Our Mission
To assist in the preservation, creation, application and dissemination of knowledge by teaching, research and public service in a comprehensive range of disciplines, thereby serving the needs and enhancing the well-being of the citizens of Hong Kong, China as a whole, and the wider world community.

Our Vision
To be acknowledged locally, nationally and internationally as a first-class comprehensive research university whose bilingual and multicultural dimensions of student education, scholarly output and contribution to the community consistently meet standards of excellence.

The emblem of the University is the mythical Chinese bird feng (鳳), which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty.

The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is “博文約禮” (bo wen yue li): “博文” is to broaden one’s intellectual horizon; “約禮” is to keep within the bounds of propriety.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the Analects of Confucius that the Master says, “The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.” (Legg’s version of the Four Books)

In choosing “博文約禮” as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.

General Information
The University

Origin

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956), which drew, in their early days, a sizeable proportion of their teachers and some of their students from mainland China.

In 1957, these three Colleges came together to form the Chinese Colleges Joint Council with the objective of securing government recognition of their efforts in providing higher education for the young people of Hong Kong. In 1959, Mr. John S. Fulton (later Lord Fulton of Falmer) was invited to advise on the general lines of development for the three Colleges as a whole. In 1960, the government introduced the Post-Secondary Colleges Ordinance and Regulations, which approved financial support to the three Colleges with a view to raising their academic standards.

In 1961, a University Preparatory Committee, chaired by Dr. the Hon. Sir Cho-yiu Kwan, was appointed to advise on sites and buildings, and matters relating to the establishment of the University. A group of advisers from Britain and the United States visited Hong Kong in the same year to advise the Colleges on the development of university level courses in arts, science, commerce, and social science. The report of these advisers was encouraging, and in 1962 the government appointed a commission under the chairmanship of Mr. John S. Fulton to consider and determine whether and how a Chinese university could be created from the three Colleges.

The Report of the Fulton Commission, known as the Fulton Report and published in April 1963, recommended the establishment of a new university. Shortly after its publication, the Report was approved in principle by the government. A Provisional Council was set up in June 1963, and The Chinese University of Hong Kong Ordinance and Statutes were enacted in September of the same year. On 17 October 1963 the University was formally inaugurated.
The Ordinance

In November 1975, the Chancellor of the University appointed an external commission to review the constitutional arrangements governing the University and its constituent Colleges. Lord Fulton of Falmer was again invited to serve as chairman of the commission.

The second Fulton Report was submitted to the Chancellor in March 1976 and published in May. The Report recommended important changes to the constitutional arrangements governing the University and the Colleges. Under the new arrangements proposed by the commission, the University would be responsible for academic and development policy, financial management, the matriculation of students, the appointment of staff, the determination of the curriculum, the conduct of examinations, and the award of degrees. The participation of senior academics in the governing bodies of the University would be strengthened. In addition, the Report recommended that the University should strive to strike a balance between ‘subject-orientated’ teaching and small group ‘student-orientated’ teaching, and that the latter should be entrusted to the Colleges. This ‘student-orientated’ teaching would be designed to build in the students habits and frames of mind required of experts in their chosen fields and to equip them with the necessary skills for meeting new challenges in a rapidly changing world. A new ordinance to give effect to the recommendations in the second Fulton Report was enacted in December 1976.

In 1986 the University received a generous donation from the Shaw Foundation (Hong Kong) Ltd. for the specific purpose of establishing a fourth College, Shaw College. The Ordinance and the Statutes were further revised to provide for its establishment, and it began admitting students in September 1988.

The University cherishes its college system and the vital roles played by its constituent Colleges. To cater for the addition of more than 3,000 undergraduate students upon reversion to a four-year undergraduate curriculum in 2012, the University decided to establish more Colleges. With very generous support from a number of patrons, the University established Morningside College and S.H. Ho College in May 2006, C.W. Chu College and Wu Yee Sun College in May 2007, and Lee Woo Sing College in October 2007. In July 2007, the University has by Ordinance, in accordance with a special resolution of the Council, declared Morningside College and S.H. Ho College as constituent Colleges of the University. In February 2008, an Ordinance for the declaration of C.W. Chu College, Wu Yee Sun College, and Lee Woo Sing College as constituent Colleges of the University was enacted by the Legislative Council.

The Ordinance and the Statutes of the University are printed in Part 7 of this Calendar.
Academic Structure and Policy

The Chinese University of Hong Kong is a growing university offering a wide range of full-time and part-time programmes which lead to bachelor’s degrees, master’s degrees, and doctorates.

There are eight Faculties (Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science), and 63 departments offering 55 major programmes and 61 minor programmes for full-time undergraduate students, and two part-time undergraduate programmes for part-time students.

Postgraduate programmes including 27 MPhil–PhD programmes, 40 doctoral programmes, 156 master’s programmes, 26 postgraduate diploma programmes, and 1 postgraduate certificate programme are offered by the Graduate School through its 62 graduate divisions.

The Senate regulates instruction, education and research. The Faculties advise the Senate through the faculty boards on the programmes of study recommended by the departments, which deliver disciplinary teaching. The Colleges, in turn, support the broader development of students as whole persons in addition to the provision of residential accommodation. All teaching staff and full-time undergraduate students, with a few exception of teachers belonging to research institutes or centres, belong to both a Faculty and to a College.

Undergraduate Studies

At its inception the University’s undergraduate curriculum was based on a combination of the credit unit system and the degree examination system. After a comprehensive review in the mid-80s, the University decided to adopt a pure credit-unit-based curriculum structure. From 1991–92 onwards, greater flexibility was introduced into students’ selection of courses and pace of study.

