, a student shall register for a further term or year or specific course/s as the case may be, if he fails to meet any of the requirements prescribed in Regulation 14.1.

15.0 Degree Classification

15.1 A student who satisfies the conditions for graduation shall be awarded a bachelor's degree with one of the following classifications:

(a) First Class Honours

(b) Second Class Honours Upper Division

(c) Second Class Honours Lower Division

(d) Third Class Honours

(e) Pass
15.2 The classification of a student’s degree shall be based on the grade point average of major courses coded 3000 and above or 4000 and above (for STOT courses, coded 0300 and above or 0400 and above respectively) as decided by the board of the faculty to which he belongs, grade point average of other courses and result of the Comprehensive Examination or graduation thesis/ project, if any, in accordance with the standards specified by the Senate.

15.3 A bachelor’s degree (aegrotat) shall not be classified.

16.0 Transcripts

16.1 A student who wishes to apply for transfer or admission to another educational institution or for employment may apply for an official transcript giving details of all courses taken and grades obtained.

16.2 The official transcript shall not be issued to a student or any private individual. It shall be sent direct to the institution or prospective employer upon payment of the prescribed fees and postage.

17.0 Disciplinary Action

17.1 A student who violates any rule or regulation and/or commits any misconduct such as:

(a) defamation of or assault on or battery against the person of any member of the University;

(b) wilful damage to or defacement of any property of the University;

(c) theft, fraud, misapplication of University funds or property of any kind;

(d) plagiarism in written assignments or cheating in tests or examinations;

(e) an offence in connection with examinations or violation of any of the regulations of the Senate governing conduct at examinations;

(f) falsification or serious misuse of University documents or records;

(g) refusal to comply with any regulations or orders by authorized persons and bodies prohibiting any conduct which disrupts teaching, study, research or administration of the University;

(h) any conduct which is detrimental to the reputation and well-being of the University;

(i) an offence of an immoral, scandalous or disgraceful nature of which the student has been convicted in any court of law; or

(j) misrepresentations or false statements made in any application or document submitted to the University;

shall be disciplined by the Senate and/or boards of faculties in accordance with the nature and gravity of the offence.

17.2 Disciplinary action may take the form of any of the following penalties which may be entered into the transcript of the student’s academic record:

(a) reprimand;
(b) suspension from part or all of the rights, privileges and/or the use of part or all of the facilities of the University for a specified period of time;
(c) demerit (a total of three demerits may result in termination of studies at the University);
(d) suspension from the University for a specified period of time; or
(e) termination of studies at the University.

Penalty (d) or (e) may be imposed only with the approval of the Senate.

17.3 A student, on being informed of a decision to take disciplinary action against him, may within seven days write to request the Senate to review the decision.
1.0 Rules and Regulations

1.1 All students shall observe all rules and regulations prescribed by the University authorities.

2.0 Admission

2.1 Requirements for Admission

Apart from fulfilling all requirements specified by the graduate division/board concerned and passing the subject test, if required,

(a) An applicant before being admitted to a Doctor of Philosophy or Doctor of Music programme shall have:

(i) obtained a master’s degree from a recognized university and the consent of two qualified scholars in the proposed field of study from recognized universities to be named as referees; or

(ii) normally obtained a bachelor’s degree with second class honours in the upper division or above and have been registered in a course of study for a master’s degree at this university for at least one year and have demonstrated his research ability in the opinion of the graduate division/board concerned; or

(iii) obtained a bachelor’s degree with second class honours in the upper division or above, or an equivalent qualification, and have been registered in a course of study for a doctoral degree at a recognized university for at least one year, and have been approved for admission by the Graduate Council; or

(iv) obtained the degrees of MB ChB, or equivalent, or under special circumstances, the degree of bachelor, for admission to programmes of the Faculty of Medicine; and

(v) submitted a study plan to the graduate division/board concerned at the time of application for admission.
(b) An applicant before being admitted to a master’s programme other than the Executive Master of Business Administration Programme shall have:
   (i) graduated from a recognized university and obtained a bachelor’s degree, normally with honours not lower than second class; or
   (ii) normally graduated from an honours programme of a recognized university with a bachelor’s degree, achieving an average grade of not lower than ‘B’ in his undergraduate courses; or
   (iii) completed a course of study in a tertiary educational institution and obtained professional or similar qualifications equivalent to an honours degree.

(c) An applicant before being admitted to the Executive MBA Programme shall have obtained a bachelor’s degree or professional qualifications equivalent to a degree.

(d) An applicant before being admitted to the one-year full-time Diploma in Education Programme shall have graduated from a recognized university and obtained a bachelor’s degree with a major/minor subject in an area of study within the secondary school curriculum.

(e) An applicant before being admitted to the two-year part-time Diploma in Education Programme shall
   (i) have graduated from a recognized university and obtained a bachelor’s degree with a major/minor subject in an area of study within the secondary school curriculum; and
   (ii) be an in-service full-time secondary school teacher.

(f) An applicant before being admitted to the Diploma in Psychology Programme shall have graduated from a recognized university and obtained a bachelor’s degree.

2.2 Application for Admission

Application for admission shall be made on a prescribed form and submitted by the specified date, together with supporting documents as specified in the application form.

2.3 Entrance Examination and Interview

(a) Applicants for admission may be required to sit for a subject test and/or attend an interview.

(b) An overseas applicant applying for exemption from the subject test and interview shall submit to the University within two weeks after the closing date of application a letter of recommendation signed by a scholar of international standing testifying to the applicant’s research ability.

(c) Graduates with a bachelor’s degree with first class honours from this university may be exempted from the subject test if they continue their study in the same field as their undergraduate major.
3.0 Fees
3.1 The fees payable by students shall be prescribed by the University Council and may be varied from time to time at the University Council’s absolute discretion.
3.2 All fees shall be payable on dates specified by the University unless prior permission for deferment is obtained.
3.3 A student who has not paid his fees by the specified date(s) shall pay a fine until the fees are paid. He shall be considered to have withdrawn from studies at the University if he fails to pay up after a lapse of two weeks.
3.4 Caution money shall be payable on first registration as a deposit to make good any outstanding debts to the University incurred in, for example, damages to University and/or college property. This sum less any deductions made for outstanding debts shall be refunded on discontinuation of studies at the University. For graduating students, subject to no claim being outstanding, caution money shall be converted into graduation fee.
3.5 Apart from caution money, fees once paid shall not be refunded.

