The emblem of the University is the mythical Chinese bird *feng* (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is ‘博文約禮’ or ‘Through learning and temperance to virtue’.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the *Analects* of Confucius that the Master says, ‘The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.’ (Legg’s version of the *Four Books*)

In choosing ‘博文約禮’ as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.

General Information

The University

Origin

The University has its origin in three post-secondary colleges: New Asia College (founded 1949), Chung Chi College (founded 1951), and The United College of Hong Kong (founded 1956), which drew, in their early days, a sizeable proportion of their teachers and some of their students from mainland China.

In 1957, these three Colleges came together to form the Chinese Colleges Joint Council with the objective of securing government recognition of their efforts in providing higher education for the young people of Hong Kong. In 1959, Mr. John S. Fulton (later Lord Fulton of Falmer) was invited to advise on the general lines of development for the three Colleges as a whole. In 1960, the government introduced the Post-Secondary Colleges Ordinance and Regulations, which approved financial support to the three Colleges with a view to raising their academic standards.

In 1961, a University Preparatory Committee, chaired by Dr. the Hon. Sir Cho-yiu Kwan, was appointed to advise on sites and buildings, and matters relating to the establishment of the University. A group of advisers from Britain and the US visited Hong Kong in the same year to advise the Colleges on the development of university level courses in arts, science, commerce, and social science. The report of these advisers was encouraging, and in 1962 the government appointed a commission under the chairmanship of Mr. John S. Fulton to consider and determine whether and how a Chinese university could be created from the three Colleges.

The Report of the Fulton Commission, known as the *Fulton Report* and published in April 1963, recommended the establishment of a new university. Shortly after its publication, the *Report* was approved in principle by the government. A Provisional Council was set up in June 1963, and The Chinese University of Hong Kong Ordinance and Statutes were enacted in September of the same year. On 17 October 1963 the University was formally inaugurated.

The Ordinance

In November 1975, the Chancellor of the University appointed an external commission to review the constitutional arrangements governing the University and its constituent Colleges. Lord Fulton of Falmer was again invited to serve as chairman of the commission.

The second *Fulton Report* was submitted to the Chancellor in March 1976 and published in May. The *Report* recommended important changes to the constitutional arrangements governing the University and the Colleges. Under the new arrangements proposed by the commission, the University would be responsible for academic and development policy, financial management, the matriculation of students, the appointment of staff, the determination of the curriculum, the conduct of examinations, and the award of degrees. The participation of senior academics in the governing bodies of the University would be strengthened. In addition, the *Report* recommended that the University should strive to strike a balance between ‘subject-orientated’ teaching and small group ‘student-orientated’ teaching, and that the latter should be entrusted to the Colleges. This ‘student-orientated’ teaching would be designed to build in the students habits and frames of mind required of experts in their chosen fields and to equip them with the necessary skills for meeting new challenges in a rapidly changing world. A new ordinance to give effect to the recommendations in the second *Fulton Report* was enacted in December 1976.

In 1986 the University received a generous donation from the Shaw Foundation (Hong Kong) Ltd. for the specific purpose of establishing a fourth College, Shaw College. The Ordinance and the Statutes were further revised to provide for its establishment, and it began admitting students in September 1988.

The University cherishes its college system and the vital roles played by its constituent Colleges. To cater for the addition of more than 3,000 undergraduate students upon reversion to a four-year undergraduate curriculum in 2012, the University decided to establish more Colleges. With very generous support from a number of patrons, the University established Morningside College and S.H. Ho College in May 2006, C.W. Chu College and Wu Yee Sun College in May 2007, and Lee Woo Sing College in October 2007. In July 2007, the University has by Ordinance, in accordance with a special resolution of the Council, declared Morningside College and S.H. Ho College as constituent Colleges of the University. In February 2008, an Ordinance for the declaration of C.W. Chu College, Wu Yee Sun College, and Lee Woo Sing College as constituent Colleges of the University was enacted by the Legislative Council.

The Ordinance and the Statutes of the University are printed in Part 7 of this *Calendar*.

Academic Structure and Policy

The Chinese University of Hong Kong is a growing university offering a wide range of full-time and part-time programmes which lead to bachelor's degrees, master's degrees, and doctorates.

There are eight Faculties (Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science), and 59 departments/schools offering 81 major programmes and 80 minor programmes under the four-year curriculum for undergraduate students.

Postgraduate programmes including 41 MPhil–PhD programmes, 27 doctoral programmes, 147 master's programmes, eight postgraduate diploma programmes, and one postgraduate certificate programme are offered by the Graduate School through its 59 graduate divisions.

The Senate regulates instruction, education and research. The Faculties advise the Senate through the faculty boards on the programmes of study recommended by the departments/schools, which deliver disciplinary teaching. The Colleges, in turn, support the broader development of students as whole persons in addition to the provision of residential accommodation. All teaching staff and full-time undergraduate students, with a few exception of teachers belonging to research institutes or centres, belong to both a Faculty and to a College.

■ Undergraduate Studies

At its inception the University's undergraduate curriculum was based on a combination of the credit unit system and the degree examination system. After a comprehensive review in the mid-1980s, the University decided to adopt a pure credit-unit-based curriculum structure. From 1991–92 onwards, greater flexibility was introduced into students' selection of courses and pace of study.

Full-time Undergraduate Studies

Throughout the years the University has endeavoured to provide a wide variety of programmes to meet the changing needs of society. In 2020–21, two minor programmes are introduced. The University also collaborates with two renowned institutions overseas and on the mainland to offer Dual Undergraduate Degree Programmes with effect from 2020–21.

General Education

General Education plays a vital role in the University's mission to provide a balanced undergraduate education for students. It equips students with the intellectual capacity for understanding critical issues, ideas, and values of humanity in modern society. It nurtures students to be educated persons capable

of making informed judgment and taking up the challenges of this ever-changing world. Preparing students to be lifelong learners and engaged citizens with a global awareness, it targets their growth as whole persons rather than specialists.

The General Education Programme at CUHK is composed of General Education Foundation, the ‘Four Areas’ of University General Education and College General Education. The General Education Foundation and the ‘Four Areas’ of University General Education are administrated by the Office of University General Education, while each constituent College tailors the College General Education programme according to its missions and traditions.

■ Postgraduate Studies

Master’s programmes were first offered in 1966–67, and the number of programmes in 2020–21 is 147. Doctoral programmes were first introduced in 1980–81 and the number of programmes is 27 in 2020–21. MPhil–PhD programmes were first introduced in 2004–05, and the number of programmes is 41 in 2020–21. In addition, eight postgraduate diploma programmes and one postgraduate certificate programme are offered.