Full-time Undergraduate Studies

Throughout the years the University has endeavoured to provide a wide variety of major and minor programmes to meet the changing needs of society. In 2008–09, two major programmes are introduced, namely Bachelor of Arts (Chinese Language and Literature) and Bachelor of Education (Chinese Language Education) Co-terminal Double Degree Programme, as well as Bachelor of Arts (English Studies) and Bachelor of Education (English Language Education) Co-terminal Double Degree Programme under the Faculty of Education. Two minor programmes, namely Japanese culture and language under the Faculty of Arts, and hotel and tourism management under the Faculty of Business Administration are launched.

Part-time Undergraduate Studies

The Part-time Degree Programmes were first launched in 1981–82 with classes conducted in the evening. Two part-time degree programmes in music and early childhood education are currently offered.
Postgraduate Studies

Master’s programmes were first offered in 1966–67, and the number of programmes in 2008–09 is 156. Doctoral programmes were first introduced in 1980–81 and the number of programmes is 40 in 2008–09. MPhil–PhD programmes were first introduced in 2004–05, and the number of programmes is 27 in 2008–09.

Research and Development

CUHK fosters the development of quality research over a broad front in all its eight Faculties. It provides opportunities for advancement in the pursuit of human knowledge, and for academic staff to undertake consultancy and collaborative projects with industry. Twenty-five major research institutes have been established by the University to provide financial support and other facilities for research.

While encouraging both basic and applied research in all academic areas, the University also realizes that it is important to achieve excellence and worldwide impact. As part of its Strategic Plan adopted in January 2006, the University has identified five Major Areas under its Focused Investments Scheme. These areas, selected by the University taking into account both its overall strategy and specific opportunities for funding support, are Chinese Studies, Biomedical Sciences, Information Sciences, Economics and Finance, and Geoinformation and Earth Sciences. In the four University Grants Committee (UGC) ‘Areas of Excellence’ exercises, CUHK has been successful in securing significant support from the UGC in the areas of information technology, plant and agricultural biotechnology, Chinese medicine research and further development, and Centre for Research into Circulating Fetal Nucleic Acids. The multidisciplinary teams aimed for good progress in their respective research areas.

At the national level, two State Key Laboratories have also recently been established at CUHK. The State Key Laboratory in Oncology in South China (CUHK), established in 2006, conducts research into the biology and early detection of cancers particularly prevalent in Asian populations, and seeks to develop novel therapeutics for their treatment. The State Key Laboratory for Agrobiotechnology (CUHK), established in 2008, studies ways of improving rice yields in China by improving the species of rice grown by Chinese farmers.

About one quarter of the government’s annual allocation to the University in the form of block grants goes directly or indirectly to research. The University also relies heavily on different external funding sources to support research activities. The Research Grants Council remains the major sponsor of research. In the 2007–08 exercise, CUHK staff secured some HK$107 million in the form of competitive grants. The high quality of research is also reflected in the many papers published in international and local refereed journals.

Other major sources of funding are the Quality Education Fund, the Innovation and Technology Fund, the Health and Health Services Research Fund, the Health Care and Promotion Fund, the Research Fund for the Control
of Infectious Diseases, and various private donations.

The University’s Research Committee is one of the main bodies responsible for allocating internal funding for research. It is supported by seven subject panels, each consisting of up to 23 experienced researchers. In addition to allocation of research funding, it is also charged with the responsibility of evaluating and recommending project proposals for external grant applications. It is supported by the Research Administration Office (RAO), which is responsible for research administration as well as for implementation of policies for the enhancement of the University’s research portfolio.

The Technology Licensing Office (TLO) is the primary office with responsibility for technology transfer. All intellectual property rights are administered through TLO unless and until assigned. The recent years saw a rapid increase in technology transfer activities at the University. More and more technologies developed by CUHK have been adopted by industries.

As of June 2008, CUHK and its staff have secured 64 US patents, 36 Chinese patents, 32 Hong Kong patents, 5 Taiwanese patents, 4 Australia patents, 4 European patents, 3 British patents, 3 Japanese patents, 2 Singaporean patents, and 1 patent each for Canada, Denmark, India, Greece, and Turkey.

Funding from the Hong Kong SAR Government is the main source of income and constitutes 57% of the University’s revenue for capital and recurrent expenses. Income from tuition, programme and other fee, being the next important source of revenue, accounts for 20% of total income. In addition, the University and its constituent Colleges have endowment funds at their disposal and also receive financial support from private donors for research and other designated purposes. The annual total income for the University is about HK$5.3 billion.

Negotiations between the University and the government are conducted through University Grants Committee, which is the committee advising the government on the financial requirements of the University.

Liaison with the World of Learning

The University has since its inception in 1963 striven to cross-fertilize Chinese and Western academic and cultural traditions. To this end, the University has over the years established and maintained partnerships with a large number of institutions around the world, including universities, research institutes, centres of learning, governmental agencies and regional and international associations of higher learning.

The University is a member of a number of international education bodies which provide a platform for development of academic partnerships. Some of them include the Association of Commonwealth Universities, the Association of Southeast Asian Institute of Higher Learning and the International Association of Universities. It is also a member of the prestigious Association of University Presidents of China and it has served as the secretariat since its founding in 1997.

A Committee on Academic Links formulates policies for academic linkages to ensure the University’s academic priorities are supported through the linkage partnerships and programmes. Academic linkages and programmes at the University are managed by two offices: the Office of Academic Links and the Office of Academic Links (China). The Office of Academic Links is responsible for the coordination of student exchange programmes and for the University’s relations on the international front. The Office of Academic Links (China) is responsible for mainland and cross-straits relations.

