The emblem of the University is the mythical Chinese bird *feng* (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is ‘博文約禮’ or ‘Through learning and temperance to virtue’.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the *Analects of Confucius* that the Master says, ‘The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.’ (Legge’s version of the *Four Books*)

In choosing ‘博文約禮’ as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.

Origin

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956), which drew, in their early days, a sizeable proportion of their teachers and some of their students from mainland China.

In 1957, these three Colleges came together to form the Chinese Colleges Joint Council with the objective of securing government recognition of their efforts in providing higher education for the young people of Hong Kong. In 1959, Mr. John S. Fulton (later Lord Fulton of Falmer) was invited to advise on the general lines of development for the three Colleges as a whole. In 1960, the government introduced the Post-Secondary Colleges Ordinance and Regulations, which approved financial support to the three Colleges with a view to raising their academic standards.

In 1961, a University Preparatory Committee, chaired by Dr. the Hon. Sir Cho-yiu Kwan, was appointed to advise on sites and buildings, and matters relating to the establishment of the University. A group of advisers from Britain and the United States visited Hong Kong in the same year to advise the Colleges on the development of university level courses in arts, science, commerce, and social science. The report of these advisers was encouraging, and in 1962 the government appointed a commission under the chairmanship of Mr. John S. Fulton to consider and determine whether and how a Chinese university could be created from the three Colleges.

The Report of the Fulton Commission, known as the *Fulton Report* and published in April 1963, recommended the establishment of a new university. Shortly after its publication, the *Report* was approved in principle by the government. A Provisional Council was set up in June 1963, and The Chinese University of Hong Kong Ordinance and Statutes were enacted in September of the same year. On 17 October 1963 the University was formally inaugurated.
The Ordinance

In November 1975, the Chancellor of the University appointed an external commission to review the constitutional arrangements governing the University and its constituent Colleges. Lord Fulton of Falmer was again invited to serve as chairman of the commission.

The second Fulton Report was submitted to the Chancellor in March 1976 and published in May. The Report recommended important changes to the constitutional arrangements governing the University and the Colleges. Under the new arrangements proposed by the commission, the University would be responsible for academic and development policy, financial management, the matriculation of students, the appointment of staff, the determination of the curriculum, the conduct of examinations, and the award of degrees. The participation of senior academics in the governing bodies of the University would be strengthened. In addition, the Report recommended that the University should strive to strike a balance between ‘subject-orientated’ teaching and small group ‘student-orientated’ teaching, and that the latter should be entrusted to the Colleges. This ‘student-orientated’ teaching would be designed to build in the students habits and frames of mind required of experts in their chosen fields and to equip them with the necessary skills for meeting new challenges in a rapidly changing world. A new ordinance to give effect to the recommendations in the second Fulton Report was enacted in December 1976.

In 1986 the University received a generous donation from the Shaw Foundation (Hong Kong) Ltd. for the specific purpose of establishing a fourth College, Shaw College. The Ordinance and the Statutes were further revised to provide for its establishment, and it began admitting students in September 1988.

The University cherishes its college system and the vital roles played by its constituent Colleges. To cater for the addition of more than 3,000 undergraduate students upon reversion to a four-year undergraduate curriculum in 2012, the University decided to establish more Colleges. With very generous support from a number of patrons, the University established Morningside College and S.H. Ho College in May 2006, C.W. Chu College and Wu Yee Sun College in May 2007, and Lee Woo Sing College in October 2007. In July 2007, the University has by Ordinance, in accordance with a special resolution of the Council, declared Morningside College and S.H. Ho College as constituent Colleges of the University. In February 2008, an Ordinance for the declaration of C.W. Chu College, Wu Yee Sun College, and Lee Woo Sing College as constituent Colleges of the University was enacted by the Legislative Council.

The Ordinance and the Statutes of the University are printed in Part 7 of this Calendar.
Academic Structure and Policy

The Chinese University of Hong Kong is a growing university offering a wide range of full-time and part-time programmes which lead to bachelor’s degrees, master’s degrees, and doctorates.

There are eight Faculties (Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science), and 58 departments/schools offering 58 major programmes and 68 minor programmes under the three-year curriculum, and 74 major programmes and 71 minor programmes under the four-year curriculum for undergraduate students.

Postgraduate programmes including 41 MPhil–PhD programmes, 28 doctoral programmes, 160 master’s programmes, 17 postgraduate diploma programmes, and one postgraduate certificate programme are offered by the Graduate School through its 59 graduate divisions.

The Senate regulates instruction, education and research. The Faculties advise the Senate through the faculty boards on the programmes of study recommended by the departments/schools, which deliver disciplinary teaching. The Colleges, in turn, support the broader development of students as whole persons in addition to the provision of residential accommodation. All teaching staff and full-time undergraduate students, with a few exception of teachers belonging to research institutes or centres, belong to both a faculty and to a college.

Undergraduate Studies

At its inception the University’s undergraduate curriculum was based on a combination of the credit unit system and the degree examination system. After a comprehensive review in the mid-1980s, the University decided to adopt a pure credit-unit-based curriculum structure. From 1991–92 onwards, greater flexibility was introduced into students’ selection of courses and pace of study.

Full-time Undergraduate Studies

Throughout the years the University has endeavoured to provide a wide variety of programmes to meet the changing needs of society. In 2016–17, four major and one minor programmes are introduced under the four-year curriculum:

Among these programmes, the Bachelor of Arts Programme in Early Childhood Education is for articulation by higher diploma holders.
Postgraduate Studies

Master’s programmes were first offered in 1966–67, and the number of programmes in 2016–17 is 160. Doctoral programmes were first introduced in 1980–81 and the number of programmes is 28 in 2016–17. MPhil–PhD programmes were first introduced in 2004–05, and the number of programmes is 41 in 2016–17. In addition, 17 postgraduate diploma programmes and one postgraduate certificate programme are offered.