4.0 Registration
4.1 An applicant who has been offered admission shall pay the fees and register in person on the respective specified date(s) and shall be considered to have enrolled from the date of his first registration. Thereafter, a student is normally required to present himself for registration on the specified date(s) in each academic year. Anyone who fails to register after a lapse of two weeks from the specified date(s) shall be considered to have withdrawn from studies at the University.
4.2 Permission for deferment of registration may be granted on prior application in writing to the Office of the Graduate School.
4.3 An applicant who has been offered admission but is prevented by illness or other unavoidable cause from registering for an academic year or a teaching term shall apply in writing to the Office of the Graduate School for deferred admission for a period not exceeding one year. Such an application shall be made before the specified date(s) for registration. Application for deferred admission on medical grounds must be accompanied by a certificate signed by the Director of the University Health Service or a registered medical practitioner.
4.4 A student shall not be registered simultaneously in another course of study or research leading to the award of a degree, diploma or certificate either at this university or at any other tertiary institution except by prior permission of the board of the faculty to which he belongs. A student in breach of this regulation shall be required to discontinue his studies at the University.
4.5 A student registered for a full-time course of study or research shall not take up any full-time employment, paid or unpaid, during term time except by permission of the Senate.
4.6 A student shall register in the name which appears in his Hong Kong Identity Card or passport.
4.7 A student shall inform the Office of Graduate School immediately of any change of name, address or other particulars entered in the student’s registration record.
4.8 No application for changing a student's registered particulars shall be accepted after graduation or withdrawal from the University.

5.0 Period of Study

PhD or DMus Programme

5.1 For a full-time student of a PhD or DMus programme, the normative period of study and maximum period shall be 36 months and 84 months respectively from the date of first registration. However, for a student holding a master's degree in a closely related field, the period may be reduced to 24 months.

5.2 For a part-time student of a PhD or DMus programme, the normative period of study and maximum period shall be 48 months and 96 months respectively from the date of first registration. However, the period may be reduced to 36 months by permission of the Graduate Council on the recommendation of the division/board concerned.

5.3 The minimum residence requirement shall normally be 24 months for a full-time PhD or DMus student without a master's degree and 12 months for a full-time PhD or DMus student with a master's degree. There shall not be any residence requirements for part-time PhD or DMus students.

Master's Programmes

5.4 For a full-time student for the degree of Master of Philosophy, Master of Architecture, Master of Divinity, Master of Fine Arts or Master of Social Work, the normative period of study and maximum period shall be two years and four years respectively. In special circumstances, a thesis for the degree of Master of Divinity may be accepted in the fifth year if so recommended by the head of the division concerned.

5.5 For a part-time student for the degree of MPhil, MFA or MSW, the normative period of study and maximum period shall be three years and five years respectively.

5.6 For a full-time student for the degree of Master of Arts, Master of Education, Master of Music, Master of Science or Master of Social Science (other than a student of the programme in Industrial-Organizational Psychology), the normative period of study and maximum period shall be one year and three years respectively.

5.7 For a part-time student for the degree of MA, MEd, MMus, MSc or MSSc, the normative period of study and maximum period shall be two years and four years respectively.

5.8 For the full-time MSSc programme in Industrial-Organizational Psychology, the normative period of study and maximum period shall be two years and three years respectively.

5.9 For a student of the two-year full-time MBA programme, the normative period of study and maximum period shall be two years and four years respectively.

5.10 For the three-year part-time MBA programme, a student shall follow an approved course of study and research extending over at least nine trimesters. With special permission of the head of the division concerned, the student may be allowed to
proceed at a slower pace but each student will be required to complete the
programme within five consecutive years in order to qualify for the MBA degree.

5.11 For the two-year part-time Executive MBA Programme, a student shall follow
an approved course of study and research extending over at least two years. With
special permission of the head of the division concerned, the student may be
allowed to proceed at a slower pace but each student will be required to complete
the programme within four consecutive years in order to qualify for the MBA
degree.

5.12 For the full-time combined MPhil-MSSc Programme in Clinical Psychology, a
student shall work towards an MPhil degree before proceeding to the MSSc
programme. At the MPhil level, the normative period of study and maximum
period shall be two years and four years respectively. A student who opts to
proceed to the MSSc level on completion of the MPhil programme shall follow
an approved course of study extending from a minimum of one to a maximum of
two years.

6.0 Course Requirements and Exemptions

6.1 A student shall take the required number of units in any academic year as specified
in the programme of studies concerned.

6.2 A student who has completed comparable courses in another postgraduate degree
programme may be exempted from some courses and/or units according to the
prescribed procedure, but in no case will a student’s minimum period of study
be shortened.

7.0 Selection of Courses

7.1 A student shall, after consulting his academic adviser, complete the prescribed
procedure for course registration.

7.2 A student shall select his courses according to his programme of studies. He
shall be responsible for ensuring the timely completion of all programme
requirements.

8.0 Course Withdrawals and Additions

8.1 A student who wishes to apply for withdrawal or addition of course/s shall
complete the prescribed procedure within two weeks after the beginning of the
teaching term.

8.2 In very special cases, the head of the division/board concerned may, at his
discretion after examining the student’s written application, grant a student
permission to withdraw from a course or enrol in a new course after the second
week of the teaching term.

8.3 A student who withdraws from a course without going through the prescribed
procedure shall be given a failure grade for the course.

9.0 Class Attendance and Leave of Absence

9.1 A student shall follow all the courses in which he has enrolled and shall attend
all their tests and examinations.
9.2 In case of illness necessitating absence exceeding three weeks, a student shall submit an application for sick leave to the Office of the Graduate School together with a certificate signed or countersigned by the Director of the University Health Service in the case of a full-time student, or signed by a registered medical practitioner in the case of a part-time student.

9.3 A student who wishes to obtain a leave of absence for more than three weeks for non-medical reasons shall apply in writing to the Office of the Graduate School beforehand, stating the reasons for which leave of absence is sought. Such applications shall be subject to the approval of the dean of the Graduate School.

9.4 Under no circumstance shall a student be granted leave of absence for more than one year in the first instance. In case he is still unable to attend classes after one year's leave, he may apply for extension of his leave for another year, beyond which no further extension will be granted.

9.5 A student who has been absent without leave for a continuous period exceeding one month shall be considered as having withdrawn from studies at the University.

9.6 A student shall be required to take leave of absence if the condition of his health is considered by the Director of the University Health Service or any registered medical practitioner as constituting a definite hazard to the University community. At the end of the prescribed period of absence, the student shall obtain a certificate of good health signed or countersigned by the Director of the University Health Service in the case of a full-time student, or signed by a registered medical practitioner in the case of a part-time student, before he can apply to resume studies.

9.7 A student who has been absent for any period shall be responsible for applying to the teacher/s concerned for permission to make up for any required work missed.

9.8 Unless otherwise stipulated by the Rules for Diploma in Education Programmes, the above regulations shall normally apply.

10.0 Examinations

10.1 Examinations in the form of written, practical or oral tests, or continuous assessment, or any combination thereof, shall be held at times to be determined by the Division/Board concerned.