Research and Development

CUHK fosters the development of high-quality research over a broad front in all its eight Faculties. It encourages academic staff to conduct research aimed at expanding the frontiers of knowledge, and also to undertake specific consultancy projects of community value and collaborative projects with industry. The University has also established a number of research institutes, providing the necessary financial support and research infrastructure.

Riding on its research strengths, CUHK aims to promote interdisciplinary research excellence that can deliver benefits, tackle grand challenges, and fulfil societal needs locally, nationally, and globally. As part of its Strategic Plan 2016–2020, the University has prioritized four major research areas that will address some of the most pressing issues facing humankind. These major research areas are China studies, translational biomedicine, information and automation technology, and environment and sustainability. In eight University Grants Committee (UGC) ‘Areas of Excellence’ exercises, CUHK has secured significant support from the UGC in the following research centres: Probing the Fundamental Structure of Matter with High Energy Particle Collisions; Centre for Genomic Studies on Plant-Environment Interaction for Sustainable Agriculture and Food Security; Centre for Organelle Biogenesis and Function; Institute of Network Coding; the Historical Anthropology of Chinese Society; Centre for Research into Circulating Fetal Nucleic Acids; Chinese Medicine Research and Further Development; Centre for Plant and Agricultural Biotechnology; and Information Technology. Good progress is being made in all these research centres by the dedicated, multidisciplinary teams.

At the national level, five State Key Laboratories have also been established at CUHK. The State Key Laboratory of Translational Oncology (CUHK), established in 2006, conducts research into the biology and early detection of cancers particularly prevalent in Asian populations, and seeks to develop novel therapeutics for their treatment. The State Key Laboratory of Agrobiotechnology (CUHK), established in 2008, studies ways of improving rice yields in China by improving the species of rice grown by Chinese farmers. Established in 2009, the State Key Laboratory of Research on Bioactivities and Clinical Applications of Medicinal Plants (CUHK) conducts research into the modernization of traditional Chinese medicine and the application of biotechnology in medical science. The State Key Laboratory of Synthetic Chemistry, established in 2010, advances interdisciplinary basic research. In July 2013, the State Key Laboratory of Digestive Disease was approved by the Ministry of Science and Technology with the aim of promoting research in digestive disease.

About a quarter of the government's annual allocation to the University in the form of block grants goes directly or indirectly to research. The University also relies heavily on different external funding sources to support research activities. The Research Grants Council (RGC) remains the major sponsor of research. In the 2019–20 grant application exercise, CUHK staff secured over HK\$288 million in RGC competitive grant funding. The University's high quality of research is also reflected in the many papers published in international and local refereed journals.

CUHK staff have also been active in seeking funding from several other important sources, including the Health and Medical Research Fund, the Innovation and Technology Fund, the Quality Education Fund, and various private donations.

Much of the University's internal funding for research is allocated by the Research Committee. The committee is supported by eight subject panels, each consisting of up to 17 experienced researchers. In addition to allocation of research funding, it is also responsible for evaluating and recommending project proposals for external grant applications. It is supported by the Office of Research and Knowledge Transfer Services (ORKTS) which oversees, develops and administers the University's policies in these two areas.

Innovation and Enterprise

The Office of Innovation and Enterprise (OIE) was established in 2019 to spearhead the translation of CUHK innovation research into product or service commercialization. OIE aspires to create an innovation ecosystem that fosters interactions among industries, investors, government and academia, thereby accelerating CUHK's innovation and societal impacts. OIE leverages on the opportunities and participates in initiatives launched by the HKSAR government and external partners. The key plans of OIE are: (i) Inno@HK initiative—facilitating the establishment and operation of Innocentres with

various stakeholders by devising overarching framework and operating mechanisms; (ii) Translational services—facilitating the establishment of infrastructures for translational medicine such as GMP cell processing facility and commercialization of animal centre services; (iii) Enterprise innovation—invigorating private and public partnerships in sectors such as green technology and marine science; and (iv) Entrepreneurship and talent development—collaborating with internal and external parties to deliver new professional training programmes, including those for professional qualifications in the field of advanced therapeutic products and a double master's programme in translational sciences and business.

Knowledge Transfer

CUHK places great value on its interaction with society, and has broadened its range of knowledge transfer (KT) activities. ORKTS strives to promote interactions and partnerships between the University and industrial enterprises through conferences, contracts and licensing agreements, funding schemes, and entrepreneurship capacity building, with the aim of promoting knowledge transfer and creating economic and social impacts.

Licensing income from technology transfer and the number of licences granted have increased significantly over the years. Collaboration agreements were concluded with prominent commercial firms both in mainland China and elsewhere in the world. The Knowledge Transfer Project Fund has supported a total of 209 projects since 2009, many of which were interdisciplinary efforts which promised various social, cultural, environmental and economic benefits.

CUHK encourages students and researchers to contribute to society with the knowledge gained through their research. Launching startups is a direct and visible way of applying academic knowledge and skills for the benefit of the community. ORKTS has collaborated with other units to foster an entrepreneurial environment on CUHK's campus conducive to innovation and creativity.

The CUHK Pre-Incubation Centre (Pi Centre), established in early 2014, provides workspace, facilities, development and mentorship support to successful CUHK student applicants from all disciplines. Since its inception, the Pi Centre has admitted 93 student teams, 55 of which have already graduated to advanced incubation programmes outside the campus. Meanwhile, the Technology Start-up Support Scheme for Universities (TSSSU), funded by the Innovation and Technology Commission (ITC), encourages both faculty members and students to start technology businesses and commercialize R&D results. Since the inauguration of the scheme in late 2014, the TSSSU has supported 55 startup companies with close to HK\$36 million. A new Sustainable Knowledge Transfer Project Fund (S-KPF) was introduced in 2015 to provide seed funding for innovative social enterprises; sustainable ventures that are dedicated to applying professors' research findings to solve some of our community's problems. Twelve social enterprises have been launched under the S-KPF scheme to serve disadvantaged segments of the locals. To complement

these schemes, CUHK offers mentorship and training workshops, and connects TSSSU companies to resources such as the Science Park, accelerators, and investors. Through TSSSU, the University's intellectual property is translated into products and services to benefit the society. CUHK's mentorship service has facilitated discussions between TSSSU startups and investors. Some startups have secured significant funding as a result.

Finance

Funding from the Hong Kong SAR government is the main source of income and constitutes 53% of the University's revenue for capital and recurrent expenses. Income from tuition, programme and other fee, being the next important source of revenue, accounts for about 24% of total income. In addition, the University and its constituent Colleges have endowment funds at their disposal and also receive financial support from private donors for research and other designated purposes. The annual total income for the University is about HK\$9.6 billion.

Negotiations between the University and the government are conducted through University Grants Committee, which is the committee advising the government on the financial requirements of the University.