Research and Development

CUHK fosters the development of high-quality research over a broad front in all its eight Faculties. It encourages academic staff to conduct research aimed at expanding the frontiers of knowledge, and also to undertake specific consultancy projects of community value and collaborative projects with industry. The University has also established a number of research institutes, providing the necessary financial support and research infrastructure.

Riding on its research strengths, CUHK aims to promote interdisciplinary research excellence that can deliver benefits, tackle grand challenges, and fulfil societal needs locally, nationally, and globally. As part of its Strategic Plan 2016–2020, the University has prioritized four major research areas that will address some of the most pressing issues facing humankind. These major research areas are China studies, translational biomedicine, information and automation technology, and environment and sustainability. In the six University Grants Committee (UGC) ‘Areas of Excellence’ exercises, CUHK has secured significant support from the UGC in the areas of Plant and Agricultural Biotechnology; Chinese Medicine Research and Further Development; Centre for Research into Circulating Fetal Nucleic Acids; Historical Anthropology of Chinese Society; Institute of Network Coding; Centre for Organelle Biogenesis and Function; and Information Technology. Good progress is being made in all these research areas by the dedicated, multidisciplinary teams.

At the national level, five State Key Laboratories have also been established at CUHK. The State Key Laboratory of Oncology in South China (CUHK), established in 2006, conducts research into the biology and early detection of cancers particularly prevalent in Asian populations, and seeks to develop novel therapeutics for their treatment. The State Key Laboratory of Agrobiotechnology (CUHK), established in 2008, studies ways of improving rice yields in China by improving the species of rice grown by Chinese farmers. Established in 2009, the State Key Laboratory of Phytochemistry and Plant Resources in West China (CUHK) conducts research into the modernization of traditional Chinese medicine and the application of biotechnology in medical science. The State Key Laboratory of Synthetic Chemistry, established in 2010, advances interdisciplinary basic research. In July 2013, the State Key Laboratory of Digestive Disease was approved by the Ministry of Science and Technology with the aim of promoting research in digestive disease.
About a quarter of the government’s annual allocation to the University in the form of block grants goes directly or indirectly to research. The University also relies heavily on different external funding sources to support research activities. The Research Grants Council (RGC) remains the major sponsor of research. In the 2015–16 grant application exercise, CUHK staff secured some HK$199 million in RGC competitive grant funding. The University’s high quality of research is also reflected in the many papers published in international and local refereed journals.

CUHK staff have also been active in seeking funding from several other important sources, including the Health and Medical Research Fund, the Health Care and Promotion Fund, the Innovation and Technology Fund, the Quality Education Fund, and various private donations.

Much of the University’s internal funding for research is allocated by the Research Committee. The committee is supported by eight subject panels, each consisting of up to 23 experienced researchers. In addition to allocation of research funding, it is also responsible for evaluating and recommending project proposals for external grant applications. It is supported by the Office of Research and Knowledge Transfer Services (ORKTS), formed in 2014 by the merger of the Research Administration Office and the Knowledge Transfer Office, which oversees, develops and administers the University’s policies in these two areas.

Knowledge Transfer

CUHK places great value on its interaction with society, and has broadened its range of knowledge transfer (KT) activities. ORKTS strives to promote interactions and partnerships between the University and industrial enterprises through conferences, contracts and licensing agreements, funding schemes, and entrepreneurship capacity building, with the aim of promoting knowledge transfer and creating economic and social impacts.

Licensing income from technology transfer and the number of licences granted has increased significantly over the years. Collaboration agreements were concluded with prominent commercial firms both in mainland China and elsewhere in the world. The Knowledge Transfer Project Fund has supported a total of almost 150 projects since 2009, many of which were interdisciplinary efforts which promised various social, cultural, environmental and economic benefits.

CUHK encourages students and researchers to contribute to society with the knowledge gained through their research. Launching startups is a direct and visible way of applying academic knowledge and skills for the benefit of the community. ORKTS has collaborated with other units to foster an entrepreneurial environment on CUHK’s campus conducive to innovation and creativity.
The CUHK Pre-Incubation Centre (Pi Centre), established in early 2014, provides workspace, facilities, development and mentorship support to successful CUHK student applicants from all disciplines. Since its inception, the Pi Centre has admitted 33 student teams, 13 of which have already graduated to advanced incubation programmes outside the campus. Meanwhile, the Technology Start-up Support Scheme for Universities (TSSSU), funded by the Innovation and Technology Commission (ITC), encourages both faculty members and students to start technology businesses and commercialize R&D results. Since the inauguration of the scheme in late 2014, the TSSSU has supported 25 startup companies with more than HK$11 million. To complement this scheme, CUHK offers mentorship and training workshops, and connects TSSSU companies to resources such as the Science Park, accelerators, and investors. Through TSSSU, the University’s intellectual property is translated into products and services to benefit the society. CUHK’s mentorship service has facilitated discussions between TSSSU startups and investors. Some startups have secured significant funding as a result.

**Finance**

Funding from the Hong Kong SAR government is the main source of income and constitutes 55% of the University’s revenue for capital and recurrent expenses. Income from tuition, programme and other fee, being the next important source of revenue, accounts for about 25% of total income. In addition, the University and its constituent Colleges have endowment funds at their disposal and also receive financial support from private donors for research and other designated purposes. The annual total income for the University is about HK$8.1 billion. Negotiations between the University and the government are conducted through University Grants Committee, which is the committee advising the government on the financial requirements of the University.
**Lands and Buildings**

The University campus, measuring 137 hectares including the newly granted land in Area 39, is located on a tract of land under lease from the government north of downtown Sha Tin in the New Territories. It commands a scenic view of Tolo Harbour to the north and Tide Cove to the east.

The campus varies in elevation from 4.4 to 150 metres above sea level and has been carved from a rocky promontory into a number of plateaux to provide the sites for buildings of the University and its Colleges, as well as blocks of staff residences.

By the main entrance on Tai Po Road stands the Security and Transport Building whilst blocks of staff quarters, postgraduate halls and international houses dot the hilly slopes to the north, including the Lee Woo Sing College and Wu Yee Sun College. The C.W. Chu College is at the toe of the slope. Further north at Area 39, the University’s research hub, is
the Lo Kwee-Seong Integrated Biomedical Sciences Building.