Student Exchanges

The University’s first student exchange programme was launched in 1965 with the University of California system. Since then student exchange programmes have been established with over 200 institutions. Besides the University of California system, exchange partners include Cornell University and the University of Pennsylvania in the USA, University of British Columbia and the University of Toronto in Canada, University College London and University of Sheffield in the UK, Korea University and Seoul National University in Korea, and Tsinghua University and Peking University in China. There are also exchange agreements with universities in Austria, Australia, Belgium, Denmark, Czech Republic, Finland, France, Germany, India, Ireland, Italy, Japan, Taiwan, Mexico, Netherlands, New Zealand, Norway, Singapore, South Africa, Spain, Sweden and Switzerland.

During the academic year 2007–08 some 620 CUHK students participated in student exchange programmes for one term or one academic year. In addition to this, over 2,000 short-term study and work abroad opportunities were available to CUHK students.

CUHK welcomes many international students on exchange each year. The campus is internationalized as local and international students study, live and engage in activities together. Approximately 900 international students came to study at CUHK during 2007–08.
International Links

In pursuant to the University’s aspiration to become a leading university in China and the region, and the international university of choice in East Asia, the Office of Academic Links serves as the University’s international relations arm, forging alliances with international universities, institutions, foundations and governmental organizations. Most recently the Office of Academic Links played in leading role in the establishment of the Asia-Pacific Association of International Education, putting the University at the forefront of international education amongst other leading universities around the world.

The University hosts over 150 visiting delegations from abroad each year, many such visits leading to collaborative teaching and research projects. Other frequent visitors, including Nobel Laureates, Consul Generals, eminent world scholars and figures, share their insights and wisdom with staff and students at the University as well as the general public.

Senior officers of the University are active in promoting the University abroad. The Vice-Chancellor has led a number of delegations consisting of leading scientists to world preeminent universities to promote the University on the international front and to build collaboration in teaching and research.

The Office of Academic Links coordinates all international partnerships and agreements at the University and is responsible for establishing a number of new international academic initiatives each year. The University has some 300 active agreements with institutions abroad, almost 50 of which were set up in 2007–08.

The University has benefited from the support of various foundations for staff development, research, scholarships and exchange programmes. These include the Yale–China Association, the Harvard–Yenching Institute, the United Board for Christian Higher Education in Asia, the Fulbright Program, the Japan Foundation, the Wei Lun Endowment Fund Foundation, the Sino–British Fellowship Trust, and the Sir Edward Youde Memorial Fund Council. In addition to this, in 2007–08, the Office of Academic Links coordinated a number of fellowships and awards made available to the University’s teaching and research staff. Some of these were offered by the Eurasia Pacific UNINET, the International Association of Universities, University Mobility in Asia and the Pacific, and Utrecht University.

China Links

The University has consistently developed academic links and research collaboration with educational and research institutions on the mainland and in Taiwan. Both the scope and the mode of exchange activities have expanded considerably over the years.

A number of formal academic exchange agreements have been concluded by the University or its academic departments with various mainland and Taiwan institutions. These include memoranda for research collaboration, faculty and student exchange programmes, and joint academic activities. Major partners of
CUHK include the Chinese Academy of Sciences, Fudan University, Nanjing University, Peking University, Shanghai Jiaotong University, Sun Yat Sen University, Tsinghua University, Xian Jiaotong University, Zhejiang University and Taiwan University.

Each year the University receives over 150 delegations comprising over 2,500 visitors and visiting scholars from the mainland and Taiwan. At the same time, members of the University go on academic visits to institutions on the mainland and in Taiwan via various channels such as Vice-chancellor or Pro-Vice-Chancellor led delegations, University Exchange Fund supported visits, conference attendance and executive interflow delegations.

The University works closely with mainland institutions on a wide spectrum of research collaborations. These include research projects conducted by individual faculties, the setting up of more than 30 joint research centres/institutes/laboratories, as well as the establishment of the State Key Laboratory on Oncology in South China (CUHK) and the State Key Laboratory of Agrobiotechnology (CUHK) as approved by the Ministry of Science and Technology. The University also established two key laboratories approved by the State Ministry of Education, namely, the Key Laboratory for Regenerative Medicine CUHK and Jinan University, and CUHK MoE–Microsoft Key Laboratory of Human–Centric Computing and Interface Technologies. We hope that by teaming up with the best universities in China, we can complement each other, maximize our respective strengths, and promote high-standard scientific research.

Besides, the University and its academic departments constantly organize joint academic activities, such as academic symposia, conferences and summits. Examples include an academic symposium jointly organized with the National Natural Science Foundation, the Cross-Strait Forum on the Humanities and Social Sciences coorganized by CUHK, Nanjing University and Taiwan Central University, as well as the Academicians Lecture Series. Important public lectures conducted at CUHK are also broadcast live online at its close partner institutions on the mainland and in Taiwan.

Student exchange activities are also actively promoted at university, college and faculty levels. CUHK students participate in short-term exchange visits to the mainland and Taiwan and the University also receives mainland and Taiwan student delegations.

In response to rapid economic growth and the need for high-calibre management executives in Greater China, the University has launched a number of joint postgraduate programmes with its close partners including Tsinghua University, Xian Jiaotong University, Shanghai National Accounting Institute, and Taiwan Sun Yat-sen University and Chang Gung University. The University is also involved in providing training courses to governmental agencies, the business sector and universities on the mainland.