Lands and Buildings

The University campus, measuring 137 hectares including the newly granted land in Area 39, is located on a tract of land under lease from the government north of downtown Sha Tin in the New Territories. It commands a scenic view of Tolo Harbour to the north and Tide Cove to the east.

The campus varies in elevation from 4.4 to 150 metres above sea level and has been carved from a rocky promontory into a number of plateaux to provide the sites for buildings of the University and its Colleges, as well as blocks of staff residences.

To date, over 160 buildings, large and small, have been erected on this once barren hillside.

Buildings for central activities, Morningside College and S.H. Ho College are located mainly at the mid-level. The expanse of land in the valley next to the University Station of the Mass Transit Railway (East Rail Line) is the campus of Chung Chi College. At the highest level are United College and New Asia College. Shaw College, Wu Yee Sun College and Lee Woo Sing College occupy the northwest tip of the University campus while C.W. Chu College is situated at the northern campus.

The following buildings are clustered around the tree-lined University Mall and the University Square: the University Administration Building, the University Library and the Li Dak Sam Yip Yio Chin Building (the library extension), the Tin Ka Ping Building (also an extension of the library), the Institute of Chinese Studies and the Art Museum, the Sui-Loong Pao Building, the Pi Ch'iu Building (housing the Information Technology Services Centre),

the Y.C. Liang Hall (a lecture hall complex), the Sir Run Run Shaw Hall (an auditorium and performance hall), the Lady Shaw Building (for the science departments), the Ho Sin-Hang Engineering Building and the William M.W. Mong Engineering Building (for the engineering departments), Academic Building No. 1 (housing the Institute of Mathematical Sciences and engineering departments), the University Science Centre, the Run Run Shaw Science Building, the Choh-Ming Li Basic Medical Sciences Building, and the Mong Man Wai Building (also for the science and engineering departments).

By the main entrance on Tai Po Road stands the Security and Transport Building whilst blocks of staff quarters, postgraduate halls and international houses dot the hilly slopes to the north, including the Lee Woo Sing College and Wu Yee Sun College. The C.W. Chu College and Jockey Club Postgraduate Halls 2 and 3 are at the toe of the slope. Further north in Area 39, the University's research hub, is the Lo Kwee-Seong Integrated Biomedical Sciences Building.

Descending towards the bay, one finds the Pentecostal Mission Hall Complex (a student hostel for Chung Chi College), Morningside College and S.H. Ho College, the University Sports Centre, the Kwok Sports Building, the Jockey Club Postgraduate Hall 1, and on the waterfront, the Institute of Biotechnology and the Simon F.S. Li Building (Simon F.S. Li Marine Science Laboratory).

Flanking the road to the University Station are the Shanghai Fraternity Association Research Services Centre, the Fong Shu Chuen Building and Fong Yun Wah Hall (housing a Chinese language centre), Yasumoto International Academic Park (lecture theatres, conference and exhibition areas, and housing the Office of Admissions and Financial Aid, the Office of Academic Links, the Office of Academic Links (China) and the Registry), Wu Ho Man Yuen Building and Lee Shau Kee Architecture Building. Others include the Pommerenke Student Centre (a student amenity complex), Ho Tim Building (housing the Faculty of Education), Esther Lee Building (an academic building complex for various disciplines), Lee Hysan Concert Hall (an auditorium/performance hall), Chung Chi College Administration Building, the Hui Yeung Shing Building (housing several departments of the Faculty of Arts), the Li Wai Chun Building, Wong Foo Yuan Building, Chen Kou Bun Building, Sino Building (housing the School of Chinese Medicine and several departments of the Faculty of Education and the Faculty of Social Science) and, across the railway, CUHK Medical Centre and Cheng Yu Tung Building at Chak Cheung Street (housing the Faculty of Business Administration and the Henry Cheng International Conference Centre).

The clinical departments of the Faculty of Medicine are housed in the Lui Che Woo Clinical Sciences Building, the Li Ka Shing Medical Sciences Building and the Postgraduate Education Centre at the Prince of Wales Hospital, the regional hospital of the Eastern New Territories at Sha Tin, located about eight kilometres from the main campus.

Residential Accommodation

The University provides several types of accommodation for staff members, academic visitors and students.

■ Staff Housing

Staff quarters are allocated by the University to appointees who are eligible for staff housing. There are about 250 senior staff flats on campus in multi-storey apartment buildings and several blocks of quarters for junior staff.

■ Guest Houses

The University Guest House provides hospitality for guests on short periods of stay in the University. Together with the Chan Kwan Tung Inter-University Hall and Chiangs Building, it provides over 80 rooms.

■ Student Hostels

The University and its constituent Colleges operate a number of hostels for students who wish to live on campus.

Chung Chi College has nine hostels: Hua Lien Tang, Lee Shu Pui Hall, Madam S.H. Ho Hall, Ming Hua Tang, Pentecostal Mission Hall Complex, Theology Building, Wen Chih Tang, Wen Lin Tang, and Ying Lin Tang, which provide in total some 1,410 places. At New Asia College, Chih Hsing Hall, Daisy Li Hall, Grace Tien Hall, and Xuesi Hall can accommodate nearly 1,070 students. At United College, Adam Schall Residence, Bethlehem Hall, Chan Chun Ha Hostel, and Hang Seng Hall have a combined capacity of nearly 1,050. The postgraduate halls and international houses provide about 1,900 places for postgraduate and exchange students.

With the exception of the postgraduate halls which have hundreds of single rooms, most student hostels provide shared accommodation in the form of twin-bed rooms. There are also a small number of special rooms for married students without children.

The Faculty of Medicine operates the Madam S.H. Ho Hostel for medical students at the Prince of Wales Hospital in Sha Tin, the teaching hospital of the Faculty, providing accommodation for 248 senior clinical students.

Sustainable Development

With Environment and Sustainability as one of our four strategic areas of research, CUHK plays a leading role in integrating sustainability into all facets of its teaching and research, community outreach, and daily operations. The University has established dedicated research centres such as the Institute of Environment, Energy and Sustainability to address sustainability issues with multidisciplinary solutions. As a leader in sustainability, CUHK houses the world's first museum dedicated to the theme of climate change—the Jockey Club Museum of Climate Change, and co-hosts the Hong Kong chapter of the Sustainable Development Solutions Network, a United Nations initiative to mobilize knowledge institutions to promote practical problem-solving for sustainable development. With our decades-long commitment to building and maintaining a sustainable campus, we pursue sustainability targets and engage faculty members, students and staff through a wide array of campus-wide sustainability programmes to foster a green campus culture.