Descending towards the bay, one finds the Pentecostal Mission Hall Complex (a student hostel for Chung Chi College), Morningside College and S.H. Ho College, the University Sports Centre, the Kwok Sports Building, the Jockey Club Postgraduate Hall, and on the waterfront, the Institute of Biotechnology and the Simon F.S. Li Building (Simon F.S. Liaison with the World of Learning

The University has since its inception in 1963 striven to cross-fertilize Chinese and Western academic and cultural traditions. To this end, the University has over the years established and maintained partnerships with a large number of institutions around the world, including universities, research institutes, centres of learning, governmental agencies and regional and international associations of higher learning and research.

The University is a member of a number of associations and networks, serving as a platform for forming partnerships, exchanging ideas and knowledge for teaching and research, and promoting cultural exchange. These include the Worldwide Universities Network (WUN), the Asia-Pacific Association for International Education, the Association of University Presidents of China, and the Association of Commonwealth Universities, just to name a few.

Academic linkages and programmes at the University are managed by two offices: the Office of Academic Links and the Office of Academic Links (China). The former is responsible for the coordination of student exchange programmes and for the University’s academic linkages on the international front while the latter is responsible for academic linkages on the mainland and in Taiwan.

Student Exchanges

The University’s first student exchange programme was launched in 1965 with the University of California system. Since then student exchange programmes have been established with over 270 institutions in 34 countries/regions. Besides the University of California system, exchange partners include the University of Pennsylvania and the University of Southern California in the United States, the University of British Columbia and the University of Toronto in Canada, University of Cambridge in the United Kingdom, Kyoto University in Japan, the University of Sydney in Australia, ETH Zurich in Switzerland, and Tsinghua University and Peking University in China. There are also exchange agreements with universities in Austria, Belgium, Brunei, Chile, Czech Republic, Denmark, Finland, France, Germany, Hungary, India, Ireland, Italy, Korea, Liechtenstein, Mexico, the Netherlands, New Zealand, Norway, Poland, Russia, Singapore, South Africa, Spain, Sweden, Switzerland, Taiwan, Thailand and Turkey.

During the academic year 2015–16, over 1,000 CUHK students participated in student exchange programmes for one term, one academic year or during the summer. In addition, more than 4,600 students undertook short-term study, research or internship opportunities outside Hong Kong.

CUHK plays host to many international students on exchange each year. The campus is a melting pot of different cultures where local and international students study, live and engage in activities together. Over 1,500 international students came to study at CUHK during 2015–16.
Summer Programmes

A number of summer programmes at the University are offered through the Office of Academic Links including the Summer Institute (SI) and International Summer Schools (ISS). The SI provides local secondary school students with an opportunity to explore different academic fields and experience university academic and residential life. The ISS brings a unique academic and cultural experience to over 400 international and 150 CUHK students, and creates a vibrant multicultural campus at CUHK. Courses across various academic disciplines are offered and weekly cultural immersion activities are organized. Through the ISS, opportunities are also made available for CUHK students to join summer programmes at selected partner institutions abroad.

International Links

Pursuant to the University’s aspiration to become a leading university in China and the region, and the international university of choice in East Asia, the Office of Academic Links serves as the University’s international relations arm, forging alliances with universities, institutions, foundations, governmental organizations, and networks.

The office coordinates all international partnerships and agreements at the University and is responsible for establishing many new international academic initiatives each year. The University currently has over 600 agreements with institutions abroad.

The office hosts over 120 visiting delegations from abroad each year, with many leading to collaborative teaching and research projects. In addition, it actively participates in international higher education conferences and promotes CUHK abroad.

The University is a member of WUN, an exclusive network of 18 research-led universities across 11 countries with a mission to create new, multilateral opportunities for international collaboration in research and graduate education. The office coordinates activities within the network and promotes academic and research collaborations with the member institutions.

The Office of Academic Links coordinates a number of fellowships and awards made available to the University’s teaching and research staff and research students. Some of these include the Global Scholarships Programme for Research Excellence, International Partnerships Development Programme, Inbound and Outbound Research Mobility Schemes, Bilateral Teaching Exchange Programme, Short-term Faculty Exchange Programme and PhD Student Exchange Programme.

Within the University, the office assists individual units and overseas institutions to identify common areas of interest in teaching and research and provides advice in realizing joint research, teaching and other academic initiatives.

In support of the University’s internationalization efforts to strengthen its international presence and to develop academic and research partnerships, the
office provides events management and consultancy services to assist academic and research units to plan and organize conferences on campus.

**China Links**

The University has consistently developed academic links and research collaboration with educational and research institutions on the mainland and in Taiwan. Both the scope and the mode of exchange activities have expanded considerably over the years.

A variety of academic exchange agreements have been concluded by the University or its academic departments with mainland and Taiwan institutions. These include memoranda for research and teaching collaboration, faculty and student exchange programmes, joint curriculum and academic activities. Major partners of CUHK include the Chinese Academy of Sciences (CAS), Chinese Academy of Engineering (CAE), Chinese Academy of Social Sciences (CASS), Fudan University, Nanjing University, Peking University, Shanghai Jiao Tong University, Sun Yat-sen University, Tsinghua University, Xi’an Jiaotong University, Zhejiang University, National Taiwan University, National Cheng Kung University, University System of Taiwan, and Academia Sinica (AS).

Each year CUHK receives about 140 delegations comprising over 1,600 visitors from the mainland and Taiwan. Members of the University go on academic visits to institutions on the mainland and in Taiwan via various channels such as outreach trips led by the Vice-Chancellor or Pro-Vice-Chancellors, staff mobility schemes, conference attendance, guest lecture series, and executive interflow delegations.