The University collaborates with the Shenzhen Municipal Government in promoting linkages with Shenzhen in education, science research, training of talent and the establishment of the Shenzhen–Hong Kong Innovation Zone. CUHK
has established the CAS–CUHK Shenzhen Institute of Advanced Integration Technology, and the CUHK Shenzhen Research Institute in Shenzhen.

The University’s Beijing Liaison Office, located on the campus of Peking University, provides logistical support to exchange activities conducted by University members and helps to enhance cooperation with mainland institutions.
The Constituent Colleges

With the reorganization of the University following the enactment of The Chinese University of Hong Kong Ordinance 1976, the Boards of Trustees of the three original Colleges, viz. Chung Chi College, New Asia College, and The United College of Hong Kong, were reconstituted. Each College board is mainly concerned with the management of the movable property and of certain College buildings entrusted to it, as well as the promotion of scholastic and cultural activities of the College.

Each College is governed by an Assembly of Fellows chaired by the College Head, and this assembly is responsible for making and implementing decisions on various matters relating to the College.

In January 1986 the University received a very generous donation from the Shaw Foundation (Hong Kong) Ltd. for the establishment of ‘Shaw College’ with Sir Run Run Shaw as its patron. ‘The Chinese University of Hong Kong (Declaration of Shaw College) Ordinance’ was enacted in July 1986. Shaw College admitted its first batch of students in 1988.

CUHK takes great pride in its unique collegiate system, and sees a need to enhance the system in anticipation of the surge in undergraduate enrolment in 2012 when the University reverts to a normative four-year curriculum. The University has plans to establish new small and medium sized Colleges, some of which are fully residential, with communal dining facilities for its students and faculty members. These Colleges can help to promote close interaction among faculty members and students, and provide quality pastoral care and whole-person education. In 2006, the University received with gratitude very generous donations from the Morningside Foundation and Morningside Education Foundation Ltd., and from the S.H. Ho Foundation Ltd. in support of the visions to bring these plans to fruition. In May the same year, the University Council endorsed the establishing of two new Colleges and named them respectively as Morningside College and S.H. Ho College.

In May 2007, C.W. Chu College and Wu Yee Sun College were established supported by donations from Mr. Peter Yip and Wu Yee Sun Charitable Foundation Ltd. respectively.
In October 2007, the University Council further approved the establishment of Lee Woo Sing College, and the donor of which wishes to remain anonymous.

To give legal effect to the establishment of the five new Colleges, ‘The Chinese University of Hong Kong (Declaration of Morningside College and S.H. Ho College as Constituent Colleges) Ordinance’ was enacted in July 2007, and ‘The Chinese University of Hong Kong (Declaration of C.W. Chu College, Wu Yee Sun College and Lee Woo Sing College as Constituent Colleges) Ordinance’ was enacted in February 2008.

Chung Chi College

Chung Chi College was founded in 1951 by the representatives of Protestant churches in Hong Kong to meet the need for a local institution of higher learning. The College aims to provide further education in accordance with Christian traditions so that its students can develop an open-mindedness along with a thorough understanding and appreciation of both Western and Chinese cultures. In 1955, it was formally incorporated under an ordinance of the government.

The College had a very modest beginning with borrowed and rented premises, first in the Cathedral Hall and St. Paul’s Co-educational College, then in Caine Road and Lower Albert Road. Expansion was made possible
by financial help from church organizations in North America and Britain. Local churches, firms, and private individuals also gave considerable support. In 1956 the College moved to its permanent site in the Ma Liu Shui valley. Between 1959 and 1963 the College received the bulk of its funds from the government. In 1963 the College was incorporated as one of the three Colleges of The Chinese University of Hong Kong.

The College has its own Chaplaincy Office to promote religious activities which include Sunday worship services, and Christian fellowship programmes, and later established a Theology Unit (now named Divinity School) for the training of Christian ministers.

Academic and cultural activities are regularly organized for both staff and students of the College. They include seminars, college life luncheon talks, annual education conferences, the Siu Lien Ling Wong Visiting Fellows Programme, and various exchange and visitor programmes.

Students are also encouraged to take part in extracurricular activities organized by the college students union, departmental societies, class societies, various interest groups, the non-residential hall student society, and student hostel associations. Various student development programmes, such as the student visitor programme, language enhancement programme, learning arts programme, Quality Activity Award Scheme, outward bound training programme, mentor programme, service learning programme, Overseas e-Mentoring Programme, Sung Sheung Hong Creativity Award, and ‘Dreaming Through Chung Chi’ programme, exploration trips to France/Germany, summer overseas internship programme and summer study abroad programme, are designed to provide students with more learning opportunities in the pursuit of a balanced education. A wide array of scholarships, financial aid schemes and awards are offered to encourage students to excel in their academic pursuits as well as to participate in college educational activities.

In 2007–08 Chung Chi College had a student population of 2,886, of whom 1,296 were male and 1,590 female. About one-third of the students were Christians.

New Asia College

New Asia College was founded in 1949 by Dr. Ch’ien Mu and a group of scholars from mainland China. The College aims to preserve traditional Chinese culture and to balance it with the Western learning so that students may understand their cultural heritage and at the same time be capable of coping with the challenges of the modern world.
The College has a humble beginning but soon gained public and private support both locally and overseas. Set up in 1959 as a grant college, New Asia College became one of the three constituent Colleges of The Chinese University of Hong Kong in 1963. In August 1973, New Asia College moved to the existing campus in Shatin.