COVID-19

Since the outbreak of COVID-19 in Hong Kong, the University's Committee on Health Promotion and Protection (CHPP) has kept close watch on the progression of the pandemic. Various measures have been implemented, including enhanced cleaning on campus as well as reminding all University members to maintain good personal and environmental hygiene and to wear a surgical mask on campus. More information is available at CHPP's website:

Liaison with the World of Learning

The University aspires to become a leading university in China and the region, and the international university of choice in East Asia. To this end, CUHK has been attaching great importance to internationalization and engagement with mainland China in its teaching and research activities, with a view to strengthening its research capacity, education for students, and visibility and impact around the world. Over the years, the University has established and maintained partnerships with a large number of institutions nationally and internationally, including universities, research institutes, centres of learning, government agencies and regional and international associations of higher learning and research.

Academic linkages and collaborations at the University are managed by two offices: the Office of Academic Links and the Office of Academic Links (China). The former is responsible for the University's internationalization engagements and the coordination of student exchange programmes, while the latter is responsible for academic linkages on the mainland and in Taiwan and Macau.

■ Student Exchanges

The history of student exchange at CUHK began in 1965 when the University established its first student exchange agreement with the University of California system. Since then, the University has established student exchange programmes with over 290 partner institutions in more than 35 countries and regions worldwide with an aim of enriching the international exposure and intercultural experience of students. In the 2019–20 academic year, more than 1,000 students participated in student exchange programmes at the University's partner institutions for a term or an academic year. Besides, some 6,000 short-term experiential learning opportunities outside of Hong Kong were offered by various Colleges, academic departments and units.

Each year over 1,500 international students study at CUHK as exchange and visiting students. The active international student population at CUHK makes the University a multicultural campus where local and international students learn, live and engage in cultural exchange.

Some of CUHK's exchange partners include the University of Pennsylvania and the University of Southern California in the US, the University of British Columbia and the University of Toronto in Canada, University of Cambridge in the UK, Kyoto University in Japan, the University of Sydney in Australia, ETH Zurich in Switzerland, and Tsinghua University and Peking University in mainland China. The Office of Academic Links (OAL) serves as the international relations arm for the University. Its efforts enable the University to actively foster international partnerships and research collaborations with institutions worldwide.

To facilitate the formation and development of partnerships, OAL administers a number of schemes to promote academic and research collaborations through mobility and conferences. Some of these schemes include graduate student mobility schemes, faculty mobility schemes, and the CUHK Research Summit Series.

The University is a member of a number of international associations and networks that provide platforms for forming partnerships, exchanging ideas and knowledge for teaching and research, and promoting cultural exchange. These include the Worldwide Universities Network (WUN), the Association of Pacific Rim Universities (APRU), and the Asia-Pacific Association for International Education (APAIE), just to name a few. OAL coordinates engagements with these associations and promotes joint academic and research opportunities with member institutions.

In addition to building and maintaining relationships worldwide, OAL is also instrumental in driving and coordinating international partnerships and agreements. The University currently has over 700 agreements with institutions overseas.

Within the University, OAL assists individual units to identify common areas of interest in teaching and research with overseas institutions and provides advice in realizing joint research, teaching and other academic initiatives.

Every year, some 120 overseas delegations visit the University, with many leading to collaborative teaching and research projects. OAL is also an outreach arm of the University and actively promotes CUHK abroad.

■ China Links

The University has consistently developed academic links and research collaboration with educational and research institutions on the mainland and in Taiwan. Both the scope and the mode of exchange activities have expanded considerably over the years.

A variety of academic exchange agreements have been concluded by the University or its academic departments with mainland and Taiwan institutions. These include memoranda for research and teaching collaborations, faculty and student exchange programmes, joint curriculum and academic activities. Major partners of CUHK include the Chinese Academy of Sciences (CAS), Chinese Academy of Engineering (CAE), Chinese Academy of Social Sciences (CASS), Fudan University, Nanjing University, Peking University, Shanghai Jiao Tong University, Sun Yat-sen University, Tsinghua University, Xi'an Jiaotong University, Zhejiang University, National Taiwan University, National Cheng Kung University, University System of Taiwan, and Academia Sinica (AS).

Each year CUHK receives about 150 delegations comprising over 2,000 visitors from the mainland and Taiwan. Members of the University go on academic visits to institutions on the mainland and in Taiwan via various channels such as outreach trips led by the University's senior management, staff mobility schemes and conference attendance.

The University works closely with mainland and Taiwan institutions on a wide spectrum of research collaborations. These include joint research projects and the setting up of over 60 joint research centres/institutes/laboratories. Currently the University has established five State Key Laboratories as approved by the State Ministry of Science and Technology, namely, State Key Laboratory of Translational Oncology, State Key Laboratory of Agrobiotechnology, State Key Laboratory of Research on Bioactivities and Clinical Applications of Medicinal Plants, State Key Laboratory of Synthetic Chemistry, and State Key Laboratory of Digestive Disease.

CUHK also established Key Laboratories under the State Ministry of Education (MoE), including MoE Key Laboratory of Regenerative Medicine (CUHK–Jinan University), CUHK–Microsoft MoE Key Laboratory of Human-Centric Computing and Interface Technologies, and MoE Key Laboratory of High Confidence Software Technologies (Sub-Laboratory, CUHK). CUHK–Sun Yat-sen University Centre for Historical Anthropology, and CUHK–Beijing Language and Culture University Joint Research Centre for Chinese Linguistics and Applied Linguistics were set up as the only two extension units of Key Research Institutes in Humanities and Social Sciences under the MoE in CUHK and Hong Kong.

In recent years, CUHK has also actively initiated or participated in a number of university alliances such as the Guangdong–HK–Macau University Alliance, Alliance of International Science Organization in the Belt and Road Region, the Innovation and Entrepreneurship Education Alliance of China, China–UK Humanities Alliance for Higher Education, and the Mainland–Hong Kong–Macau Law Education Alliance, University Alliance of the Silk Road, University College Alliance, Beijing–Hong Kong Universities Alliance, Shanghai–Hong Kong University Alliance, Global AI Academic Alliance and Green University Consortium, etc., to enhance partnership and exchange, and expand existing collaborations at university and disciplinary levels by synergizing regional advantages.

Student interflow activities are actively promoted at university, college and faculty levels in CUHK. Every year, CUHK sends over 4,000 students to mainland China and Taiwan for short-term activities. Besides, CUHK aspires to create more interactive opportunities in organizing short-term exchange visits and activities. Examples include cultural interflow camps, research placement programmes and visiting student programmes, which have yielded fruitful results in promoting mutual understanding and integration among students.

The University and its academic departments constantly organize joint academic activities, such as academic symposia, conferences and summits. Examples include annual academic symposium jointly organized with the National Natural Science Foundation, World Philanthropy Forum and the lecture series by academicians of CAS, CAE and AS, and by scholars of CASS. Other academic and executive exchange activities include CUHK Distinguished Lecture Series, Interflow Programme for Mainland Academic Exchange Executives under the MoE, Summer Institute for Mainland Higher Education Executives and Mainland and Taiwan Visiting Scholar Scheme.