The University works closely with mainland and Taiwan institutions on a wide spectrum of research collaborations. These include joint research projects and the setting up of over 60 joint research centres/institutes/laboratories. Currently the University has established five Partner State Key Laboratories as approved by the State Ministry of Science and Technology, namely, State Key Laboratory of Oncology in South China (Partner Laboratory in The Chinese University of Hong Kong), State Key Laboratory of Agrobiotechnology (Partner Laboratory in The Chinese University of Hong Kong), State Key Laboratory of Phytochemistry and Plant Resources in West China (Partner Laboratory in The Chinese University of Hong Kong), State Key Laboratory of Synthetic Chemistry, and State Key Laboratory of Digestive Disease (Partner Laboratory in The Chinese University of Hong Kong).

CUHK also established Key Laboratories under the State Ministry of Education (MoE), including MoE Key Laboratory of Regenerative Medicine (CUHK–Jinan University), CUHK-Microsoft MoE Key Laboratory of Human-Centric Computing and Interface Technologies, and MoE Key Laboratory of High Confidence Software Technologies (Sub-Laboratory, CUHK). CUHK-Sun Yat-sen University Centre for Historical Anthropology, and CUHK-Beijing Language and Culture University Joint Research Centre for Chinese Linguistics and Applied Linguistics were set up as the first two extension units of Key

With the aim to forging synergistic research, a tripartite collaboration was developed among CUHK, Tsinghua University and MIT to establish the Tsinghua-MIT-CUHK Joint Center for Theoretical Computer Science. The University also actively participates in national initiatives such as the National Collaboration and Innovation Projects.

The University puts great effort into promoting cross-strait collaboration. The first cross-strait joint research centre, CUHK–Peking University–University System of Taiwan Joint Research Centre for Language and Human Complexity, was established to examine human complexity from the perspective of language. CUHK also collaborated with Nanjing University and National Central University to launch the Cross-Strait Green University Consortium that incorporates green concepts into research and education with continuous expansion of new partnership. In order to fully tap into the interdisciplinary dialogues in mainland China, Hong Kong and Taiwan, CUHK initiated to expand the Cross-Strait Forum in Humanities and Social Sciences, which now has seven member universities/institutions across the regions including CUHK, Fudan University, Nanjing University, Peking University, CASS, National Central University, and National Taiwan University. CUHK seeks to work complementarily with the best universities and research institutes in mainland China and Taiwan to maximize its respective strengths and promote high-standard scientific research.

Cross-strait student interflow activities are actively promoted at university, college and faculty levels in CUHK. Every year, CUHK sends over 4,000 students to mainland China and Taiwan for short-term activities. Besides, CUHK aspires to create more interactive opportunities in organizing short-term exchange visits and activities. Examples include cultural interflow camps, research placement programmes and visiting student programmes.

The University and its academic departments constantly organize joint academic activities, such as academic symposia, conferences and summits with the mainland and Taiwan partners. CUHK Shenzhen Research Institute (SZRI) established in Shenzhen Virtual University Park provides a pivotal base for CUHK members to conduct teaching, research and technology transfer.

To capitalize on the strengths of Hong Kong and Guangdong Province, and to groom future generations of university graduates, CUHK, Shenzhen was established in 2012 as an initiative to extend the core educational philosophy and values of the University beyond Hong Kong. It represents CUHK’s commitment to the training of top talent, contributing to the long-term prosperity of Shenzhen, Hong Kong and the Pearl River Delta region.

The University’s liaison officers in Beijing and Shenzhen render assistance to exchange activities on the mainland and help enhance co-operation with mainland institutions.
The Constituent Colleges

With the reorganization of the University following the enactment of The Chinese University of Hong Kong Ordinance 1976, the Boards of Trustees of the three original Colleges, viz. Chung Chi College, New Asia College, and The United College of Hong Kong, were reconstituted. Each college board is mainly concerned with the management of the movable property and of certain College buildings entrusted to it, as well as the promotion of scholastic and cultural activities of the College.

Each College is governed by an Assembly of Fellows chaired by the College Head/Master, and this assembly is responsible for making and implementing decisions on various matters relating to the College.

In January 1986 the University received a very generous donation from the Shaw Foundation (Hong Kong) Ltd. for the establishment of Shaw College with Sir Run Run Shaw as its patron. The Chinese University of Hong Kong (Declaration of Shaw College) Ordinance was enacted in July 1986. Shaw College admitted its first batch of students in 1988.

In 2006, the University received very generous donations from the Morningside Foundation and Morningside Education Foundation Ltd., and from The S.H. Ho Foundation Ltd. in support of its visions to enhance the collegiate system in anticipation of the surge in undergraduate enrolment in 2012 when the University reverts to a normative four-year curriculum. In May the same year, the University Council endorsed the establishing of two new Colleges and named them respectively as Morningside College and S.H. Ho College.

In May 2007, C.W. Chu College and Wu Yee Sun College were established with generous donations from benefactors and Wu Yee Sun Charitable Foundation Ltd., respectively.

In October 2007, the University Council further approved the establishment of Lee Woo Sing College with very generous support from the Li Foundation (Bing Hua Tang).

To give legal effect to the establishment of the five new Colleges, The Chinese University of Hong Kong (Declaration of Morningside College and S.H. Ho College as Constituent Colleges) Ordinance was enacted in July 2007, and The Chinese University of Hong Kong (Declaration of C.W. Chu College, Wu Yee Sun College and Lee Woo Sing College as Constituent Colleges) Ordinance was enacted in February 2008.
Chung Chi College was founded in 1951 by the representatives of Protestant churches in Hong Kong to meet the need for a local institution of higher learning. The College aims at providing further education in accordance with Christian traditions so that its students can develop open-mindedness along with a thorough understanding and appreciation of both Western and Chinese cultures. In 1955, it was formally incorporated under an ordinance of the government. ‘In Pursuit of Excellence’ was adopted as the College’s motto.