To enrich the cultural and academic life on campus, New Asia College has organized scholarly visits and various cultural activities throughout the year under different programmes such as Ch’ien Mu Lecture in History and Culture, Yu Ying-shih Lecture in History, United Asia Finance Visiting Scholars Programme, S.Y. Chung Visiting Fellows Programme, and Y.S. Hui Exchange Programme in Fine Arts. Renowned scholars are invited to deliver academic and cultural talks.

In enhancing intercultural exchanges and fostering global understanding, New Asia College has established various exchange programmes with overseas institutions. Since 1993, the College has organized New Asia College–Yale University Student Exchange Programme to enhance students’ understanding of the social, cultural and scientific issues in the two regions. New Asia students may also enrich their international exposure by taking part in the College one-year/one-semester exchange programmes to the United States (The International Student Exchange Programme), Japan (Asia University, Soka University and Kyoto Sangyo University) and Korea (Ewha Womans University).

To further improve students’ proficiency in both Chinese and English, the College launches the language enhancement programmes which include Social Putonghua Workshops, Social English Workshops, Putonghua Tables, Summer Putonghua Speaking Camp, English Summer Camp and intensive summer language courses held in mainland China and England.
The College also organizes a wide variety of summer activities such as Leadership Development Programme, Summer Japanese Language Programme, New Asia–Yale Community Service Exchange, New Asia College–Hunan University Summer Exchange Programme, and Overseas Job Attachment, so students develop self-confidence and learn about the socio-cultural and economic systems of other countries. The College also supports students who would like to attend overseas summer programmes or conduct research projects. Numerous students receive College subsidies through Student Study Trip Scheme and Summer Research Grant Scheme to pursue learning opportunities in summer.

New Asia alumni remain an important part of the College. The Mentorship Programme is enriched by many alumni who have committed themselves to sharing their valuable experiences with current students. Since 2003, the College has organized reunion activities for alumni who have graduated for 30 years with a view to further strengthening ties with them.

The four hostels of New Asia College have a total capacity of 1,165 and almost half of the students are provided with hostel accommodation. Since 2002, the College has been implementing the Guaranteed One-year Residence Scheme to ensure every student gets to experience hostel life.

In 2007–08, New Asia had a student population of 2,791, of whom 1,255 were male and 1,536 female.

United College

The mission of the College is to realize its motto ‘Make One’s Virtues Shine and Renew the People’, and to serve the people of Hong Kong, China, and the world through integrative education, pastoral care, and moral and spiritual enhancement of the young.

United College was founded in 1956 with the amalgamation of five post-secondary colleges: Canton Overseas College, Kwang Hsia College, Wah Kiu College, Wen Hua College, and Ping Jing College of Accountancy. The five colleges decided to pool their resources to provide quality tertiary education for local students. The United College of Hong Kong was incorporated under an ordinance of the government in 1957 with a board of trustees as its governing body. Dr. F.I. Tseung was the first college president and chairman of the Board of Trustees.

United College became one of the founding Colleges of The Chinese University of Hong Kong in 1963. The College moved from Bonham Road on
Hong Kong Island to its present site on the University campus in December 1971.

United College places strong emphasis on whole-person education and broadening the perspective of its students and enhancing their sense of social responsibility. United College’s Distinguished Visiting Scholars Lectures, Annual Workshop and College Assemblies provide intellectual stimuli to both students and staff. A wide range of activities, including those activities by the students’ union and interest groups, Whole Person Development Award Programme, leadership training, social services and incentive schemes, Shum Choi Sang Mentorship Programme, Group Sense Innovation and Entrepreneurial Project Award Programme, Toastmasters Club, organic farming and environmental protection events, drama, debate, art and cultural activities, and health series are organized. Through participation in these activities, students develop in personal and social aspects.

Students are given more opportunities to take part in overseas study tours and exchange programmes under the College’s Globe-oriented Active Learning (GOAL) Programme, and a wide range of scholarships and awards. Eligible students also receive support to pursue postgraduate studies overseas. The College provides financial subsidies to over 350 students each year. The Hostel Residence Grant was also established last year to provide subsidies to students with financial difficulties for hostel fees in order to encourage them to participate in college activities. The total amount given out in 2007–08 was over HK$8 million.

To provide pastoral care to students, the Dr. Thomas Cheung Tutorial Scheme was established for students to vent their feelings, share their experience and
help each other in a web-based tutorial setting. The College also promotes moral education through the Shum Wai Yau Moral Education Scheme.

The College has expanded in the last few years with the completion of the Si Yuan Amenities Centre, the Chan Chun Ha Hostel which could accommodate 314 students, and the Si Yuan Amphitheatre. To build up a smoke-free and environmental friendly campus, United College conducted an improvement project including redesigned the landscape, relocated carpark and paved project, etc. The Adam Schall Residence and Hang Seng Hall underwent major renovation and spatial re-organization in 2007.

In 2007–08, a total of 2,751 students were assigned to United College, of whom 1,316 were male and 1,435 female.

Shaw College

Named after its Patron, Shaw College was made possible by the generosity of Sir Run Run Shaw, who donated HK$110 million to CUHK for the founding of the fourth constituent College.

The ordinance that gives legal effect to this important development of the University was passed by the Legislative Council in July 1986 and became law on 1 August of the same year. A board of trustees of Shaw College has accordingly come into being, charting the course of the College’s development.
in collaboration with the Planning Committee for Shaw College appointed by the University Council. Chaired by Prof. Ma Lin, former Vice-Chancellor of CUHK, the Planning Committee was advised by Sir Quo-wei Lee, Mr. Louis Page, the late Dr. T.K. Ann and Mr. H.J. Shen.