The University has launched a number of joint postgraduate programmes and dual degree programmes with its close partners including Peking University, Tsinghua University, Fudan University, Shanghai Jiao Tong University and Shanghai National Accounting Institute to cultivate talents together. The University is also involved in providing training courses to governmental agencies, the business sector and universities on the mainland.

The University has also established a number of strategic initiatives in Shenzhen including the CAS-CUHK Shenzhen Institutes of Advanced Technology (SIAT), CUHK Shenzhen Research Institute (SZRI), The Chinese University of Hong Kong, Shenzhen (CUHK, Shenzhen) and CUHK Hong Kong–Shenzhen Innovation and Technology Research Institute (Futian). CUHK aims at extending its core educational philosophy and values beyond Hong Kong. It represents CUHK's commitment to the training of top talent, developing technology and innovation, contributing to the long-term prosperity of Hong Kong and the Guangdong-Hong Kong-Macau Greater Bay Area.

Institutional Advancement

The Office of Institutional Advancement (OIA) was established in 2003 as the fundraising arm of CUHK to support the advancement and long-term development of the University. Its main purpose is to secure donations and philanthropic support from various benefactors through the planning, coordination and implementation of fundraising programmes and activities for achieving the mission of the University. It plays a vital role in strengthening sustainable rapport between the University and its supporters. The Office also coordinates fundraising campaigns and stewardship activities through university-wide effort, fosters a giving culture among the University community, and plants a 'Seed of Giving' in students and alumni.

Since its inception, OIA has secured additional resources and launched various fundraising programmes, including Endowed Professorships, CUHK Golf Day, Graduating Class Gift Campaign and Caring Alumni EcoCampus Trail Donation Scheme for furthering the University's strategic development.

Alumni Network

Established in 1982, the Alumni Affairs Office (AAO) is committed to building a close-knit alumni community (over 230,000 to date), with a recent focus on broadening its reach and cultivating relationships to advance the University's strategic development.

AAO not only keeps the alumni abreast with the latest news of the University, but also covers the news of those alumni who have remarkable achievements and contributions. The most widely-read quarterly magazine 'CU Alumni' has been published for over 100 issues. Among the diverse events held, CUHK Young Alumni Career Day, CUHK Distinguished Alumni-in-Residence Programme and CUHK Alumni Homecoming are the most well-received. Besides, CUHK Entrepreneur Day and CUHK Entrepreneurs Alliance are dynamic platforms to promote entrepreneurship. A total of 135 CUHK alumni associations have been founded worldwide, with 89 local alumni associations and 46 overseas alumni associations in 29 cities/regions. The recent CUHK Alumni Associations Global Reunion is another big alumni event.

CUHK launched the Alumni Associations Centre on campus in 2018, in a bid to facilitate the interaction among the alumni groups and with the University. AAO spares no effort in engaging the alumni from different ages, professions and regions to contribute to the advancement of their alma mater by offering their time, talents and treasure.

The Constituent Colleges

With the reorganization of the University following the enactment of The Chinese University of Hong Kong Ordinance 1976, the Boards of Trustees of the three original Colleges, viz. Chung Chi College, New Asia College, and The United College of Hong Kong, were reconstituted. Each college board is mainly concerned with the management of the movable property and of certain College buildings entrusted to it, as well as the promotion of scholastic and cultural activities of the College.

Each College is governed by an Assembly of Fellows chaired by the College Head/Master, and this assembly is responsible for making and implementing decisions on various matters relating to the College.

In January 1986 the University received a very generous donation from the Shaw Foundation (Hong Kong) Ltd. for the establishment of Shaw College with Sir Run Run Shaw as its patron. The Chinese University of Hong Kong (Declaration of Shaw College) Ordinance was enacted in July 1986. Shaw College admitted its first batch of students in 1988.

In 2006, the University received very generous donations from the Morningside Foundation and Morningside Education Foundation Ltd., and from The S.H. Ho Foundation Ltd. in support of its visions to enhance the collegiate system in anticipation of the surge in undergraduate enrolment in 2012 when the University reverts to a normative four-year curriculum. In May the same year, the University Council endorsed the establishing of two new Colleges and named them respectively Morningside College and S.H. Ho College.

In May 2007, C.W. Chu College and Wu Yee Sun College were established with generous donations from benefactors and Wu Yee Sun Charitable Foundation Ltd., respectively.

In October 2007, the University Council further approved the establishment of Lee Woo Sing College with very generous support from the Li Foundation (Bing Hua Tang).

To give legal effect to the establishment of the five new Colleges, The Chinese University of Hong Kong (Declaration of Morningside College and S.H. Ho College as Constituent Colleges) Ordinance was enacted in July 2007, and The Chinese University of Hong Kong (Declaration of C.W. Chu College, Wu Yee Sun College and Lee Woo Sing College as Constituent Colleges) Ordinance was enacted in February 2008.

Chung Chi College

Chung Chi College was founded in 1951 by representatives of Protestant Churches in Hong Kong, inheriting the educational mission of the 13 Christian universities in mainland China. The College moved to its permanent site in Ma Liu Shui in 1956 and was incorporated as one of the constituent Colleges of CUHK in 1963.

Integrating Christianity and Chinese cultures, the College endeavours to cultivate love for humanity, freedom and inclusiveness, nurture talent with insightful knowledge, a liberal attitude and global horizon. The College organizes diversified local and overseas experiential learning programmes, ranging from art and culture, language study, to career development, community service and leadership. The College General Education, which includes the Service-Learning Programme and the Exploration and Discovery Study Scheme, etc., fosters thinking and learning from multiple perspectives, and extends students' horizon stretching beyond the scope of their major and minor studies. Moreover, scholarships are set up to recognize students' outstanding achievements in academics and balanced education, etc., while the award schemes promote their creativity and potential exploration.

Situated near the MTR station, the campus was designed in a manner that blends with its beautiful natural surroundings. Elements of Christian traditions and heritage as well as the liberal attitude and respect to diverse religions are found. Chung Chi's motto *In Pursuit of Excellence* means the continuous strive to improve themselves for serving the society in the best way possible.

New Asia College

New Asia College was founded in 1949 by Mr. Ch'ien Mu and a group of scholars from mainland China. The College aims to preserve traditional Chinese culture and to balance it with the Western learning so that students may understand their cultural heritage and at the same time be capable of coping with the challenges of the modern world.

In enhancing intercultural exchanges and fostering global understanding, New Asia College has established various exchange programmes with overseas and mainland institutions. Students will have the opportunities to visit world-renowned universities, such as Yale University and Peking University. They may also enrich their international exposure by taking part in the College's one-year/one-semester exchange programmes to various institutions around the globe.