The College had a very modest beginning with borrowed and rented premises, first in the St. John’s Cathedral and St. Paul’s Co-educational College, then at No. 147 Caine Road and in the Bishop Hoare Memorial Building on Lower Albert Road. Expansion was made possible by financial help from church organizations in North America and Britain. Local churches, firms, and private individuals also gave considerable support. In 1956, the College moved to its permanent site in the Ma Liu Shui valley. Between 1959 and 1963, the College received the bulk of its funds from the government. In 1963, the College was incorporated as one of the three founding Colleges of The Chinese University of Hong Kong.
The College has its own Chaplain’s Office to promote activities which include assemblies, Sunday services and Christian fellowships. The Theology Division (now named Divinity School of Chung Chi College) was also established for the training of Christian ministers.

Academic and cultural activities are regularly organized for both College staff and students. They include seminars, luncheon talks, Annual Education Conferences, Siu Lien Ling Wong Visiting Fellows Programme, Hop Wai Art and Cultural Programme, and various exchange and visitor programmes. The College has a humble beginning but soon gained public and private support both locally and overseas. Set up in 1959 as a grant college, New Asia College became one of the three constituent Colleges of The Chinese University of Hong Kong in 1963. In August 1973, New Asia College moved to the campus in Sha Tin.

Since 1993, the College has organized New Asia College-Yale University Student Exchange Programme to enhance students’ understanding of the social, cultural and scientific issues in the two regions. New Asia students may also enrich their international exposure by taking part in the College one-year/one-semester exchange programmes to Australia (The University of New South Wales and RMIT University), Canada (University of Alberta), China (Beijing Normal University, Peking University and Tsinghua University), Czech Republic (University of Economics, Prague), Italy (Bocconi University), Japan (Asia University, Soka University and Kyoto Sangyo University), Korea (Ewha Womans University), the Netherlands (University of Groningen), New Zealand (University of Waikato), Sweden (Malmo University), the United Kingdom (University of Leeds), the United States (Occidental College, University of Hawaii at Manoa, University of Illinois at Urbana-Champaign, University of Wisconsin-Madison, The University of North Carolina at Chapel Hill and University of Massachusetts Amherst), and University System of Taiwan (National Central University, National Chiao Tung University, National Tsing Hua University, National Yang-Ming University).

To further improve students’ proficiency in both Chinese and English, the College launches the language enhancement programmes which include Spontaneous Attraction—Intensive Training on Presentation and Communication Skills, Social Putonghua Workshops, Social English Workshops, and intensive summer language courses held in mainland China and UK.

The College also organizes a wide variety of summer activities such as Student Leadership Development Programme, Summer Japanese Language Programme, New Asia-Yale Community Service Exchange, Summer Study Abroad at Cambridge and UC Berkeley, New Asia College-Hunan University Summer Exchange Programme, and Summer Internship Programme, enabling students to develop self-confidence and learn about the socio-cultural systems of other countries. The College actively supports students who would like to attend overseas summer programmes or conduct research projects. Numerous students receive College subsidies through Student Study Trip Scheme and Summer Research Grant Scheme to pursue learning opportunities in summer.

Besides, the College organizes the New Asia Young Scholars Scheme to increase students’ knowledge of Chinese history and culture, and empower them to become responsible individuals towards society as well as equip them with qualities that contemporary intellectuals and leaders should possess. The students will participate in a series of training programmes, including training on leadership and public speaking skills, workshops on Chinese culture ad various College activities.

United College

The mission of the College is to realize its motto ‘Make One’s Virtues Shine and Renew the People’, and to serve the people of Hong Kong, China, and the world through integrative education, pastoral care, and moral and spiritual enhancement of the young.

United College was founded in 1956 with the amalgamation of five post-secondary colleges: Canton Overseas College, Kwang Hsia College, Wah Kiu
The five colleges decided to pool their resources to provide quality tertiary education for local students. The United College of Hong Kong was incorporated under an ordinance of the government in 1957 with a board of trustees as its governing body.

United College became one of the founding Colleges of The Chinese University of Hong Kong in 1963. The College moved from Bonham Road on Hong Kong Island to its present site on the University campus in December 1971.

United College places strong emphasis on whole-person education and broadening the perspective of its students and enhancing their sense of social responsibility. Eligible students also receive support to pursue postgraduate studies overseas.

Starting from 2013–14, the College also organizes a new Service-Learning Internship Programme (SLIP) to provide internship opportunities for students to work in the overseas NGOs. The Senior Seminar Graduate Research Consultant Scheme is established to assist undergraduate groups in planning and conducting multidisciplinary research for the College’s compulsory general education course of ‘Senior Seminar’, in their final year of studies. University postgraduate students are recruited as graduate research consultants every year, and they will support the course supervisors on one to one basis. The Hostel Residence Grant and Off-campus Resident Grant are also established to provide subsidies to needy students for hostel fees or off-campus rental in order to encourage them to participate in college activities. In 2016–17, the total value of the College’s scholarships, awards and financial aid is over HK$10 million, with around 2,800 awards.

Shaw College

Shaw College was established in July 1986 through the generosity of Sir Run Run Shaw, a world-renowned philanthropist who kindly accepted an invitation to become the patron of the College.

The College motto, *Xiude Jiangxue*, is taken from a Confucian saying that highlights the cultivation of virtue and pursuit of knowledge. The College slogan, ‘Excellence with a Soul, Leadership with a Heart’, echoes this motto by promoting the cultivation of a sound moral character in the pursuit of knowledge and the development of caring hearts among those in high positions. The College has also devoted substantial effort to providing its students with opportunities for whole-person development within five major domains, or the ‘Five Pillars’: ‘nurturing moral character’, ‘serving the community’, ‘caring for the motherland’, ‘developing a global perspective’ and ‘protecting the environment’.

Shaw College offers a wide variety of general education courses designed to help students adjust to university life and to provide opportunities for experiential and service learning. College assemblies, high-table dinners and high tea workshops also form part of the general education programme, with prominent speakers and persons with special life experiences regularly speaking at engagements aimed at helping students to broaden their horizons.
To broaden their international exposure, students are encouraged to take part in semester- or year-long overseas exchange programmes organized by the College, the Office of Academic Links and various departments. The College also offers a variety of overseas summer and winter programmes that promote cultural exposure, language learning or service to those in need, in addition to internship placements in mainland China and other parts of the world.