The foundation stone of the College campus was laid by Sir David Akers-Jones, then Acting Governor, and Sir Run Run Shaw, the Patron, on 12 January 1987. In June 1987, the College set up its temporary office at No. 1, Chung Chi Teaching Block. In September 1989, Student Hostel I, which could accommodate 579 students, was completed. In October the same year, the administration building, Wen Lan Tang; and the visiting scholars units cum staff quarters, Ya Qun Lodge, were also opened. The College then moved to its campus built on 4.5 hectares of land at the northwestern part of the University campus overlooking the Tolo Harbour. Other facilities including a computer laboratory, a reading room, a multi-function hall, a gymnasium, conference rooms and canteens also came into use.

On 2 March 1990, Shaw College was officially opened by the then Hong Kong Governor, Chancellor of the University, Sir David Wilson; and the Patron of Shaw College, Sir Run Run Shaw. The opening ceremony was well attended by some 500 guests.

In 1992, the College Lecture Theatre with a seating capacity of 500 was completed. Student Hostel II which could accommodate 289 students was also opened to meet the increasing demand for hostel accommodation. New facilities have also been added over the years. The extension project of Hostel II, which began in July 1998, was completed May 2001, offering an additional 298 hostel places. Upon conversion works over the years, there are a total of 1,195 hostel places in Shaw College.

Lee Woo Sing College wishes to help to broaden the students’ understanding of and liaison with Hong Kong, the mainland, and the world so as to enable them to build up a successful career in future, and to encourage them to contribute to their alma mater and the society.

Two scholars of international renown—Nobel Laureate in economic sciences, Prof. Sir James Mirrlees, and world authority on plant molecular biology and Academician of the Chinese Academy of Engineering, Prof. Samuel Sun Sai-ming, were appointed Masters-Designate of Morningside College and S.H. Ho College respectively in August 2006.

A world-renowned expert on hepato-pancreato-biliary surgery and Academician of the Chinese Academy of Sciences, Prof. Joseph Lau Wan-yee was appointed as Master-Designate of Lee Woo Sing College in June 2008.

A Planning Committee for each College has been appointed and planning work has already begun. It is anticipated that all new Colleges will be in full operation before 2012.

Academic Units and University Extensions
**Academic Units and Programmes of Studies**

---

**Full-time Undergraduate Studies**

Eligibility for admission is conditional upon fulfilment of the entrance requirements of the University set out in the Regulations Governing Admission to Full-time Undergraduate Studies (please go to [www.cuhk.edu.hk/adm/handbook/regu.pdf](http://www.cuhk.edu.hk/adm/handbook/regu.pdf) for details).

The University’s Faculties of Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science offer a wide range of undergraduate programmes leading to the BA, BBA, BChiMed, BEd, BEng, LLB, BMedSc, MB ChB, BNurs, BPharm, BSc, and BSSc degrees. The University started offering double degree programmes in 2006–07.

A student who satisfies the conditions for graduation shall be awarded a bachelor’s degree with one of the following classifications: First Class Honours, Second Class Honours Upper Division, Second Class Honours Lower Division, Third Class Honours, and Pass. Degree classification is based on the grade point averages of major and other courses, and the result of the graduation thesis/project. However, the degrees of MB ChB are awarded on the basis of professional examinations and BChiMed on the basis of the clinical studies. (For details, please refer to the Undergraduate Student Handbook at [www.cuhk.edu.hk/aqs/](http://www.cuhk.edu.hk/aqs/).)

---

**Curriculum Structure**

The normal length of study for a full-time programme is three to four years with the exception of medical studies and some professional programmes which have prescribed otherwise. A second-year entrant shall be expected to graduate after two years of attendance. The curriculum (excluding the MB ChB Programme, the Intercalated Degree Programme in Medical Sciences, and the Nursing Programme) is based on a credit unit system.

For graduation, a Secondary 6 and a Secondary 7 entrant shall successfully complete at least 123 and 99 units of courses respectively which include:

(a) General Education (15 units);

---

* A Secondary 6 (or 7) entrant means a student who has been admitted to the University after completion of Secondary 6 (or 7) in a school or on equivalent qualifications.
(b) Physical Education (2 units);
(c) Foundation Requirement (24 units: 9 units of language courses, 6 units of General Education courses, and 9 units of major/faculty requirement);
(d) normally up to 72 required units of major courses;
(e) Faculty Language Requirement;
(f) remaining units in minor and/or elective courses of the student’s choice.

A second-year entrant shall complete at least 66 units of courses which include:
(a) General Education (7 units for entrants with associate degrees or 9 units for entrants with higher diplomas);
(b) Physical Education (1 unit);
(c) up to 64 units of major courses for entrants with associate degrees or up to 59 units for entrants with higher diplomas;
(d) Language Requirement (3 units for entrants with higher diplomas only);
(e) remaining units in minor and/or elective courses of the student’s choice.

Students need to take and pass any graduation thesis/project prescribed by their major programmes.

Starting from 1997–98, all students in their first year of attendance are required to complete an Intensive Programme in Putonghua, Cantonese and English which is non-credit-bearing, but the examination results of which will be recorded on academic reports and transcripts.

Starting from 1999–2000, all newly-admitted students are required to achieve a certain level of IT competence. They are expected to pass the IT proficiency test within their first year of attendance.

A student admitted in 2004–05 and thereafter may register for a second major programme subject to the approval of the two major departments concerned. A student who has satisfied the requirements of a second major may, in the last term of attendance within the minimum period of study, declare and be assessed for a second major.

A student who wishes to take a minor programme should formally register for his minor subject, preferably in the second year of attendance. A minor programme normally requires 15–30 units of courses.