10.2 No student shall be admitted to any examination unless he has satisfied such attendance requirements as may be laid down for his course of study.

10.3 A student who for medical or other compelling reasons is unable to sit for any examination or any part thereof shall apply in writing to the Office of the Graduate School for withdrawal from the examination or any part thereof, which will determine in consultation with the division/board concerned what follow-up action is required. Application for such withdrawal for medical reasons shall be accompanied by a medical certificate signed by the Director of the University Health Service in the case of a full-time student, or signed by a registered medical practitioner in the case of a part-time student. A student who is absent from an examination for non-medical reasons without prior application for withdrawal shall be considered as failing in that examination.
11.0 Grades

11.1 A student’s performance in his studies shall be assessed on the basis of his performance in any or all of the following: class work, written work, laboratory performance, field work, research papers, tests and examinations and any other method of academic assessment.

11.2 Course grades, their standards and converted points used in reporting shall be as follows:

<table>

12.0 Unsatisfactory Performance

12.1 A student shall be required to withdraw from the programme:

(a) if he receives a failure grade in the cumulative average of the courses taken, or
(b) if he receives failure grades in two courses, or
(c) if he fails to satisfy additional requirements which are laid down for the programme by the division/board concerned.

12.2 If at any time the supervisor should be firmly of the opinion that a student is not making satisfactory progress or is unlikely to attain the standard required for the degree, he may make recommendation that the student be required to discontinue his studies in the Graduate School.

12.3 A student required to withdraw from a programme of study may repeat the whole programme in special circumstances if permission is granted by the Graduate Council on the recommendation of the division/board concerned.

12.4 A student receiving a failure grade in a required course must repeat the course or take an approved substitute course.

12.5 A student whose thesis is found not up to the required standard by any member of his thesis committee shall be required to re-write and re-submit the thesis to the satisfaction of the thesis committee before he can be recommended for the award of a degree.

13.0 Transcripts

13.1 A student who wishes to apply for transfer or admission to another educational institution or for employment may apply for an official transcript giving details of all courses taken and examination results.
13.2 The official transcript shall not be issued to a student or any private individual. It shall be sent direct to the institution or prospective employer upon payment of the prescribed fees and postage.

14.0 Disciplinary Action

14.1 The University may take disciplinary action against a student who violates any rule or regulation and/or commits any misconduct such as:

(a) defamation of or assault on or battery against the person of any member of the University;

(b) wilful damage to or defacement of any property of the University;

(c) theft, fraud, misapplication of University funds or property of any kind;

(d) plagiarism in written assignments or cheating in tests or examinations;

(e) an offence in connection with degree, diploma, or certificate examinations, including violation of any of the regulations of the Senate governing conduct at examinations;

(f) falsification or serious misuse of University documents or records;

(g) refusal to comply with any regulations or orders by authorized persons and bodies prohibiting any conduct which disrupts teaching, study, research or administration of the University;

(h) any conduct which is detrimental to the reputation and well-being of the University;

(i) an offence of immoral, scandalous or disgraceful nature of which the student has been convicted in any court of law; or

(j) misrepresentations or false statements made in any application or document submitted to the University.

14.2 Disciplinary action may take the form of any of the following penalties in accordance with the nature and gravity of the offence:

(a) reprimand;

(b) suspension from part or all of the rights, privileges and/or the use of part or all of the facilities of the University for a specified period of time;

(c) demerit (a total of 3 demerits would result in termination of studies at the University);

(d) suspension from the University for a specified period of time; or

(e) termination of studies at the University.

Penalty (d) or (e) may be imposed only with the approval of the Senate.

14.3 A student, on being informed of a decision to take disciplinary action against him, may within seven days write to request the Senate to review the decision.

14.4 Penalties on a student may be entered into the transcript of his academic record.
General Rules for Postgraduate Studies Leading to the Degrees of Doctor of Philosophy and Doctor of Music

1.0 Conditions of Admission

1.1 An applicant seeking admission to a Doctor of Philosophy or Doctor of Music programme shall

(i) have obtained a master's degree from a recognized university and the consent of two qualified scholars in the proposed field of study from recognized universities to be named as referees; or

(ii) normally have obtained a bachelor's degree with second class honours in the upper division or above and have been registered in a course of study for a master's degree at this university for at least one year and have demonstrated his research ability or creativity in the opinion of the graduate division/board concerned; or

(iii) have obtained a bachelor's degree with second class honours in the upper division or above, or an equivalent qualification and have been registered in a course of study for a doctoral degree at a recognized university for at least one year, and have been approved for admission by the Graduate Council;

(iv) have obtained the degrees of MB ChB, or equivalents, or under special circumstances, the degree of bachelor, for admission to programmes of the Faculty of Medicine.

1.2 The applicant must also possess additional or special qualifications required by the graduate division/board concerned.

1.3 Only in very special circumstances and with the approval of the Senate on the strength of the evidence of acceptable research experience shall admission be granted to an applicant who does not satisfy the requirements of Rule 1.1.

1.4 The applicant must submit a study plan to the graduate division/board concerned at the time of application for admission.
2.0 Period of Study

2.1 For a full-time student of a PhD or DMus programme, the normative period of study and maximum period shall be 36 months and 84 months respectively from the date of first registration. However, for a student holding a master's degree in a closely related field, the period may be reduced to 24 months. The minimum residence requirement shall normally be 24 months for a student without a master's degree and 12 months for a student with a master's degree.

2.2 For a part-time student of a PhD or DMus programme, the normative period of study and maximum period shall be 48 months and 96 months respectively from the date of first registration. However, the period may be reduced to 36 months by permission of the Graduate Council on the recommendation of the division/board concerned. There shall not be any residence requirement for such students.

2.3 In special cases, the Graduate Council may grant a student leave of absence. The period of such leave, not exceeding 12 months, shall not be counted as part of the prescribed period of study.

3.0 Supervision

3.1 A student shall be assigned a supervisor as soon as possible by the graduate division/board concerned.

3.2 The student shall meet his supervisor at regular intervals. A report on the progress of the student's work shall be submitted annually by the supervisor through the graduate division/board concerned to the Graduate Council.

3.3 The supervisor shall (i) advise the student on the fulfilment of his programme requirements; (ii) ensure that an appropriate research topic is chosen by the student; and (iii) advise the student on the preparation of his thesis/portfolio.

3.4 If at any time the supervisor should be firmly of the opinion that a student is not making satisfactory progress or unlikely to attain the standard required for the degree, he may advise the student to transfer to a course of study for a master's degree as provided in Rule 5.1 or make recommendation that he be required to discontinue his studies in the Graduate School.