Under the ‘Distinguished Visiting Scholars Scheme’ and the ‘Sir Run Run Shaw Distinguished Visiting Scholars Programme’, world-renowned scholars and experts are invited to speak to students. Past speakers have included Prof. Lee Yuen-tseh, Nobel Laureate in Chemistry; Prof. Yang Chen-ning, Nobel Laureate in Physics; Prof. Yau Shing-tung, recipient of the Fields Medal and Wolf Prize Laureate; Prof. Andrew Chi-chih Yao, winner of the Turing Award; and Prof. Charles K. Kao, Nobel Laureate in Physics and the Father of Fibre Optics, etc. The College also organizes the annual Shaw Prize Lectures, which feature Shaw Prize awardees in the fields of astronomy, life sciences, medicine and mathematical sciences sharing their knowledge and experience.

The College works hand-in-hand with student bodies to enrich campus life by organizing a variety of activities. Annual large-scale student events include orientation camp, ‘Shaw Lane’ evening bazaar, College Founder’s Day celebrations and a singing contest, ‘Shaw Sing’. Shaw College’s many student societies, ranging from sports clubs, departmental societies and general interest clubs to the Rotaract Club and Band Society, also present activities of their own design.

In addition to recognizing academic excellence, the College also encourages non-academic achievements and has established scholarships and awards to reward active participation or outstanding performance in extracurricular activities, community services, sports as well as the possession of leadership abilities and other talents. Close to a thousand scholarship awards are available either by nomination or open application.

There are a number of facilities that cater to the needs of staff and students. For example, the Multi-Purpose Learning Centre in the Huen Wing Ming Building is a self-learning hub that also facilitates student interaction. The Lecture Theatre auditorium is ideal for seminars and various activities, whilst the Yueh Chiao Art Gallery on the first floor is frequently used for exhibitions. Sports facilities include an indoor sports and multi-purpose hall, gymnasium, table tennis room, dancing room and outdoor basketball/volleyball court. Other facilities include the Lam Kin Chung Computer Laboratory, a multimedia laboratory, the Lee Woo Sing Hong Kong History Resource Centre, self-study room and music rooms featuring the first band room on the CUHK campus. Kuo Mou Hall Student Hostel and Student Hostel II accommodate more than 1,210 students, and the College’s dining facilities include a 175-seat student dining hall and 112-seat staff dining room. Adjacent to Student Hostel II is the HERBSnSENSES Chinese Medicinal Plants Garden featuring a statue of Dr. Sun Yat-sen in the centre and a barbecue site nearby. There is also an Alumni Trail lined with plaques engraved with the names of College graduates.
Morningside College

Morningside College was established in 2006 with a generous and imaginative donation from the Morningside Foundation. The College is conveniently located near the University Sports Centre, and just minutes from University Station and various teaching, research and service facilities. Newly constructed student hostels and dining facilities command stunning views of Tolo Harbour. Prof. Sir James Mirrlees, Nobel Laureate in Economic Sciences and Distinguished Professor-at-Large at CUHK, is the Master.

Morningside is fully residential and accommodates 300 students. The relatively small size allows for a level of intimacy amongst students and style of learning that are possible only in a small, cohesive community. Students take rigorous general education courses in seminar settings conducive to discussion, discursive writing and debate. These courses are designed to sharpen their intellectual acumen and equip them with the ability to engage in independent, reflective and critical thinking.

The College students value ideas, diversity, creativity, individuality, and civic responsibility. The Morningside student body is one of the most diverse student bodies at the University, with residents from many countries and regions.
College fellows and distinguished visitors also contribute time, energy and thought to enriching college life. The College aims to help students to develop the values, intellectual breadth and practical skills needed to play leading roles in a wide range of disciplines and professions.

A sense of social responsibility and engagement is central to the Morningside ethos. All of the students take an active part in community service activities throughout their university years. These and other activities lead them to a deeper understanding of themselves and of how they can make a positive impact on the world.

C.W. Chu College

Founded in 2007, C.W. Chu College is named after Dr. Chu Ching-wen (1906–1996), a prominent industrialist and a remarkable philanthropist who spent the larger part of his career in Hong Kong. The values which the late Dr. Chu exemplified are encapsulated in the College motto Cultus et Beneficentia. The vision statement of the College embodies four elements: intimate, international, intellectual, involved, and aims to nurture graduates with leadership, generosity, intellectual clarity and morality. Instead of an administration-centred student discipline system, the College encourages students, who will pledge an Honour Code upon admission, to take primary responsibility for managing the Code and dealing with any behaviour that is not consistent with it—in a spirit of maturity and self-governance.

With a student membership of only 300, the College places strong emphasis on student-teacher interactions. It offers four years of undergraduate residence, and communal dining three times a week, catalyzing students to build enduring bonds. High table dinners, one highlight of communal dining, allow students to learn from the wisdom and experience of leaders in society. The College admits no more than 75 students per year, with an expectation of 35% (including incoming exchange students) coming from outside Hong Kong. College fellows and teachers likewise come from many different backgrounds,
enabling students to experience and share multicultural perspectives. Students broaden their horizon and enrich their social exposure through the mentorship scheme, which extends and realizes the vision and mission of the College. Mentors are experienced and leading figures from all walks of life, including our ready network of Chu Scholars, and will offer advice and guidance on students’ personal development.

The College will also support students to go on academic exchange abroad. Approximately 60 scholarships and bursaries will be provided each year when the College becomes full-fledged, to recognize merit and to help defray extra costs for students. The College also organizes various service programmes for them to develop responsibility and leadership.

The general education programme at C.W. Chu College consists of a credit-bearing component, including an induction course for Year 1 students and a capstone course for Year 4 students; and non-formal component that carries no credit units which includes required extended orientation for freshmen, communal dining, high table dinners and voluntary social service. There are no College Assemblies.

C.W. Chu College is situated at Campus Circuit North, blending in with the lush and green surroundings. In addition to undergraduate living quarters, the buildings also house dining and amenity facilities for the entire College membership and purpose-built space for tutorials, seminars and other collegiate activities.