To enrich the cultural and academic life on campus, New Asia College organizes academic lectures and various cultural activities throughout the year such as 'Ch'ien Mu Lecture in History and Culture' and 'Yu Ying-shih Lecture in History'. Besides, the College organizes the 'New Asia Young Scholars Scheme' to enhance the all-round development of students, and to encourage students to learn and promote Chinese Culture.

A wide range of College scholarships are awarded to students who exhibit outstanding academic performance, actively participate in community/student service, demonstrate significant improvement in their studies or experience financial difficulties. New Asia has around 3,400 students, and the College has been implementing the 'Guaranteed One-year Residence Scheme' so that every student has a chance to experience hostel life.

United College

With the motto *Make One's Virtues Shine and Renew the People*, and the spirit of 'Together We Innovate, United We Advance', United College sets out to provide a good learning environment, whole-person education and pastoral care as well as spiritual enhancement of its students.

Various academic, social service and sports scholarships, awards and grants are established by the College, including the Hostel Residence Grant, Off-campus Residence Grant, First-in-the-family Tertiary Education Admission Scholarship, Student Campus Training and Service Award Scheme, etc. In 2020–21, the total value of the College's scholarships, awards and financial aid is over HK\$10 million, with around 1,800 awards.

The College is situated on a beautiful campus with four student hostels which accommodate 1,288 students. The campus also provides a library, a gymnasium, a physical fitness room, a microcomputer laboratory, non-residential halls, etc., for all students.

Shaw College

Shaw College was established in July 1986 through the generosity of Sir Run Run Shaw, a world-renowned philanthropist who kindly accepted an invitation to become the patron of the College.

The College motto, *Xiude Jiangxue*, is taken from a Confucian saying that highlights the cultivation of virtue and pursuit of knowledge. The College slogan, 'Excellence with a Soul, Leadership with a Heart', echoes this motto by promoting the cultivation of a sound moral character in the pursuit of knowledge and the development of caring hearts among those in high positions. The College has also devoted substantial effort to providing its students with opportunities for whole-person development within five major domains, or the 'Five Pillars': 'nurturing moral character', 'serving the community', 'caring for the motherland', 'developing a global perspective' and 'protecting the environment'.

Shaw College offers a wide variety of general education and student development programmes designed to help students adjust to university life and to provide opportunities for experiential and service learning.

Under the 'Sir Run Run Shaw Distinguished Visiting Scholars Programme', world-renowned scholars and experts are invited to speak to students. The College also organizes the annual Shaw Prize Lectures, which feature Shaw Prize laureates in the fields of astronomy, life sciences, medicine and mathematical sciences sharing their knowledge and experience.

Also, the College recognizes academic and non-academic achievements through scholarships and awards.

Morningside College

Morningside College was established in 2006 with a generous and imaginative donation from the Morningside Foundation. Morningside is fully residential and accommodates 300 students. Students take rigorous general education courses in seminar settings conducive to discussion, discursive writing and debate. These courses are designed to sharpen their intellectual acumen and equip them with the ability to engage in independent, reflective and critical thinking.

The College students value ideas, diversity, creativity, individuality, and civic responsibility. The Morningside student body is one of the most diverse student bodies at the University, with residents from many countries and regions. College fellows and distinguished visitors also contribute time, energy and thought to enriching college life. The College aims to help students to develop the values, intellectual breadth and practical skills needed to play leading roles in a wide range of disciplines and professions.

A sense of social responsibility and engagement is central to the Morningside ethos. All of the students take an active part in community service activities throughout their university years. These and other activities lead them to a deeper understanding of themselves and of how they can make a positive impact on the world.

S.H. Ho College

S.H. Ho College was founded in 2006, with a generous donation from The S.H. Ho Foundation. The College admitted its first cohort of students in August of 2010 and accommodates 600 students on a fully residential and communal dining basis. It draws its motto, *Culture, Morals, Devotion and Trustworthiness*, from *The Analects of Confucius*, as these qualities are vital in nurturing prominent leaders who serve the community.

Sitting at the heart of CUHK, the College campus is located on University Avenue. It is within easy walking distance of the University Station. The two student hostels, Ho Tim Hall and Lee Quo Wei Hall—each comprising 300 hostel places, music room, fitness room, learning commons, well-being development space ‘The Wells’, multi-purpose student hub and reading room ‘The Oasis’, play room and grass field—are together home to 600 students.

To enable students to experience different cultures, acquire language skills and explore their own identities, S.H. Ho College offers a variety of overseas experience programmes. Professor Wong is also a Fellow of the Hong Kong Institution of Engineers (FHKIE), a Fellow of the Institute of Electrical and Electronics Engineers (IEEE), and a Fellow of the Hong Kong Academy of Engineering Sciences (HKAES).

C.W. Chu College

Founded in 2007, C.W. Chu College is named after Dr. Chu Ching-wen (1906–1996), a prominent industrialist and a remarkable philanthropist who spent the larger part of his career in Hong Kong. The values which the late Dr. Chu exemplified are encapsulated in the College motto *Cultus et Beneficentia* (cultivating oneself and benefitting the community). The vision statement of the College embodies four elements: *intimate, international, intellectual, involved*, and aims to nurture graduates with leadership, generosity, intellectual clarity and morality.

With a student membership of only 300, the College places strong emphasis on student-teacher interactions. It offers four years of undergraduate residence, and communal dining three times a week, catalyzing students to build enduring bonds. The College admits no more than 75 students per year, with an expectation of 35% (including incoming exchange students) coming from outside Hong Kong. College fellows and teachers likewise come from many different backgrounds, enabling students to experience and share multicultural perspectives. Students broaden their horizon and enrich their social exposure through the mentorship scheme, which extends and realizes the vision and mission of the College. Mentors are experienced and leading figures from all walks of life, including a ready network of Chu Scholars, and will offer advice and guidance on students' personal development.

Wu Yee Sun College

Wu Yee Sun College was established in 2007 with the generous support of Wu Yee Sun Charitable Foundation Limited.

The College motto is *Scholarship and Perseverance*, which is extracted from chapter 20, *The Doctrine of the Mean*. The College aims to broaden students' horizons (scholarship) and encourage them to forge ahead (perseverance) in making contributions to society and leading a productive and rewarding life.

In support of the College mission, *Entrepreneurial Spirit with Social Responsibility*, the College creates an intimate and dynamic learning atmosphere to drive the development of social entrepreneurship among the student—a passion for creativity and innovation, and an acumen in pursuing new projects and ideas, not just for personal gain but for the common good.

House of Sunny Living and Creativity Laboratory are the unique facilities of the College, which are launched to promote healthy living styles and to nurture the creativity among students respectively. Diversified experiential learning is one of the characteristics of the College. Students can learn through general education programme, cultural and overseas exchange programmes, service-learning programmes, internship and mentorship programmes.