4.0 Candidature for PhD or DMus Degree

4.1 Advancement to PhD or DMus candidature is conditional upon the successful completion of the following:

(i) Study of a language other than Chinese and English where deemed necessary by the graduate division/board concerned;

(ii) Course work of varying scope deemed necessary for the partial fulfilment of degree requirements; and

(iii) An examination, if required by the graduate division/board concerned.

These requirements must be satisfied within a maximum length of time after the initial date of registration as specified in the programme of studies or as decided by the graduate division/board concerned, depending on the length of postgraduate training previously received by the student and the nature of his discipline.
5.0 Transfer of Candidature

5.1 A student who has been registered in a course of study for a PhD or DMus degree may be permitted, on the recommendation of the graduate division/board concerned, and with the approval of the Graduate Council, to transfer to a course of study for a master's degree provided that such a transfer takes place before the thesis or portfolio is submitted.

5.2 A student who has been registered in a course of study for a master's degree and has completed the first year of his studies may be permitted, on the recommendation of the graduate division/board concerned and with the approval of the Graduate Council, to transfer to a course for a PhD or DMus degree provided that the student meets the entry requirements as specified under Rule 1.

5.3 A student who has been registered for a master's degree and who subsequently becomes a student for a PhD or DMus degree in the same field of study shall date his period of study from his initial date of registration for the master's degree.

6.0 Thesis

6.1 After admission to PhD candidature, the candidate shall submit for examination a thesis embodying the results of his research, which shall substantially be an original contribution to the knowledge of the subject concerned.

6.2 The exact title of the thesis must have prior approval of the head of the division concerned.

6.3 A thesis may be submitted at any time after admission to candidature. Notice of intention to submit a thesis, embodying the title, shall be given to the dean of the Graduate School.

6.4 In non-science subjects, the length of the thesis shall normally not exceed 150,000 characters in Chinese or 100,000 words in English, while in science subjects, it shall normally not exceed 75,000 characters in Chinese or 50,000 words in English.

6.5 The candidate shall submit five copies of the thesis, including the original, all properly type-written or printed or copied and bound in a form approved by the Graduate Council. He shall also submit five copies of an abstract of the thesis of not exceeding 800 characters in Chinese or 500 words in English.

6.6 The candidate shall not be permitted to submit a thesis for which a degree has previously been conferred on him by this or any other university; but he shall not be precluded from incorporating part of a previous study for a thesis covering a wider field.

6.7 The candidate shall indicate in a written declaration how far the thesis embodies the result of his own research and to what extent he has availed himself of the work of others.

6.8 If, on the recommendation of any member of the thesis committee provided in Rule 8.1, a candidate is required to submit a revised thesis, sub-submission must be made within 12 months from the date of the official notification of the result of the first examination.
7.0 Portfolio

7.1 After admission to DMus candidature, the candidate shall submit for examination a portfolio of musical works written after the date of first registration.

7.2 If, on the recommendation of any member of the assessment committee provided in Rule 8.1, a candidate is required to submit a revised portfolio, such re-submission must be made within 12 months from the date of the official notification of the result of the first examination.

8.0 Thesis/Assessment Committee

8.1 For the assessment of a candidate's thesis or portfolio, there shall be a thesis/assessment committee chaired by the division head concerned or his representative, and composed of at least three internal examiners (including the supervisor and the division head or his representative), and one external examiner to be nominated by the graduate division/board concerned. For the assessment of the thesis or portfolio of a part-time PhD or DMus candidate who is a full-time staff member of this university of the rank of assistant lecturer or above, the thesis/assessmnet committee shall include two external examiners. Where it is impracticable for the external examiner to be present at the oral examination, an additional external examiner who can attend shall be appointed.

8.2 Members of the thesis/assessment committee shall each make a separate written report on the merits of the thesis or portfolio and the grounds upon which the candidate is or is not recommended for the degree.

9.0 Conduct of Examination

9.1 The eligibility of a candidate for the conferment of the PhD or DMus degree shall be assessed by the thesis/assessment committee on the basis of:

(i) a thesis or portfolio, and

(ii) an oral and/or written examination.

9.2 For the purpose of the oral and/or written examination held in connection with his thesis or portfolio, the candidate shall be required to present himself at such place and time as the graduate division/board concerned may direct. Normally, such an examination shall be held within four months after the submission of the thesis or portfolio.

9.3 The oral and/or written examination shall cover not only the subject matter of the candidate's thesis or portfolio but also the knowledge in related fields deemed essential to his field of specialization.

9.4 If the thesis or portfolio is considered adequate and of an acceptable standard but the candidate fails in the oral or written examination held in connection therewith, the thesis/assessment committee may recommend another oral or written examination within a period not exceeding 12 months. A candidate who fails a re-examination shall not be eligible for any further examination.
9.5 If the thesis or portfolio is found to be of sufficient standard, yet needing minor
revisions, the thesis/assessment committee, if satisfied with the results of the
oral/written examinations taken by the candidate, may require that such revisions
be satisfactorily carried out by the candidate within 12 months without requiring
re-examinations.

9.6 If the thesis/assessment committee finds a candidate’s thesis or portfolio to be
poor in quality or his examination results totally unsatisfactory, it may
recommend that the candidature be discontinued.

10.0 Results of Examination

10.1 On the recommendation of the thesis/assessment committee and the graduate
division/board concerned, the Graduate Council may

(i) recommend that the PhD or DMus degree be conferred on a candidate;
(ii) request the thesis/assessment committee to further advise the Graduate
Council;
(iii) appoint additional examiners to settle cases in dispute;
(iv) require a candidate to revise his thesis or portfolio for re-examination;
(v) recommend that the PhD or DMus degree be not awarded; or
(vi) recommend that an MPhil or MMus degree be awarded instead.

10.2 Each candidate shall be notified of the results of the examination after the
approval of the Senate.
Regulations for the Degree of Doctor of Medicine

MD 1.0 General

1.1 The general conditions governing the conferment of the MD degree shall be as stipulated in Sections 8 and 10 of Statute 26 of the University Ordinance, which read:

8. Save as provided in paragraphs 10 and 11, the degree of Doctor of Literature, Doctor of Science, Doctor of Social Science, Doctor of Business Administration or Doctor of Medicine shall not be conferred upon any person unless
   (a) he shall be a graduate of the University of not less than seven years' standing; and
   (b) he shall have made, in the opinion of the examiners, a sustained contribution of distinction to the advancement of his subject.

10. The Senate may recommend the award of the degree of Master or Doctor in any faculty to any member of the academic staff of the University and for this purpose may exempt any such person from any of the requirements prescribed for the conferment of the degree other than the examination therefor.