* Applicable to Secondary 6 entrants.
Part-time Undergraduate Studies

The University offers two part-time degree programmes—music and early childhood education. For details, please read the Regulations Governing Admission to Part-time Undergraduate Studies (www.cuhk.edu.hk/adm/local/ptus/) and General Regulations Governing Part-time Undergraduate Studies (www.cuhk.edu.hk/aqs/). The degrees are awarded on the same basis as the full-time programmes described on p. 101.

Curriculum Structure

The normal length of study for the part-time programme is five to six years, with three terms in each year. Secondary 6 and Secondary 7 students are required to complete at least 123 and 99 units of courses respectively before graduation. Apart from fulfilling requirements of the major subject, students are also required to take general education courses and elective courses in other disciplines.

Students who satisfy special entrance requirements of this programme and are granted unit exemption at the time of admission shall complete at least 60 units of courses before graduation.

Exemption from the major requirement of this programme shall also be given to students as prescribed in the study scheme. (Please see also Curriculum Structure of the full-time programmes on pp. 101–102.)

Starting from 1999–2000, all newly-admitted students are required to attain a certain level of competence in IT. They are expected to pass the IT Proficiency Test within their first year of attendance.

Postgraduate Studies

The University first introduced programmes at the postgraduate level with the establishment of the School of Education in 1965. In the following year, the Graduate School was formally set up to offer postgraduate programmes leading to the award of master’s degrees. In 1980, the University advanced into the realm of doctoral education.

The University currently offers a total of 250 postgraduate programmes, including 27 MPhil–PhD programmes, 40 doctoral programmes, 156 master’s programmes, 26 postgraduate diploma programmes and 1 postgraduate certificate programme. The degree programmes lead to five research degrees and 20 taught degrees. The five research degrees are Doctor of Music (DMus), Doctor of Philosophy (PhD), Master of Fine Arts (MFA), Master of Music (MMus), and Master of Philosophy (MPhil). The 20 taught degrees are Doctor of Education (EdD), Doctor of Psychology (PsyD), Juris Doctor (JD), Master of Accountancy (MAcc), Master of Architecture (MArch), Master of Arts (MA), Master of Business Administration (MBA), Master of Chinese Medicine (MChiMed), Master of Clinical Pharmacy (MClInPharm), Master of Divinity (MDiv), Master of Education (MEd), Master of Family Medicine (MFM), Master of Laws (LLM),
Master of Nursing (MNurs), Master of Occupational Medicine (MOM), Master of Professional Accountancy (MPAcc), Master of Public Health (MPH), Master of Science (MSc), Master of Social Science (MSSc), and Master of Social Work (MSW).

The University has introduced the MPhil–PhD programmes since 2004–05 and currently offers 27 MPhil–PhD programmes. Under this scheme, MPhil and PhD are regarded as two streams within one MPhil–PhD programme. Students may choose the streams according to their interests and ability, with the flexibility to transfer between MPhil stream and PhD (pre-candidacy) stream after admission.

For doctoral programmes, the normal length of study for full-time students with or without a research master’s degree is 36 and 48 months respectively, while that for part-time students with or without a research master’s degree is 48 and 64 months respectively. For master’s programmes, the period of study normally ranges from one to two years for full-time study and two to three years for part-time study. The postgraduate diploma programmes last one year for full-time students and one to two years for part-time students.

Applicants who have graduated with good honours degrees from recognized universities and who have the capacity for research may apply for admission to the above postgraduate programmes. For details, please refer to the General Regulations Governing Postgraduate Studies of The Chinese University of Hong Kong Postgraduate Student Handbook 2008–09 (www2.cuhk.edu.hk/gss/download/pdf/handbook/B03_GRGP.pdf) and The Chinese University of Hong Kong Postgraduate Prospectus 2008–09.

General Education
The General Education Programme is designed to broaden the interests of students, give them a wider perspective, and cultivate in them the ability to understand the major issues of contemporary life. The challenge of rational inquiry and discussion is also emphasized. These courses are an important part of university education.

The General Education Programme is composed of University and College General Education courses. The University General Education courses are coordinated by the Office of University General Education, while the four constituent Colleges tailor their courses to their cultural backgrounds and educational ideals.

Other Programmes

Intensive Programme in Putonghua, Cantonese and English

All students in their first year of attendance are required to complete an Intensive Programme in Putonghua, Cantonese and English. The purpose of the Programme is to provide an opportunity for students to strengthen their ability to consult dictionaries for the correct pronunciation of individual characters or words. The Programme provides students with a pronunciation foundation for more advanced language courses offered by various units of the University and promotes an awareness of the importance of language ability.

Physical Education

Physical Education is the required programme which emphasizes the development of personality and health through team work and fair play as well as the acquisition of basic motor skills and attitude towards physical activities.

Leadership Development Programme

The Leadership Development Programme aims at nurturing the leadership potential of selected students of the University and preparing them for the challenges and opportunities of the new era. Students are normally admitted into the Programme in their second year of university attendance.
Student IT Competence

Rapid advances in information technology (IT) are leading us into the information age, changing the way we work, communicate and play, and increasing our productivity. IT literacy, the ability to use computers and other technologies to improve learning, productivity and performance, has become essential. To help students acquire this fundamental skill, the University provides a training and test package targeted at basic IT skills.