The College has approximately 1,200 students in total, with about 300 students joining us every year. Students are guaranteed one year of hostel residence in four years of study to enjoy vibrant college life!

Lee Woo Sing College

Lee Woo Sing College was established in 2007 with very generous support from the Li Foundation (Bing Hua Tang).

The motto of Lee Woo Sing College, *Wisdom, Humanity, Integrity, Harmony* highlights the cultivation of virtue and pursuit of knowledge. The emblem of the College is made up of three ancient Chinese characters—*people*, *mountain*, and *harmony* which embraces nurturing leaders, emphasising the interaction with the nature, and maintaining a harmonious culture. The College provides various experiential learning opportunities to facilitate the whole-person development of students. It includes a wide-range of interdisciplinary and student-oriented general education courses, various academic and cultural co-curricular activities, such as overseas exchange and mentorship programmes.

The College's beautiful campus is commanding the tranquil view of Tolo Harbour. The idea of the campus design is to make the buildings blend in with the nature. The campus implements advanced technologies, such as an integrated security system. There are comprehensive learning and leisure facilities, and four catering outlets on campus.

To advocate the importance of green life and sustainability, the College has implemented a number of new energy-saving technologies and measures on campus, such as the installation of the first Hong Kong in-room digital meter with Octopus payment system, and a high-efficiency CIGS solar energy system. Besides, the College's Sky garden and Green Ambassador Programme help to raise students' awareness of protecting the environment.

Academic Units and University Extensions

Academic Units and Programmes of Studies

Full-time Undergraduate Studies

Eligibility for admission is conditional upon fulfilment of the entrance requirements of the University set out in the Regulations Governing Admission to Full-time Undergraduate Studies (please go to www.cuhk.edu.hk/adm/regulations for details).

The University's Faculties of Arts, Business Administration, Education, Engineering, Law, Medicine, Science, and Social Science offer a wide range of undergraduate programmes leading to the BA, BBA, BChiMed, BEd, BEng, LLB, MBChB, BNurs, BPharm, BSc, and BSSc degrees. The University started offering double degree programmes in 2006–07, and collaborating with three renowned institutions overseas and on the mainland to offer Dual Undergraduate Degree Programmes with effect from 2019–20.

A student who satisfies the conditions for graduation shall be awarded a bachelor's degree with one of the following classifications: First Class Honours, Second Class Honours Upper Division, Second Class Honours Lower Division, Third Class Honours, and Pass. Degree classification is based on the grade point averages of major and other courses, and the result of the graduation thesis/project. However, the degrees of MBChB are awarded on the basis of professional examinations and BChiMed on the basis of the clinical studies. (Please refer to the *Undergraduate Student Handbook* at www.cuhk.edu.hk/aqs/handbook/ug_student_handbook.htm for details of the undergraduate study programmes.)

■ Curriculum Structure

The normal length of study for a full-time programme is four to five years with the exception of Chinese medicine programme and medical studies. A senior year entrant admitted to programmes specially designed for articulation by associate degree/higher diploma holders shall normally be expected to graduate after two years of attendance. The curriculum (excluding MBChB) is based on a credit unit system.

For graduation, a student shall successfully complete at least 123 units of courses, which include the major programme requirement as well as the university core requirements of general education, English and Chinese

languages, physical education and IT. A senior year entrant shall complete at least 69 units of courses, also including the major programme requirement and university core requirements.

Key features include the university core requirements and faculty packages, and the emphasis on transferable skills and capstone experience. Please visit www.cuhk.edu.hk/334/english/index.html for details of the four-year normative curriculum.

Postgraduate Studies

The University currently offers degree programmes leading to five research degrees and 20 taught degrees. The five research degrees are Doctor of Music (DMus), Doctor of Philosophy (PhD), Master of Fine Arts (MFA), Master of Music (MMus), and Master of Philosophy (MPhil). The 20 taught degrees are Doctor of Education (EdD), Doctor of Nursing (DNurs), Doctor of Psychology (PsyD), Juris Doctor (JD), Master of Accountancy (MAcc), Master of Architecture (MArch), Master of Arts (MA), Master of Business Administration (MBA), Master of Chinese Medicine (MChiMed), Master of Clinical Pharmacy (MClinPharm), Master of Divinity (MDiv), Master of Education (MEd), Master of Laws (LLM), Master of Nursing (MNurs), Master of Nursing Science (MNSc), Master of Professional Accountancy (MPAcc), Master of Public Health (MPH), Master of Science (MSc), Master of Social Science (MSSc), and Master of Social Work (MSW).

The University has introduced the MPhil–PhD programmes since 2004–05 and currently offers 41 MPhil–PhD programmes. Under this scheme, MPhil and PhD are regarded as two streams within one MPhil–PhD programme. Students may choose the streams according to their interests and ability, with the flexibility to transfer between MPhil stream and PhD (pre-candidacy) stream after admission.

For doctoral programmes, the normal length of study for full-time students with or without a research master's degree is 36 and 48 months respectively, while that for part-time students with or without a research master's degree is 48 and 64 months respectively. For master's programmes, the period of study normally ranges from one to four years for full-time study and two to four years for part-time study. The postgraduate diploma programmes last three months to one year for full-time students and one to two years for part-time students.

Applicants who have graduated with good honours degrees from recognized universities and who have the capacity for research may apply for admission to the above postgraduate programmes. For details, please refer to the Graduate School's admission website at www.gs.cuhk.edu.hk/admissions.

Other Programmes

Physical Education

Physical Education is the required programme which emphasizes the development of personality and health through team work and fair play as well as the acquisition of basic motor skills and attitude towards physical activities.

Student IT Competence

Rapid advances in information technology (IT) are leading us into the information age, changing the way we work, communicate and play, and increasing our productivity. IT literacy, the ability to use computers and other technologies to improve learning, productivity and performance, has become essential. To help students acquire this fundamental skill, the University provides a mandatory IT Foundation Course for all students admitted to the four-year curriculum.

University Extensions

International Asian Studies Programme

Promoting East-West cultural exchange has been one of the University's key educational missions since its establishment. In order to achieve this, the International Asian Studies Programme (IASP) was established at CUHK in 1977 with the support of the Yale-China Association. Students from institutions outside of Hong Kong are welcome to join the programme managed by the Office of Academic Links, and take advantage of the University's academic resources and research facilities. Here, students can develop knowledge in China, Asian and International Studies, further studies in their academic discipline in the context of Hong Kong, mainland China and the region, learn Chinese language, and acquire knowledge in advanced science and technology.