1.2 There shall be an MD Sub-Committee consisting of the chairmen of the Department of Medicine and the Department of Surgery, the Director of Medical Education, and the chairmen of the curriculum and examinations sub-committees in the Faculty of Medicine as ex-officio members, two other members appointed by the Faculty Board of Medicine, and a representative of the Graduate Council.

MD 2.0 Admission to Candidature

2.1 An applicant seeking admission to MD candidature shall either:
   (a) have held the degree of Bachelor of Medicine and Bachelor of Surgery of The Chinese University of Hong Kong for at least three years; or
(b) (i) have held for at least three years the degree of Bachelor of Medicine and Bachelor of Surgery or a degree or other qualification of another recognized university or institution, and have been qualified as a medical practitioner recognized by the Hong Kong Medical Council; and

(ii) have had at least three years' continuous standing as a staff member of a recognized institution, including at least one year as a full-time or part-time member of the academic staff in one of the departments of the Faculty of Medicine of this university. Honorary academic appointments shall not normally be considered as full-time or part-time members of the academic staff for this purpose except in special cases based on strong recommendations from heads of the departments concerned and approval of the Faculty Board of Medicine of this university.

2.2 Only in very special circumstances and with the approval of the Senate on the strength of the evidence of acceptable research experience shall admission be granted to an applicant under Rule 2.1 (a) and (b) with less than three years' standing after graduation.

2.3 The applicant must submit satisfactory evidence of his postgraduate training and appropriate experience in the field of study proposed to the MD Sub-Committee at the time of application for admission.

MD 3.0 Registration

3.1 A successful applicant shall be permitted to register forthwith. Registration shall include the payment of fees prescribed by the University.

3.2 A candidate shall be required to submit his thesis not later than at the end of five calendar years from his date of first registration.

MD 4.0 Thesis

4.1 Normally the MD candidate shall, at least three months prior to the submission of his thesis, submit to the MD Sub-Committee a title and a précis of the thesis for approval by the Graduate Council. After the title of the thesis has been approved, it may not be changed except with the approval of the Graduate Council.

4.2 The candidate shall produce evidence to satisfy the Graduate Council and the MD Sub-Committee that he has been engaged in practice and/or research in a manner appropriate to the subject matter of the thesis submitted.

4.3 Each candidate must submit four copies of a thesis, including the original, all properly type-written or printed or copied and bound in a form approved by the Graduate Council.

4.4 The candidate shall not be permitted to submit a thesis which has previously been submitted to this or any other university for a degree conferred on him.

4.5 The candidate must indicate in a written declaration how far the thesis embodies the result of his own research and to what extent he has availed himself of the work of others.
MD 5.0 Conduct of Thesis Examination

5.1 The thesis shall be examined by a board of examiners nominated by the MD Sub-Committee through the faculty board for approval by the Senate. Two members, who are not members of the University, of the board of examiners shall be external examiners appointed by the University on the recommendation of the faculty board.

5.2 The candidate may be subjected to an oral examination on the subject matter of his thesis.

5.3 The board of examiners may require the re-submission of a thesis with corrections or additional work.

5.4 If the board of examiners finds a candidate's thesis and/or performance at the oral examination to be unsatisfactory, it may recommend that the candidature be discontinued.

MD 6.0 Conferment of Degree

6.1 On the recommendation of the board of examiners and the MD Sub-Committee, the Graduate Council may
(i) recommend to the Senate that the MD degree be conferred on a candidate;
(ii) request the board of examiners and the MD Sub-Committee to further advise the Graduate Council; or
(iii) recommend that the MD degree be not awarded.

6.2 Each candidate shall be notified of the results of the thesis examination after the approval of the Senate.
Regulations for the Degree of Doctor of Science

DSc 1.0 Conditions for Award of Degree

1.1 The degree of Doctor of Science (DSc) may be awarded for an original and distinguished contribution which adds substantially to knowledge or understanding of any branch of science. A candidate shall produce evidence from published work that he has made such a contribution.

DSc 2.0 Conditions for Admission to Candidature

2.1 A candidate for the degree shall be either:
   (a) a graduate of this university of at least seven years' standing; or
   (b) as provided in paragraph 10 of Statute 26 of the University Ordinance, a graduate of another approved university of at least seven years' standing who has been a full-time member of the academic staff of this university for at least three years.

DSc 3.0 Application for Admission to Candidature

3.1 Having satisfied the conditions as laid down in Regulation 2, a potential candidate shall apply to the Graduate School for admission to candidacy. Such application may be made at any time during the academic year.

3.2 An applicant shall be required to pay an application fee as prescribed by the University and to present:
   (a) a statement of his degrees and of other qualifications and research experience, so to establish his eligibility under Regulation 2;
   (b) three copies of the published papers and/or books which he proposes to present for the degree;
   (c) a written statement on how far the work embodies the result of his own research and, if necessary, to what extent he has availed himself of the work of others in case of joint authorship or work done in collaboration with others.
3.3 Works for which a degree or other equivalent academic qualifications has/have been awarded, or works which are under consideration by another institution for the award of a degree or equivalent academic qualification shall not be accepted under 3.2(b). They may, however, be submitted as supporting documents if necessary, to illustrate the development of the candidate’s career in research. In such a case, precise indications of their previous use must be given.

3.4 Upon the applicant’s completion of the above procedures, the dean of the Graduate School, in consultation with the dean of the faculty concerned, shall nominate two to three members from within and/or outside the University for appointment by the Vice-Chancellor to form a perusal committee to advise whether admission to candidature shall be granted.

3.5 If all the members of the perusal committee are against admission, the applicant shall be so informed by the Graduate School and be advised that he may seek admission again after a minimum period of two years from the date of submission of application.

3.6 If at least one member of the perusal committee recommends admission of the applicant, candidature shall be granted. In such case where the opinion of the perusal committee is not unanimous, the applicant shall be so informed and be given a chance to withdraw his application.

DSc 4.0 Registration

4.1 An applicant who has been recommended for admission to candidature shall be permitted to register forthwith. Registration shall include the payment of an examination fee as prescribed by the University.

DSc 5.0 Presentation of Publications for Examination

5.1 Within six months after registration, a candidate shall submit four copies of the published work that he proposes to present for the degree in a form approved by the Graduate Council.

DSc 6.0 Conduct of Examination

6.1 The work submitted by the candidate shall be examined by a board of examiners whose membership shall have been nominated by the dean of the Graduate School in consultation with the dean of the faculty and the division head/s concerned for endorsement by the Graduate Council, and approval by the Senate.

6.2 The board of examiners shall comprise three scholars of repute in the field. At least two shall be external examiners, persons who are not members of the University.

6.3 Having read the publications, the examiners shall report individually to the dean of the Graduate School on the merit of the work as a contribution to learning, and recommend as follows:
(a) submitted work justifies award of the degree; or
(b) submitted work would justify award of the degree after a written
amplification on certain specified aspects of the work has been submitted
to the satisfaction of the examiners; or
(c) submitted work does not justify award of the degree.