For details of the above programmes, please refer to the Undergraduate Student Handbook at rgsntl.rgs.cuhk.edu.hk/aqs_prd_applx/.
International Asian Studies Programme

In keeping with the University’s distinctive educational mission of promoting cultural exchange between East and West, an International Asian Studies Programme (IASP) was launched at the University in 1977 with the support of the Yale–China Association. This programme is open to students from outside of Hong Kong who wish to take advantage of the University’s academic resources and research facilities to develop knowledge in Chinese, Asian and International Studies, further studies in their academic discipline in the context of Hong Kong, mainland China and the rest of Asia, and learn Chinese.

The IASP is fully integrated into the regular structure of the University. Participants take the regular courses with local students in the Faculties of Arts, Business Administration, Education, Engineering, Science, and Social Science. The IASP offers selected courses in Asian, Chinese and international studies taught in English for the benefit of both programme participants and local students. Participants may also take special language courses in Cantonese and Putonghua offered by the New Asia--Yale-in-China Chinese Language Centre. Many opportunities are provided to participants to experience Chinese culture. They include sharing dormitory with local students, thematic field trips, excursions, and language table, just to name a few.

There are two categories of participants: (1) associate undergraduate students taking a full load (12–18 units per term) of university courses; and (2) associate postgraduate students taking either (a) a full load (12–18 units per term) of university courses, or (b) conducting a research and taking a minimum course load of three units.

Students may participate in IASP for one term, one academic year, or during the summer. Previous coursework on Chinese language or Asian studies is not required for admission, but undergraduate applicants must have normally completed at least two terms of university study and graduate applicants must hold a recognized bachelor’s degree.

Participants may come as exchange students or study abroad students. Exchange students are those who are sent by institutions which have formal exchange arrangements with the University. Exchange students are exempted
from paying IASP programme fees. They are responsible for tuition of their home institution, and hostel and other exchange related fees at the University. Study abroad students pay a comprehensive IASP programme fee which covers tuition, on-campus shared accommodation and related expenses, and orientation expenses. IASP serves as the home department to both exchange and study abroad students.

Established in 1965, the University’s Department of Extramural Studies was renamed School of Continuing Studies in 1994. From January 2006, the school has been renamed as the School of Continuing and Professional Studies (SCS). Bearing the mission of providing quality professional and continuing education programmes and services to meet the changing needs of society, the school offers a diverse range of programmes at different levels. The New Asia--Yale-in-China Chinese Language Centre (CLC) provides language training in Putonghua and Cantonese. It offers two types of credit-bearing programmes for CUHK students, including non-local students and international students who either come to CUHK as exchange students or apply directly to CLC. The main aims for CLC’s language programmes, including intensive summer courses, are to improve the language proficiency of students and their communicative ability in using Putonghua and Cantonese. Courses are divided into (1) Putonghua for local students, (2) Putonghua for international students, (3) Cantonese for non-local students, and (4) Cantonese for international students.

All courses for University students follow CUHK regulations and are accredited by the University. For direct applicants studying at CLC, credits for the courses are given based on the American system, with grades and transcripts.
issued by the centre. Credits for these courses have been recognized by major universities as degree credits. For students from institutions not using the credit system, transcripts are prepared with sufficient details to present a clear picture of the work accomplished by each student. The centre operates on a three-term system. Students may register for admission to any term. Beginners’ courses are offered every term. The full-time programme of 12 to 15 sessions of classroom instruction per week constitutes the maximum course load.

Founded in 1963 under the joint auspices of New Asia College and the Yale–China Association, the centre became a part of the University in 1974. Every year close to 1,000 international students from different parts of the world are admitted to the centre, ranging from absolute beginners to trained sinologists who wish to polish their spoken Chinese or learn a new Chinese dialect. Among the local and non-local CUHK students, over 3,000 of them take language courses offered by CLC.

Currently, CLC is offering the following 14 award-bearing programmes in accordance to the University Extension Board policies:

- Certificate Programme in Putonghua as a Foreign/Second Language
- Diploma Programme in Putonghua as a Foreign/Second Language
- Advanced Diploma Programme in Putonghua as a Foreign/Second Language
- Certificate Programme in Cantonese as a Foreign/Second Language
- Diploma Programme in Cantonese as a Foreign/Second Language

- Foundation Certificate Programme in Cantonese for Non-native Chinese Speakers
- Certificate Programme in Putonghua for Native Chinese Speakers
- Diploma Programme in Putonghua for Native Chinese Speakers

Launched in 1984, the State Key Laboratory Scheme is one of the key technology development projects of the state. State Key Laboratories (SKLs) focus on studies in the latest academic developments and important technological issues in relation to the economy, social development, health and security of the state. Organizations hosting a SKL should have attained international standards and are in a pivotal position in their respective discipline in the state. They should be able to complete important state research tasks, and possess excellent research teams and favourable conditions for conducting research and experiment.

Two SKLs were established at The Chinese University of Hong Kong in 2006 and 2008 respectively with the approval of the Ministry of Science and Technology of China. The SKLs will anchor their spearheading roles in agrobiotechnology and oncology research.

Part 6
Scholarships and Financial Aid to Students
Scholarships and Financial Aid to Students

To help needy students meet part of the cost of their university education, the government has made provisions for grants and loans through the Student Financial Assistance Agency. The University and its constituent Colleges also administer their own scholarships, bursaries, loans and campus work schemes.

The emblem of the University is the mythical Chinese bird feng (鳳), which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty.

The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is ‘博文約禮’ (bo wen yue li): ‘博文’ is to broaden one’s intellectual horizon; ‘約禮’ is to keep within the bounds of propriety.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the Analects of Confucius that the Master says, ‘The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.’ (Legg’s version of the Four Books)

In choosing ‘博文約禮’ as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.