Prof. Kenneth Young, Professor of Physics, will step down as the founding Master of C.W. Chu College by the end of 2016. Prof. Wai-Yee Chan, Professor of Biomedical Sciences and director of School of Biomedical Sciences, has been appointed as the Master with effect from 1 January 2017.

The scheme guarantees that students with normative study period of four years or above can have at least one-year hostel accommodation. Commuter students, although they do not live on campus, can still enjoy campus life by treating the College as their second home, interacting with fellow students and participating in various hall activities in the College’s comfortable non-residential halls.

Other top-notch learning facilities and amenities include the learning commons, College gallery, College theatre, study room, seminar rooms, full sea view gymnasium, music rooms, and multi-purpose sports room. Academic Units and University Extensions
Academic Units and Programmes of Studies

Full-time Undergraduate Studies

Eligibility for admission is conditional upon fulfilment of the entrance requirements of the University set out in the Regulations Governing Admission to Full-time Undergraduate Studies (please go to www.cuhk.edu.hk/adm/handbook for details).

The University’s Faculties of Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science offer a wide range of undergraduate programmes leading to the BA, BBA, BChiMed, BEd, BEng, LLB, MBChB, BNurs, BPharm, BSc, and BSSc degrees. The University started offering double degree programmes in 2006–07.

A student who satisfies the conditions for graduation shall be awarded a bachelor’s degree with one of the following classifications: First Class Honours, Second Class Honours Upper Division, Second Class Honours Lower Division, Third Class Honours, and Pass. Degree classification is based on the grade point averages of major and other courses, and the result of the graduation thesis/project. However, the degrees of MBChB are awarded on the basis of professional examinations and BChiMed on the basis of the clinical studies. (Please refer to the Undergraduate Student Handbook at www.cuhk.edu.hk/aqs/handbook/ug_student_handbook.htm for details of the undergraduate study programmes.)

Curriculum Structure

(i) Three-year Curriculum

The normal length of study for a full-time programme offered under the three year curriculum is three to four years with the exception of medical studies and some professional programmes which have prescribed otherwise. A second-year entrant shall normally be expected to graduate after two years of attendance. The curriculum (excluding the MBChB Programme) is based on a credit unit system.
For graduation, a Secondary 6 and a Secondary 7 entrant* shall successfully complete at least 123 and 99 units of courses respectively which include:

(a) General Education (15 units);
(b) Physical Education (2 units);
(c) Foundation Requirement** (24 units: 9 units of language courses, 6 units of General Education courses, and 9 units of major/faculty requirement);
(d) normally up to 72 required units of major courses;
(e) Faculty Language Requirement;
(f) remaining units in minor and/or elective courses of the student’s choice.

A second-year entrant shall complete at least 66 units of courses which include:

(a) General Education (7 units for entrants with associate degrees or 9 units for entrants with higher diplomas);
(b) Physical Education (1 unit);
(c) up to 64 units of major courses for entrants with associate degrees or up to 59 units for entrants with higher diplomas;
(d) Language Requirement (3 units for entrants with higher diplomas only);
(e) remaining units in minor and/or elective courses of the student’s choice.

Students need to take and pass any graduation thesis/project prescribed by their major programmes.

Starting from 1997–98, all students in their first year of attendance are required to complete an Intensive Programme in Putonghua, Cantonese and English which is non-credit-bearing, but the examination results of which will be recorded on academic reports and transcripts.

Starting from 1999–2000, all newly-admitted students are required to achieve a certain level of IT competence. They are expected to pass the IT proficiency test within their first year of attendance.

A student admitted in 2004–05 and thereafter may register for a second major programme subject to the approval of the two major departments concerned.

A student who wishes to take minor programmes should formally register for his minor subjects. A minor programme normally requires 15–30 units of courses.

(ii) Four-year Normative Curriculum

The four-year normative curriculum is a result of the University-wide effort of all teaching departments/faculties, as well as many supporting units. It is not a matter of returning to the University’s old four-year curriculum; it is rather

---

* A Secondary 6 (or 7) entrant means a student who has been admitted to the University after completion of Secondary 6 (or 7) in a school or on equivalent qualifications

** Applicable to Secondary 6 entrants
a newly designed curriculum that is student-centered, with Outcomes-based Approach (OBA), embedding important pedagogical elements including outcomes, learning activities, assessment and feedback.

The normal length of study for a full-time programme under the four-year normative curriculum is four to five years with the exception of Chinese medicine programme and medical studies. A senior year entrant admitted to programmes specially designed for articulation by associate degree/higher diploma holders shall normally be expected to graduate after two years of attendance. Same as the three-year curriculum, the four-year curriculum (excluding MBChB) is based on a credit unit system.

For graduation, a student shall successfully complete at least 123 units of courses, which include the major programme requirement as well as the university core requirements of general education, English and Chinese languages, physical education and IT. A senior year entrant shall complete at least 69 units of courses, also including the major programme requirement and university core requirements.

Key features include the newly designed university core requirements and faculty packages, and the emphasis on transferable skills and capstone experience. Please visit www.cuhk.edu.hk/334/english/index.html for details of the four-year normative curriculum.

**Postgraduate Studies**

The University currently offers degree programmes leading to five research degrees and 20 taught degrees. The five research degrees are Doctor of Music (DMus), Doctor of Philosophy (PhD), Master of Fine Arts (MFA), Master of Music (MMus), and Master of Philosophy (MPhil). The 20 taught degrees are Doctor of Education (EdD), Doctor of Nursing (DNurs), Doctor of Psychology (PsyD), Juris Doctor (JD), Master of Accountancy (MAcc), Master of Architecture (MArch), Master of Arts (MA), Master of Business Administration (MBA), Master of Chinese Medicine (MChiMed), Master of Clinical Pharmacy (MClinPharm), Master of Divinity (MDiv), Master of Education (MEd), Master of Laws (LLM), Master of Nursing (MNurs), Master of Nursing Science (MNSc), Master of Professional Accountancy (MPAcc), Master of Public Health (MPH), Master of Science (MSc), Master of Social Science (MSSc), and Master of Social Work (MSW).