Most international students coming to the University for exchange or study abroad are enrolled in IASP, which allows them to take courses offered by the Faculties of Arts, Business Administration, Education, Engineering, Law, Science, Social Science and other CUHK units with the University's undergraduate and postgraduate students. Special language courses in Cantonese and Putonghua offered by the Yale-China Chinese Language Centre are also available. IASP students are exposed to numerous opportunities that allow them to experience Chinese culture. They would share a room with local undergraduate students, explore Hong Kong and China through thematic field trips and excursions, and participate in a wide variety of activities that promote cultural exchange between local and international students.

IASP accepts both undergraduate and postgraduate students. Students will enrol in IASP under the following modes:

(1) Associate undergraduate students taking a full load (9–18 units per term) of courses; and (2) Associate postgraduate students either (a) taking a full load (9–18 units per term) of courses or (b) conducting research and taking a minimum course load of three units per term.

Students are welcome to join IASP for either one term or one academic year. They are not required to have previous knowledge in the Chinese language or coursework on Asian studies, but undergraduate applicants should have completed at least two terms of university study and graduate applicants must hold a recognized bachelor's degree.

Students from CUHK's partner institutions can enrol in IASP as exchange students, upon nomination from their home institutions. They are not required to pay tuition to CUHK. Those coming from institutions without formal exchange agreements with CUHK can apply to IASP as study abroad (fee-paying) students and pay the IASP programme fee directly to CUHK. Both exchange and study abroad students will be responsible for on-campus accommodation and other living expenses.

CUHK International Summer School

In an effort to allow students from around the world to experience the world-class teaching of CUHK and to promote internationalization at home, the University has been hosting the CUHK International Summer School (ISS) since 2004. With a well-established reputation, the CUHK ISS is one of the region's most recognized summer programmes, attracting an annual cohort of some 600 local and international students from various disciplines and regions.

Offered in two sessions, the CUHK ISS provides students with an intensive academic experience and Chinese cultural immersion in a multicultural environment. The July Session, which runs for five and a half weeks, offers a wide range of academic courses, while the three-week August Session provides intensive Chinese language training. During the CUHK ISS, students take courses taught by outstanding academics from CUHK and overseas universities, explore CUHK and Hong Kong by participating in extra-curricular activities, and learn alongside peers with diverse backgrounds and cultures to engage in open discussions in the programme's internationalized learning environment.

CUHK Summer Institute

The University has been hosting the CUHK Summer Institute (SI) since 2007 to give secondary school students a taste of university education and campus life. Held in July, the two-week credit-bearing programme provides an invaluable opportunity for students in secondary five (or equivalent level) to prepare for their upcoming undergraduate studies. Every year, the CUHK SI brings together over 300 enthusiastic learners from Hong Kong and around the world to explore different academic disciplines through short courses taught by outstanding CUHK academics, and experience university and residential life through activities led by CUHK students.

The School of Continuing and Professional Studies (CUSCS) is endowed with the mission to help learners, including young adults, working adults and the ageing learners, advance their learning, career and life goals. The University Senate endorsed in March 2017 the School Development Plan 2016–2020 which initiated a new phase of development for CUSCS to be a global leader in university continuing education by enriching lives and transforming lifelong learning by keeping pace with learners' needs; seeking input from stakeholders to keep up with the changing learning demands and staying passionate to innovative leadership. As CUSCS enters into its 55th anniversary in 2020, the School will continue to serve the community as lifelong learning partner.

CUSCS offers full-time award-bearing diploma and higher diploma programmes for young adults, and an extensive range of short courses and award-bearing programmes for working adults and lifelong learners through a flexible mode of delivery. Riding on the success of the Global Career Development Facilitator (GCDF) Programme, the first career development specialist programme introduced in Hong Kong in 2014 with more than 700 professionals gaining the GCDF credential, and in turn, CUSCS launched the Facilitating Career Development (FCD) Programme in October 2019. The FCD Programme expands the focus of training beyond facilitation to equip participants with the relevant skills and knowledge to design, deliver, and manage career services. On completion of the FCD Programme, participants

are eligible to apply for two internationally recognized credentials: Certified Career Services Provider (CCSP) and GCDF. Being a leader in career development education and with the approval of the Senate, CUSCS offers its first Qualifications Framework Level 5 programme, Professional Certificate in Career Development Facilitation, in 2020.

In 2018–19, CUSCS offered 78 award-bearing programmes and a wide variety of general courses, online and distance learning courses and corporate training courses, marking a total student enrolment of more than 23,000. The range of award-bearing programmes covers full time Higher Diploma Programmes, Diploma Programme in Foundation Studies and Top-up undergraduate degree programmes offered in collaboration with overseas universities, and part-time diploma or certificate programmes. Tailored made corporate training courses in different subject areas are offered to private companies, government departments, non-government organizations, schools and universities in Hong Kong, mainland China and Macau.

CUSCS continues to diversify its portfolio in collaboration with professional organizations, as well as academic institutions in mainland China and overseas to provide exchange opportunities for Higher Diploma students and to offer award-bearing programmes and lifelong education courses. The School's collaborative partners include:

- Beijing Language and Culture University, China

State Key Laboratories

Launched in 1984, the State Key Laboratory Scheme is one of the key technology development projects of China. State Key Laboratories (SKLs) focus on studies in the latest academic developments and important technological issues in relation to the economy, social development, health and security of China. Organizations hosting a SKL should have attained international standards and be in a pivotal position in their respective disciplines. They should be able to complete important state research tasks, and possess excellent research teams and favourable conditions for conducting research and experiment.

Two SKLs were established at The Chinese University of Hong Kong in 2006 and 2008, respectively with the approval of the Ministry of Science and Technology of China. The SKLs anchor their spearheading roles in oncology and agrobiotechnology research. The University was further approved to establish two more SKLs, namely, the State Key Laboratory of Research on Bioactivities and Clinical Applications of Medicinal Plants in 2009 and the State Key Laboratory of Synthetic Chemistry in 2010. In 2013, CUHK's fifth SKL, the State Key Laboratory of Digestive Disease, was established.

The emblem of the University is the mythical Chinese bird *feng* (鳳) which has been regarded as the Bird of the South since the Han dynasty. It is a symbol of nobility, beauty, loyalty and majesty. The University colours are purple and gold, representing devotion and loyalty, and perseverance and resolution, respectively.

The motto of the University is ‘博文約禮’ or ‘Through learning and temperance to virtue’.

These words of Confucius have long been considered a principal precept of his teaching. It is recorded in the *Analects* of Confucius that the Master says, ‘The superior man, extensively studying all learning, and keeping himself under the restraint of the rules of propriety, may thus likewise not overstep what is right.’ (Legg’s version of the *Four Books*)

In choosing ‘博文約禮’ as its motto, the University is laying equal emphasis on the intellectual and moral aspects of education.