DSc 7.0 Results of Examination

7.1 If the examiners are unanimously in support of the award of the degree, the
Graduate Council shall recommend to the Senate that the degree of Doctor
of Science be conferred. The candidate shall be informed by the Graduate
School after approval for the award of the degree has been granted by the
Senate.

7.2 If at least one of the examiners is against the award of the degree, the candidate
shall be considered unsuccessful. The Graduate School shall report
accordingly to the Graduate Council and shall then inform the candidate.

DSc 8.0 Second Attempt

8.1 A candidate whose work has not been considered by the board of examiners
as worthy of the degree may apply for admission to candidature again after a
minimum of three years following the date on which he was notified of the
result by the Graduate School. If he should fail in the second attempt, he may
not offer himself again for the degree.

DSc 9.0 Deposition of Publications

9.1 Two copies of the work presented under Regulation 5.1 by a candidate who
is awarded the degree shall be deposited at the University Library for
circulation and archival purposes. One copy of the work shall be retained by
each division concerned.
Regulations Governing
Associate Students, Auditing
Students and Associate
Research Students

(Not applicable to students of MB ChB Programme and Theology Division)

(For programmes jointly offered by different departments, the term ‘department’ in the
regulations refers to relevant committee concerned.)

1.0 Rules and Regulations

Associate, auditing and associate research students shall observe rules and
regulations prescribed by the University authorities.

2.0 Admission and Application

2.1 Associate and Associate Research Students under the Office of
International Studies Programmes (OISP)

Overseas students are normally admitted to the International Asian Studies
Programme (IASP) to study for OISP administered courses not leading to a degree
of the University. These courses are open to qualified students of any nationality
who have sufficient command of either Chinese or English to benefit from the
programme. Applicants should currently be enrolled in or have graduated from
an accredited college or university. Exchange students are accepted in accordance
with exchange agreements.

(a) Associate Students

This category includes undergraduate students who have completed at least
two terms of university studies and postgraduate applicants with a bachelor’s
degree or equivalent. Students should have obtained a grade point average
(GPA) of at least 3.0 on a 4.0 scale (B average or better). Applicants from
institutions not using the GPA system will be assessed on their overall
academic performance.

An associate student shall pursue an approved course of study not leading
to a degree or a diploma of the University, and shall receive an academic
report on the course/s he has taken.
(b) **Associate Research Students**

This category comprises students enrolled in a postgraduate degree programme at another university and who come to the University to undertake research on or write their master’s theses or doctoral dissertations.

2.2 **Associate and Auditing Students of Full-time Undergraduate Programmes**

2.2.1 **Associate Students**

(a) An applicant whose educational standard is considered adequate by the department and the board of the faculty concerned may be admitted as an associate student to pursue an approved course of study not leading to a degree of the University.

(b) Application for admission as an associate student shall be supported by a certified true copy of academic record and made to the Registrar by a specified date.

(c) An associate student shall receive an academic report on the course/s he has taken.

2.2.2 **Auditing Students**

(a) An applicant whose educational standard is considered adequate by the department and the board of the faculty concerned may be admitted as an auditing student.

(b) Application for admission as an auditing student shall normally be made to the Registrar by a specified date.

(c) An auditing student shall not receive any grade or other academic recognition for the course/s taken.

2.3 **Auditing Students of Part-time Undergraduate Programmes**

2.3.1 An applicant whose educational standard is considered adequate by the programme concerned and the Senate Committee on Part-time Degree Programmes may be admitted as an auditing student.

2.3.2 Application for admission as an auditing student shall normally be made to the Registrar by a specified date.

2.3.3 An auditing student shall not receive any grade or other academic recognition for the course/s taken.

2.4 **Associate and Auditing Students of Postgraduate Programmes**

2.4.1 **Associate Students**

(a) An applicant whose educational standard is considered adequate by the graduate division concerned may be admitted upon the approval of the Council of the Graduate School as an associate student to pursue an approved course of advanced study or research not leading to a certificate, diploma or higher degree of the University.
(b) Normally, application for admission as an associate student shall be supported by a certified true copy of academic record and made to the Office of the Graduate School via the graduate division concerned by a specified date.

2.4.2 Auditing Students

(a) An applicant whose educational standard is considered adequate by the graduate division concerned may be admitted as an auditing student.

(b) Normally, application for admission as an auditing student shall be made to the Office of the Graduate School via the graduate division concerned by a specified date.

(c) An auditing student shall not receive any grade or other academic recognition for the courses taken.

3.0 Fees

3.1 The fees payable by students shall be prescribed by the University Council and may be varied from time to time at the University Council’s absolute discretion.

3.2 All fees shall be payable on date/s specified by the University unless prior permission for deferment is obtained.

3.3 A student who has not paid his fees by the specified date/s shall pay a fine until the fees are paid. He shall be considered to have withdrawn from studies at the University if he fails to pay fees after a lapse of two weeks.

3.4 Caution money shall be payable on first registration as a deposit to make good any outstanding debts to the University incurred in, for example, damages to University and/or college property. This sum less any deductions made for outstanding debts shall be refunded on discontinuation of studies at the University.

3.5 Apart from caution money, fees once paid shall not be refunded.

4.0 Registration

4.1 An applicant who has been offered admission to an approved course of study or research shall pay the fees and register in person with the Registry/office concerned on the respective specified date/s and shall be considered to have enrolled in the approved courses of study or research from the date of his first registration.

4.2 A student shall register for courses on the specified date/s in each academic year. Anyone who fails to register for courses after a lapse of two weeks from the specified date/s shall be considered to have withdrawn from studies at the University.

4.3 A student who is unable to register for courses on the specified date/s must apply for deferment in writing to the Registrar/office concerned.

4.4 A student registered for a full-time course of study or research shall not take up any full-time employment, paid or unpaid, during term time.
4.5 No student shall be allowed to change his status to that of a candidate for a certificate, diploma, degree or higher degree of the University unless he has already satisfied the University’s requirements for admission to an approved course of study or research leading to a certificate, diploma, degree or higher degree of the University and unless the change of status is specially recommended by the department/programme/graduate division concerned and approved by the Senate.

4.6 A student shall register in the name which appears in his Hong Kong Identity Card or passport.

4.7 A student shall inform the Registrar/office concerned immediately of any change of name, address or other particulars entered in the student’s registration record.

4.8 No application for changing a student’s registered particulars shall be accepted after departure from the University.

5.0 Course Load

5.1 Undergraduate associate students shall normally take a full load of 12-18 units (credits) of courses in any term except with prior permission of the department/programme/graduate division concerned. However, no student shall be allowed to take more than 21 units in any term.