The University has introduced the MPhil–PhD programmes since 2004–05 and currently offers 41 MPhil–PhD programmes. Under this scheme, MPhil and PhD are regarded as two streams within one MPhil–PhD programme. Students may choose the streams according to their interests and ability, with the flexibility to transfer between MPhil stream and PhD (pre-candidacy) stream after admission.
For doctoral programmes, the normal length of study for full-time students with or without a research master’s degree is 36 and 48 months respectively, while that for part-time students with or without a research master’s degree is 48 and 64 months respectively. For master’s programmes, the period of study normally ranges from one to four years for full-time study and two to four years for part-time study. The postgraduate diploma programmes last three months to one year for full-time students and one to two years for part-time students.

Applicants who have graduated with good honours degrees from recognized universities and who have the capacity for research may apply for admission to the above postgraduate programmes. For details, please refer to the General Regulations Governing Postgraduate Studies of *The Chinese University of Hong Kong Postgraduate Student Handbook 2016–17* (www.gs.cuhk.edu.hk/page/PostgraduateStudentHandbook) and *The Chinese University of Hong Kong Postgraduate Prospectus 2016–17*.

General Education

General Education plays a vital role in the University’s mission to provide a balanced undergraduate education for students. It equips students with the intellectual capacity for understanding critical issues, ideas, and values of humanity in modern society. It nurtures students to be educated persons capable of making informed judgment and taking up the challenges of this ever-changing
world. Preparing students to be lifelong learners and engaged citizens with a global awareness, it targets their growth as whole persons rather than specialists. The General Education Programme at CUHK is composed of General Education Foundation, The four areas of University General Education and College General Education. The General Education Foundation and the four areas of University General Education are administrated by the Office of University General Education, while each constituent College tailors the College General Education programme according to their missions and traditions.

Other Programmes

Intensive Programme in Putonghua, Cantonese and English

Only students admitted to the three-year curriculum are required to complete an Intensive Programme in Putonghua, Cantonese and English in their first year of attendance. The purpose of the programme is to provide an opportunity for students to strengthen their ability to consult dictionaries for the correct pronunciation of individual characters or words. The programme provides students with a pronunciation foundation for more advanced language courses offered by various units of the University and promotes an awareness of the importance of language ability.

* The programme has ceased to admit new students and will be terminated after all students have graduated
Physical Education
Physical Education is the required programme which emphasizes the development of personality and health through team work and fair play as well as the acquisition of basic motor skills and attitude towards physical activities.

Leadership Development Programme/
I•CARE Leadership Programme
Leadership Development Programme aims at nurturing the leadership potential of selected students of the University and preparing them for the challenges and opportunities of the new era. I•CARE Leadership Programme aims at nurturing student leadership in civic and social engagement.

Student IT Competence
Rapid advances in information technology (IT) are leading us into the information age, changing the way we work, communicate and play, and increasing our productivity. IT literacy, the ability to use computers and other technologies to improve learning, productivity and performance, has become essential. To help students acquire this fundamental skill, the University provides an IT Foundation Course, a training and test package targeted at basic IT skills. Students admitted to the three-year curriculum are required to pass the IT Proficiency Test before graduation, while those admitted to the four-year curriculum will complete an IT Foundation Course.
International Asian Studies Programme

In keeping with the University’s distinctive educational mission of promoting cultural exchange between East and West, an International Asian Studies Programme (IASP) was launched at the University in 1977 with the support of the Yale-China Association. This programme is open to students from institutions outside Hong Kong wishing to take advantage of the University’s academic resources and research facilities to develop knowledge in China, Asia and International Studies, further studies in their academic discipline in the context of Hong Kong, mainland China and the region, and learn Chinese.

The IASP is fully integrated into the academic structure of the University. Enrolment in IASP enables participants to take courses offered by the Faculties of Arts, Business Administration, Education, Engineering, Law, Science, Social Science and other CUHK units with the University’s undergraduate and postgraduate students. Participants may also take special language courses in Cantonese and Putonghua offered by the Yale-China Chinese Language Centre. Many opportunities are provided to participants to experience Chinese culture. They include sharing dormitory with local undergraduate students, exploring Hong Kong and China through thematic field trips and excursions, and engaging in language tables, just to name a few.

There are two categories of participants: (1) associate undergraduate students taking a full load (9–18 units per term) of university courses; and (2) associate postgraduate students either (a) taking a full load (9–18 units per term) of university courses or (b) conducting research and taking a minimum course load of three units per term.

Students may participate in IASP for one term or for one academic year. Previous coursework on Chinese language or Asian studies is not required for admission, but undergraduate applicants must have normally completed at least two terms of university study and graduate applicants must hold a recognized bachelor’s degree.

Participants may come as exchange or study abroad (fee-paying) students. Exchange students are those nominated by institutions which have formal exchange agreements with the University. Exchange students are exempted from paying tuition to CUHK. Study abroad students are those coming from
institutions without formal exchange agreements with the University. Study abroad students must pay the IASP programme fee. Students are responsible for housing and other related fees.

Launched in 1984, the State Key Laboratory Scheme is one of the key technology development projects of China. State Key Laboratories (SKLs) focus on studies in the latest academic developments and important technological issues in relation to the economy, social development, health and security of China. Organizations hosting a SKL should have attained international standards and be in a pivotal position in their respective disciplines. They should be able to complete important state research tasks, and possess excellent research teams and favourable conditions for conducting research and experiment.

Two SKLs were established at The Chinese University of Hong Kong in 2006 and 2008 respectively with the approval of the Ministry of Science and Technology of China. The SKLs anchor their spearheading roles in oncology and agrobiotechnology research. In 2010, the University was further approved to establish two more SKLs, namely State Key Laboratory of Phytochemistry and Plant Resources in West China and State Key Laboratory of Synthetic Chemistry. In 2014, CUHK’s fifth SKL, State Key Laboratory of Digestive Disease, was established.