5.2 Associate research students under OISP usually establish a consultative relationship with one or more faculty members who will supervise their work on the theses or dissertations. In total, they may take up to 10 units of courses each term (including language courses). In some cases special language courses (reduced units) can be arranged so that a student can take a combination of language and non-language courses. Any postgraduate student who takes a total course load per term of more than 10 units will be considered an associate student for the purposes of fees and academic requirements.

5.3 Associate students of postgraduate programmes shall take the courses as specified by the graduate division concerned.

5.4 Auditing students shall take the courses as approved by the department/programme/graduate division concerned.

6.0 Selection of Courses (not applicable to auditing students)

6.1 A student shall, after consulting the teacher(s) designated by the department/programme/graduate division concerned or by OISP and making sure that there is no time-table clash among the courses he wishes to select, complete the prescribed procedure for course registration.

6.2 A student shall select his courses according to the study scheme of his programme of studies.
7.0 Course Withdrawals and Additions (not applicable to auditing students)

7.1 A student who wishes to apply for withdrawal or addition of course/s shall complete the prescribed procedure within two weeks after the beginning of the teaching term.

7.2 Only under very special circumstances may a student apply for permission to withdraw from a course or enrol in a new course after the second week of the teaching term. Such applications shall be made on a prescribed form and submitted to the Registrar or Office of OISP for consideration by the department/programme/graduate division concerned or Director of OISP.

7.3 A student who withdraws from a course without going through the prescribed procedure shall be given a grade of F for the course.

8.0 Class Attendance and Leave of Absence (not applicable to auditing students)

8.1 A student shall attend classes, tests and examinations as required by the teachers of the courses in which he has enrolled.

8.2 A student who has been absent for any period shall be responsible for applying to the teacher/s concerned for permission to make up for any required work missed.

8.3 In case of illness necessitating absence exceeding one week, a student shall obtain permission from the Registrar/office concerned through written application. Such applications shall be accompanied by a certificate signed by a registered medical practitioner and shall require the endorsement of the department/programme/graduate division concerned.

8.4 A student who wishes to obtain a leave of absence exceeding one week for non-medical reasons shall obtain prior permission from the Registrar/office concerned through written application. Such applications shall state the reasons for which leave of absence is sought and shall require the endorsement of the department/programme/graduate division concerned.

8.5 A student who, without permission to take leave, has been absent for a continuous period exceeding one month shall be considered to have withdrawn from studies at the University.

8.6 A student shall be required to take leave of absence if the condition of his health is considered as constituting a definite hazard to the University community. At the end of the prescribed period of absence, the student shall obtain a certificate of good health as required before he can apply to resume classes.

9.0 Course Assessment and Grades (not applicable to auditing students)

9.1 A student shall be assessed for every course he has registered for on the basis of his performance in the course. Criteria for assessment may include any one or any combination of the following: attendances, class work, written work, laboratory work, field work, research papers, tests, examinations, and any other criteria.
9.2 Course grades, their standards and converted points used in reporting shall be as follows:

(a) For undergraduate courses:

<table>
<thead>
<tr>
<th>Grade and Standard</th>
<th>Sub-divisions (if needed)</th>
<th>Converted Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A Excellent</td>

The grade point average of a student's course work shall be computed by dividing the total weighted converted points for courses taken by the total number of units attempted inclusive of courses failed, where the weighted converted points are converted points multiplied by the number of units of the course concerned.

9.3 A student who has gained a ‘Pass’ or above in a course shall earn the unit/s of that course.

10.0 Examinations (not applicable to auditing students)

10.1 Course Examinations

A student shall take course examinations, if prescribed by the teacher/s concerned, in the form of written, practical or oral assessment, or any combination thereof.
10.2 Absence from Course Examinations

10.2.1 A student who for medical or other compelling reasons is unable to sit for any course examination, shall apply in writing with documentary evidence at the earliest possible moment but not later than 10 days after the examination concerned to the Registrar/office concerned for permission for absence. In the case of illness/injury, the application shall be accompanied by a certificate signed by a registered medical practitioner.

10.2.2 (a) A student who is absent from course examination/s and whose application for absence is successful may be otherwise assessed at the discretion of the department/programme/graduate division concerned.

(b) A student who is absent from any examination without permission shall be given a grade of F for that examination.

11.0 Transcripts (not applicable to auditing students)

11.1 A student may apply for an official transcript giving details of all courses taken and grades obtained.

11.2 The official transcript shall not be issued to a student or any private individual. It shall be sent direct to an institution or a prospective employer upon payment of the prescribed fees and postage.

12.0 Disciplinary Action

12.1 A student who violates any rule or regulation and/or commits any misconduct such as:

(a) defamation of or assault on or battery against the person of any member of the University;

(b) wilful damage to or defacement of any property of the University;

(c) theft, fraud, misapplication of University funds or property of any kind;

(d) plagiarism in written assignments or cheating in tests or examinations;

(e) an offence in connection with examinations or violation of any of the regulations of the Senate governing conduct at examinations;

(f) falsification or serious misuse of University documents or records;

(g) refusal to comply with any regulations or orders by authorized persons and bodies prohibiting any conduct which disrupts teaching, study, research or administration of the University;

(h) any conduct which is detrimental to the reputation and well-being of the University;

(i) an offence of an immoral, scandalous or disgraceful nature of which the student has been convicted in any court of law; or

(j) misrepresentations or false statements made in any application or document submitted to the University;

shall be disciplined by the Senate, Council of the Graduate School, the Board of Faculty and/or College Assembly of Fellows concerned in accordance with the nature and gravity of the offence.
12.2 Such disciplinary action may take the form of any of the following penalties which may be entered into the transcript of the student’s academic record:

(a) reprimand;
(b) suspension from part or all of the rights, privileges and/or the use of part or all of the facilities of the University for a specified period of time;
(c) demerit (a total of three demerits may result in termination of studies at the University);
(d) suspension from the University for a specified period of time; or
(e) termination of studies at the University.

Penalty (d) or (e) may be imposed only with the approval of the Senate.

12.3 A student, on being informed of a decision to take disciplinary action against him, may within seven days write to request the Senate to review the decision.
Regulations of the University Library System

The University Library System consists of the University Library in the central area of the campus and the branch libraries at the colleges and at the teaching hospital. The University Library houses an extensive research collection as well as many undergraduate materials and the pre-clinical portion of the medical collection. The branch libraries contain reference and curricular materials, some special subject collections according to the needs of the colleges, and books and periodicals to support general education. These regulations apply to all the libraries. The Senate Committee on the University Library System reserves the right to revise these regulations at any time.

Details about opening hours are posted at the entrance to each library. Opening hours are adapted to the semester schedules.

Library Privileges
Library privileges are personal and individual. They may not be transferred to, or used on behalf of, other persons.

Privileges fall into three categories:

1. Borrowing
   Borrowing privileges are extended to all registered students and academic/administrative staff of The Chinese University of Hong Kong.
   Others may apply to the University Librarian for special Borrowers' Cards. Clerical staff, technicians and spouses of the faculty and administrative staff of the University may also apply to the University Librarian for borrowing privileges.

2. Reading
   The privilege of reading is extended to visiting scholars, to researchers and to graduates of this university upon application to the University Librarian. Reserve books, however, are for the exclusive use of students and faculty of the University.

3. The Use of Special Facilities
   Carrels: not reserved for any category of library user; they are available for the convenience of all.
Study Rooms in the University Library: On application to the University Librarian, assistant lecturers (and above) and PhD students may reserve a room for three months, renewable if its use justifies it. Others who are engaged in research may also apply. These study rooms may not be transferred.

Seminar rooms in the University Library: Upon application to the University Librarian, a seminar room may be reserved for a lecture or for a series of lectures or meetings which would benefit from the use of library materials and resources.

Photocopying: photocopying machines are available in all libraries. A reader may obtain at cost photocopies of materials, provided there is no infringement of copyright.

Interlibrary loans: the Interlibrary Loan Librarian will attempt to obtain from other libraries books and other materials which are not owned by the University Library System and which cannot be readily purchased.

Admission to the Libraries
Every user of the libraries must show a University Identification Card, or a Reader’s Card at the entrance of the library. Applications for Borrowers’ Cards and Readers’ Cards are made at the Circulation Desk.

The loss of a Borrower’s Card must be reported to the library immediately; a duplicate card may be issued two weeks after the loss is reported. Only one duplicate will be granted within a semester. Change of address should also be reported to the library as soon as possible.

Borrowing Regulations

Borrower Categories
Users of the University Library System to whom the borrowing privilege is accorded are grouped into the following categories:

1. Registered students of The Chinese University of Hong Kong:
   (a) Undergraduate students;
   (b) Graduate students; tutors/demonstrators who are registered students working part-time.

2. All teaching staff, including teaching assistants, full-time tutors/demonstrators.

3. Administrative staff: administrative assistants and above.

4. CUHK graduates: Upon payment of a fee of $100 per annum.

5. Special categories:
   (a) Clerical staff and technicians, with the recommendation of their division heads;
   (b) Spouses of the faculty and administrative staff;
   (c) Others, upon special application.

Borrowing Limits
Individuals may borrow within the limits of the following schedule (subject to change in 1996):

Category 1(a). Undergraduate students: 10 volumes (books) for two weeks.
Category 1(b). Graduate students, graduate assistants, part-time tutors/demonstrators: 15 volumes (books) for one month.

Categories 2 and 3. Teaching and administrative staff: 30 volumes may be borrowed for up to six months, although they should be returned as soon as they are no longer
required. Bound periodicals and non-current single issues may be borrowed for periods of three days. Current periodicals may be borrowed for overnight use only.

Category 4. CUHK graduates: five volumes (books) for two weeks.
Category 5(a). Clerical staff and technicians: five volumes (books) for two weeks.
Category 5(b). Spouses of the faculty and administrative staff: three volumes (books) for two weeks.
Category 5(c). Others, according to special arrangement.

All books taken from the bookstacks must be charged at the Circulation Desk. Reserve books must be charged at the Reserve Books Desk: there are varying borrowing limits on these books.

Books obtained on interlibrary loan are borrowed through the courtesy of other libraries and their restrictions as to loan period and renewal are therefore observed. Usually the loan period is two weeks and the books may have to be used only in the library. Photocopies of periodical articles may be obtained at cost.

Reference books, rare books, microfilms and other audio-visual materials do not circulate.

Renewals

Borrowers may renew loans for two additional periods. To avoid fines renewals must be made on or before the last date of the initial loan period. Borrowers, with the exception of Categories 2 and 3, must renew their loans at the Circulation Desk of the issuing library.

Faculty members and administrative staff who require a book for more than one semester may renew it in writing. After two renewals, however, the book must be returned to the library shelves so that it may be available to others.

No book may be renewed if it is required by another person.

Recall

Circulating books and journals to be put on reserve for courses are subject to recall at any time. All other loans are subject to recall after two weeks (the initial loan period). In the recall notices, a new due date will be given, i.e. five working days after the date of the notice.

Borrowers should respond to a recall promptly. Late returns will be fined [see Fines (b)].

Overdue

The last date of the loan period is stamped on the date due slip at the back of each book loaned. When the loan period expires, an overdue notice is sent to all categories of borrowers. However, the responsibility of returning books on time lies with the borrower.

Fines

(a) Overdue — All categories of borrowers who keep books/items beyond the loan period are subject to a fine of HK$1.00 per item per day up to a maximum of HK$50. A fine of HK$1.00 per hour will be charged for each reserve book overdue.

(b) Recall — The fines for not responding to recalls for all categories of borrowers are as follows:
- five working days after new due date of first recall: HK$1.00 per item per day
- five working days after issuing of second recall; HK$5.00 per item per day
- five working days after issuing of third recall: the library could take any appropriate action to retrieve the items.

354 Part 7: University Ordinance and Regulations
Losses
Borrowers who fail to return books or who return books damaged beyond repair will be charged the cost of replacement (including binding) in addition to the processing cost of HK$20.00 and any accumulated fine. Damaged books and marked pages should be reported to the librarian as soon as noticed.

Category 2 and 3 borrowers who fail to return or renew books after two terms and three recalls will be subject to the above charges, which will be sent to the Bursar's Office for collection.

Control Counter
Library users may bring in their bags and briefcases into the libraries whereas umbrellas should be deposited on entering the libraries. No food or beverages may be taken into the Library. On leaving the library, all books, etc., must be inspected.

Loss of Privileges
Infractions, such as smoking, shouting and other disturbances, are forbidden in all parts of the libraries. The librarian or an appointed deputy may expel from the library building for the remainder of the day any person who is acting to annoy others or who is damaging books or other property. Payment must be made to cover all damages.

A gross breach of the regulations may subject the borrower to a loss of library privileges.
(a) Overdue books — After normal recall procedures, a written warning will be sent. If this is ignored, borrowing privileges will be withheld in all the libraries until the return of the book(s) and the payment of accrued fines.
(b) Payment of charges — If a person refuses to pay any outstanding charges (fines, replacement costs of damaged books or repair of damaged property), all the libraries will withhold his borrowing privileges until the account is cleared.

Repeated offenses may lead to a total loss of the privilege of using the libraries.
Staff List

All details given in the Staff List are based on information supplied by the University’s Personnel Office and were accurate as of 1st August 1995.
